**AND UPON** the Claimant giving and the Court accepting the undertakings set out in Schedule 1 to this Order

**AND UPON THE COURT** noting, and recording in these recitals for the benefit of the Named Defendants (defined in paragraph 1 below) that:

- (i) The Claimant intends to bring committal proceedings against some of the Named Defendants for alleged contempt of court by their alleged breaches of the Injunction.
- (ii) Nothing in this Order amounts to any finding as to whether any such allegations are or would be well founded.
- (iii) The Named Defendants, in response to any such application (if made), have rights:
  - (a) to be legally represented in any contempt proceedings;
  - (b) to a reasonable opportunity to obtain legal representation and to apply for legal aid which may be available without any means test;
  - (c) to the services of an interpreter if required;
  - (d) to a reasonable time to prepare for the hearing of any such contempt application;
  - (e) to give written and oral evidence in their defence (but with no obligation to do so); a right to remain silent and to decline to answer any question which may incriminate them.
- (iv) The Named Defendants should also be aware that:

- (a) the Court may proceed in a defendant’s absence if they do not attend but (whether or not they attend) will only find the defendant in contempt if satisfied beyond reasonable doubt of the facts constituting contempt and that they do constitute contempt;
- (b) if the Court is satisfied that a defendant has committed a contempt, the court may punish the defendant by a fine, imprisonment, confiscation of assets or other punishment under the law;
- (c) if a defendant admits the contempt and wishes to apologise to the court, that is likely to reduce the seriousness of any punishment by the Court;
- (d) the Court’s findings will be provided in writing as soon as practicable after the hearing;
- (e) the Court will sit in public, unless and to the extent that the court orders otherwise, and that its findings will be made public

**IT IS ORDERED THAT:**

1. The following individuals be joined as the Second to 27<sup>th</sup> Defendants to these proceedings (“the **Named Defendants**”):

2. Save as expressly provided for herein, the terms of the Injunction shall continue to apply to each of the Named Defendants as if each was expressly named as a person to whom the Injunction applied. Accordingly:

- 2.1 Until 9 July 2029 or final determination of the Claim or further order in the meantime, whichever shall be the earlier, the Named Defendants must not, without the consent of the Claimant, enter, occupy or remain on Heathrow Airport, Hounslow, Middlesex, as shown edged purple on the plan annexed to this Order at Schedule 2 (“Plan A”).
- 2.2 In respect of paragraph 2.1, the Named Defendants must not (a) do it himself/herself/themselves in any other way (b) do it by means of another person acting on his/her/their behalf, or acting on his/her/their instructions.
- 2.3 The injunction set out at paragraph 2.1 of this Order shall be reviewed annually on each anniversary of the Injunction (or as close to this date as is convenient having regard to the Court’s list) in accordance with the directions at paragraph 3 of the Injunction.
3. The Claimant has permission to amend the Claim Form to reflect (by way of a schedule, or in other convenient manner) the joinder of the Named Defendants.
4. The Claimant shall not be required to amend the Particulars of Claim. Instead, the Claimant shall file by 4pm on [ ] and use all reasonable endeavours to serve (in accordance with paragraph 6 below) as soon as reasonably practicable thereafter Supplementary Points of Claim against the Named Defendants, which give brief particulars of the circumstances alleged to justify their inclusion as named defendants to these proceedings to whom the Injunction expressly applies.

### **Service**

5. The Claimant shall not be required to re-serve the amended Claim Form, Supplemental Points of Claim or this Order on the First Defendant (i.e. persons unknown) in the manner provided for in paragraph 8 of the Injunction or otherwise.
6. Pursuant to CPR r.6.15 & 6.27 (and to the extent that the addresses listed in respect of each Named Defendant in the table under paragraph 1 above do not represent their usual or last known residences), the steps taken by the Claimant to draw the Claim and the Joinder Application to the attention of the Named Defendants amount to good service of the Claim and the Application. The deemed date of service in each case is [ ].

7. Pursuant to CPR r.6.15, 6.27 and 81.4(2)(c), it is directed that service of this Order and any further document(s) to be served in these proceedings (including any contempt application in respect of alleged breaches of the Injunction, and any notice of further hearing) shall be effected on the Named Defendants as follows:
  - 7.1 by first class post to the addresses listed in the table under paragraph 1 above;
  - 7.2 in respect of any Named Defendant who the Claimant has reasonable cause to believe (after due enquiry) is in prison (whether on remand or otherwise), the Claimant shall (in addition) seek to establish the prison that they are in (via the Government's 'find a prisoner' service or otherwise) and effect service by first class post to that prison;
  - 7.3 in either case, by email to [juststopoil@protonmail.com](mailto:juststopoil@protonmail.com); [juststopoilpress@protonmail.com](mailto:juststopoilpress@protonmail.com); and [info@juststopoil.org](mailto:info@juststopoil.org); and
  - 7.4 by posting copies on to the following website: [www.heathrow.com/injunction](http://www.heathrow.com/injunction).
8. Copies of the documents emailed or posted in accordance with paragraphs 7.3 and 7.4 above shall be redacted to remove the addresses of the Named Defendants.
9. The steps taken pursuant to paragraph 7 above shall be verified by a certificate of service and/or witness statement, and deemed service shall occur (in respect of each Named Defendant) seven working days after the taking of the last relevant step in respect of such Defendant.
10. In the event that any Named Defendant provides in writing to the Claimant's solicitors (whose details are set out below) a postal or an email address for service, service of all documents shall be by first class post or email to such address (as appropriate) and the ordinary provisions as to in the Civil Procedure Rules (including as to the deemed date) shall apply.
11. In accordance with paragraph 7 above, the requirement for personal service of any contempt application in respect of alleged breaches of the Injunction before the date of this Order is dispensed with.

12. Notwithstanding paragraphs 5 to 11 above, the Court will review at the Directions Hearing (to be listed in accordance with paragraph 17 below) or any earlier hearing the adequacy of the steps taken by the Claimant to draw the Claim, this Order, any contempt application and any other relevant document upon the Named Defendant and, if they do not attend, whether or the extent to which it is in all of the circumstances appropriate to make further orders against them in their absence. The Claimant has liberty to seek orders for alternative service pursuant to CPR r.6.15, 6.27 and 81.4(2)(c) at any future hearing without having to file further or separate application notice.

### **Responses by the Named Defendants**

13. Any Named Defendant who wishes: (i) to oppose their being named as a defendant to these proceedings; or (ii) defend the claim against them set out in any Supplemental Points of Claim served upon them pursuant to paragraph 4 above, shall:
  - 13.1 file an Acknowledgment of Service within 21 days of being served with the Supplemental Points of Claim, including a postal or email address for service; and
  - 13.2 file any points of Defence to the Supplemental Points of Claim and/or any witness statement upon which they wish to rely (in either case verified by a statement of truth) within 56 days of being served with the Supplemental Points of Claim.
14. Anyone served with or notified of this Order may apply to the Court at any time to vary or discharge this Order or so much of it as affects that person but they must first give the Claimant's solicitors 72 hours' notice of such application. If any evidence is to be relied upon in support of the application the substance of it must be communicated in writing to the Claimant's solicitors at least 48 hours in advance of any hearing.
15. Any person applying to vary or discharge this Order must provide their full name, address and address for service.

### **Contempt Applications**

16. The Claimant shall use its reasonable endeavours to issue and serve (in accordance with paragraph 7 above) any application(s) it wishes to make for contempt of court in respect of alleged breaches of the Injunction prior to the date of this Order by 4pm on [ ]].

## **Directions Hearing**

17. A further directions hearing shall be listed on the first available date after [ ] with a time estimate of [2] hours (“the **Directions**”), to consider directions for:
- 17.1 the further case management of the proceedings of the Named Defendants;
- 17.2 the hearing of any contempt applications brought in accordance with paragraph [16] above.
18. The Claimant shall lodge a hearing bundle for that hearing (and make such bundle available electronically for the Named Defendants, providing notice of how it can be accessed in accordance with paragraph 7 or 10 above) not less than 14 days before the review hearing. Skeleton Arguments shall be filed at Court, with a bundle of authorities, not less than 3 clear days before the hearing.
19. Liberty to apply.

## **COSTS**

20. Costs reserved.

## **COMMUNICATIONS WITH THE CLAIMANT**

21. The Claimant’s solicitors and their contact details are:

- (1) Akhil Markanday

Bryan Cave Leighton Paisner, Governor’s House, 5 Laurence Pountney Hill,  
London EC4R 0BR [akhil.markanday@bclplaw.com](mailto:akhil.markanday@bclplaw.com) / +44 20 3400 4344

**THE CLAIMANT**

1. The Claimant is the operator of the 'London Heathrow Airport', Hounslow, Middlesex ("the Airport"), as shown edged purple on Plan A annexed to the Particulars of Claim ("Plan A").
2. As the operator of the Airport:
  - 2.1 The Claimant holds a certificate for operation of the Airport issued by the UK Civil Aviation Authority ("CAA") dated 6 April 2016, with reference number UK: EGLL – 00;
  - 2.2 The Claimant has the benefit of an Economic Licence granted by the CAA under Part 1 of the Civil Aviation Act 2012; and

2.3 The Claimant has made the ‘Heathrow Airport – London Byelaws 2014’ (“the Byelaws”) pursuant to section 63 and 64 of the Airports Act 1986 regulating the use and operation of the Airport and the conduct of all persons while within the Airport, which came into force on 13 April 2014.

## **THE LAND TO WHICH THE CLAIM RELATES**

3. The land and property to which the Claim relates is the Airport. It does not include residential property.
4. The Claimant is the owner of the Airport pursuant to the titles listed in Schedule 1 to the Particulars of Claim.
5. The Claimant has granted various leases and licences in respect of certain parts of the Airport. The areas in respect of which the Claimant has a right to immediate possession, pursuant either to the Claimant’s freehold ownership or immediate leasehold interests are shown shaded yellow on Plan A (excluding the areas hatched blue and shaded orange) (“the Yellow Land”).
6. As the operator of the Airport, as set out in Paragraphs 1 and 2 above, the Claimants still retains sufficient control over those parts of the Airport in respect of which it has granted leases and licences, to entitle it to exercise control over the Airport in relation to any persons trespassing thereon.

## **THE DEFENDANTS**

7. The Defendants are environmental activists associated with the Just Stop Oil campaign (or other environmental campaigns) who have committed to engaging in campaign of disruptive direct action at airports across the United Kingdom.
8. At a meeting in Birmingham in early March 2024, the environmental campaigners associated with the ‘Just Stop Oil’ campaign discussed the taking of direct action at airports across the UK in the summer of 2024.

9. The homepage of the website of Just Stop Oil emphasises the plans to target action on airports during the summer of 2024 and a video was published on 5 May 2024 at <https://www.youtube.com/watch?v=tbvYQFGAY48> which discloses an intention to disrupt airports in the UK in the summer months of 2024. In particular, the said video evidences that the Airport is a specific target of disruption by showing a screen shot of a road sign on the highway immediately adjacent to the perimeter of the Airport (with directions to Terminal 5 and Terminals 2, 3 and 4).
10. Furthermore, multiple messages sent from the official Instagram account of Just Stop Oil demonstrate how campaigners associated with Just Stop Oil intend to target airports by direct action activities.
11. In support of their aim to disrupt airports in the summer months, two Just Stop Oil fundraising pages have been set up, namely:
  - 11.1 “Fund Radical Climate Action — Just Stop Oil | Chuffed | Non-profit charity and social enterprise fundraising” which has raised £149,000 as of 1 July 2024) and states:

*“We’re escalating our campaign this summer to take action at airports.*
  - 11.2 “Cat’s out the bag. Just Stop Oil will take action at airports 🇬🇧 | Chuffed | Non-profit charity and social enterprise fundraising” which has raised £24,000 as of 1 July 2024) states

*“Cat’s out the bag. Just Stop Oil will take action at airports*

*The secret is out — and our new actions are going to be big.*

*We’re going so big that we can’t even tell you the full plan, but know this — Just Stop Oil will be taking our most radical action yet this summer. We’ll be taking action at sites of key importance to the fossil fuel industry; super-polluting airports.*
12. There has also been extensive media coverage of the Just Stop Oil plans and the danger they pose. A Daily Mail online article entitled ‘Exclusive Revealed: The eco mob plot to ruin the summer holidays with activists planning to disrupt flights by gluing themselves to

*major airport runways*' states that Just Stop Oil have advocated the following means of protest:

- *“Cutting through fences and gluing themselves to runway tarmac;*
- *Cycling in circles on runways*
- *Climbing on to planes to prevent them from taking off*
- *Staging sit-ins at terminals 'day after day' to stop passengers getting inside airports.”*

### **THE POTENTIAL EFFECTS OF THE THREATENED DIRECT ACTION**

13. In summary, the potential risks and/or effects of the apprehended activities would include the following:

- 13.1 A real risk to life and limb;
- 13.2 Significant disruption to passengers;
- 13.3 Significant disruption to airlines;
- 13.4 Significant impact on businesses and the wider economy;
- 13.5 Consequential effects on the infrastructure network around the Airport;
- 13.6 The need for deployment of additional Police resources at the Airport;
- 13.7 Substantial economic losses to the Claimant.

### **THE THREATENED ACTS OF TRESPASS AND/OR NUISANCE**

14. By reason of the foregoing, the Claimant apprehends that unless restrained by this Honourable Court, there is a serious and imminent risk that the Defendants will commit acts of trespass and nuisance by way of ‘direct action’ activities, for which they have no permission or licence to enter upon the Airport.

15. Members of the public have an implied consent to enter the Airport for air-travel and directly related purposes. All persons entering the Airport are subject to the Byelaws which regulate the use and operation of the Airport and the conduct of all persons while within the airport
16. By Byelaw 3.19 of the Byelaws, no person shall organise or take part in any demonstration, procession or public assembly likely to obstruct or interfere with the proper use of the Airport or obstruct or interfere with the safety of passengers or persons using the Airport.
17. By Byelaw 3.21 of the Byelaws, no person shall intentionally obstruct or interfere with the proper use of the Airport or with any person acting in the execution of his duty in relation to the operation of the Airport.
18. Accordingly, although members of the public have an implied consent to enter the Airport for the purpose of travelling by air and for directly related purposes, they do not have permission to enter or remain or occupy any land thereon for the purposes of:
  - 18.1 Organising or taking part in any demonstration, procession or public assembly likely to obstruct or interfere with the proper use of the Airport or obstruct or interfere with the safety of passengers or persons using the Airport (Byelaw 3.19).
  - 18.2 Intentionally obstructing or interfering with the proper use of the Airport (Byelaw 3.21).
19. Further and/or alternatively, the threatened acts referred to above would amount to a nuisance, in that they would give rise to an unreasonable interference with the use and operation of the Airport.
20. Further and/or alternatively, the nuisance referred to at Paragraph 19 above would also constitute a public nuisance in that the acts referred to above would substantially affect members of the public, including, but not limited, to persons wishing to use the Airport for the purpose of air travel as well as the Claimant. As such, the nuisance would ‘materially affect the reasonable comfort and convenience of a class of His Majesty’s subjects’ and the Claimant would suffer ‘special damage’ in respect thereof given the

loss and damage referred to in Paragraph 13 above would constitute foreseeable and substantial damage over and above that suffered by the public at large.

21. Accordingly, as the operator of the Airport and by reason of the matters set out in Paragraph 6 above, the Claimant seeks injunctive relief restraining the apprehended acts of trespass and/or nuisance in respect of the Airport.

## **HUMAN RIGHTS**

22. Reliance by the Defendants on rights of freedom of expression and/or assembly within Articles 10 and/or 11 of the European Convention of Human Rights would not provide a defence in the particular circumstances of this claim.

## **AND THE CLAIMANT CLAIMS**

- (1) An order that the Defendants must not, without the consent of the Claimant, enter, occupy or remain upon any part of the Airport;
- (2) Further or other relief as the Court thinks fit;
- (3) Costs.

**Statement of Truth**

The Claimant believes that the facts stated in this particulars of claim are true. The Claimant understands that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

I am duly authorised by the Claimant to sign this statement.

**AMENDED PARTICULARS OF CLAIM**

---

**THE CLAIMANT**

1. The Claimant is the operator of the ‘London Heathrow Airport’, Hounslow, Middlesex (“the Airport”), as shown edged purple on Plan A annexed to the Particulars of Claim (“Plan A”).
2. As the operator of the Airport:
  - 2.1 The Claimant holds a certificate for operation of the Airport issued by the UK Civil Aviation Authority (“CAA”) dated 6 April 2016, with reference number UK: EGLL – 00;
  - 2.2 The Claimant has the benefit of an Economic Licence granted by the CAA under Part 1 of the Civil Aviation Act 2012; and

2.3 The Claimant has made the ‘Heathrow Airport – London Byelaws 2014’ (“the Byelaws”) pursuant to section 63 and 64 of the Airports Act 1986 regulating the use and operation of the Airport and the conduct of all persons while within the Airport, which came into force on 13 April 2014.

## **THE LAND TO WHICH THE CLAIM RELATES**

3. The land and property to which the Claim relates is the Airport. It does not include residential property.
4. The Claimant is the owner of the Airport pursuant to the titles listed in Schedule 1 to the Particulars of Claim.
5. The Claimant has granted various leases and licences in respect of certain parts of the Airport. The areas in respect of which the Claimant has a right to immediate possession, pursuant either to the Claimant’s freehold ownership or immediate leasehold interests are shown shaded yellow on Plan A (excluding the areas hatched blue and shaded orange) (“the Yellow Land”).
6. As the operator of the Airport, as set out in Paragraphs 1 and 2 above, the Claimants still retains sufficient control over those parts of the Airport in respect of which it has granted leases and licences, to entitle it to exercise control over the Airport in relation to any persons trespassing thereon.

## **THE DEFENDANTS**

7. The Defendants are environmental activists associated with the Just Stop Oil campaign (or other environmental campaigns) who have committed to engaging in campaign of disruptive direct action at airports across the United Kingdom, including, in the case of the 2<sup>nd</sup> to 27<sup>th</sup> Defendants (“the Named Defendants”), at the Airport. Save for the Named Defendants, the Claimant does not know the names of the Defendants.
8. At a meeting in Birmingham in early March 2024, the environmental campaigners associated with the ‘Just Stop Oil’ campaign discussed the taking of direct action at airports across the UK in the summer of 2024.

9. The homepage of the website of Just Stop Oil emphasises the plans to target action on airports during the summer of 2024 and a video was published on 5 May 2024 at <https://www.youtube.com/watch?v=tbvYQFGAY48> which discloses an intention to disrupt airports in the UK in the summer months of 2024. In particular, the said video evidences that the Airport is a specific target of disruption by showing a screen shot of a road sign on the highway immediately adjacent to the perimeter of the Airport (with directions to Terminal 5 and Terminals 2, 3 and 4).
  
10. Furthermore, multiple messages sent from the official Instagram account of Just Stop Oil demonstrate how campaigners associated with Just Stop Oil intend to target airports by direct action activities.
  
11. In support of their aim to disrupt airports in the summer months, two Just Stop Oil fundraising pages have been set up, namely:
  - 11.1 “Fund Radical Climate Action — Just Stop Oil | Chuffed | Non-profit charity and social enterprise fundraising” (which has raised £149,000 as of 1 July 2024) and states:
 

*“We're escalating our campaign this summer to take action at airports.”*
  
  - 11.2 “Cat’s out the bag. Just Stop Oil will take action at airports  | Chuffed | Non-profit charity and social enterprise fundraising” (which has raised £24,000 as of 1 July 2024) states:
 

*“Cat’s out the bag. Just Stop Oil will take action at airports  
The secret is out — and our new actions are going to be big.  
We’re going so big that we can’t even tell you the full plan, but know this — Just Stop Oil will be taking our most radical action yet this summer. We’ll be taking action at sites of key importance to the fossil fuel industry; super-polluting airports.”*
  
12. There has also been extensive media coverage of the Just Stop Oil plans and the danger they pose. A Daily Mail online article entitled ‘*Exclusive Revealed: The eco mob plot to ruin the summer holidays with activists planning to disrupt flights by gluing themselves to major airport runways*’ states that Just Stop Oil have advocated the following means of protest:
  - “Cutting through fences and gluing themselves to runway tarmac;

- *Cycling in circles on runways*
- *Climbing on to planes to prevent them from taking off*
- *Staging sit-ins at terminals 'day after day' to stop passengers getting inside airports."*

12A. On 24 July 2024, 27 July 2024, 30 July 2024 or 1 August 2024 each of the Named Defendants entered onto the Airport without the consent of the Claimant in order to carry out acts of disruptive direct action in connection with the Just Stop Oil campaign. Further particulars of those incidents are set out in Supplemental Particulars of Claim at Schedule 2.

### **THE POTENTIAL EFFECTS OF THE THREATENED DIRECT ACTION**

13. In summary, the potential risks and/or effects of the activities carried out by the Named Defendants and further the apprehended activities of any Defendant have or may would include the following:

- 13.1 A real risk to life and limb;
- 13.2 Significant disruption to passengers;
- 13.3 Significant disruption to airlines;
- 13.4 Significant impact on businesses and the wider economy;
- 13.5 Consequential effects on the infrastructure network around the Airport;
- 13.6 The need for deployment of additional Police resources at the Airport;
- 13.7 Substantial economic losses to the Claimant.

### **THE THREATENED ACTS OF TRESPASS AND/OR NUISANCE**

14. By reason of the foregoing, the Claimant apprehends that unless restrained by this Honourable Court, there is a serious and imminent risk that the Defendants will commit further acts of trespass and nuisance by way of 'direct action' activities, for which they have no permission or licence to enter upon the Airport.

15. Members of the public have an implied consent to enter the Airport for air-travel and directly related purposes. All persons entering the Airport are subject to the Byelaws which regulate the use and operation of the Airport and the conduct of all persons while within the airport
16. By Byelaw 3.19 of the Byelaws, no person shall organise or take part in any demonstration, procession or public assembly likely to obstruct or interfere with the proper use of the Airport or obstruct or interfere with the safety of passengers or persons using the Airport.
17. By Byelaw 3.21 of the Byelaws, no person shall intentionally obstruct or interfere with the proper use of the Airport or with any person acting in the execution of his duty in relation to the operation of the Airport.
18. Accordingly, although members of the public have an implied consent to enter the Airport for the purpose of travelling by air and for directly related purposes, they do not have permission to enter or remain or occupy any land thereon for the purposes of:
  - 18.1 Organising or taking part in any demonstration, procession or public assembly likely to obstruct or interfere with the proper use of the Airport or obstruct or interfere with the safety of passengers or persons using the Airport (Byelaw 3.19).
  - 18.2 Intentionally obstructing or interfering with the proper use of the Airport (Byelaw 3.21).
19. Further and/or alternatively, the threatened acts referred to above would amount to a nuisance, in that they would give rise to an unreasonable interference with the use and operation of the Airport.
20. Further and/or alternatively, the nuisance referred to at Paragraph 19 above would also constitute a public nuisance in that the acts referred to above would substantially affect members of the public, including, but not limited, to persons wishing to use the Airport for the purpose of air travel as well as the Claimant. As such, the nuisance would 'materially affect the reasonable comfort and convenience of a class of His Majesty's subjects' and the Claimant would suffer 'special damage' in respect thereof given the

loss and damage referred to in Paragraph 13 above would constitute foreseeable and substantial damage over and above that suffered by the public at large.

21. Accordingly, as the operator of the Airport and by reason of the matters set out in Paragraph 6 above, the Claimant seeks injunctive relief restraining the apprehended acts of trespass and/or nuisance in respect of the Airport.

## **HUMAN RIGHTS**

22. Reliance by the Defendants on rights of freedom of expression and/or assembly within Articles 10 and/or 11 of the European Convention of Human Rights would not provide a defence in the particular circumstances of this claim.

## **AND THE CLAIMANT CLAIMS**

- (1) An order that the Defendants must not, without the consent of the Claimant, enter, occupy or remain upon any part of the Airport;
- (2) Further or other relief as the Court thinks fit;
- (3) Costs.

**Statement of Truth**

The Claimant believes that the facts stated in this amended particulars of claim are true. The Claimant understands that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

I am duly authorised by the Claimant to sign this statement.

- 2 Each of the Named Defendants is a member of and/or associates themselves with the campaign(s) of Just Stop Oil.

**24 July 2024**

- 3 At around or shortly before 9am on 24 July 2024, the 2<sup>nd</sup> to 8<sup>th</sup> Named Defendants entered onto the Airport in the vicinity of the Northern Perimeter Road West. They each did so:

- 3.2 without the express consent of the Claimant;
  - 3.3 acting in concert with one another, for the purposes of carrying out disruptive direct action in the name of “Just Stop Oil”, and in any case for the purposes of environmental campaign;
  - 3.4 equipped for the purposes of, and with the intention of, cutting through the perimeter fence or otherwise gaining access to the operational areas of the Airport;
  - 3.5 with the intention thereby of disrupting the operations at the Airport, or with full knowledge that their actions would cause such disruption;
  - 3.6 in those circumstances, otherwise than in accordance with the implied licence and the Bye-Laws pleaded at paragraphs 14 to 18 of the Amended Particulars of Claim (“APoC”);
  - 3.7 in the circumstances, as a trespasser;
  - 3.8 with the intention of carrying out activities which would have amounted to a nuisance, as pleaded at paragraphs 19 to 20 of the APoC
- 4 The said intentions of the 2<sup>nd</sup> to 8<sup>th</sup> Defendants were prevented from being seen through to completion because each of those Defendants was arrested by the Police before breaching the perimeter fence.

#### **27 July 2024**

- 5 Before 10.43am on 27 July 2024, the 9<sup>th</sup> Named Defendant entered the Airport and was, by that time, in the Terminal 5 departures area. She did so and was so present:
- 5.2 without the express consent of the Claimant;
  - 5.3 for the purposes of carrying out disruptive direct action in the name of “Just Stop Oil”;  
further or alternatively, in connection with or in support of the “Just Stop Oil’ campaign;  
and in any case acting for the purposes of environmental campaign;
  - 5.4 in possession and displaying an orange “Oil Kills” sign for the purposes of, and with the intention of, demonstrating opposition to the activities of the Airport and/or persons using the Airport;
  - 5.5 in those circumstances, otherwise than in accordance with the implied licence and the Bye-Laws pleaded at paragraphs 14 to 18 of the APoC;

5.6 in the circumstances, as a trespasser.

6 The 9<sup>th</sup> Defendant left the Airport upon request, under police supervision.

### **30 July 2024**

7 At or around 8.30am on 30 July 2024, the 10<sup>th</sup> and 11<sup>th</sup> Named Defendants entered the Terminal 5 departures hall of the Airport. They each did so:

7.2 without the express consent of the Claimant;

7.3 acting in concert with one another, for the purposes of carrying out disruptive direct-action in the name of “Just Stop Oil”, and in any case for the purposes of environmental campaign;

7.4 equipped for the purposes of, and with the intention of, opposing and/or obstructing the operations of the Airport and/or damaging equipment at the Airport;

7.5 which intention they then demonstrated by each spraying the ceiling, wall and floors of the terminal, and the electronic departure screen, with orange paint dispensed from fire extinguishers bearing the words “Just Stop Oil”;

7.6 in those circumstances, otherwise than in accordance with the implied licence and the Bye-Laws pleaded at paragraphs 14 to 18 of the APoC;

7.7 in the circumstances, as a trespasser;

7.8 so as to carry out activities which amounted to a nuisance, as pleaded at paragraphs 19 to 20 of the APoC.

8 The said intentions of the 10<sup>th</sup> and 11<sup>th</sup> Named Defendants were not further realised, because each of those Defendants was arrested by the Police before causing further damage or disruption.

### **1 August 2024**

9 Between approximately 7am and 7.40am on 1 August 2024, the 12<sup>th</sup> to 20<sup>th</sup> Named Defendants (‘Groups 1 & 2’ in the table at Paragraph 1 of this Schedule 2) entered the Airport in the vicinity of the Terminal 5 London Underground Station. Each of them was then promptly arrested by the Police and removed from the Airport.

10 By around 8.50am on 1 August 2024, the 21<sup>st</sup> to 27<sup>th</sup> Named Defendants (‘Group 3’ in the table referenced above) had also entered the Airport and, by this time, had positioned themselves so as

to block access to or egress from the Terminal 5 South departure gates via the electronic gates for the checking of boarding passes. They were arrested and removed by the Police by approximately 9.13am.

11 The 12<sup>th</sup> to 27<sup>th</sup> Named Defendants each so entered the Airport and, in the case of the 21<sup>st</sup> to 27<sup>th</sup> Named Defendants so blocked access to or egress from the said departure gates:

11.1 without the express consent of the Claimant;

11.2 acting in concert with one another, for the purposes of carrying out disruptive direct action in the name of “Just Stop Oil”; further or alternatively, in connection with or in support of the “Just Stop Oil” campaign; and in any case, for the purposes of environmental campaign;

11.3 equipped with orange clothing and banners for the purposes of advertising their connection with “Just Stop Oil” and/or their environmental causes;

11.4 with the intention of disrupting the operations at the Airport, or with full knowledge that their actions would cause such disruption;

11.5 in those circumstances, otherwise than in accordance with the implied licence and the Bye-Laws pleaded at paragraphs 14 to 18 of the APoC;

11.6 in the circumstances, as a trespasser;

11.7 with the intention of carrying out activities which would have amounted to a nuisance, as pleaded at paragraphs 19 to 20 of the APoC

12 The said intentions of the 12<sup>th</sup> to 27<sup>th</sup> Named Defendants were not or not further realised, because each of those Defendants was, as aforesaid, arrested by the Police before causing any or any further disruption.

**FIRST WITNESS STATEMENT OF AKHIL MARKANDAY**

---

I, **AKHIL MARKANDAY**, of Governor's House, 5 Laurence Pountney Hill, London EC4R 0BR, **will say as follows:**

- 1 I am a partner in the firm of Bryan Cave Leighton Paisner ("BCLP"). BCLP act for the Claimant in this matter, under my supervision. I am duly authorised to make this witness statement on behalf of the Claimant.
- 2 I make this witness statement in support of an application by the Claimant for

injunctive relief.

3 Except where I state to the contrary (in which case I give the source of  
information upon which I rely) I am able to state the matters in this witness  
statement from my own knowledge.

4 Where facts and matters referred to in this statement are not within my own  
knowledge they are based on instructions, documents and information  
supplied to me in my capacity as solicitor for the Claimant and are true to the  
best of my knowledge and belief.

5 I refer to a paginated bundle of documents, attached as Exhibit “AM1”. Where  
it is necessary to refer to a document, I shall refer to the document by its page  
number within Exhibit “AM1”.

## **BACKGROUND**

6 The Just Stop Oil environmental campaign (“**JSO**”) has made well publicised  
threats to disrupt airports during the summer of 2024 [**AM1/1-2**]. JSO has  
taken unlawful direct action on numerous occasions in recent years. As well  
as taking direct action against airports in the UK and in Europe, JSO has  
targeted key transport infrastructure such as motorways and private  
organisations such as oil companies.

7 The Metropolitan Police have also had cause to act on the immediate and  
serious risk of disruption posed by JSO. During the last week of June 2024, a  
number of JSO members were arrested in relation to public order offences  
arising from the group’s threat to airports [**AM1/3-9**].

8 JSO themselves say 27 arrests were made but, despite these arrests, JSO have  
publicly stated that “they will not be intimidated” and that they “are joining  
an international uprising” [**AM1/10-11**]. The threat to airports, in particular  
Heathrow Airport (“**Heathrow**”), remains real and imminent.

9 As explained below and in the first witness statement of Jonathan Daniel  
Coen, the Claimant considers that the impact of direct action at Heathrow by  
JSO would be of severe concern from a safety and security perspective.

Furthermore, there would be significant disruption in the form of delays, diversions and cancellations to travellers as well as significant impact on businesses and the wider economy.

## **HEATHROW LAND OWNERSHIP**

- 10 A plan [AM1/12] demonstrates the Claimant's ownership of the land composing Heathrow - shaded in yellow are titles at HM Land Registry ("**HMLR**") for which the Claimant is the registered proprietor (the "**Yellow Plan**"). A complete list of these titles is annexed to the Particulars of Claim and the available HMLR Official Copies are exhibited at [AM1/250-1330]. Although the Registered Proprietor and land description are accessible via HMLR's database, it is not uncommon for some Official Copies to be unavailable online immediately, in which case HMLR send them later in printed form via post. That is the case here. Some Official Copies could not be provided to us by HMLR in time to be exhibited for this claim and remain on order.
- 11 In order to bring this claim, my Firm has undertaken an extensive amount of work to present to the Court the title and ownership structure at Heathrow. Heathrow is a very large and complex site comprised of hundreds of titles at HMLR.
- 12 In addition to the Yellow Plan, we have produced Plan A [AM1/13] which also shows the land within Heathrow to which the Claimant does not have a right to immediate possession, due to various occupational leases. That is the blue hatched land on Plan A. The areas shown shaded orange on Plan A are the terminal buildings. There are a number of floors in each of the terminal buildings and different parts are leased to or otherwise occupied by third parties, such as the retail units. In light of the complexity of seeking to show which parts of the terminal buildings are ones to which the Claimant is entitled to immediate possession and those parts which are subject to leases (etc), for the purposes of this claim the terminal buildings have been excluded from those parts of Heathrow to which the Claimant asserts an entitlement to immediate possession by reason of its freehold or leasehold ownership.

13 The purple edging around Plan A sets out the clear boundary of Heathrow and it is in respect of the entirety of the area which the Claimant seeks an injunction to restrain trespass and/or nuisance as explained in the Particulars of Claim.

## **THE THREAT TO HEATHROW**

14 On 9 March 2024, the Daily Mail published an article online which reported, as a result of an undercover investigation by the Mail on Sunday, it had discovered that JSO were planning to undertake a campaign of “wreaking havoc” (the journalist’s words) at airports during the summer, with activists planning to “storm terminal buildings to hold sit-ins, glue themselves to runways and even climb on jets to paralyse the travel industry” (the journalist’s words).

15 The homepage of JSO’s website [AM1/15-20] emphasises that the group plans to target action on airports during the summer of 2024. As at today’s date, the page states (emphasis original):

*“Our Government doesn’t give a f\*\*\* about its responsibilities. The country is in ruins. You know it, I know, they know it. That means it’s up to us to come together and be the change we need.*

*We need bold, un-ignorable action that confronts the fossil fuel elites. We refuse to comply with a system which is killing millions around the world, and that’s why we have declared airports a site of nonviolent civil resistance.*

*We can’t do this alone, we have a plan for this Summer, are you willing help make this happen?”*

16 Directly below this statement, is a video published on 5 May 2024. This video is available at: <https://www.youtube.com/watch?v=tbvYQFGAY48>.

17 The audio of this video combined with the visual imagery presents three obvious concerns. First, an intention to focus on disrupting airports in the UK.

Second, that the timing of this disruption will be the summer months of 2024. Third, the video specifically highlights Heathrow as a target of disruption: the video accompanying the speech includes a screen shot of a road sign on the highway immediately adjacent to the perimeter of Heathrow showing directions to Terminal 5 and Terminals 2, 3 and 4. The video states (our emphasis):

*“What are we going to do in the face of this repression? [clips of JSO members being arrested] **We are going to continue to resist.** We are passing over 1.5 degrees of warming. It is absolutely catastrophic. Seeing as there is no meaningful action that’s come from our Government, **we are going to ratchet it up.** We are going to take our nonviolent, peaceful, demonstrations to the centre of the carbon economy. **We are going to be gathering at airports** [video shows a road sign leading to **Heathrow, Terminal 5**] across the UK.*

*In the heat of the summer months, when the grass is scorched here, when the hose-pipe ban kicks in; when the wildfires take off in Canada, as they potentially begin to dig this EACOP pipeline, we’re going to be saying to the Government, if you’re not going to stop the oil, we’re going to do it for you.”*

## **THE CURRENT THREAT TO AIRPORTS IN GENERAL**

18 In support of their aim to disrupt airports in the summer months, JSO has set up at least two fundraising pages:

- (a) Fund Radical Climate Action — Just Stop Oil | Chuffed | Non-profit charity and social enterprise fundraising [AM1/21]
- (b) Cat’s out the bag. Just Stop Oil will take action at airports ✈️ | Chuffed | Non-profit charity and social enterprise fundraising [AM1/22]

19 Fundraising page (a), which has raised £149,000 as of 1 July 2024, states the following (original bold emphasis, underlining added by me):

*We're escalating our campaign this summer to take action at airports.*

...

*To make this action phase happen, we have a costed plan...**During June and July, we expect to spend around £180,000, some of which we have already secured, and the rest we must raise now.***

20 Fundraising page (b), which has raised £24,000 as of 1 July 2024, states (original bold emphasis, underlining added by me):

***“Cat’s out the bag. Just Stop Oil will take action at airports  
The secret is out — and our new actions are going to be big.***

*We’re going so big that we can’t even tell you the full plan, but know this — Just Stop Oil will be taking our most radical action yet this summer. We’ll be taking action at sites of key importance to the fossil fuel industry; **super-polluting airports.***

21 On JSO’s website, within the section entitled ‘Get Involved’ and a sub-section entitled ‘Events’, there is a calendar on reflecting upcoming events. For 6 July 2024, the calendar states “Resistance Starts Here” [AM1/23].

22 There has been extensive media coverage of the JSO plans and the danger they pose. A Daily Mail online article I have referred to at paragraph 14 above entitled ‘*Exclusive Revealed: The eco mob plot to ruin the summer holidays with activists planning to disrupt flights by gluing themselves to major airport runways*’ [AM1/24-32] states that JSO have advocated the following unlawful activities:

- “Cutting through fences and gluing themselves to runway tarmac;
  - Cycling in circles on runways;
  - Climbing on to planes to prevent them from taking off;

- *Staging sit-ins at terminals 'day after day' to stop passengers getting inside airports.*”

- 23 Since that article, several other publications have reported on JSO’s campaign to disrupt and focus on airports, a selection of examples is at [AM1/33-49].
- 24 Multiple messages sent from the official Instagram account of JSO demonstrate how JSO intends to target airports. Text examples are as follows, with screenshots at [AM1/50-61]

## RECENT UNLAWFUL ACTION AT AIRPORTS

25 On 20 June 2024, two JSO supporters breached the fence at Stansted Airport and sprayed orange paint over private jets. In a post on social media site X (formerly Twitter), JSO posted a video showing one of the activists cutting a hole in the perimeter fence leading to the runway, before spraying the paint over the jets. Alongside this video, JSO stated that the two activists had “cut the fence into the private airfield at Stansted where taylorswift13’s jet is

parked, demanding an emergency treaty to end fossil fuels by 2030” [AM1/62-72].

- 26 On 2 June 2024, Extinction Rebellion (who are related to JSO, as explained in paragraph 32 below) activists blocked access to Farnborough Airport [AM1/73-84]. This involved different sets of activists carrying out co-ordinated disruptive activities. Some barricaded one of the airport’s gates, another four activists locked on to oil drums, one individual mounted on a tripod blockaded the airport’s departure gate and another fourth group of activists distracted airport authorities, moving between the airport’s other gates to block them.
- 27 As mentioned in paragraph 40 below, a group affiliated with JSO called Last Generation caused disruption at Munich airport on 18 May 2024. This involved people actually gluing themselves to the runway, a dangerous and highly disruptive approach [AM1/85-89]. Due to the these actions, around 60 flights were cancelled and 11 flights were diverted to other airports.
- 28 I understand from reviewing the London City Airport (“**LCY**”) injunction materials as further described below, that one of the activists who was closely involved in the Munich airport events joined a JSO call on Tuesday 28 May 2024 to encourage others to undertake activities to similar effect in the United Kingdom.

## **OTHER AIRPORT INJUNCTIONS**

- 29 In response to the tangible and impending risk of harm posed by JSO’s airports campaign, LCY sought and has already been granted a High Court injunction on 20 June 2024..
- 30 The Order granted is at [AM1/90-105]. It prohibits anyone from entering, occupying or remaining on London City Airport in connection with the JSO campaign (or any other environmental campaign) without the permission of the entity owning and managing City, London City Airport Limited. I have also very recently learned that Manchester, East Midlands and Stansted Airports secured injunction against JSO on Friday 5 July 2024. I consider this

heightens the risk to Heathrow since activists are now less likely to target these airports and will turn their attention to other airports, with Heathrow being a particularly likely target.

## **BACKGROUND TO JUST STOP OIL**

31 My understanding of JSO is based on public statements and communications, as well as having had the benefit of reading the background set out in the LCY injunction application.

32 JSO is said to have been “masterminded” by Roger Hallam who was involved in both other disruptive action groups, including Extinction Rebellion and Insulate Britain [AM1/106-108]. As mentioned below at paragraph 42, Extinction Rebellion has previously threatened direct action against Heathrow.

33 On its website and in press releases, JSO refers to itself as a:

- (a) “civil resistance group demanding the UK Government stop licensing all new oil, gas and coal projects.” [AM1/70]
- (b) “coalition of groups working together to demand the British government work with other nations to establish a legally binding treaty to stop extraction and burning of oil, gas and coal by 2030, whilst supporting and financing other countries to make a fair and just transition.” [AM1/67]

34 JSO have a ‘Frequently Asked Questions’ page (“FAQ”) on their website [AM1/109]. From this, it is clear JSO is committed to civil disobedience. For example (my emphasis added):

*“Extinction Rebellion and Insulate Britain have demonstrated that Civil Disobedience works. They also show that we need to do significantly more to stop the greatest crime against humanity. **That’s why we are moving into Civil Resistance** — it’s no longer about a single project or campaign, it’s about resisting a Government that is*

*harming us, our freedoms, rights and future, and making them work for us.”*

35 The FAQ further clarifies how JSO intend to behave, including using:

*“tactics such as strikes, boycotts, mass protests and disruption to withdraw their cooperation from the state.”*

36 In response to the question of “Will there be arrests?”, the following FAQ reply is given:

*“probably, however there is a long established tradition in the UK of citizens, when they recognise that the state is acting immorally, taking action to prevent further harm.”*

37 The JSO website also includes a section entitled ‘Law’, which includes a sub-section detailing support offered for individuals facing criminal charges for taking the actions JSO are encouraging [AM1/110-115]. This section also displays statistics of JSO’s relationship with the Police and criminal justice system, stating that since the group’s inception there have been:

- (a) 2970 arrests;
- (b) 1889 charges;
- (c) 475 convictions;
- (d) 100 acquittals;
- (e) 129 cases dismissed; and
- (f) 1086 trials to come.

38 On 20 June 2024, JSO put out a press release [AM1/63-72] after 2 JSO supporters breached part of the perimeter fence at Stansted Airport to attack some private planes. I will return to this further below but for present purposes note that the footnotes confirm JSO is “a member of the A22 Network of civil resistance projects”.

39 A22’s website homepage states that:

*“We are an international network racing to save humanity. We have a recipe for effective civil resistance. Support us. Join us. You are needed”*. [AM1/116]

A22’s declaratory statement underlines A22’s desire to use disruptive tactics; stating that, amongst other tactics, “we commit to mass civil disobedience” [AM1/117]. The fact that JSO is a part of the A22 network emphasises its commitment to civil disobedience.

40 Other organisations within JSO’s wider group can be seen on JSO’s website [AM1/118]. This includes ‘Last Generation’ who are mostly active in Germany, France, Italy and Poland. On 18 May 2024, Last Generation caused disruption at Munich Airport, Germany [AM1/85-89].

41 It therefore seems clear to me that JSO accepts and acknowledges it will engage in unlawful acts as part of their civil resistance/disobedience.

### **JUST STOP OIL’S HISTORY OF DISRUPTION**

42 JSO has been very active over the past three years. I have collated a history below which focuses mainly on direct action in relation to infrastructure assets, but there has also been a significant history of activity directed at sporting activities or cultural events/venues, such as the throwing orange paint/powder at paintings in the National Gallery, at the World Snooker Championships, and, most recently, Stonehenge and invading the pitch during the Rugby Premiership Final and during an Ashes test last year. Evidence is exhibited at [AM1/119-238]

<b>Date</b>	<b>Disruptive Action taken by JSO</b>
1 April 2022	Commencement of a blockade of 10 critical oil facilities multiple at multiple locations across England, intending to cut off the supply of petrol in South East England [AM1/119-121]

14 April 2022	JSO activists stopped and surrounded an oil tanker in London, causing congestion on the motorway <b>[AM1/122-129]</b>
15 April 2022	JSO supporters targeted oil terminals at Kingsbury, Navigator and Grays, blockading roads and climbing onto oil tankers <b>[AM1/130-134]</b>
28 April 2022	Circa 35 JSO supporters sabotaged petrol pumps at two M25 motorway service stations, Cobham Service stations in Surrey and Clacket Lane services in Kent <b>[AM1/135-138]</b>
26 August 2022	JSO blocked seven petrol stations in Central London and vandalised fuel pumps <b>[AM1/139-144]</b>
October 2022	32 days of disruption from end of September throughout October, which the Metropolitan Police said resulted in 667 arrests with 111 people charged.  Specifically, in Islington, Abbey Road, High Holborn/Kingsway, four bridges across Thames, Westminster and the M25 motorway <b>[AM1/145-169]</b>
17 October 2022	Two supporters scaled this bridge which connects the M25 between Essex and Kent, causing its closure. Closure resulted in six miles of congestion on both directions of the bridge <b>[AM1/170-174]</b> . After 36 hours, the activists agreed with Police to leave the bridge, and were arrested. The bridge remained closed for another 6 hours <b>[AM1/175-177]</b>
26 October 2022	13 activists targeted Piccadilly and spray painted luxury car show rooms <b>[AM1/178-183]</b>
31 October 2022	Activists targeted buildings used by the Home Office, MI5, the Bank of England News Corps, spraying paint on each and demanding an end to new oil and gas licenses. The targets were chosen because they represent ‘the four pillars that support and

	maintain the power of the fossil fuel economy’ JSO stated [AM1/184-186]
7 November 2022	Multiple junctions on M25 closed due to JSO action [AM1/187-195]
1 July 2023	Disruption of the annual Pride March, sitting on the road [AM1/196-198]
21 July 2023	Traffic disruption in Acton, London organised by JSO during rush hour, infamous for preventing a mother with a newborn child from driving to the hospital [AM1/199-207]
9/10 October 2023	Activists sprayed paint on buildings across these three universities (Bristol, Exeter, Oxford), to highlight the links between universities and fossil fuel groups [AM1/208-219]
30 October 2023	Demonstrations near Parliament Square [AM1/220-225]
8 November 2023	At least 40 activists disrupted traffic on Waterloo Bridge. The Police claimed that there had been blockage of an ambulance flashing blue lights [AM1/226-231]
20 June 2024	Private jets sprayed at a private airfield at Stansted Airport [AM1/232-238]

## REACTION OF METROPOLITAN POLICE

43 I am informed by Jonathan Daniel Coen of the Claimant that, during recent meetings with senior officers of the Metropolitan Police, the Claimant was advised to consider applying for a civil injunction. BCLP were instructed soon after.

44 As referred to in paragraph 8, in the week commencing 24 June 2024, around 27 JSO supporters suspected of planning to disrupt airports this summer were arrested under the Public Order Act 2023. Chief Superintendent Ian Howells, who led the operation, said [AM1/239-246]:

*“We know Just Stop Oil are planning to disrupt airports across the country this summer which is why we have taken swift and robust action now.*

*‘Our stance is very clear that anyone who compromises the safety and security of airports in London can expect a strong response from officers or security staff.*

*‘Airports are complex operating environments which is why we are working closely with them, agencies and other partners on this operation.’*

*Suspects released on bail are subject to conditions which include not travelling within one kilometre of any UK airport unless passing by while on a mode of transport.”*

- 45 Despite the proactive Police action so far, the threat of severely disruptive action occurring remains, as JSO themselves have made clear [AM1/247-248].

## **THE IMPACT AT HEATHROW**

- 46 I have had sight of the first witness statement of Jonathan Daniel Coen on behalf of the Claimant and refer to the facts and figures set out therein.
- 47 It is clear to me that the primary cause for concern from the unlawful activity the Claimant seeks to restrain is one of safety (for both the wider innocent members of staff and public, but also the participants) and security. Heathrow is a crucial piece of UK infrastructure and any unlawful disruption will have multiple ‘knock-on’ effects.
- 48 Whilst it cannot be denied those effects will have financial ramifications that run into many millions of pounds, regard should also be had to the various other effects disruption would cause, particularly in relation to cargo and passengers or airline crew left diverted or delayed around the world.

49 In relation to cargo, not only are supply shortages a risk, it strikes me there will be a major risk of spoilage to any sort of fresh produce. This would be extremely wasteful and have quite the opposite effect of protecting the environment.

50 The feared unlawful disruption at Heathrow would clearly have numerous serious consequences, many of which I am not sure the wider public, let alone JSO activities, appreciate.

### **PROCEEDING AGAINST PERSONS UNKNOWN**

51 I am informed by Jonathan Daniel Coen that the Claimant does not know the names of any individual activists who intend to disrupt operations Heathrow.

52 Though specific individuals within JSO have been charged by the Police in connection with the planned disruption to airports, neither I nor the Claimant have seen any clear evidence to be confident enough to name anyone as a named Defendant in this claim at this stage.

53 I am instructed enquiries continue and, should specific individuals be identified, named Defendants will be joined to proceedings in future in the usual way.

### **BRINGING THE CLAIM WITHOUT NOTICE**

54 The Claimant believes there is a compelling reason to bring this claim ‘without notice’ based on the fact that notice to the Defendants may cause them to accelerate their unlawful actions, which the injunction sought seeks to restrain.

### **SERVICE AND NOTICE OF THE PROCEEDINGS**

55 In the present case, the Claimant does not know the names of any individuals who may seek to carry out the activities which the injunction sought is intended to restrain. This is a case in which the identity of such persons can only be described in the manner set out in the descriptions of the Defendants. As such, the injunction sought is analogous to the ‘newcomer’ injunctions

discussed in the *Wolverhampton CC v London Gypsies and Travellers* [2024] 2 WLR 45 decision. There is no person upon whom the proceedings could currently be served. In accordance with the Court's approach in that case, the Claimant is therefore seeking an order to dispense with service and is intending to notify any individuals potentially affected by the application and any order made by taking steps to bring it to their attention, as set out below.

56 The Claimant intends to provide copies of the following documents ("the Documents") to the Defendants:

- (a) Sealed copy of the Claim Form;
- (b) Copy Particulars of Claim;
- (c) Response Pack;
- (d) Copy Application;
- (e) Order;
- (f) Copy of the supporting evidence (Witness Statement of Akhil Markanday and Witness Statement of Jonathan Daniel Coen); and
- (g) Copy of a note of the hearing.

57 The Claimant intends to notify them in the following way:

- (a) uploading copies of all court documents onto the following website: [www.heathrow.com/injunction](http://www.heathrow.com/injunction);
- (b) attaching a copy of the Court order in each of the locations shown with a red dot on Plan B [AM1/249]. These locations are where signage is already placed warning people they are entering a "Critical Part of the Security Restricted Area under Section 11A of the Aviation Security Act 1982", i.e. where analysis and thinking has already been done on how to communicate to persons unknown they are about to be 'caught' by a specific legal construct if they proceed;

- (c) attaching copies of the approved warning notice (a draft form of which will be made available for the Court's approval at the first hearing) at each of the locations shown with a red dot on Plan B referring to:
  - (i) these proceedings;
  - (ii) the fact that an injunction is now actively covering Heathrow; and
  - (iii) stating that the court documents may be viewed on the Claimant's website (and providing the relevant web page address) or may be obtained from the Claimant's solicitors and providing the relevant contact details;
- (d) sending an email message to [info@juststopoil.org](mailto:info@juststopoil.org) (the email address on the JSO website for general enquiries), [juststopoil@protonmail.com](mailto:juststopoil@protonmail.com) and [juststopoilpress@protonmail.com](mailto:juststopoilpress@protonmail.com) providing the same information as that contained in the warning notice.

58 I believe that these would be reasonable steps to draw the Documents to the attention of the persons likely to be affected by the injunctions sought. I consider the above methods would be effective in achieving this. The email addresses are JSO email addresses so there is good reason to believe that the Documents would come to their attention if sent to this email address service will be effective there. The proposed notices and other steps give any potential newcomer ample opportunity to be aware of the injunction and underlying materials before engaging in prohibited conduct.

59 The steps proposed also take into account the fact that the Claimant is in the position of operating a high-profile and highly sensitive piece of critical national infrastructure. Heathrow's nature, scale and importance present concerns which differ from other airfields. Anything to be done in or around the airfield must be extremely carefully considered and balanced against the risks of (a) terrorism (for example, allowing people to exploit packages of documents to conceal dangerous items) and (b) impacting airfield operations

(for example, that objects may be detached, accidentally or deliberately, and ingested into aircraft engines, especially at critical phases of landing or taking off).

## CONCLUSION

- 60 There is a serious and imminent risk of disruption at Heathrow if the injunction sought is not granted.
- 61 Heathrow is an extremely likely target for direct action in relation to airports, especially given the disincentive to target LCY, Stansted, Manchester and East Midlands airports given their existing injunctions.
- 62 Damages would not be an adequate remedy for the Claimant with reference to the impact of disruption when viewed as a whole. Beyond financial losses, this must factor in, *inter alia*, (i) health and safety risks, (ii) disruption inconvenience to passengers and staff, and (iii) dangers associated with the risk, and wasted fuel, of extended aircraft holding or diversions. In addition, there is no credible reason to believe any of the Persons Unknown could or would meet any award of damages.

## Statement of Truth

I believe that the facts stated in this Witness Statement and Exhibit are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

**Defendants**

---

**FIRST WITNESS STATEMENT OF JONATHAN DANIEL COEN**

---

I, **JONATHAN DANIEL COEN**, of The Compass Centre, Nelson Road, Hounslow, Middlesex, TW6 2GW, **will say as follows:**

1. I am making this statement in connection with the proceedings for injunctive relief being issued by the Claimant against the Defendants in relation to threatened unlawful direct action at Heathrow Airport ("**Heathrow**"). As detailed below, the actions threatened by the Defendants involve, and have the primary aim of, severely disrupting operations at British airports, in particular during the summer of 2024.

2. I am employed by the Claimant as the Director of Security at Heathrow. I am responsible for all aspects of airport security. I have a staff of approximately 4,500 people reporting to me and a multimillion pound annual operational budget. I report to the Claimant's Chief Operating Officer.
3. My remit includes the development and implementation of the airport's security policies, the security of the airport terminals, airside areas, cargo facilities and the airport perimeter. Part of my role relates to security intelligence and I am the principal manager of our relationships with law enforcement agencies, including the Metropolitan Police.
4. I have worked in the aviation industry for over twenty years, starting at Gatwick Airport in 1998, working at Stansted Airport from 2001, in Group BAA from 2003 and finally starting work at Heathrow in January 2008. I have held a number of roles at Heathrow, including Commercial Director, Development Programme Director and Customer Relations and Service Director. In this latter role I was responsible for leading the day-to-day airline terminal relations and operations of the airport, ensuring the end to end passenger journey and so I am also well-placed to speak to the impact of disruption on passengers. I took up my current role as Director of Security on 15 March 2019.
5. The facts and matters set out in this witness statement are within my own knowledge, unless otherwise stated, and I believe them to be true. Where I refer to information supplied by others, I identify the source of the information. Facts and matters derived from other sources are true to the best of my knowledge and belief.
6. I refer to a paginated bundle of documents, attached as Exhibit "**JDC1**"; where it is necessary to refer to a document, I shall refer to the document by its page number within Exhibit "**JDC1**".
7. I am duly authorised to make this statement on behalf of the Claimant.
8. More generally, in preparing this witness statement, I have had sight of both the First Witness Statement of Akhil Markanday given by Bryan Cave Leighton Paisner LLP (*BCLP*), the Claimant's solicitors (*BCLP's Statement*), and the papers relating to the grant of an injunction over London City Airport on 20 June 2024. The former sets out more detail on Just Stop Oil (*JSO*) and the general threat they pose. It will be no surprise

some of the points arising in the latter are equally relevant here and overlap the concerns the Claimant has, as I set out below.

### **Heathrow Airport**

9. Heathrow is Europe's busiest airport and the world's fourth busiest airport.
10. 89 airlines operate regular scheduled flights from the airport to 214 destinations in 84 countries. In 2024, we are forecasting that 82.8 million passengers will travel through the airport, an average of nearly 227,000 passengers daily. The average number of flights daily is just over 1,300.
11. In the 12 months up until June 2024, around three quarters of all passengers were flying for holiday and other leisure purposes with around one quarter flying for business purposes.
12. From a cargo transport perspective, the total value of UK imports and exports that travelled through Heathrow in 2023 was £198.5 billion. That is more than the combined value of goods that went through Felixstowe and Southampton, the UK's biggest container ports. 45% of all of the UK's non-EU export goods (by value) travelled through Heathrow in 2023. In total, 1.43 million tonnes of cargo travelled through the airport that year, equating to 62% of the total volume of UK air cargo.
13. The cargo transported through Heathrow includes a wide range of materials essential to daily life, from pharmaceutical products and human blood, to critical machinery and aviation parts, to foodstuffs. Heathrow is also the UK's only airport capable of safely caring for all animal species.
14. The airport operates two runways during normal operation. Under a local planning cap, it is permitted to schedule up to 480,000 aircraft movements per year and we anticipate operating very close to this limit in 2024. Across the summer 2023 and winter 2023 operating seasons Heathrow operated at approximately 96% of the cap.

### **The importance of Heathrow**

15. The Claimant commissioned a report from the Centre for Economics and Business Research in July 2021 [JDC1/1-27]. This highlighted the significant contribution that Heathrow makes to the wider economy. The key findings were:
- (a) a forecast of total trade through Heathrow of £204 billion by 2025;
  - (b) based on figures from 2019, that visitors to the UK arriving at Heathrow spent a further amount of approximately £16.5 billion in the UK during their visits; and
  - (c) with respect to jobs, Heathrow’s combined direct and indirect impact is equivalent to over 140,000 jobs.
16. Highlighting its importance to the UK, Heathrow was designated as a Critical National Infrastructure (*CNI*) site by the Centre for the Protection of National Infrastructure (*CPNI*), now succeeded by the National Protective Security Authority (*NPSA*). The NPSA is the Government authority for physical and protective security advice to UK national infrastructure. It describes its role as helping “*organisations understand the range of threats they and the UK face, for example from terrorism, espionage, and state actors, and importantly what they can do to minimise their risk through how they operate day to day*” [JDC1/28-31]. The NPSA states [JDC1/32-36] that:
- “The UK government’s official definition of CNI is: ‘Those critical elements of infrastructure (namely assets, facilities, systems, networks or processes and the essential workers that operate and facilitate them), the loss or compromise of which could result in:*
- (a) Major detrimental impact on the availability, integrity or delivery of essential services – including those services whose integrity, if compromised, could result in significant loss of life or casualties – taking into account significant economic or social impacts; and/or*
  - (b) Significant impact on national security, national defence, or the functioning of the state.’”.*

## **Heathrow Airport Limited**

17. The Claimant is an indirect subsidiary of Heathrow Airport Holdings Limited (“**HAHL**”). HAHL is the intermediary holding company of a group of companies connected with Heathrow, including the Claimant and Heathrow Express Operating Company Limited which owns the Heathrow Express rail service.
18. The Claimant is the owner and operator of Heathrow. The Claimant’s licence to operate Heathrow is through an aerodrome certification (the *Certificate*) [JDC1/37] which is granted by the CAA in accordance with UK Reg (EU) No 139/2014 (the UK Aerodromes Regulation). The Certificate entitles Heathrow to operate the aerodrome and requires compliance with various safety and operational standards. The certification includes the aerodrome manual for Heathrow which is required to contain or refer to all necessary information for the safe use, operation and maintenance of the aerodrome, its equipment, as well as its obstacle limitation and protection surfaces and other areas associated with the aerodrome [JDC1/38-103]. In addition, Heathrow holds an Economic Licence granted by the CAA in accordance with the Civil Aviation Act 2012 (the *Licence*) [JDC1/104-207]. The Licence enables Heathrow to charge for use of and access to the airport land and infrastructure and sets out certain price control conditions.

## **The Land at Heathrow**

19. I refer to the First Witness Statement of Akhil Markanday which sets out the details of the land at Heathrow and the unique challenges the structure presents.
20. The nature of Heathrow is such that large areas are broadly open to the public, with the Claimant’s permission and consent, for legitimate short-term purposes connected with Heathrow’s status as an airport – for example, to travel themselves or to drop-off/collect other travellers. As described below, various other activities are expressly prohibited. This includes, very obviously, anything that will interfere with or endanger airport operations.

## **Heathrow’s Byelaws**

21. Everyone who lawfully visits Heathrow is subject to ‘The Heathrow Airport – London Byelaws, 2014’ (the *Byelaws*), which regulate the use and operation of the airport and the conduct of all persons while within the airport [JDC1/208-224]. These came into force on 13 April 2014. The Byelaws were made under s.63 of the Airports Act 1986. Section 64 of the Airports Act 1986 provides that any person contravening any byelaws made under s.63 commits a criminal offence in doing so and is liable on summary conviction to a fine. There is a plan of Heathrow attached to these Byelaws [JDC1/223] (“**Byelaws Plan**”).
22. Whilst application of the Byelaws (by our own security staff and often in close cooperation with the Metropolitan Police) can help us manage unlawful or undesirable behaviour, the response is, necessarily, usually reactive in nature and subject to the availability of Police officers.

#### **The imminent and serious threat to Heathrow**

23. JSO is an environmental activist group and, as explained further at paragraph 31 onwards of BCLP’s Statement, JSO are threatening to disrupt operations at British airports, in particular during the summer of 2024. The Claimant has therefore taken the carefully considered decision to apply for an injunction to restrain unlawful activity by such groups at Heathrow. As I explain below, Heathrow is at high risk of unlawful action from environmental groups. If the threatened disruption occurs, it will present many serious risks and cause significant damage.
24. As per paragraph 17 (for example) of BCLP’s Statement, JSO have made numerous public statements around their intent to disrupt airports. Even after 27 of their group were arrested in late June 2024, JSO publicly signalled their intent to continue to defy the law. I note in the letter sent to MPs on 13 June 2024, JSO imposed a deadline before further action of 12 July 2024.
25. In light of all the circumstances, in both my personal and professional view, it is abundantly clear to me that, despite recent arrests, the threat from JSO is not going away and they present a genuine, serious and imminent threat to Heathrow. For completeness, the wider history of which I have been made aware which leads me to this conclusion is:

- (a) in the Evening Standard on 21 April 2024, JSO threatened airports with “disruption on a scale which has never been seen before”;
- (b) there was unannounced disruption at Munich Airport on 18 May 2024 in which (according to media reports) several individuals claiming to be from a group affiliated to JSO glued themselves to the runway resulting in the cancellation of 50 flights and the diversion of another 11 flights;
- (c) there was unannounced direct action by Extinction Rebellion (who I understand are related to JSO in at least sharing a co-founder) at Farnborough Airport on Sunday 2 June 2024;
- (d) on 13 June 2024, the letter from JSO to MPs referred to above was sent. It threatened *“if you do not provide such assurance by 12 July 2024, we will be forced to take action to protect our communities by engaging in a campaign of non-cooperation against fossil fuel use at airports across the country.”*;
- (e) on 20 June 2024, there was an unannounced disruption where JSO members unlawfully broke in to Stansted airport and painted parked aircraft orange;
- (f) that following the reported arrest of 27 members of JSO the group reaffirmed its commitment to unlawful direct action;
- (g) JSO’s general track record of disruption (including against the major oil companies in 2022) but, in any event, JSO’s video content (see paragraph 16 in BCLP’s Statement) specifically references Heathrow; and
- (h) the fact that JSO (as shown in the examples above too) is very unlikely to make any public announcement in advance of the location and date/time of plans to target any airport.

### **Previous incidents at Heathrow**

26. Heathrow is a high profile and highly probable target for disruptive action, largely (but not only) due to its position as the UK’s hub airport. This point is demonstrated by previous, intentionally disruptive and harmful incidents directed at Heathrow. Some

examples given below highlight the Claimant's need to take action and obtain the injunction sought.

27. For example, there have been past incidents directly at Heathrow:-

- (a) From 12 September 2019, the climate change campaign group, Heathrow Pause attempted to disrupt flights into and out of Heathrow by flying drones in the airport's exclusion zone. The action was unsuccessful in disrupting flights and nineteen people were arrested;
- (b) On 8 January 2019 a drone, spotted close to the northern runway (in breach of the Byelaws and other laws), meant flights had to be suspended for just under an hour, during which period the southern runway remained open, but the northern runway had to be closed. Given the heightened threat environment, a significant Metropolitan Police-wide response was deployed, in addition to specialist military support. Operationally, this resulted in a 60-minute stoppage on aircraft departing the airport during which time 42 flights would have ordinarily departed and subsequent delays; and
- (c) On 13 July 2015, thirteen members of the climate change group 'Plane Stupid' broke through the perimeter fence and onto the northern runway. They chained themselves together, severely disrupting flight operations.

28. There have also been other incidents in the vicinity of the Airport:

- (a) On 27 September 2021, climate change activists defied a court order and blocked part of the M25 at Heathrow. A total of 53 people were arrested as Insulate Britain blocked the slip road at junction 14 just after 08:00 BST;
- (b) On 21 April 2019, 20 climate change activists launched a gathering outside Heathrow, amid a plan to "shut down" the transport hub. They gathered next to a roundabout between terminals two and three with a banner reading "are we the last generation?";
- (c) On 19 November 2016 activist group 'Rising Up' caused disruption after it was announced that the Government would be backing the £16 billion plan to expand Europe's busiest airport with a third runway. 15 supporters were

arrested after a so-called 'die-in' event at Heathrow over airport expansion during which they attempted to block the M4 spur road and successfully blocked the east ramp by 'locking-on'; and

- (d) On 21 February 2017, 'Rising Up' members caused tailbacks on the M4 heading towards Heathrow in an action against plans to build a third runway. A video posted by the group shortly before 0830 shows a car blocking the Heathrow Tunnel draped in a sign reading 'No new runways'. An activist is seen lying next to the vehicle on the road.

### **Health and safety concerns**

- 29. Heathrow is a complex operational environment. Health and Safety is naturally taken very seriously and we consider there to be a real risk that any unlawful direct action at the Airport may endanger our staff, other companies' staff, our passengers, other legitimate visitors and the participants themselves.
- 30. There are obvious severe risks associated with any activity on a taxiway or runway are, but it is worth highlighting additional risks as well:
  - (a) those people who are not trained or being supervised will be oblivious to the numerous hazards associated with airports and the precise nature of the dangers - for example, how being too close to a jet engine carries a risk of ingestion. Our ground-staff are trained in airport health and safety issues so they can operate properly and safely, but even they have to remain vigilant . For example, in May 2024 someone was tragically killed when ingested into a passenger jet engine at Amsterdam's Schiphol Airport;
  - (b) airline pilots as well as authorised vehicle drivers on access roads between terminals and aircraft stands will not be expecting trespassers on or near the taxiway/runway. Any sudden need by pilots or drivers to take evasive action could put people at risk;
  - (c) as with all airports, movements on the taxiway/runway are carefully managed by air traffic control. However, air traffic control have no ability to

communicate with trespassers to ensure their own safety around aircraft and ground traffic movements; and

- (d) the emergency services and our own rescue and fire-fighting team may have to put themselves at risk in order to remove and/or rescue trespassers, and in the event of an airfield emergency their response may be hampered with serious potentially fatal consequences.

31. Also, Heathrow is a Code F compliant airport. This means Heathrow can receive the largest aircraft, which many other UK airports cannot. The ability to receive larger aircraft means Heathrow has a higher proportion of long-haul aircraft landing than other UK airports. These aircraft will, by the nature of their operations, be running lower on fuel reserves. In the event that Heathrow is forced to unexpectedly close due to the Defendants' actions, it may not be possible for such aircraft to be easily re-routed. These effects will be amplified if JSO attempt to block multiple airports (which is their stated aim (as per paragraph 8 of BCLP's statement) and could pose a serious threat to life, endangering the passengers, airline staff and operating personnel on that flight and also those on the ground.

32. Given the nature of Heathrow's business, it is also a potential target for terrorist activity. Heathrow has specialist Police in operation who carry firearms and can respond to any such threat with potentially lethal force. Aviation Police enforce any prohibitions to a 'severe' threat level, as standard procedure, due to the unique threats to which Heathrow is exposed.

33. The general risk to health and safety is also easily illustrated by examples of similar action in the past:

- (a) I am aware that the Extinction Rebellion group targeted London's City Airport in 2019. This involved members climbing on top of the roof of the main terminal building and one person even glued himself to an aircraft [**JDC1/225-237**]. These activities are self-evidently a danger to those involved and innocent bystanders.

- (b) As mentioned above already, on 20 June 2024, two JSO supporters breached the fence at Stansted Airport and sprayed orange paint over private jets. These

incursions could have had dire consequences depending on the response from airport Police focused on dealing with terror threats, not to mention the usual obvious risks from aircraft ground movements.

### **Severe impact of disruption**

34. I consider that the potential impacts of the disruption at Heathrow would be extremely severe. In addition to the safety and security risks that I have discussed above, any direct action campaign, if it were allowed to go ahead, would likely have the following impacts on Heathrow and those who use it:
- (a) Firstly, direct action could cause significant disruption to innocent travellers, in the form of delays, diversions and cancellations, as a result of planes not being able to land or take-off from Heathrow. Flights in summer operate at a very high load factor (i.e. aircraft are at or near full capacity). The effect of this is that: (1) a very high number of travellers could be affected by the disruption; and (2) there would be very few spare places on alternative flights on which passengers could be re-booked;
  - (b) Secondly, the disruption caused by direct action may have a significant impact on businesses and the wider economy. It is perhaps obvious that business travel would be disrupted by flights not being able to take off and land at Heathrow. It is, however, less obvious, but equally important, that key supply chains, upon which businesses rely, would also be severely disrupted. Problems like this could be seen in the early days of the COVID-19 pandemic when supply chains were disrupted. In this regard, I point to the statistics I set out at paragraph 12 above with regard to the scale of Heathrow's cargo operations, and the critical nature of some of the cargo which is carried;
  - (c) Thirdly, passengers intending to transfer at Heathrow will experience diversions, delays or cancellations as a result of the disruption (in 2024 approximately 18 million passengers are forecast to transfer at Heathrow);
  - (d) Fourthly, if, as a result of JSO's direct action, the airport becomes extremely busy with people waiting in the terminals for delayed flights, the car parks and subsequently the roads around Heathrow, including the M25 motorway, are

likely to become congested. This would, in my opinion, very quickly become a national infrastructure issue;

- (e) Fifthly, there may be significant disruption to airlines which will persist even after the runways are able to re-open as a result of aircraft, cabin crew, and baggage being in the wrong place;
  - (f) Sixthly, to the extent the airport has to close as a result of any direct action, a further important aspect to consider from a safety perspective is the extremely limited additional airport capacity that exists in the South East outside of Heathrow. Heathrow typically averages 40 – 45 aircraft landings per hour. The excess capacity of nearby airports such as Gatwick, Stansted and Luton is such that if landings at Heathrow had to be completely stopped due to disruption, these other airports could only absorb re-directed aircraft bound for Heathrow for around an hour. Other inbound aircraft would have to be diverted to other airports, including airports outside the UK. The attendant disruption this would cause would be enormous. This is in addition to the point I make at paragraph 31 above about some other airports being unable to handle certain large aircraft types;
  - (g) Seventhly, significant Police resources will likely be deployed to Heathrow, not only from the Metropolitan Police, but from other neighbouring Police forces as well. The impact of this is twofold: (1) vital Police resources are diverted away from other areas with the result that such other areas become more vulnerable to crime; and (2) the considerable additional costs of this policing.
35. Further, to the extent additional safeguards by way of the injunctions sought cannot be obtained, all of the above problems could be compounded if JSO took simultaneous action (for example, closing London Gatwick at the same time as London Heathrow) with potentially catastrophic consequences for the safe landing of inbound aircraft.

**Likely financial impact**

36. As well as earning revenue from services to airlines, Heathrow also generates revenue from a variety of other sources, including concession fees from retail operators, income

from car parks, advertising revenue, the rental of airport premises, the provision of facilities and services and the Heathrow Express rail service.

37. To the extent the direct action suspends activity at Heathrow, it would also cause a significant economic loss to the Claimant. Based on information supplied to me by the Head of Finance - Operation at Heathrow, we estimate that closure of a single runway for half a day (0600-1200) would result in a loss of approximately £5.4 million. We would also expect to incur many millions in additional operating costs resulting from assisting disrupted passengers (such as providing passengers with spending vouchers for meals and hotel accommodation).

#### **Metropolitan Police advice**

38. Due to the threat posed by Just Stop Oil, their publicly stated intent to disrupt airports and the numerous previous examples of their unlawful behaviour, on 8 and 20 May 2024, Heathrow was advised by Chief Superintendent Ian Howell of Aviation Policing to consider seeking an injunction to enhance the protective security & safety response of the airport.

#### **The balance of convenience/compelling justification**

39. Given the foregoing, I believe that:-
- (a) although JSO refer to planned airport disruption in broad terms, Heathrow is the obvious and highest profile target for disruption given that it is the UK's only hub airport;
  - (b) unless an injunction is granted, there are numerous very serious consequences of that threatened disruption at Heathrow, in particular during this summer;
  - (c) as noted above, it is very unlikely that JSO will make a public announcement concerning the location, time/date of its action so an urgent injunction is appropriate in such circumstances;
  - (d) having discussed matters further with BCLP, I can see how damages would not be an adequate remedy for the Claimant with reference to the impact of disruption when viewed as a whole. In addition to the large financial losses I

refer to above, we must also consider (i) health and safety risks, (ii) disruption inconvenience to passengers and staff, and (iii) dangers associated with the risk of extended plane holding or diversions. Furthermore, there is no credible reason to believe any of the Persons Unknown could or would meet any award of damages;

- (e) since the Claimant seeks only to prevent unlawful activity, there is no obvious way the Defendants will suffer any actionable loss; and
- (f) the grant of the injunction sought would be a genuinely appropriate and effective deterrent to prevent unlawful behaviour.

### **Cross-undertaking in damages**

- 40. As noted above, I am not aware of any loss or damage the Defendants could bring an action for. Nevertheless, as is expected, I am authorised on behalf of the Claimant to provide the necessary cross-undertaking to pay any sum which the Court considers appropriate to compensate anyone affected by the proposed injunction if it is subsequently determined that the Claimant is not entitled to the order which they seek.
- 41. The audited accounts for the Claimant's year ending 31 December 2023 show revenue of £3,602 million and adjusted profit before tax of £485 million.

### **Statement of Truth**

I believe that the facts stated in this Witness Statement and Exhibit are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

**SECOND WITNESS STATEMENT OF AKHIL MARKANDAY**

---

I, **AKHIL MARKANDAY**, of Governor's House, 5 Laurence Pountney Hill, London EC4R 0BR, **will say as follows:**

1. I am a partner in the firm of Bryan Cave Leighton Paisner ("**BCLP**"). BCLP act for the Claimant ("**Heathrow**") in this matter, under my supervision. I am duly authorised to make this witness statement on behalf of the Claimant. This is my second witness statement in these proceedings.

2. I make this witness statement in support of an application by Heathrow to join 26 named defendants as defendants to these proceedings, and for associated case management directions.
3. Except where I state to the contrary (in which case I give the source of information upon which I rely) I am able to state the matters in this witness statement from my own knowledge.
4. Where facts and matters referred to in this statement are not within my own knowledge they are based on instructions, documents and information supplied to me in my capacity as solicitor for Heathrow and are true to the best of my knowledge and belief.
5. I refer to a paginated bundle of documents, attached as Exhibit “AM2”. Where it is necessary to refer to a document, I shall refer to the document by its page number within Exhibit “AM2”.

## **Background**

6. By a without notice injunction dated 9 July 2024 (“the **Injunction**”), the Court prohibited “Persons Unknown” (as defined as the Defendants to the Claim) from trespassing on Heathrow Airport (“the **Airport**”) in connection with the “Just Stop Oil” (“**JSO**”) campaign (or other environmental campaign). That application was sought by Heathrow in connection with a high-profile campaign of ‘direct action’ disruption threatened (and in some instances, carried out) by JSO. Most other major UK airports have now obtained similar injunctions. I refer to my first witness statement for the background to those matters, and do not repeat it here.
7. At the time the Injunction was sought, Heathrow did not know the names of any individuals who presented a distinct threat of committing acts of direct action at the Airport. That is why the claim was brought only against “Persons Unknown”.
8. Whilst a matter for legal submissions, I understand (and, without waiving privilege, Heathrow also understands) that a party in the position of Heathrow is under an obligation to apply promptly to join as named defendants any individual

who they identify as presenting such threat, or therefore being an appropriate named defendant.

9. As I detail below, there have regrettably been several actual or attempted instances of ‘direct action’ by individuals at the Airport since the Injunction was granted. All such persons have been arrested and identified (with the exception of Monday Rosenfeld who was involved in the incident on 27 July 2024 but was not arrested).
10. In view of their actions, Heathrow believes that each of those individuals should appropriately be a named defendant to these proceedings (the “**Named Defendants**”) and, moreover, that it is now obliged to apply for their joinder as such.
11. I should also emphasise at the outset that Heathrow is minded to bring committal applications for contempt of court against at least some of the Named Defendants. A final decision as to precisely which of the Named Defendants will be subject to such applications has not been reached. Again without waiving privilege, it is necessary for Heathrow, with the assistance of its legal team, to review the evidence against each of the Named Defendants before reaching that final decision.
12. Heathrow, however, is mindful of (what it understands to be) the need to apply to join named defendants promptly and therefore does so at this stage, with a view to bringing contempt applications subsequently.
13. Heathrow also seeks, by the present application, case management directions intended to facilitate the efficient conduct of these proceedings and the intended contempt applications hereafter. In particular, it seeks directions (as set out in detail in the accompanying draft Order) to address:
  - 13.1. Joinder of the Named Defendants, and accompanying amendment of the Claim Form.

- 13.2. Making absolutely plain that the Injunction continues to apply to the Named Defendants. To that end, Heathrow offers the same cross-undertaking in damages as applied to the Injunction to the Named Defendants.
- 13.3. The provision of Supplemental Points of Claim in respect of those Named Defendants (in preference to amending the Particulars of Claim, which were prepared at a time when there were no named defendants, and which have previously been served in accordance with the detailed service provision in the Injunction).
- 13.4. Service of this application, and future documents in these proceedings (including the contempt application) on those Named Defendants. As discussed below, this is somewhat complicated by the fact that many of the Named Defendants are presently on remand in prison, having been arrested and charged with a variety of crimes by reason of the same activities which found this application.
- 13.5. How and by when the Named Defendants should respond to these proceedings.
- 13.6. The time-table for the future contempt applications.
- 13.7. Provision for a further directions hearing thereafter, at which point further directions are likely to be appropriate for the ongoing case management of the substantive proceedings against each of the Named Defendants, as well as the anticipated contempt applications.
14. As regards the last of those points, Heathrow is cognisant of the fact that the Named Defendants are facing criminal charges for the same actions which found the anticipated contempt proceedings. Whilst again a matter for legal submissions, it is not considered that the existence of parallel criminal proceedings prevents the pursuit of contempt proceedings. However, it is recognised that the outcome of the criminal proceedings may impact any appropriate sanction for contempt of court (or *vice versa*), and that the imprisonment of Named Defendants will no doubt impact their ability to take part in these proceedings or any contempt application. The suggestion of a further

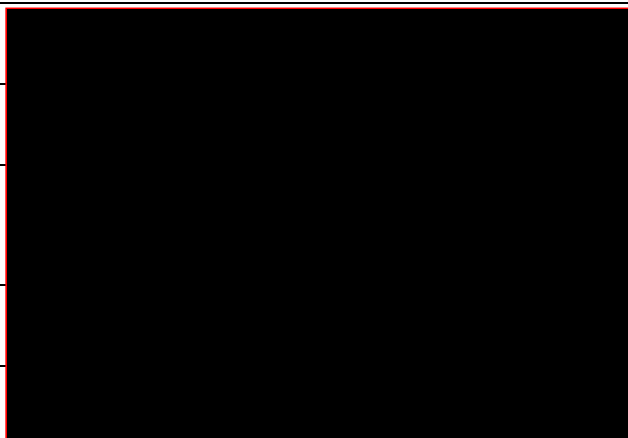

directions hearing is made, in part, to allow those considerations to be addressed at a suitable juncture and appropriate directions to be given for further case management with them in mind.

**The Named Defendants**

- 15. With the exception of the 27<sup>th</sup> proposed named defendant Monday Rosenfeld (whose position is addressed at paragraphs 24-27 below), each of the Named Defendants has been arrested by the Police in respect of their actions at or in the vicinity of the Airport on 24 July, 27 July, 30 July or 1 August. It is convenient to group my evidence in respect of the Named Defendants by reference to the events on each of those dates.
- 16. I wish to make clear that the following evidence is intended only by way of high level overview of the individuals’ alleged involvement in those alleged incidents, solely for the purposes of explaining why Heathrow now seeks their joinder as named defendants. Heathrow would seek to adduce further evidence of their involvement at trial, or in connection with any contempt application (as the case may be).

**24 July 2024**

- 17. The Named Defendants involved in the incident on 24 July 2024 are set out in the following table. Each individual was arrested in connection with that incident, their names and the following addresses are those that they provided to the Police upon their arrest:

<b>Def #</b>	<b>Name</b>	<b>Address</b>
2	Rory Wilson	
3	Adam Beard	
4	Sean O’Callaghan	
5	Sally Davidson	
6	Hannah Schafer	

7	Luke Elson	
8	Luke Watson	

18. Each of the above Named Defendants was arrested at the Airport at about 0900 on 24 July 2024, at one of two locations at the perimeter fence to the Airport (along the Northern Perimeter Road) [AM2/4-18], within the ‘purple outlined’ area covered by the Injunction (as shown in Plan A to the Injunction).
19. Heathrow has been informed by the Police that each person was arrested in possession of items which indicate an intention to breach the perimeter fence to the Airport and commit acts of disruption.
20. They have each been charged with conspiracy to interfere with key national infrastructure under s.7 of the Public Order Act 2003. Press reports indicate that each was remanded in custody, having appeared before Westminster Magistrates’ Court later that day [AM2/19-20].
21. It is, further, clear that each of these individuals was undertaking intentional ‘direct action’ in the name of JSO. A JSO press release on its website from 24 July 2024 refers to those arrested as “*Just Stop Oil supporters*”. The press release continues to refer to (and impliedly therefore draws a connection with) other environmental activists’ activities at other European Airports [AM2/21-22] :
 

*“This comes after German supporters of Last Generation blocked air traffic at Cologne Bonn Airport, causing international delays. Meanwhile, supporters of Folk Mot Fossilmakta (People against Fossil Power) cut through a chain-link fence and sat next to a runway stopping flights departing from Oslo Gardermoen airport.*

*Also this morning, supporters of Extinction Rebellion in Finland have blocked security gates at Helsinki Vantaa Airport. Meanwhile in Spain, five supporters of Futuro Vegetal accessed the taxiway at Barcelona airport, however were intercepted before taking action. In Switzerland, eleven supporters of Drop Fossil Subsidies blocked main roads around both Zurich and Geneva airports.”*
22. Heathrow is aware, from publications from the official Instagram account of JSO [AM2/23-24], that at a case management hearing in Isleworth Crown Court on 22 August 2024 that Hannah Schaffer, Sally Davidson and Sean O’Callaghan were granted bail and that Adam Beard, Rosa Hicks, Luke Elson, Luke Watson and Rory Wilson have been remanded in custody. From the information released

by JSO it appears that a plea hearing has been listed for 27 September 2024 and a trial date has been set for 20 January 2025, and is expected to last for 6 weeks.

23. For completeness, I record also that Heathrow is aware (from press reports, and information supplied by the Police) that three additional individuals (Rosa Hicks, Julia Mercer and Willaim Goldring) were arrested by the Police in connection with the same incident. They were, however, not within the ‘purple outlined’ area covered by the Injunction (as shown in Plan A to the Injunction). In the circumstances, Heathrow is not presently proposing that Ms Hicks, Ms Mercer or Mr Goldring be joined as Named Defendants.

### **27 July 2024**

24. I am informed by the Airport Operations Manager for the Airport on duty that day that at about 1043 on 27 July 2024 he received a report of a female demonstrator holding an “Oil Kills” sign within the Terminal 5 departures area [AM2/25-28]. It is again clear therefore that this action was in connection with an environmental campaign.
25. Police in attendance verified her identity as the proposed 9<sup>th</sup> Defendant, Monday Rosenfeld, and she gave an address of [REDACTED]. Those details have been provided to Heathrow by the Police.
26. Ms Rosenfeld was accompanied by two other individuals, who were recording her actions. Heathrow does not know their identities.
27. Ms Rosenfeld ceased her protest, and left the Airport (under Police supervision), when requested to do so by the said Airport Operations Manager and the Police officers in attendance.

### **30 July 2024**

28. At about 0830 on 30 July 2024, I have been informed by the Airport Operations Manager on duty at the time that the following two proposed Named Defendants entered the Terminal 5 departures hall at the Airport and each began spraying orange paint from fire-extinguishers over the ceiling, walls, floor and (significantly) the electronic departure board screens.

Def #	Name	Address
9	Phoebe Plummer	
10	Jane Touil	

29. I exhibit at [AM2/29-40] photographs showing the incident. It can be seen that Ms Plummer and Ms Touil were wearing JSO t-shirts, and the fire extinguishers had “Just Stop Oil” written on them. JSO has posted on its website a press release about this action [AM2/41-43]. It is therefore plain that their actions were in connection with that campaign.
  
30. Ms Plummer and Ms Touil were arrested for their actions, and the names and addresses recorded above were again those provided to the Police. They have been charged (as I understand it, with causing criminal damage), and have both been remanded into custody following an appearance at Westminster Magistrates Court. Heathrow is now aware that Ms Touil has been released on bail after appearing in Isleworth Crown Court on 14 August 2024 [AM2/44].
  
31. A Daily Mail article reporting the incident and those charges records that Ms Plummer has also been found guilty of causing criminal damage for the high-profile incident of throwing soup over a Van Gough painting in the National Gallery in October 2022 [AM2/45-53].

**1 August 2024**

32. The Named Defendants involved in the incident on 1 August 2024 were those individuals set out in the following table. Each was arrested in connection with that incident, and their names and the following addresses are those that they provided to the Police upon their arrest:

Def #	Name	Address
<i>Groups 1 &amp; 2</i>		
11	Barbara Lund	

12	Rhiannon Wood	
13	Diane Bligh	
14	Ruth Cook	
15	Malcolm Allister	
16	Susanne Brown	
17	Christina Jenkins	
18	Jack Williams	
19	Paul Raithby	
<i>Group 3</i>		
20	Melanie Griffith	
21	Virginia Barrett	
22	Pauline Hazel Smith	
23	Rosemary Robinson	
24	Irfan Mamun	
25	Callum Cronin	
26	Joe Magowan	

33. I am informed by the Airport Operations Manager on duty at the time that he was informed by the Police on the day that:

33.8. Three individuals had been arrested in the Airport at around 0700, in the vicinity of the Terminal 5 London Underground station, on suspicion of conspiracy to interfere with the use or operation of key national infrastructure under s.7 of the Public Order Act 2003. They were found to be in possession of orange t-shirts and banners.

- 33.9. A short time later (by approx. 0740) that a further six individuals had been detailed on the central platform at the Terminal 5 London Underground Station. The said manager understood that they too were in possession of orange t-shirts and banners.
34. Those nine individuals have since been identified (again by reference to information supplied to Heathrow by the Police) as the proposed 12<sup>th</sup> to 20<sup>th</sup> Defendants (i.e. “Groups 1 & 2” in the above table). I infer, given the association between the colour orange and the events explained in the next paragraph, that the orange t-shirts and banners were in connection with the JSO campaign.
35. I have also been informed by the Airport Operations Manager on duty at the time that he received reports from colleagues informing him that at around 0850 on the same morning a further group of six individuals were blocking the entrance to the security area in Terminal 5 departures. I exhibit photographs showing that activity at [AM2/54-56]. It can be seen from those photographs, that this direct action was overtly part of the JSO campaign. Again, JSO has posted a press-release about this action on its website [AM2/57-59].
36. Each of those individuals was arrested by the Police (with the area being cleared by about 0913), and their names and addresses as provided to Heathrow are set out in the above table.

### **Service & Current Whereabouts of the Defendants**

37. As set out above, addresses have been provided to Heathrow by the Police for each of the Defendants. Those are believed to be the usual or last known addresses of each of the Named Defendants for the purposes of service.
38. However, with the exception of Monday Rosenfeld (D9) (who was not arrested) and the following who have reportedly been released on bail; Sean O’Callaghan (D4), Sally Davidson (D5), Hannah Schafer (D6), Jane Touil (D11), Heathrow understands that all of the Named Defendants (i.e. the other 21 persons) are presently being held in prison on remand. It is recognised, therefore, that service at their usual and last known addresses is unlikely to be effective.

39. My firm is seeking to identify which prisons each of those Named Defendants is currently being held in (via the Government's 'find a prisoner' service) so that service can be effected on those Named Defendants via that channel. My colleague Robert Hodgson made a request for these details to the Find a Prisoner service on 21 August 2024. Heathrow intends, by the date of the hearing of this application, to file updated evidence on the results of those enquiries and therefore the extent to which it has been able to serve these proceedings. To the extent necessary and appropriate, Heathrow may seek orders for alternative service under CPR r.6.15 and 6.27 to validate the steps that it has by then been able to take as effective service.
40. In addition, and in the hope that it may help to draw the present application to the attention of the Named Defendants, Heathrow intends to send the application (and supporting materials) to JSO's publicised email addresses and post copies (with the Defendants' addresses redacted) on the website set up to advertise the Injunction. These steps are in accordance with the provisions for service of the original Injunction.

## CONCLUSION

41. For the reasons I outline above, Heathrow considers both that: (i) it is obliged (on the current state of the law) to seek the joinder of these Named Defendants; and (ii) that, in view of the clear evidence that there is (at the very least) a serious question that each of the Named Defendants has already committed acts in breach of the Injunction, it is appropriate that each of them be joined.
42. In circumstances where the procedure on injunctions of this sort is still being developed by the Courts, Heathrow further respectfully suggests that it is appropriate that it seeks the direction from the Court (to the extent the Court considers appropriate) as to the joinder of some or all of these Defendants (or any other potential defendants).
43. Further, in view of the: (i) complexities with service caused by many of the Named Defendants being held on remand in prison; and (ii) the potential for contempt applications in respect of the conduct outlined above, Heathrow seeks

directions to regularise service and future case management (including of any such contempt applications).

**Statement of Truth**

I believe that the facts stated in this Witness Statement and Exhibit are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

**SECOND WITNESS STATEMENT OF JONATHAN DANIEL COEN**

---

I, **JONATHAN DANIEL COEN**, of The Compass Centre, Nelson Road, Hounslow, Middlesex, TW6 2GW, **will say as follows:**

1. I am making this statement to provide factual evidence of the steps taken by the Claimant to notify the Defendants of the Claim Form, Application Notice, evidence in support, Note of the Hearing on 9 July 2024 and the injunction order (the "Documents") related to an injunction order granted by the Court on 9 July 2024 prohibiting "Persons Unknown" from trespassing on Heathrow Airport ("**Heathrow**")

in connection with the “Just Stop Oil” (“**JSO**”) campaign (or other environmental campaign) (the “**Order**”). This is my second witness statement in these proceedings.

2. I am currently employed as Customer Director by the Claimant. I took on this role on 1 August 2024. Prior to this and as set out in my first witness statement [**JDC2/3-16**], I was employed by the Claimant as the Director of Security at Heathrow. As Director of Security, I had overall responsibility for managing the implementation of the Order and delegated individual tasks to specialist areas within the Claimant’s organisation.
3. The facts and matters set out in this witness statement are within my own knowledge, unless otherwise stated, and I believe them to be true. Where I refer to information supplied by others, I identify the source of the information. Facts and matters derived from other sources are true to the best of my knowledge and belief.
4. I refer to a paginated bundle of documents, attached as Exhibit “**JDC2**”; where it is necessary to refer to a document, I shall refer to the document by its page number within Exhibit “**JDC2**”.
5. I am duly authorised to make this statement on behalf of the Claimant.
6. More generally, in preparing this witness statement, I have had sight of information from Bryan Cave Leighton Paisner LLP (“**BCLP**”) which confirms the actions they took to assist us in completing the steps required of the Claimant by the Order.

## **Background**

7. Paragraph 8 of the Order [**JDC2/17-28**] requires the Claimant to take steps to notify the Defendants of the Claim Form [**JDC2/29-33**], Application Notice [**JDC2/51-55**] and evidence in support [**JDC2/56-74**] and Note of the Hearing on 9 July 2024 [**JDC2/75-83**] in connection with the Order.
8. Paragraph 9 of the Order requires the Claimant to take steps to notify the Defendants of the Order itself.

## Service and notification

9. Pursuant to paragraph 8.1 of the Order, the Claimant was required to upload a copy of the Claim Form, Application Notice, evidence in support and a Note of the Hearing on 9 July 2024 to [www.heathrow.com/injunction](http://www.heathrow.com/injunction).
10. Pursuant to paragraph 9.1 of the Order, the Claimant was required to upload a copy of the Order to [www.heathrow.com/injunction](http://www.heathrow.com/injunction).
11. The Claimant took the above steps together at 10:24 on 11 July 2024, as evidenced by an email from Helen Stokes of the Claimant to Phil Spencer of BCLP at 10:31 on 11 July 2024 [JDC2/84-86]. In this email, Helen Stokes confirms that the URL and its contents went live at 10:24 on 11 July 2024. In her email from 10 July 2024 [JDC2/87-91], Helen Stokes confirms that the main injunction page <https://www.heathrow.com/company/local-community/injunction> (to which the short URL in the Order, [www.heathrow.com/injunction](http://www.heathrow.com/injunction), redirects) was published at 13:07 on 10 July 2024, but the shortened URL was live from 10:24 on 11 July 2024. The Bundle for Hearing (which contained the Claim Form, Application Notice and evidence in support), Note of Hearing and the Order were part of the published contents. This is confirmed by the PDF screenshot of the live contents of website which is attached to Helen Stokes' email. Helen Stokes was the Head of Legal, Regulation and Operations of the Claimant on 11 July 2024 and authorised to take these actions on the Claimant's behalf.
12. Pursuant to paragraph 8.2 of the Order, the Claimant was required to send an email to the email addresses listed in Schedule 3 to the Order, stating that a claim has been brought and an application made and that the documents can be found at [www.heathrow.com/injunction](http://www.heathrow.com/injunction).
13. Pursuant to paragraph 9.2 of the Order, the Claimant was required to send an email to the email addresses listed in Schedule 3 to the Order, notifying them of the Order.
14. The Claimant took the above steps at 10:57 on 11 July 2024 by way of an email from Phil Spencer of BCLP acting on behalf of the Claimants sent to 'juststopoil@protonmail.com', 'juststopoilpress@protonmail.com', and 'info@juststopoil.org' (each as set out in Schedule 3 to the Order) [JDC2/92]. In this

email, Phil Spencer informs the recipients that a claim (KB-2024-002210) has been brought, an application to the High Court has been made and that the documents relating to this claim (including the Claim Form, Application Notice, evidence in support and a Note of the Hearing on 9 July 2024) are available at: [www.heathrow.com/injunction](http://www.heathrow.com/injunction). Phil Spencer notified the recipients of the Order by attaching it to the email and drawing the recipients' attention to the attachment.

15. Pursuant to paragraph 8.3 of the Order, the Claimant was required to affix a notice at the locations marked with a red dot in the plan of Heathrow contained at Schedule 4 of the Order (the "**Plan**") setting out where the Claim Form, Application Notice, evidence in support and a Note of the Hearing on 9 July 2024 can be found and obtained in hard copy or include this information in the warning notices referred to at paragraph 9.4 of the Order.
16. Pursuant to paragraph 9.3 of the Order, the Claimant was required to affix a copy of the Order in A4 size in a clear plastic envelope at each location shown with a red dot in the Plan.
17. Pursuant to paragraph 9.4 of the Order, the Claimant must affix warning notices of A2 size, substantially in the form of the notice at Schedule 5 of the Order, at each location shown with a red dot in the Plan.
18. As Director of Security, I coordinated taking the above steps on behalf of the Claimant, delegating the notification steps to my security team. The steps were completed on 19:12 on 11 July 2024 as evidenced by an email from Helen Stokes to Akhil Markanday and Phil Spencer of BCLP at 15:15 on 12 July 2024 [**JDC2/93-95**]. The email attaches a picture of a warning notice, substantially in the form of the notice at Schedule 5 of the Order, to which a clear plastic envelope containing a copy of the Order has been stapled. The notice clearly states that the Order, Claim Form, Application Notice and evidence in support and a note of the hearing on 9 July 2024 can be viewed at <https://www.heathrow.com/company/local-community/injunction> or obtained from the Compass Centre, Heathrow Airport, Nelson Road, Hounslow TW6 2GW or from BCLP. The email also attaches a table with the 'approximate locations' at which the warning notices and the copies of the Order were affixed and the times at which they were affixed by members of my team. It is my understanding that each of these

'approximate locations' matches the approximate position of a red dot in the Plan. The picture Helen Stokes attached to her email is time stamped at 14:48 on 11 July 2024. Pursuant to the table, this time at which the warning notice and copy of the Order were affixed at "Longford Roundabout", which is the approximate location of the left-most, top-most red dot on the Plan. Helen Stokes' email to Phil Spencer at 16:42 on 11 July 2024 [JDC2/96] confirms that a hard copy folder of the relevant documents was placed at the reception of Compass Centre at 11:30 on 11 July 2024.

19. In addition to the steps required in the Order to bring the injunction to the notice of the Defendants, the Claimant has also voluntarily:
- (a) Placed printed copies of the original hearing bundle and the Order in Landside locations in each of the terminals available on request; and
  - (b) Affixed approximately 85 warning notices of the type referred to in paragraph 18 above at the pedestrian entrances to the train and bus stations at Heathrow and at the pedestrian entrances to each of the terminals.

### **Conclusion**

20. Given the above, I believe the terms of the Order have been complied with and service of the Order was perfected by completing the final required step, which was posting the final warning notice as set out in paragraph 18 above. Accordingly, the injunction came into full effect from 19:12 on 11 July 2024.

### **Statement of Truth**

I believe that the facts stated in this Witness Statement and Exhibit are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

**FIRST WITNESS STATEMENT OF ROBERT HODGSON**

---

I, **ROBERT HODGSON**, of Governor's House, 5 Laurence Pountney Hill, London EC4R 0BR, **will say as follows:**

1. I am an associate in the firm of Bryan Cave Leighton Paisner ("**BCLP**"). BCLP act for the Claimant ("**Heathrow**") in this matter. I am duly authorised to make this witness statement on behalf of the Claimant. This is my first witness statement in these proceedings.

2. Except where I state to the contrary (in which case I give the source of information upon which I rely) I am able to state the matters in this witness statement from my own knowledge.
3. Where facts and matters referred to in this statement are not within my own knowledge they are based on instructions, documents and information supplied to me in my capacity as solicitor for Heathrow and are true to the best of my knowledge and belief.
4. I refer to a paginated bundle of documents, attached as Exhibit “RH1”. Where it is necessary to refer to a document, I shall refer to the document by its page number within Exhibit “RH1”.

### **Background**

5. On 7 July 2024, the Claimant commenced proceedings by way of Claim Form and Particulars of Claim against Persons Unknown who (in connection with Just Stop Oil or other Environmental Campaign) enter, occupy or remain (without the Claimant’s consent) upon ‘London Heathrow Airport’ as is shown edged purple on the attached Plan A to the Particulars of Claim.
6. On 9 July 2024, the High Court granted Heathrow an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow (the “**Injunction Order**”).
7. As detailed in the Second Witness Statement of Akhil Markanday dated 16 September 2024 (“**Markanday 2**”), there have been several actual or attempted incidents of ‘direct action’ by individuals at London Heathrow Airport since the Injunction Order was granted in breach of the Injunction Order.
8. Following these incidents, the Claimant has made an application dated 16 September 2024 seeking an order to join 26 defendants as named defendants (the “**Named Defendants**”) to these proceedings, as also set out in Markanday 2 (the “**Claimant’s Joinder Application**”). As a result of their actions at those incidents

and/or other direct action incidents unconnected with Heathrow, several of those Named Defendants were arrested by police and have been charged and held on remand, or are now in prison for unrelated offences. That has led to additional service challenges for the Claimants' Joinder Application, which I return to below.

9. A hearing has now been listed for 2 hours on 11 December 2024 before a High Court Judge, to determine the Claimant's Joinder Application.
10. I make this witness statement to update the Court on the matters that have occurred since the Claimant issued the Claimant's Joinder Application, in particular on the following:
  - 10.1. the steps taken by the Claimant to notify the Named Defendants of the hearing on 11 December 2024 and to serve the Named Defendants with the relevant documents;
  - 10.2. to update the Court on any responses that have been received;
  - 10.3. to update the Court on Heathrow's intention to bring committal proceedings against a number of the Named Defendants; and
  - 10.4. to inform the Court of the steps the Claimant intends to take from the filing and serving of this statement to the hearing on 11 December 2024.

### **Service**

11. Following the Notice of Listing, received on 1 November 2024, Heathrow has taken steps to:
  - 11.5. ascertain the location of the Named Defendants through contacting the Government's 'Find a Prisoner Service' in circumstances where, as set out above, the Claimant was aware that several were in prison;
  - 11.6. serve the Claimant's Joinder Application (with all supporting documents) and provide notice of the hearing to each of the Named Defendants, as set out below; and
  - 11.7. respond to any responses received by the Named Defendants.

### *Find a Prisoner Service*

12. The issues facing Heathrow in regards to serving these proceedings are detailed at paragraph 37-40 of Markanday 2.
13. As explained there, addresses have been provided to Heathrow by the Police for each of the Named Defendants. Those are believed to be the usual or last known addresses of each of the Named Defendants for the purposes of service.
14. However, as per paragraph 38 of Markanday 2, the Claimant is aware that a number of the Named Defendants were arrested following the various incidents and held on remand. At least one (Phoebe Plummer) is now serving a term of imprisonment for a separate offence (for her role the well-publicised incident where soup was thrown at a Van Gough painting in the National Gallery).
15. The Claimant has therefore taken steps to ascertain the location of the Named Defendants so that any individual who is currently in prison can also be served in prison with the relevant documents and be notified of the hearing (as well as being served separately at their usual or last known address as provided by the Police).
16. I first wrote to government's Prisoner Location Service on 21 August 2024 setting out the names of the Named Defendants and requesting confirmation as to whether any of the Named Defendants were being held in prison and if so, the details of the prison **[RH1: pages 2 - 4]**. Copies of my correspondence with the Find a Prisoner service are set out in **[RH1: pages 2 - 13]**.
17. We received a response on 20 September 2024 stating that the exemption provided is not sufficient and that consent must be sought from the Named Defendants to release the requested information. I responded on 23 September 2024 explaining that the requested information can be disclosed pursuant to Schedule 2, Part 5, Paragraph 3a of The Data Protection Act 2018.
18. On 21 October 2024 we received a response from the Find a Prisoner Service confirming whether each of the Named Defendants were being held in prison or

whether they were not a match on their system (and so not in prison). The search confirmed that the following 4 individuals were in prison as at 21 October 2024:

- (i) Rory Wilson ;
- (ii) Adam Beard;
- (iii) Luke Elson;
- (iv) Luke Watson;

19. Following subsequent correspondence with the Find a Prisoner Service on 24 October 2024 in relation to a misspelling of Phoebe Plummer, the search for Phoebe Plummer was re-run and on 30 October 2024 an updated list was provided to us confirming that Phoebe Plummer was also in prison as at 30 October 2024.
20. The Find a Prisoner service therefore confirmed that as at 30 October 2024, that the following 5 individuals were being held in prison **[RH1: pages 6 - 8]**:

- (i) Rory Wilson ;
- (ii) Adam Beard;
- (iii) Luke Elson;
- (iv) Luke Watson;
- (v) Phoebe Plummer

### *Service of Documents*

21. Following the receipt of the Notice of Listing, received on 1 November 2024, I prepared and issued letters to each of the Named Defendants on 5 November 2024. A copy of each of these letters is appended at **[RH1: pages 14-106]**. The various methods of service of these letters and enclosed documents is set out below.
22. Each letter enclosed the following documents:
- (i) Sealed Claim Form in relation to the Injunction Order
  - (ii) Particulars of Claim in relation to the Injunction Order

- (iii) Injunction Order
- (iv) Sealed Application Notice in relation to the Claimant's Joinder Application
- (v) Draft Joinder Order in relation to the Claimant's Joinder Application
- (vi) Second Witness Statement of Akhil Markanday
- (vii) Exhibit AM2
- (viii) Notice of Listing in relation to the hearing on 11 December 2024
- (ix) Draft Amended Particulars of Claim

23. Each letter also sought to explain the background of the proceedings, the nature of the upcoming hearing (including how to confirm the exact time of the hearing) and a recommendation that each of the Named Defendants seek independent legal advice and notifying them of the right against self-incrimination which may become material in any response to the Claimant's Joinder Application in light of the potential Contempt of Court proceedings.
24. Each letter also explained that that the Claimant will be seeking the Court's permission to amend the Particulars of Claim at the upcoming hearing to include each of the Named Defendants and offered to provide a copy of the hearing bundle on request.

#### *Methods of Service*

25. In order to bring the documents set out at paragraph 22 above to the attention of the Named Defendants, the following has been undertaken:
- 25.1. A copy of each letter as appended at **[RH1: pages 14-91]** enclosing the documents listed at paragraph 22 above was sent to each of the Named Defendants by first class post to each of the Named Defendant's usual or last known address (as provided to Heathrow by the Police).
- 25.2. For the 5 individuals in prison (Rory Wilson, Adam Beard, Luke Elson, Luke Watson and Phoebe Plummer) a copy of the letter and the documents listed at paragraph 22 above was also sent to the relevant prison addressed to each individual in question as appended at **[RH1: pages 92-106]**.

25.3. Each of the documents listed at paragraph 22 above was uploaded to the Heathrow website (www.heathrow.com/injunction) on 7 November 2024 (to the extent the documents were not already on the website).

25.4. My colleague Phil Spencer of BCLP emailed the Just Stop Oil email addresses (info@juststopoil.org (the email address on the JSO website for general enquiries), and juststopoil@protonmail.com and juststopoilpress@protonmail.com) on 7 November 2024 (with me in copy) appending a copy of the Notice of Listing and providing a link to Heathrow's website and explaining that the documents could be accessed via the link contained in his email. A copy of this email is appended at **[RH1: page 107]**.

25.5. To note is that the documents provided pursuant to paragraphs 25.3 and 25.4 above were redacted to remove the addresses of the Named Defendants.

### **Responses to letter**

26. I am only aware of one response to the letters and documents that have been provided to the Named Defendants.

27. I received an email from Sally Davidson (one of the Named Defendants) on 10 November 2024 asking for a copy of the documents listed at paragraph 21 above in 'digital form'. Sally's email is appended at **[RH1: page 109]**.

28. As I was on holiday at the time, my colleague Phil Spencer responded to Sally on 11 November 2024 (again with me in copy). Phil referred Sally in his response email to the Heathrow website where all the documents could be accessed in digital form. Phil Spencer's email is appended at **[RH1: page 110]**.

### **Committal Applications**

29. To update the court in respect of the potential contempt applications as previously referred to at paragraph 11 of Markanday 2, upon review of all the circumstances, including the evidence and the disruption caused to Heathrow and the existence and likely outcome of parallel criminal proceedings (in respect of which review

and considerations no privilege whatsoever is waived) Heathrow is minded to bring committal proceedings against the following Named Defendants:

29.6. In respect of the incident on 30 July 2024 against:

- (i) Phoebe Plummer; and
- (ii) Jane Touil

29.7. In respect of the incident on 1 August 2024 against:

- (iii) Melanie Griffith
- (iv) Virginia Barrett
- (v) Pauline Hazel Smith
- (vi) Rosemary Robinson
- (vii) Irfan Mamun
- (viii) Callum Cronin

30. These committal applications are in the process of being drafted.

**Further steps to be taken prior to the 11 December 2024 hearing**

31. This witness statement, as well as the Second Witness Statement of Jonathan Coen dated 29 November 2024, will be filed, and then served by the same methods as set out at paragraph 25 above.

32. Both witness statements will then be added to the hearing bundle.

33. The hearing bundle, skeleton argument and authorities' bundle will all be uploaded to the Heathrow website.

34. I then intend to email the Just Stop Oil email addresses (info@juststopoil.org (the email address on the JSO website for general enquiries), and juststopoil@protonmail.com and juststopoilpress@protonmail.com) notifying them that we have uploaded the hearing bundle, skeleton argument and authorities' bundle.

35. I then intend to prepare a short further witness statement confirming that the steps above have been undertaken, to be filed shortly before the hearing.
36. To note again is that the hearing bundle uploaded to the Heathrow website and provided to the Just Stop Oil email addresses will contain redacted copies of the documents to remove the addressed of the Named Defendants. The hardcopy bundle provided to the Court will contain unredacted copies.

**Statement of Truth**

I believe that the facts stated in this Witness Statement and Exhibit are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

Protestors want to halt flights by glueing themselves to runways, storming terminals and climbing onto jets to cause crippling delays.

An undercover reporter for the Mirror saw the group welcome serial protestor Phoebe Plummer back with a roar - before she announced "disruption on a scale that has never been seen before".

Of the plot, Plummer added: "The most exciting part of this plan is that [it's] going to be part of an international effort.

"Flights operate on such a tight schedule to control air traffic that with action being caused in cities all around the world we're talking about radical, unignorable disruption."

The new plans come after three JSO protestors were sentenced for disrupting Wimbledon last year.

Deborah Wilde, 69, Simon Milner-Edwards, 67, and William Ward, 66, were found guilty at City of London Magistrates' Court after they threw confetti and puzzle pieces on the court.

Wilde and Milner-Edwards managed to scale a barrier to access Court 18 at the Championships at Wimbledon in July last year, the court heard.

Ball boys, ball girls, and officials scrambled to clear pieces off the court, which disrupted the match between Bulgaria's Grigor Dimitrov and Japan's Sho Shimabukuro.

Around an hour later Ward entered the same court in a match between Britain's Katie Boulter and Australian Daria Saville and threw red and gold confetti across the lawn.

The trio denied their actions had amounted to aggravated trespass.

The arrests were made in London, Gloucestershire, Oxfordshire, Devon, Essex, Manchester, Surrey, Sussex, Norfolk and West Yorkshire.

"Among those held were several high-profile members of **Just Stop Oil** who we believe to be key organisers," the force said.

Four people were arrested on Tuesday after being identified at **Gatwick** Airport and have since been released on bail.

On Thursday, six more people were arrested at an east London community centre "as part of a publicly-advertised event promoting airport disruption".

**Met** officers worked with eight other police forces on Friday to arrest 17 further suspects at their homes across the country.

All the individuals were arrested under a section of the Public Order Act.

The act makes it illegal to conspire to disrupt national infrastructure.

Chief Supt Ian Howells, who led the operation, said: "We know Just Stop Oil are planning to disrupt airports across the country this summer, which is why we have taken swift and robust action now.

"Our stance is very clear that anyone who compromises the safety and security of airports in London can expect a strong response from officers or security staff.

"Airports are complex operating environments which is why we are working closely with them, agencies and other partners on this operation."

Those who have been released on bail are subject to conditions.

Those conditions include not to travel within 1km of any UK airport unless passing through by vehicle or public transport.

Twenty-seven Just Stop Oil supporters have been arrested on suspicion of planning to disrupt airports this summer, the Metropolitan police have said.

Arrests were made in London, Gloucestershire, Oxfordshire, Devon, Essex, Manchester, Surrey, Sussex, Norfolk and West Yorkshire, the force said.

The supporters were arrested under a section of the Public Order Act that makes it illegal to conspire to disrupt national infrastructure. “Among those held were several high-profile members of Just Stop Oil who we believe to be key organisers,” police said.

On Tuesday, Scotland Yard said four people were arrested after being identified at Gatwick airport and released on bail. A further six people were arrested at an east London community centre “as part of a publicly advertised event promoting airport disruption”.

Met officers then worked with more than eight police forces across the country to arrest suspects at their homes across the country, arresting another 17 people on Friday.

In a statement, Just Stop Oil said: “Supporters are deeply committed to protecting their families and communities from the tyranny of fossil fuels. If our government refuses to do what is right to protect humanity, then people will step up to do what needs to be done. We refuse to die for fossil fuels and we refuse to stand by while millions are murdered.

“We demand that our government stops the extraction and burning of oil, gas and coal by 2030 and that they support and finance other countries to make a fast, fair and just transition.”

## **We refuse to die for fossil fuels – Just Stop Oil response to police raids resulting in at least 27 arrests.**

Press / June 28, 2024

Over the last 12 hours the British state has acted unlawfully in detaining a total of at least 27 ordinary people sharing food at a community event and at their homes. Their only crime? They are Just Stop Oil supporters.

Being a Just Stop Oil supporter is now enough to make you a suspect. Believing that no government has the right to tyrannise the entire world by

encouraging the extraction and burning of fossil fuels, marks you out as a dangerous radical.

But we will not be intimidated. The painful truth right now is that our politicians and corporations have no intention of acting in accordance with the fundamental interests of either our young people or the country as a whole. Not content with cheering on war crimes in Gaza, our politicians have sat by and allowed the last government to licence yet more oil, making them complicit in the greatest crime in human history.

Continuing to extract and burn oil, gas and coal is an act of war against humanity that will result in unimaginable suffering and destroy the lives and livelihoods of billions of people. No one has ever voted for this, there has never been a democratic mandate to destroy the habitable world.

Just Stop Oil supporters are deeply committed to protecting their families and communities from the tyranny of fossil fuels. If our government refuses to do what is right to protect humanity, then people will step up to do what needs to be done. We refuse to die for fossil fuels and we refuse to stand by while millions are murdered.

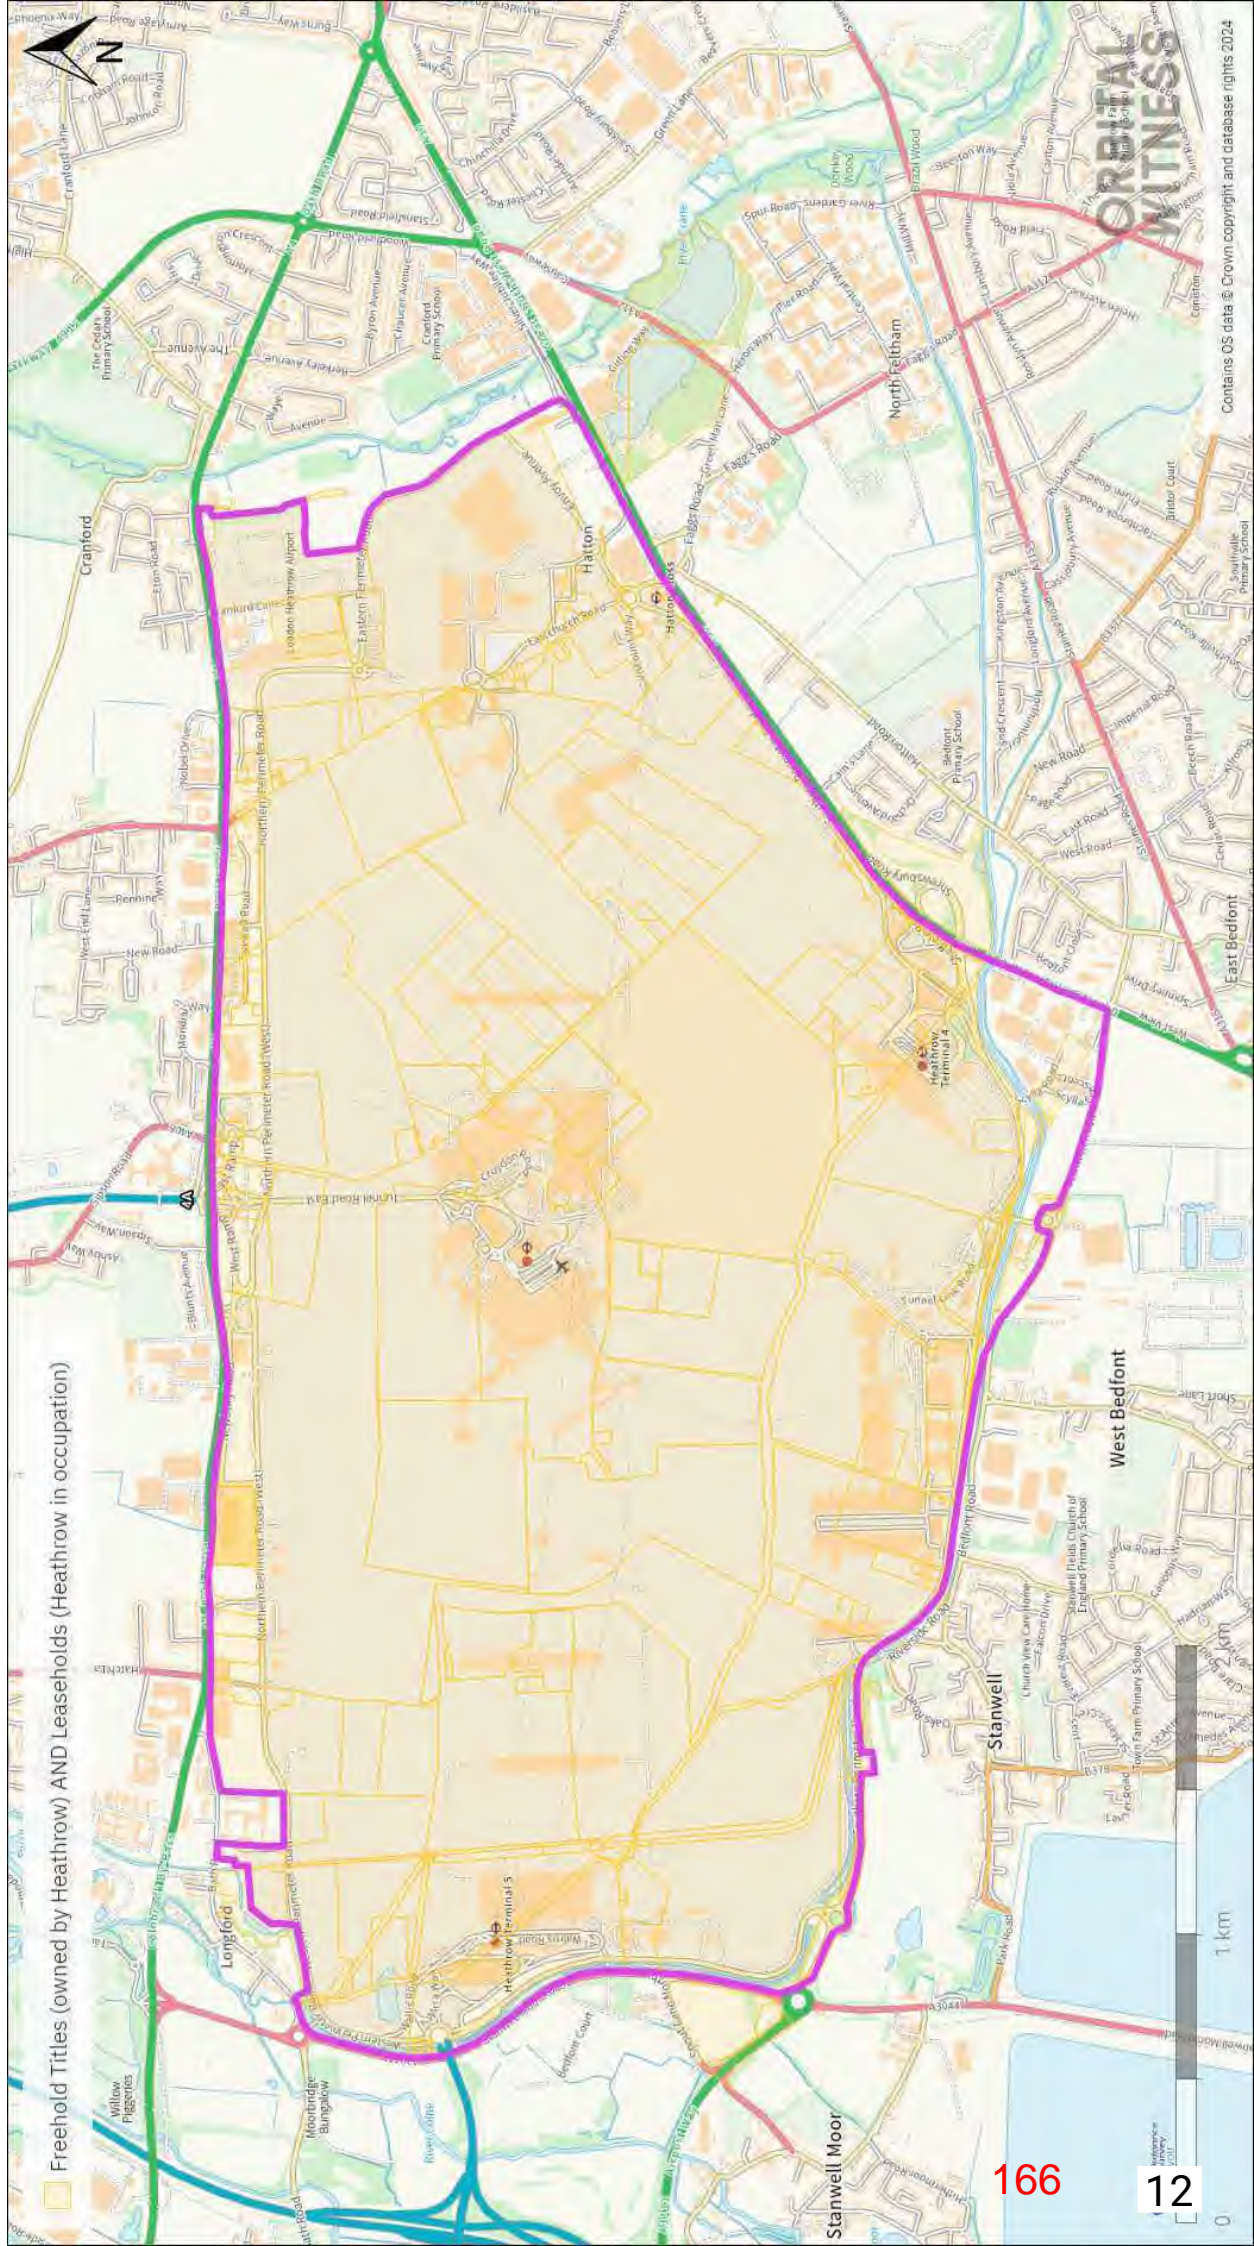

That's why we are joining an international uprising taking nonviolent collective action to defend humanity. Sign up to take action at [juststopoil.org](https://juststopoil.org).

We demand that our government stops the extraction and burning of oil, gas and coal by 2030 and that they support and finance other countries to make a fast, fair and just transition. They must sign the Fossil Fuel Treaty to end the war on humanity before we lose everything.

Taking Action

**THE PLAN.**

## TRUTH

We are being lied to. We need to face up to the scale of the crisis that we are facing. Everything we know and love is threatened by the breakdown of our climate. Our economy, our homes our way of life. You, me, scientists, press, politicians, educators... everyone needs to face up to the reality of what is being done to us.

## COMMUNITY

Every one of us feels alone in this. But when we come together, then we can start to grapple with the challenge of our lifetimes. When we come together we are powerful, and we can create meaningful change and make history. We come to talks and events, we cook and eat together, we train in nonviolent action and when we are ready we join our local group and take action.

## ACTION

This is how civil resistance works: applying nonviolent pressure until we force change to happen. It's how the Freedom Riders forced an end to segregated buses in 1961. It's how disabled people won accessible transport in the nineties. It's how we'll win and force this criminal government to act on the unfolding climate disaster by stopping new oil and gas. No-one's going to save us, we need to come together to do that for ourselves.

Eco-zealots are plotting to ruin family holidays this summer by wreaking havoc at airports across the country.

An undercover investigation by The Mail on Sunday can reveal mobs of **Just Stop Oil** activists plan to storm terminal buildings to hold sit-ins, glue themselves to runways and even climb on to jets to paralyse the travel industry.

**Tory** MPs last night accused the group of harming their cause by 'targeting happiness with misery' and warned their cavalier plans could risk lives.

Blueprints for the summer of chaos – which aims to bring flights to a standstill day after day and destroy the holidays of 'ordinary people' – were unveiled at a strategy meeting of 100 hardcore campaigners in **Birmingham** last week.

At the meeting, which was attended by an undercover reporter, JSO co-founder Indigo Rumbelow was greeted by cheers as she told the audience: 'We are going to continue to resist. We're going to ratchet it up.'

'We're going to take our non-violent, peaceful demonstrations to the centre of the carbon economy. We're going to be gathering at airports across the UK.'

Ms Rumbelow, the 29-year-old daughter of a property developer, has previously been arrested for conspiracy to cause public nuisance during the King's Coronation and made headlines last year when **Sky News** host Mark Austin had to beg her to 'please stop shouting' during an interview.

Outlining a blueprint for causing travel chaos, she advocated:

- Cutting through fences and gluing themselves to runway tarmac;
- Cycling in circles on runways;
- Climbing on to planes to prevent them from taking off;
- Staging sit-ins at terminals 'day after day' to stop passengers getting inside airports.

Miss Rumbelow told the crowd: 'We're going to be saying to the Government: 'If you're not going to stop the oil, we're going to be doing it for you.'

She cited similar protests to use as inspiration for their action, including Hong Kong students 'gathering in sit-ins in the entrances to airports, closing and disrupting them, day after day' during their protests against Chinese rule in 2019.

### **At the meeting she hailed German eco-activists who 'went on to runways, gluing their hands to the ground'**

She said a blind friend of hers was jailed after he 'stood on top of a plane, disrupting tens of flights', and also hailed German eco-activists who 'went on to runways, gluing their hands to the ground'.

'So, close your eyes for a moment, be imaginative, and think about what we could do together,' Ms Rumbelow said. 'We can make this happen at scale this summer.'

Previous protests by the group have included halting traffic on busy roads, targeting an Ashes Test match at Lords and vandalising paintings at the National Gallery.

Ms Rumbelow said: 'We've all in this room disrupted ordinary people in the roads... disrupted ordinary people seeing cultural events, theatre, art shows, football games.'

'The plan... could involve disrupting people on their holidays as well as business flights. It's not comfortable to disrupt ordinary people, but it's completely necessary because without that disruption we don't get anywhere.'

She concluded: 'Hope to see you in the summer on the runway.'

## **Who will pay if my flight is cancelled?**

Airlines have to compensate passengers if a flight is cancelled or delayed by more than three hours – but only if they are responsible.

And unfortunately, in the case of activists targeting an airport, they would unlikely to be considered at fault, says consumer champion Martyn James. In some cases the airline will still be required to get passengers to their destination – though this will depend on what the activists do.

If Just Stop Oil force cancellations by gluing themselves to runways or scaling planes, then under the law airlines are obliged to get travellers on the next available flight.

The Mail on Sunday recently exposed the activists' sinister plan to target MPs outside their homes. Last year, the MoS thwarted the plot by Animal Rebellion extremists to halt the Grand National at Aintree by storming the racetrack.

The latest plot is part of an overhaul of the structure of Just Stop Oil (JSO), with the formation of a new organisation called 'Umbrella' under which JSO will be one of four wings. It will also include a youth wing called Youth Demand, a political wing – Assemble – and one for socio-economic issues called Robin Hood.

Speaking about Youth Demand, JSO member Sam revealed: 'We're going to bring the fight to the politicians and the political parties.'

'High-profile actions are going to be happening in March against politicians... and in April we've got this four-day action phase. I'm not going to say the details because we want them to be nice and unprepared waiting for us.'

Private jets and newspapers could be targets under the Robin Hood actions.

One activist, Mel, said: 'Ideas are maybe mass actions at financial institutions, maybe hitting places where billionaires go [such as] private airports and other eye-catching locations... yacht showrooms, is that a thing?'

'The final idea is something around the failings of the billionaire-owned press. We should be blocking the printworks or marching on News International... I'm sure you've got some ideas.'

JSO's political 'pillar', Assemble, is looking at standing independent MPs at key constituencies that Labour needs to win in the General Election, and forming a 'House of the People' to be sworn in on the same day as the House of Commons.

Last night, Tory MP Gareth Johnson accused the group of 'targeting happiness with misery'.

If, however, campaigners block terminals and stop passengers being able to board planes and the flight simply leaves without them, airlines are not responsible.

The other alternative is to claim for the lost holiday on insurance but this will be more complex because of the variety of policies.

Many policies won't cover you for not getting to the airport on time – which could be an issue if activists block entrances or roads leading to them.

But Mr James said it would be 'outrageous' if they did refuse to pay out in such a scenario.

'Insurance policies are here to cover you for situations like this,' he said.

'If they refuse, take it to a financial ombudsman.'

**Just Stop Oil co-founder Indigo Rumbelow at protests last year**

---

**Previous protests by the Just Stop Oil have included halting traffic on busy roads, targeting an Ashes Test match at Lords and vandalising paintings at the National Gallery**

---

'They are creating misery for people trying to go about their daily life and get a well-earned break with their family and children.

'All it will do will make people angry with them and their cause. Everyone wants a clean environment but this is not the way. Running on to runways and climbing on the planes also sounds extremely dangerous and could risk lives.'

A JSO spokesman said: 'This summer, we will take action at airports to create enormous disruption and do what the rich and powerful won't: face the climate emergency and end fossil fuels.'

A spokesman for the Airport Operators Association, the trade body for UK airports, said: 'Aviation is working hard to decarbonise its activities... Instead of engaging in damaging and disruptive stunts like this, we'd call on environmental groups to work with the industry.'

[Just Stop Oil \(/latest/just-stop-oil\)](#) protesters have been called "selfish" as they unveil new plans for holidays for Brits as they storm airports this summer.

According to [The Mail on Sunday \(https://www.dailymail.co.uk/news/article-13332965/just-stop-oil-summer-airport-disruption-plans.html\)](https://www.dailymail.co.uk/news/article-13332965/just-stop-oil-summer-airport-disruption-plans.html), protesters want to put airports to a standstill as they demand change from the Government, which has condemned their actions.

---

The group regularly causes havoc for motorists, glueing themselves to roads and halting traffic for hours. Earlier this year, the group protested outside [Farnborough Airport \(/latest/airports\)](#) as they targeted billionaires using private jets.

Now, their summer plot has been revealed as MPs call the group "selfish" and "dangerous". Home Secretary [James Cleverly \(https://www.express.co.uk/latest/james-cleverly\)](https://www.express.co.uk/latest/james-cleverly) called it "unacceptable guerrilla tactics" and vowed they "must be stopped".

Phoebe Plummer - one of the activists who has become a poster girl for the group - told a JSO meeting about the "radical, unignorable disruption" that could cause chaos to flights around the world.

---

According to The Mail on Sunday, the group will glue themselves to runways, hold terminal sit-ins and climb on to jets.

At the meeting, which was attended by an undercover reporter, JSO co-founder Indigo Rumbelow greeted by cheers as she told the audience: "We are going to continue to resist. We're going to resist it up."

Suggesting how to proceed with the plan, she said the group could cut through fences, glue themselves to runway tarmac, cycle in circles on runways, climb on to planes to prevent them from taking off stage sit-ins at terminals "day after day" to stop passengers from getting inside airports.

Yesterday, Clive Wratten, of the Business Travel Association, urged JSO to reconsider the chaos said they should join airlines and their supply industry "in bringing forward sustainable fuels and practices".

He said it will "alienate the people who can bring the change Just Stop Oil wants".

Tory MP for Dartford Gary Johnson called the plans dangerous and selfish. He said: "Most people want to see the environment protected but militant, highly disruptive protests just anger those who are just trying to enjoy a family holiday."

Phoebe, 22, hit headlines after it was revealed she grew up in a £4million Chelsea mansion and a £45,000 private school in Ascot.

But she's already been arrested for a number of incidents, with her most recent being for throwin Heinz soup at Vincent van Gogh's painting Sunflowers.

## EXCLUSIVE: Just Stop Oil protesters to chill on yoga trip as they plan summer airport chaos

Just Stop Oil protesters are going on a yoga retreat to help get them in the right state of mind for their "biggest action yet" where they are expected to disrupt airports this summer

**Just Stop Oil** protesters will relax on a **yoga** retreat before disrupting airports this summer.

The eco campaigners plan to take a break in order to mentally prepare for their “biggest action yet”. It comes after we revealed a plot to halt flights both in the UK and Europe from mid-July.

Our reporter recently attended a meeting where 50 campaigners gathered. One said: “It’s time for us to prepare ahead of this summer. There will be yoga, meditation and time to chill out together and support each other... it’s for people who are very involved in JSO.

“Some of us will car share and I should think others will get there by train. The coming months will be a lot, and it’s important for people who’ve made the commitment to take some time out.” The group is currently crowdfunding, but it is not known if this will cover the bill for their weekend away.

Activists plan to glue themselves to runways and clamber on to planes in tourist hotspots like Spain, **Greece** and Turkey. **Just Stop Oil**'s Phoebe Plummer was applauded as she discussed the "summer strategy" at the event in Central London this week.

The 22-year-old told the meeting: "Flights operate on such a tight schedule to control air traffic... we're talking about disruption on a scale that has never been seen before. It's time to wake up and get real – no summer holiday is more important than food security, housing and the lives of your loved ones. Flying is also a symbol of wealth inequality and if we want to create change, we need to adopt a more radical demand."

Just Stop Oil said: "We have had runaway record temperatures the last 10 months. Meanwhile, the High Court has declared the Government's climate policy unlawful for the second time. Politics is failing and it's time we step into action to do something about it."

Hundreds of flights could be delayed by hours or even cancelled as part of the plot by 50 activists, according to the Mirror.

Just Stop Oil's Phoebe Plummer reportedly warned of “disruption on a scale that has never been seen before” at a meeting attended by an undercover journalist. The group has been critical of the airline industry over its carbon footprint.

She said: “The most exciting part of this plan is that [it's] going to be part of an international effort. Flights operate on such a tight schedule to control air traffic that with action being caused in cities all around the world we're talking about radical, unignorable disruption.”

She added: “It's time to wake up and get real – no

security, housing and the lives of your loved ones. Flying is also a symbol of the gross wealth inequality that's plaguing our society and if we want to create change we need to adopt a more radical demand.”

Just Stop Oil is planning an alliance with Europe-based A22 Network to cause disruption at major international airports.

Clive Wratten, of the Business Travel Association, said: “These planned protests are a blunt instrument that

businesses to create meaningful solutions to our climate crisis.

“They should join airlines and their supply industry in bringing forward sustainable fuels and best practices, and we urge protesters to reconsider chaos bringing progress to a standstill.”

---

Home Secretary James Cleverly said: “Selfish, disruptive protesters who wreak havoc in people’s everyday lives must be stopped. We have given the police more powers to tackle criminals posing as protesters and are backing officers with the tools they need to prevent serious disruption and disorder. More than 600 protesters were arrested during Just Stop Oil’s latest campaign.”

Conservative MP Gary Johnson told the Mirror: “The actions of Just Stop Oil are counterproductive and put people off their cause. Most people want to see the environment protected but militant, highly disruptive protests just anger those who are often just trying to enjoy a family holiday.”

However a Just Stop Oil spokesman said UK government policy on climate change meant the group's actions were justified.

They said: “In normal circumstances, the sort of activities you've outlined would be unacceptable. However, what is more unacceptable is the last 10 straight months of record-breaking temperatures, governments continue to allow more oil and gas drilling. The situation is an emergency and we have to start acting like it.”

More than half of British people plan to travel abroad this summer and three in five have already booked, according to Post Office Travel Money.

Just Stop Oil was founded in 2022 to try to cease the issuing of all new oil, gas and coal licences in the UK.

It has staged dozens of high profile protests, many involving disrupting London traffic.

It has also targeted an Ashes Test match at Lords and members ran on stage during a performance of Les Miserables in the West End.

 JUST STOP OIL PAINT PRIVATE JETS HOURS AFTER TAYLOR SWIFT'S LANDS

 Jennifer and Cole cut the fence into the private airfield at Stansted where [@taylorswift13](#)'s jet is parked, demanding an emergency treaty to end fossil fuels by 2030.

## **I've got a fossil fuel non-proliferation treaty baby, and I'll write your name: Just Stop Oil paint private jets hours after Taylor Swift's lands**

Press / June 20, 2024

Two Just Stop Oil supporters have painted multiple private jets on the airfield where Taylor Swift's jet landed mere hours before. They are demanding that the incoming UK government commit to working with

other governments to agree an equitable plan to end the extraction and burning of oil, gas and coal by 2030. [1]

At around 5:00 am Jennifer Kowalski and Cole Macdonald entered the private airfield at Stansted airport where Swift's jet is currently stationed. The pair painted two private jets using fire extinguishers filled with orange paint.

Cole Macdonald, 22, from Brighton, said

*"We're living in two worlds: one where billionaires live in luxury, able to fly in private jets away from the other, where unlivable conditions are being imposed on countless millions. Meanwhile, this system that is allowing extreme wealth to be accrued by a few, to the detriment of everyone else, is destroying the conditions necessary to support human life in a rapidly accelerating never-ending 'cruel summer'. Billionaires are not untouchable, climate breakdown will affect every single one of us."*

Jennifer Kowalski, 28, who is a former sustainability manager from Dumbarton, said:

*"Over the years, I've had to realise that even working in sustainability provides me with essentially no ability to make the necessary changes to*

*prevent the complete collapse of our natural systems. I have to take desperate measures to make my voice heard."*

*"In 2024 we all have to be considering what we can do each day to change the course our society is on. We need an emergency treaty to stop the extraction and burning of oil, gas and coal by 2030."*

It is estimated that 80% of the world's population has never taken a flight. Just 1% of people cause 50% of global aviation emissions. Private jet users are responsible for up to 14x as much carbon emissions compared with a commercial flight. A single flight in a private jet can easily emit as much carbon dioxide as the average annual carbon footprint for an EU citizen – 8.2 tonnes. [2] [3] [4]

The Fossil Fuel Non-Proliferation Treaty is a initiative for world governments to agree an emergency rescue plan that rapidly and fairly phases out deadly emissions. Wealthy developed countries with historically high carbon emissions will be the priority, ending oil and gas usage by 2030. Developing countries will follow in a logical and just transition. [5]

A Just Stop Oil spokesperson said:

*“Whilst governments are allowing oil corporations to run amok destroying our communities, the actions of individuals mean very little. That’s why Just Stop Oil is demanding that our next government sign up to a legally binding treaty to phase out fossil fuels by 2030.*

*Failure to defend the people they represent will mean Just Stop Oil supporters, along with citizens from Austria, Canada, Norway, the Netherlands and Switzerland will join in resistance this summer, if their own Governments do not take meaningful action.”*

Until world leaders act to protect us, Just Stop Oil supporters, working with other groups internationally, will take the proportional action necessary to generate much needed political pressure. This summer, areas of key importance to the fossil fuel economy will be declared sites of civil resistance around the world. Sign up to take action at [juststopoil.org](https://juststopoil.org).

## **Climate activists blockade Farnborough private jet airport's three main gates**

**Extinction Rebellion climate activists are blocking access to Farnborough Airport this morning (Sunday 2 June) to protest against the increasing use of highly polluting private jets by the super-rich and to call on the government to ban private jets, tax frequent flyers and make polluters pay.**

Today's blockade is part of a global week of action against private aviation under the banner Make Them Pay with actions in Denmark, Germany, Mexico, Norway, Sweden, Switzerland and the US, and follows Europe's largest private jet convention EBACE in Geneva this week.

In Farnborough, protesters have barricaded the airport's Gulfstream Gate with the iconic XR pink boat with "LOVE IN ACTION" painted on the side, Ively Gate has four protesters locked on to oil drums, and the airport's departure gate has an activist mounted on a tripod blockading the entrance. Police have seized a second tripod.

A fourth group of protesters are playing cat and mouse with the airport authorities, moving between the airport's other gates to block them. At all three main gates, protesters are releasing colourful smoke flares, chanting slogans and engaging with members of the public, accompanied by the XR Rebel Rhythms band of drummers.

The activists are supported at all three main entrances to the

airport by scores of demonstrators holding banners reading “FLYING TO EXTINCTION”, “PRIVATE FLIGHTS = PUBLIC DEATHS”, “STOP PRIVATE FLIGHTS”, “PRIVATE FLIGHTS COST THE EARTH” and “TAX FREQUENT FLYERS”.

Climate activists are targeting Farnborough Airport in an escalating campaign because it is the UK’s largest private jet airport. Last year 33,120 private flights landed and took off from its runways, carrying an average of just 2.5 passengers per flight, making them up to 40 times more carbon intensive than regular flights. Currently 40% of flights to and from the airport are empty. The airport is now seeking planning permission to increase the number of planes taking off or landing from a maximum of 50,000 a year to up to 70,000 a year.

Farnborough Airport claims to be a centre for business aviation yet around 50% of Farnborough flights headed to the Mediterranean during summer months, rather than business locations, with around 25% heading to Alpine destinations during the winter months. Last year a service was launched specifically to shuttle dogs and their owners to Dubai and back.

The demonstration includes campaigners from Extinction Rebellion, who have joined forces with local residents, Quakers, and campaign organisations Farnborough Noise Group, Blackwater Valley Friends of the Earth, and Bristol Aviation Action Network to voice their opposition to the airport’s expansion plans.

**Dr Jessica Upton, 54, from Oxford, a Veterinary surgeon and foster carer said:** “I’m here today because private airports are an abomination. Expanding Farnborough would be putting the indulgent wants of the rich minority over the needs of the majority. Local people need cleaner air and less noise pollution, and the world’s population urgently needs rapid reductions in greenhouse gas emissions to survive. Private airports disproportionately contribute to climate breakdown and closing them would boost our chances of sticking to the Paris Climate Accords, the supposedly legally binding international treaty agreed to and signed by our government.”

**Daniela Voit, 37, from Surbiton, a Shiatsu Practitioner and Teacher, said:** “Last year we hit a global average temperature rise of 1.5°C degrees celsius over an entire year. For decades we were told a 1.5°C rise needs to be avoided to avoid catastrophic changes to our lives due to the planetary warming caused by humanity’s CO2 emissions. We can see the consequences of this temperature rise all over the world – currently immense flooding in Brazil and Afghanistan and temperature of 52C in Pakistan. To carry on flying in private jets, one of the biggest causes for CO2 emissions per person, in a time of climate crisis is reckless. The rich 1% that are flying from Farnborough Private Jet Airport seem to think they are exempt from taking responsibility for what they are doing to our only home. Banning Private Jets is one of the first things we need to do to stop further temperature rises. This is vital to ensure the survival of all life – human, animal and plant – on this planet that we call our Mother Earth.”

## **Make Them Pay demands:**

**1) Ban private jets.** Flying in a private jet is the most inefficient and carbon-intensive mode of transport. Flights on private jets can be as much as 40 times more carbon-intensive than regular flights, and 50 times more polluting than trains. A four-hour private flight emits as much as the average person does in a year. Private jet use is entirely inappropriate during a climate emergency. There's strong public support for banning private jets and banning this mode of travel was a key recommendation of the Climate Assembly.

**2) Tax frequent flyers.** Various citizens' assemblies, for example in the UK, Scotland, and France, have recommended that frequent flyers and those who fly further should pay more.

They believe this would “address issues of tax fairness, as currently those who don't fly are subsidising those who do” and that “this would deliver significant behaviour changes across society and have a positive impact on reducing overall carbon emissions caused by flying.”

Taxes on air travel would be a socially progressive way of raising climate funds and have been proposed by the group representing the most vulnerable countries at COP27 as an effective way to raise climate finance and pay for loss and damage, alongside debt cancellation.

**3) Make polluters pay.** It is only fair that the wealthiest in society and the highest-income, highest-emitters pay for

their climate damage, and pay the most into climate Loss and Damage funds for the most affected peoples and areas to mitigate and adapt to the worst impacts of climate change.

The top 1% of the global population by income are responsible for more emissions than the bottom 50% combined. So not only is it a question of morality that the wealthiest in society pay the most, and commit to the most rapid emissions reductions – it's also a mathematical necessity and a question of practicality and science.

Climate activists from Extinction Rebellion (XR) and other campaign groups attempted to block access to Farnborough Airport on Sunday morning (June 2). This was to voice opposition to the airport's expansion plans and to highlight the issues of private jets and frequent flyers, according to a spokesperson for the protest.

Activists in Farnborough said they barricaded the airport's Gulfstream Gate with a pink XR boat that had 'Love in Action' painted on its side. A further four protesters are understood to have locked-on to oil drums at the Ively Gate and an activist attempted to block the departure gate on a tripod.

Police are said to have seized the tripod. A spokesperson for the force said officers liaised with organisers at the protest throughout as well as airport staff. The airport outlined it remained open and fully operational.

were chanted alongside Extinction Rebellion drummers.

**Plans were submitted in February 2024 that could see Farnborough Airport's capacity expand by 40 per cent.** This would be equivalent to an increase in flights from 50,000 to 70,000. Formal objections have been submitted against the plans, including by Waverley Borough Council.

XR outlined demands that included banning private jets - which the group described as "the most inefficient and carbon-intensive mode of transport". It also said it wants to tax frequent flyers and make polluters pay the most into climate loss and damage funds which it claimed is "only fair".

Teacher Daniela Voit, 37, from Surbiton highlighted what she said are the consequences of a 1.5C temperature rise and pointed to flooding in Brazil and Afghanistan and extreme temperatures in Pakistan.

She said: "To carry on flying in private jets, one of the biggest causes of CO2 emissions per person, in a time of climate crisis is reckless." The demonstration is understood to have included campaigners from XR and local residents, Quakers, and campaign organisations Farnborough Noise Group, Blackwater Valley Friends of the Earth, and Bristol Aviation Action Network.

A spokesperson for Farnborough Airport said: "Farnborough Airport is aware that some people gathered at the entrance to the airport yesterday. The airport remained open and fully operational, and we continually monitored the situation to ensure the safety and welfare of everyone."

Veterinary surgeon and foster carer Dr Jessica Upton, 54, from Oxford said: "I'm here today because private airports are an abomination. Expanding Farnborough would be putting the indulgent wants of the rich minority over the needs of the majority."

“No arrests were made. Our priority is public safety and we worked closely with partners to maintain this in order to minimise disruption to the local community, as well as prevent crime and disorder.”

The climate activists said they chose to target Farnborough Airport in an escalating campaign because it is the UK’s largest private jet airport. More than 33,000 flights are reported to have taken off or landed at the site in the past year.

## Munich Airport closed after climate activists from Last Generation glue themselves to runway

German Interior Minister Nancy Faeser slammed the protests and called for them to stop

PASSENGERS QUEUE UP AT MUNICH AIRPORT

**WILLIAM MATA**

**18 MAY 2024**

German authorities temporarily closed Munich Airport on Saturday after six climate activists broke through a security fence and glued themselves to access routes leading to the runways, officials and local media reported.

The activists, from the group Last Generation, were protesting against flying, the most polluting form of transportation, according to the German news agency dpa. Police have detained the six.

Incoming flights had to be diverted to other airports, an airport spokesperson said. After a couple of hours, the airport's two runways were reopened, although some disruptions to flight schedules may occur, according to a statement on the airport's official website.

Last Generation posted on social media platform X, accusing the German government of "downplaying" the negative effects of flying on the environment instead of "finally acting sincerely."

German Interior Minister Nancy Faeser slammed the protests and called for them to stop. "Such criminal actions threaten air traffic and harm climate protection because they only cause lack of understanding and anger," she wrote on X.

Fraser also applauded police efforts to bring order back to the airport and called for airport safety measures to be checked.

The general manager of the German Airports Association Ralph Beisel sharply criticised the climate activists' actions.

"Trespassing the aviation security area is no trivial offense. Over hundreds of thousands of passengers were prevented from a relaxed and punctual start to their Pentecost holiday," he told dpa.

Beisel also called for harsher penalties for activists who break into airports.

Climate activities blocked flights at Hamburg and Duesseldorf airports for several hours in July.

In January, Last Generation - known for gluing themselves to streets to block traffic which has infuriated many Germans - said it would abandon the tactic and move on to holding what it calls "disobedient assemblies."

# Climate activists plan direct action against UK oil infrastructure

Just Stop Oil campaign to target petrol stations, fuel depots and refineries to demand end to fossil fuel investment

---

---

**Damien Gayle**

Mon 14 Feb 2022 15.30 GMT

Activists fronting a new campaign masterminded by Roger Hallam, the strategist behind [Extinction Rebellion](#) and Insulate Britain, have said they are now preparing to move beyond protest and “into civil resistance”.

Two young supporters of [Just Stop Oil](#) went to Downing Street on Monday morning, where they delivered an ultimatum to ministers calling for an immediate end to new fossil fuel investments.

“If you do not provide such assurance by 14 March 2022 it will be our duty to intervene - to prevent the ultimate crime against our country, humanity and life on earth,” said the letter, read out at the gates and delivered by hand.

The Guardian understands that the intention is to take direct action against Britain’s oil infrastructure - from petrol stations to fuel depots and refineries.

In a brief speech to reporters, Louis McKechnie, 21, who was recently released from jail for taking part in court injunction-breaking road blockades with [Insulate Britain](#), said: “We

know what needs to be done, it's simple, just stop oil. Right now they are doing the opposite.”

For weeks Hallam and other supporters of the campaign, seen as a successor to Insulate Britain, have been touring universities calling on students to sign up. Unlike Insulate Britain, which was predominantly composed of older activists, including several over 70, Just Stop Oil is intended as a youth-led campaign.

📷 Roger Hallam, the strategist behind Extinction Rebellion and Insulate Britain, has masterminded the Just Stop Oil campaign. Photograph: Guy Bell/Rex/Shutterstock

Hallam told students at Glasgow University last month they “had to become revolutionaries” to avert climate disaster. The Guardian understands that hundreds of activists have signed up and said they were willing to be arrested as part of the campaign.

Jess Causby, 25, a supporter of the campaign, said it would involve an escalation of tactics compared with recent environmental protests.

“Just Stop Oil has seen that if we want to really protect ourselves and everything around us then we need to move beyond this protest stuff which people have been doing with Extinction Rebellion and Insulate Britain, and then we need to move forward into civil resistance,” Causby said.

“What that actually means is stopping pointing out what the government should or shouldn't be doing [and instead] actively stopping government doing what they shouldn't be.”

Causby said the campaign had taken inspiration from fuel protests 22 years ago, when hauliers used lorries to blockade oil refineries and fuel depots. She said: “We have been demanding [action on climate change] for years now and we're continuously disappointed

with their empty promises and lack of action. So now we're taking it into our own hands and we're going to stop them because we have no choice."

Activists from the campaign were giving about 20 to 30 talks a week, Causby said.

The Guardian has contacted the Department for Business, Energy and Industrial Strategy for comment.

# JUST STOP OIL

## WHAT IS JUST STOP OIL?

Just Stop Oil is a coalition of groups working together to ensure that the government commits to ending all new licenses and consents for the exploration, development and production of fossil fuels in the UK.

## WHAT DOES JUST STOP OIL WANT?

We demand that the UK government makes a statement that it will immediately halt all future licensing and consents for the exploration, development and production of fossil fuels in the UK.

## WHY IS JUST STOP OIL NEEDED?

"The scientific evidence is unequivocal: climate change is a threat to human wellbeing and the health of the planet. Any further delay in concerted global action will miss a brief and rapidly closing window to secure a liveable future".

Intergovernmental Panel on Climate Change, Sixth Assessment Report, Working Group II Contribution Working Paper III, 2022

## IF THE GOVERNMENT IS SERIOUS ABOUT THE CLIMATE CRISIS

**THERE CAN BE NO NEW OIL, GAS AND COAL FROM NOW - FROM THIS YEAR**

Faith Read (May 2021)  
Executive Director, International Energy Agency

The government's decision to proceed with 12 new oil and gas licenses... This is not compatible with protecting UK citizens, our interests and interests in the global south, or signalling to the world what action is needed to tackle the climate and future crises. The Government must pick up and pass the Climate and Ecology Bill (CEB) without delay, unless they are unwilling and plan to continue... Extractor rebellion and insular Britain have demonstrated that Civil Disobedience works. They also show that we need to do significantly more to stop the greatest crime against humanity. That's why we are moving into Civil Resistance - it's no longer about a single protest or campaign, it's about inspiring a Government that is prepared to take our freedoms, rights and future, and making them work for us, steering away oil and gas.

**WE HAVE TO MOVE RAPIDLY. WHAT WE DO OVER THE NEXT 3 TO 4 YEARS,**

**I BELIEVE IS GOING TO DETERMINE THE FUTURE OF HUMANITY"**

PROFESSOR SIR DAVID KIBBI (Feb 2021)  
Former Chief Scientific Advisor to the British Government

## WHAT IS NON VIOLENT CIVIL RESISTANCE?

Civil Resistance is a powerful way for people to nonviolently demand their rights, freedom, and justice. When people engage NonViolent Civil Resistance, they use tactics such as strikes, boycotts, mass protests and disruption to withdraw their cooperation from the state.

## WHAT ARE YOU GOING TO DO?

We are willing to take part in NonViolent Direct Action targeting the UK's oil and gas infrastructure should the Government fail to meet our demand by 14 March 2022.

## WILL THERE BE ARRESTS?

Probably, however there is a long established tradition in the UK of citizens, when they recognise that the state is acting immorally, taking action to prevent greater harm. In opening new oil fields our government is directly harming us, we therefore assert our legal right and moral duty to act.

## WHO FUNDS YOU?

Most of our funding for recruitment, training, capacity building, and education comes from Climate Emergency Fund. We also receive donations from members of the public who support the campaign and from foundations and groups who are as terrified as we are about the unfolding climate crisis.

## WHAT DO YOU DO WITH YOUR MONEY?

Apart from tea and sandwiches we use the funds to organise, pay for accommodation and travel costs.

## OUR DECLARATION

We are the Last Generation of the old world. We are here today to say we will create a new world - where humanity embraces itself, forgives itself, loves itself and commits to continue our great adventure.

As the Last Generation, we will do whatever it takes to protect our generation and all future generations. As is our inalienable right.

The old world is dying. We are in the last hour, the darkest hour. This world is being decimated before our eyes. We are in between moments. What we do now decides the fate of both this world and the next.

So we decide. We decide, we are no longer indulging in our fears, our despair, our resentments. We are putting ourselves behind us.

Together, in community, we are taking hold of a higher purpose. The source of what it is to be truly human. It calls to us across the ages, and with its power we will bring down those who kill to maintain their regimes of extraction. This is the old world. It cannot continue.

We are here to make clear: humanity is better than to give in to extinction. We are here to say society has not turned away from love and truth; it has not embraced evil and death. The world we desire, the one we can have, is already in reach. But we have to reach for it.

But we are not here to highlight, plead or to entertain.

We are here to reach for the change that is required for this to happen. We are here to force governments to slash carbon emissions, nothing less. We are here for action, not words. We have a plan.

We are mobilising in our many nations and many cultures. Teams will run projects. Projects will make demands on governments. We are reaching out to anyone who will reach back and join hands to create this new world. If we are refused we will disrupt, week after week, as those who came before us did many times in the struggle for human rights.

We speak directly to the public, and recruit in hundreds of open meetings.

We commit to mass civil disobedience.

This is our solemn responsibility, sacred rights require a sacred duty to defend them. And until everyone is free, none of us are free. Only then will justice be done. We will not fall into the trap of hating the other - the other is part of all of us. Our hands do not hold weapons and our hearts are open.

We are humanity, believing in humanity. We are Democracy.

We are open and nonviolent. We are Care and we are Freedom. We will accept the consequences of our actions and look our destiny directly in the eye.

Bring it on. While there remains breath in our bodies we will not stop. This is our life now.

We are the Last Generation. But we are also the First. We are everywhere. We are coming.

**Everything will change. The old becomes the new. And everyone can change.**

# Just Stop Oil protesters vow to continue until 'all are jailed'

Extinction Rebellion close Lloyd's of London as activist groups continue their direct action

---

---

### Damien Gayle

Tue 12 Apr 2022 14.56 BST

Anti-fossil fuel activists have vowed to continue blockading oil terminals until they are jailed, as they approached 1,000 arrests for their actions so far.

“Ministers have a choice: they can arrest and imprison Just Stop Oil supporters or agree to no new oil and gas,” Just Stop Oil said on Tuesday morning. “While Just Stop Oil supporters have their liberty the disruption will continue.”

**Fuel-blockade activists** were taking their first day off in 12 days on Tuesday, after beginning their campaign on 1 April. “We decided to give them a break,” a campaign spokesperson said. About 400 people have been arrested a total of 900 times for taking action so far, according to the campaign.

On Monday, about 40 were arrested at Inter Terminals in Grays, Essex, some after spending more than 38 hours locked on to pipework above the loading bay. Between 15 and 20 who had helped dig tunnels under access roads to the Kingsbury oil terminal were arrested on Sunday and Monday, Just Stop Oil said.

The campaign's statement came after the prime minister's spokesperson **condemned protesters' "guerrilla tactics"** and the home secretary complained that "people across the country [were] seeing their lives brought to a standstill".

On Tuesday, the Department for Business, **Energy** and Industrial Strategy accused Labour's Steve Reed, the shadow justice minister, of "irresponsible scaremongering" after he said "millions" could not get fuel because of the protests.

Extinction Rebellion return for their April rebellion in London's West End. Photograph: Guy Bell/Rex/Shutterstock

"Just Stop Oil protest activity at some oil terminals has led to short-term disruptions to fuel deliveries over the past few days. The police are working to remove protesters from sites so normal deliveries can resume," a BEIS spokesperson said.

"We are working closely with industry to ensure that supplies are maintained. The public should continue to purchase fuel as normal."

Disruption continued elsewhere. In London, the Lloyd's insurance market stopped trading on Tuesday after about 60 activists from **Extinction Rebellion** blocked the entrances to its headquarters and stopped workers from getting inside.

"People used superglue, chains and bike locks to block over 25 entrances to the building. Staff already inside were allowed to exit. Climbers also scaled the outside of the iconic building and dropped two banners, saying 'End Fossil Fuels Now' and 'Insure Climate Justice'," XR said.

XR had called on supporters to take a week off work and join **mass actions in London this week**. After a weekend in which protests had blocked the West End and two bridges over the Thames, on Monday and Tuesday the plan was for "outreach" activities, with members asked to go door-to-door to talk to people about government inaction on the climate crisis.

The outreach activities were part of the XR's 3.5% project, which has mobilised members of local XR groups to spread the group's message in their communities. "Since we launched in January, over 70 local groups have taken part, we've had nearly 4,000 conversations on the doorstep and more than 80% of those who have seen the talk have signed up to join XR," XR said.

Some members of XR have privately said the canvassing has proven difficult, with thousands of flyers handed out in some areas of the country to get just a few dozen to in-person meetings. But others say such activities had helped to achieve a better than expected mobilisation for the weekend's protest actions.

Mass actions were to resume on Wednesday, according to a timetable circulated by XR, with supporters asked to gather from 10am in Hyde Park.

Meanwhile, more than 80 scientists, signed a letter to Greg Hands, the energy minister, saying they support the call made by a hunger striker for a climate change briefing for all MPs from Sir Patrick Vallance, the government's chief scientist.

As Angus Rose began his 30th day without food, the scientists, including Sir David King, the former chief scientific adviser, Prof Julia Steinberger, an author on the Intergovernmental Panel on Climate Change, and Prof Susan Michie, a member of the government's Sage advisory body, said they "unanimously support" the idea of the briefing - even if they did not all agreed with Rose's methods.

"The crisis is evolving at a rapid pace, and it is increasingly difficult for politicians to understand the significance of the latest science that they do not have time to read and digest," the letter states.

# Just Stop Oil activists arrested after clambering on tanker and bringing chaos to the M4

< 1/12 >

**BARNEY DAVIS @BARNEYDAVISES**  
**14 APRIL 2022**

Just Stop Oil activists have been arrested after being plucked from the top of an oil tanker, causing chaos for commuters

coming into London on the M4.

It came as Extinction Rebellion accused the Metropolitan Police of carrying out pre-dawn raids on a building associated with Extinction Rebellion arresting others engaged in “non-violent” action across the capital over recent days.

A small group of five eco-warriors caught up to an Eddie Stobart fuel transporter lorry at the Chiswick roundabout about 8.50am on Thursday.

There were reports the group had disabled the truck’s brakes before activists clambered on top and glued themselves in position.

JUST STOP OIL

The lorry, which activists described as a “black can of death”, was surrounded by officers who closed surrounding roads.

They were later filmed being plucked off the top of the lorry by specialists on cherry pickers before they were arrested.

Scotland Yard said: “Police have arrested four men and one woman, part of today’s protests, at Chiswick Highroad roundabout, Thursday 14 April.

“The protesters from Just Stop The Oil targeted an oil tanker truck at about 8.53am.

“Four males glued themselves to the top of the vehicle. They were arrested for section 25 of the road traffic act.

“A female protester who sat on the road in front of the vehicle was arrested for unlawful obstruction of the highway.

“All five will be taken into custody at a south London police station.

---

**READ MORE**

“The roads reopened at about 11.20am, however there may still be some traffic delays in the local area.”

Meanwhile, Extinction Rebellion said its bases had been raided by Scotland Yard ahead of any further protests planned in the capital.

They said: “In the early hours of this morning Met Police raided and arrested nonviolent protesters who have taken part in the protests this week. This criminal government is trying to outlaw protest, but we will not give up.”

The raids didn't stop offshoot Animal Rebellion from making a trail from the Home Office HQ with an oil-like substance to the front doors of DEFRA in Westminster.

The group said they arrived at the Home Office and Defra ahead of office-hours and placed prop barrels of oil in front of the entrance with an oil-like substance leaking from them.

Other activists from across the country are being bussed into Hyde Park at 10am ahead of further planned protests.

It comes a day after the Business Secretary insisted the Government will not switch off domestic oil and gas production as climate change activists targeted his department in an act of “civil disobedience”.

Kwasi Kwarteng hit back at a group of scientists in support of Extinction Rebellion for gluing themselves to the Department for Business, Energy and Industrial Strategy (BEIS) on Wednesday.

Valero also owns and operates sites in Manchester, Cardiff, Plymouth and Avonmouth.

(Just Stop Oil/PA)

Activists from Just Stop Oil and Extinction Rebellion have been blocking access to oil terminals, demanding that the Government stops new oil and gas projects.

A dozen activists are said to be at the scene in Tamworth and have locked themselves on to pipes, while roadblocks and "tanker-surfing" has taken place at the sites in Essex.

Warwickshire Police said: “Officers remain at Kingsbury Oil Terminal today and are currently dealing with protest activity after a number of protesters arrived overnight.

“There is minimal impact to the wider community at this time.”

# Just Stop Oil protests: Arrests after M25 services petrol pumps damaged

🕒 28 April 2022

## UK climate change protests

JUST STOP OIL

Protesters say they have blocked petrol stations at Clacket Lane and Cobham services on the M25

**Police arrested 35 people at climate protests which saw two petrol stations on the M25 blocked by activists.**

Just Stop Oil said 35 supporters blocked petrol stations at Cobham and Clacket Lane services in Surrey.

The action began at 07:00 BST with activists saying they had vandalised petrol pumps by smashing display glass and spraying them with paint.

Protesters were held on suspicion of conspiracy to commit criminal damage and aggravated trespass, police said.

Supt Graham Barnett, from Surrey Police, said: "All protesters have now been removed and 35 people are in custody. Both forecourts have reopened but unfortunately a large number of pumps have been damaged which means they have not currently in use."

He said 35 petrol pumps were damaged at Cobham and 20 at Clacket Lane, but HGV pumps at both sites were not targeted and remain open.

The incident took time to resolve because officers trained in using specialist de-bonding equipment were needed, he said.

Protesters had glued themselves to pumps and signs on the forecourts.

One was glued to the top of a lorry.

Nathan McGovern, an activist at Clacket Lane, **told BBC Radio Surrey** 15 people blocked the entrance to the forecourt.

The 22-year-old student from Coventry said: "Some of us have made sure the petrol pumps cannot be used."

Surrey police and crime commissioner, Lisa Townsend, said: "We have seen damage caused and disruption to ordinary people's lives in the name of protest.

"The selfish actions of these protesters are completely unacceptable."

She added: "The right to peaceful and lawful protest is important in a democratic society but the actions this morning step far beyond what is acceptable."

A spokesman for the Department for Business, Energy and Industrial Strategy said: "People's day-to-day lives should not be disrupted and any criminal activity will not be tolerated."

On Tuesday, members of Just Stop Oil were arrested after **breaching an injunction** outside Warwickshire's Kingsbury Oil Terminal.

A High Court injunction in the area grants police "enhanced powers to prevent and disrupt any unlawful activity".

Warwickshire Police said officers detained 16 people.

# Just Stop Oil protest stops traffic in north London

Police arrest 17 protesters after activists glued themselves to the road in Upper Street, Islington

Just Stop Oil activists have glued themselves to a road in north London on the 22nd day of the group's campaign of civil unrest.

About 20 protesters stopped traffic in Upper Street in Islington, north London, on Saturday.

The Metropolitan police said: "Met officers are at the scene at Upper Street N1, where there are 16 Just Stop Oil protesters who have sat down on the road, four of whom are locked on to each other and six are glued to the road."

It went on: "Traffic in both directions is blocked. Police are in the process of arresting those who are not glued or locked on for wilful obstruction of the highway.

"A specialist team is now on the scene and dealing with those who are glued and locked on, and they will be arrested when freed."

It was the latest development in a two-week-long string of protests organised by Just Stop Oil, which is demanding that the government halt new fossil fuel licensing and production.

The Met later said the road had been cleared, and traffic was flowing in both directions.

It added: “Police have arrested 17 protesters for wilful obstruction of the highway. They have been taken into custody at a central London police station.”

Last week, activists from Just Stop Oil **threw tomato soup** over Vincent van Gogh’s Sunflowers, which was protected by glass, at the National Gallery in London.

The gallery has since confirmed the painting was not damaged, saying in a statement that “there is some minor damage to the frame but the painting is unharmed”.

**Just Stop Oil** activists have blocked traffic on Abbey Road as they continue weeks of protests in London.

Footage posted online by the environmental group shows four protesters striding across the zebra crossing and posing much like the cover of the Fab Four's 1970 album.

However, they stayed posing on the road, held up "Just Stop Oil" banners, and glued themselves to the road while frustrated drivers honked their horns.

Shaun Davies, a 32-year-old musician from Manchester, said: "We're now the results of our past actions and in the future, we'll be the results of the actions we're performing now."

"So said George Harrison. Never have his words rang more true than they do today; so here we are, in his spirit, saying that what we do in the next three years will determine the future of humanity."

Just Stop Oil have demanded that the government halts all new oil and gas licences and consents.

**One** of the protesters, Patrick Walker, a 33-year-old council worker from Newport, said: “Up until very recently I really thought the government would eventually take action to save us from the worst of the climate crisis.

“Then the IPCC warned us last year that we had to stop new fossil fuel extraction if we wanted a liveable future, only for governments to completely ignore them.

“I realised then the government wouldn’t listen and I had to take action if I wanted a future for my family. I have no choice but to resist.”

Adam Beard, a 53-year-old gardener from Stroud, Gloucestershire, was also protesting. He said: “I’m taking action with Just Stop Oil because I’ve had enough of government lies and inaction on the climate crisis, the biggest issue the world is currently facing.

“All over the world we can see the effects of the climate crisis, yet our government continues to back new fossil fuel extraction.

“For the sake of humanity and all life on earth, this has to stop. I hope that my actions in support of Just Stop Oil will inspire other ordinary people like me to step forward and take a stand against this government’s disastrous energy policies.”

A spokesperson for the Metropolitan Police said on Friday: “Police have arrested 16 protesters for wilful obstruction of the highway at Kingsway/High Holborn.

“They have been taken into custody at a central London police station. All four junctions are now open.”

The roadblock follows more than two weeks of protests by Just Stop Oil, in which there have been 555 arrests.

Since their campaign began on April 1, Just Stop Oil supporters have been arrested over 1,800 times, with seven supporters currently in prison and 13 in police custody.

Two of the activists remanded are Morgan Trowland and Marcus Decker, the two men who climbed the QEII Bridge on Monday morning and blocked off the Dartford Crossing for more than 36 hours.

# Just Stop Oil activists blockade four London bridges

Climate and cost of living campaigners converged in London protests

**Damien Gayle** *Environment correspondent*

Sat 1 Oct 2022 17.36 BST

Thousands of supporters of [Just Stop Oil](#) have blocked four bridges across the Thames.

Protesters blocked Waterloo Bridge, Westminster Bridge, Lambeth Bridge and Vauxhall Bridge with sit-down protests after marching from 25 points around the centre of London.

Just Stop Oil's activists said protesters would converge on Westminster, where a crowd led by a samba band had already gathered in Parliament Square. Hundreds had earlier sat on Westminster Bridge, blocking traffic, and moved after police warned them they would be arrested if they stayed.

Among those sitting on Westminster Bridge was Esme Garlake, 26, from [London](#). “I think we are at a real turning point now where the inequalities in our society are so obvious,” she said.

“Today is the day of the energy bills [price rise] coming out and so different groups and grassroots movements are starting to realise that we have to come together to demand social change and climate action.”

Garlake was sat next to her mother, Marilyn Garlake, 59, from Oxford, who said she saw synergies between activism for the climate and cost of living crises. “A tipping point is being reached now,” she said.

“If you look at what’s happening with the cost of living crisis and the climate crisis, everything is coming together, and we have a government that is refusing to take the action that’s needed and making the situation worse.”

The climate activists took to the streets in London as cost of living campaigners Enough Is Enough also held rallies.

The protests come as 200,000 union members walked out of work, with [rail unions](#) RMT, Aslef and TSSA, and postal workers’ union the CWU, striking over pay and conditions.

Enough Is Enough, which has been supported by senior figures in the [RMT](#) and CWU, as well as prominent leftwing MPs, claims 800,000 people have signed up to support its demands.

It has called for pay rises above inflation, cuts to energy bills, a massive drive to build new homes, support for people who cannot afford food, and more taxes on the richest. Its campaign comes as the government has slashed taxes on the highest earners, and has hinted about massive real-terms cuts to benefits.

On Saturday, the group held rallies in Birmingham, Bristol, Cardiff, Glasgow, Liverpool, Manchester and Norwich.

Just Stop Oil has come into the autumn after a spring and summer of non-violent civil disobedience protests against England's fuel distribution network.

As part of a coalition of groups, including Insulate Britain, Animal Rebellion, and Jeremy Corbyn's Peace and Justice Project, it has broadened its demands from an end to all new oil infrastructure to include more taxes on the rich and support with energy bills.

Corbyn, the former Labour leader, drew rapturous applause as he denounced the government's plans to cut taxes for the richest and benefits for the poorest.

"Our strength is our organisation, our strength is our unity," Corbyn said. "So let's stand up for what we believe in."

Dave Ward, the general secretary of the CWU, said the campaign would pressure the Labour party "into the right place to stand up for working people".

"Everybody's job who cares about people in this country to have a fair deal for everything, we have got to build collectivism," Ward said.

"Are you ready for that? Enough is enough. Let's get out there: let's protest, let's rally. We are going to make change."

Figures within the Enough Is Enough campaign have told the Guardian there was no coordination between the two groups before Saturday's protests.

Police have arrested 54 people after environmental protesters blocked roads in central London.

The Metropolitan Police said 54 protesters were arrested on suspicion of wilful obstruction of the highway on Tuesday during a fourth day of demonstrations in Westminster.

They remain in custody at various police stations in the capital.

Just Stop Oil said 60 supporters of its group “disrupted traffic in Westminster today...in a row to demand an end to new oil and gas”.

It added that they chanted “no new oil” outside Downing Street before marching in the road towards Parliament Square, where they blocked the road by sitting on the ground while others glued themselves to it.

The demonstration was held in response to plans by the North Sea Transition Authority (NSTA), the body that represents the UK's offshore energy sector, which is hoping to launch a further round of oil and gas licensing in October.

UK Business and Energy Secretary Jacob Rees-Mogg has given the move the green light, stating that “in light of Putin's illegal invasion of Ukraine and weaponisation of energy, strengthening our energy security is an absolute priority”.

Environmental activists meanwhile are opposed to the plans, with some considering legal action.

One supporter of Just Stop Oil, Alan Woods, 58, said: “I'm a supporter of Just Stop Oil because as a business owner I won't have business left unless we pressure our Government to stop all new oil and gas, invest in renewables and roll out insulation.

“The solution to the energy crisis and the climate crisis are the same – we're at a crossroads. The Government must make the right choice.

“As a business owner of over 40 years I've seen a lot of challenges, but the climate and energy crisis is the most important issue of our time; that's why I have to be here when I should be back in Wigan running my business.”

Just Stop Oil has vowed to continue its campaign until the Government meets its demands, which is for no more new oil and gas projects to be approved in the UK.

“We will not stand by while everything we know and love is wilfully destroyed. We do this because it is the right thing to do and so we have a duty, a responsibility to continue,” a statement from the group said.

A spokesperson from the Met said: “From 11:00hrs protesters began

“At about 12:10hrs, protesters blocked traffic routes into Parliament Square, five of whom glued themselves to the ground.

“Officers have engaged with protesters and some left the scene.

“Officers arrested 54 protestors on suspicion of wilful obstruction of the highway. They have been taken into custody at various London police stations where they remain.

“By approximately 14.30hrs, officers had re-opened access routes to Parliament Square.”

The force previously stated 31 people were arrested in central London on Sunday.

# Just Stop Oil protesters bring parts of M25 to halt for second day

Police say 16 arrests made after activists scale gantries in Kent, Essex, Surrey and Hertfordshire

**Jamie Grierson** *and agency*

Tue 8 Nov 2022 12.21 GMT

Protesters have caused widespread disruption on the M25 **for a second day** after several junctions were blocked.

Just Stop Oil said “approximately 15” of its supporters climbed on to overhead gantries in “multiple locations” on the UK’s busiest motorway from 7am on Tuesday, causing police to halt traffic.

The Metropolitan police said 16 protesters were arrested in a joint operation with neighbouring forces, including Essex police, Surrey police and Kent police.

Essex police said officers were on the northbound carriageway of the M25 near Dartford Crossing, where a demonstrator, believed to be from Just Stop Oil, had climbed the gantry at junction 31, closing the northbound tunnels.

National Highways said there were delays of 60 minutes, with congestion for five miles.

Hertfordshire constabulary said they were responding to a protest at junction 20 of the M25 near Kings Langley and urged motorists to seek alternative routes.

Surrey police said two protesters had climbed gantries between junctions 8 and 9 and junctions 12 and 13, stopping traffic in both directions.

The Metropolitan police arrested seven people before Monday's protest on suspicion of "conspiracy to intentionally or recklessly cause public nuisance", a new offence under the Police, Crime, Sentencing and Courts Act 2022 that carries a maximum penalty of 10 years in prison.

The protest went ahead, with forces including Kent, Essex, Surrey and Hertfordshire facing demonstrators in 13 locations.

As well as the arrests, police believe some of those involved in the demonstrations could have breached a high court injunction obtained by National Highways.

Just Stop Oil said in a statement: "We will not be intimidated by changes to the law, we will not be stopped by private injunctions sought to silence peaceful people. Our supporters understand that these are irrelevant when set against mass starvation, slaughter, the loss of our rights, freedoms and communities."

The Met is conducting an operation to foil the protests in conjunction with the National Police Coordination Centre.

Just Stop Oil staged 32 days of disruption from the end of September and throughout October, which the Met said resulted in 677 arrests with 111 people charged, and required officers to work 9,438 additional shifts.

According to the group, since its campaign began on 1 April, Just Stop Oil supporters have been arrested nearly 2,000 times, with five activists in prison.

It added that the government's refusal to halt North Sea oil and gas extraction would contribute to global warming, which "will result in the collapse of ordered civil society, the loss of our rights and freedoms and the death of countless millions of people".

The work and pensions secretary, Mel Stride, said Just Stop Oil protesters did have a point, "in [a] sense".

He told Sky News: "I do think there's a major issue when individuals can go on to motorways or even just outside parliament, in fact, periodically, at will, just sit down in the middle of the road and disrupt the traffic - sometimes, indeed, emergency services get caught up in that as well."

But when it was put to him that the environmental activists had a point, he said: “Well, they do in [a] sense. Couple of points ... one is, absolutely, we are all determined, and this government above all else is absolutely determined, to bear down on the use of fossil fuels.

“Second point I would make is that we do have to strike the right balance between the right of individuals to express their opinion and protest, which is absolutely fundamental to a civilised democracy - which is what we have in our country - and, at the other time, making sure that we don’t inconvenience the public or indeed endanger the public in some circumstances.”

## Dartford crossing 'closed for foreseeable' as Just Stop Oil protest continues

Essex Police chief said 'I think they're crazy.'

BARNEY DAVIS @BARNEYDAVISES

18 OCTOBER 2022

Commuters are facing a second day of traffic chaos on Tuesday as [Just Stop Oil](#) activists continue to dangle from the Queen Elizabeth II Bridge at [Dartford crossing](#).

Activists Morgan Trowland and Marcus spent the night dangling from 275ft high masts at the northern end of the bridge in makeshift hammocks.

Mr Trowland, a 39-year-old bridge design engineer from London, said in a video this morning: "We've just survived the first night up here. I was pretty cold and didn't sleep much. But I'm ok."

Six miles of heavy traffic has already built up on the vital commuter route with police officers so far making no attempts to bring the two eco-warriors down due to safety concerns, according to reports.

National Highways tweeted on Tuesday: “A reminder, the [#QEIIBridge](#) at [#DartfordCrossing](#) remains CLOSED this morning due to the ongoing protest activity. There’s already 6 miles of congestion on approach in both directions.”

**TRAFFIC STOPPED AFTER TWO OF ACTIVISTS SCALED THE QUEEN ELIZABETH II BRIDGE AT THE DARTFORD CROSSING**

PA MEDIA

The agency responded to one driver, adding: “Good morning, yes the bridge is still closed and is likely to remain so for the foreseeable.”

[Essex Police](#) said the incident could take “some time to resolve due to the complexities of safely getting people down from height”.

Chief Constable Ben-Julian Harrington told the BBC: “It is a really dangerous and difficult environment.

“I think they’re crazy. I’m really frustrated.”

Extinction Rebellion hit back on Twitter, replying: “Now you know how we feel when the government talks about fracking & new fossil fuels. “

Just Stop Oil has named the demonstrators as Morgan Trowland and Marcus, a 33-year-old teacher, also from the capital.

Mr Trowland said in a selfie video filmed in whipping winds yesterday: "It is really difficult to hold on to this cable. I'm willing to do this kind of thing because I'm not ready to sit back and watch everything burn for the rest of my life. And that is what happening."

"We are going to stay here until the Government makes a meaningful statement that they will end new licensing consent for oil and gas extraction of oil in the UK."

He added: "As a professional civil engineer, each year as I renew my registration, I commit to acting within our code of ethics, which requires me to safeguard human life and welfare and the environment."

"Our government has enacted suicidal laws to accelerate oil production: killing human life and destroying our environment."

"I can't challenge this madness in my desk job, designing bridges, so I'm taking direct action, occupying the QE2 bridge until the government stops all new oil."

Marcus added he felt the current political system in the UK was 'betraying the people of this country'.

He said: "Too many people in this country simply don't know the scale and intensity of climate breakdown as the scientists describe it."

"The authorities are criminally failing to get this grim science communicated. During Covid the science was conveyed on a daily basis."

“Why isn’t the most existential threat that humanity has ever faced on the news every day?

“Our political system is betraying the people of this country. More fossil fuel licenses means global genocide. Only direct action will now help to reach the social tipping point we so urgently need.”

The A282 Dartford Crossing is currently the only way to cross the Thames east of London by road.

The 2.8km-long (1.7 mile) QEII bridge southbound, and two 1.4km-long (0.8 mile) tunnels northbound link Essex and Kent.

The A282 also connects directly at both ends with the M25 London Orbital Motorway, one of the busiest motorways in Europe.

# Just Stop Oil protesters removed from Dartford Crossing bridge and arrested

Police use raised platform to bring down activists who had blocked route linking Kent and Essex for second day

---

**Jamie Grierson and Nadeem Badshah**

Tue 18 Oct 2022 18.48 BST

Two **Just Stop Oil** protesters who climbed up the Queen Elizabeth II Bridge and blocked the Dartford Crossing have been removed by police and arrested.

Officers brought in a raised platform after the Dartford Crossing was blocked for the second day in a row. The protesters had agreed with police to leave the bridge, which links Kent and Essex.

Essex police tweeted: “Two people who had been at height on the #DartfordCrossing have now been brought down and arrested. An at-height operation was a success and two men have now been arrested. A decision on how and when to open the road sits with @HighwaysEAST.”

Just Stop Oil wrote on Twitter: “Morgan and Marcus have agreed to cooperate with police and leave the bridge. #JustStopOil will continue in #CivilResistance to harmful politics and our criminal government. To protect our rights, freedoms and the rule of law.”

The bridge was closed on Monday after it was scaled by the two climbers from the group, whose demands include that the government “halts all new oil and gas licences and consents”.

The closure of the major road bridge caused delays of two hours during rush hour on Monday, with six miles of congestion on the anti-clockwise carriageway and five miles in the opposite direction, National Highways said.

National Highways earlier said delays were building on Tuesday, with about 1.5 miles of slow-moving traffic. “Road users are advised to avoid travelling to the Dartford Crossing, please consider alternative routes,” it added.

Just Stop Oil is understood to have further action planned in London throughout October.

The protest group tweeted: “We successfully disrupted oil supplies to Kent & the South East for 36 hrs. We are stepping down now but other supporters of Just Stop Oil will be stepping up day after day, causing disruption & putting their liberty on the line to demand that the government ends new oil & gas.”

Morgan Trowland, 39, a bridge design engineer from London, said in a statement released by Just Stop Oil on Monday: “As a professional civil engineer, each year as I renew my registration I commit to acting within our code of ethics, which requires me to safeguard human life and welfare and the environment.

**Just Stop Oil** activists have sprayed orange paint over **Ferrari** and **Bentley** luxury car showrooms in central **London**.

A Bugatti dealership was also targeted in the climate group's action in Mayfair this morning.

One of the activists made a speech outside the

“In what world is it OK to be buying and selling luxury cars when people can’t even afford to eat or heat their

and dying because of the devastating impacts of the climate crisis,” they said.

“The government needs to step up. Inequality is what is driving the climate crisis.”

It comes during a month of action which has seen activists block roads and stage protests to call for an end to all new oil and gas licenses.

The group has vowed to continue with protests until its demand is met.

# Just Stop Oil activists target MI5 and Home Office buildings

🕒 31 October 2022

**Climate**

| A building used by MI5 was sprayed with paint

## **Environmental activists have sprayed orange paint on buildings in central London, calling for the government to halt new oil and gas licences.**

Just Stop Oil targeted buildings used by the Home Office, MI5, the Bank of England and News Corp.

The group said the buildings were chosen as they represented "the four pillars that support and maintain the power of the fossil fuel economy".

The Metropolitan Police said six people have been arrested.

"Officers responded quickly to all incidents and a number of people have now been arrested on suspicion of criminal damage," the force said.

A Just Stop Oil spokesperson said: "The era of fossil fuels should be long gone, but the creeping tentacles of fossil fuel interests continue to corrupt our politics, government and the media, as they have for decades.

"How else do you explain a government ignoring sensible no-brainer policies like renewables, insulation and public transport, which would cut our energy bills and our carbon emissions, in favour of corrupt schemes to drill for uneconomic oil and gas at taxpayers expense?"

The group has taken part in numerous demonstrations in recent months, including blocking roads, tying themselves to goalposts during football matches and throwing soup at art.

On Sunday, the police urged people not to directly intervene with the protests, after angry drivers removed demonstrators who were blocking roads in central London.

# Just Stop Oil: Dozens of activists arrested over M25 protest

🕒 7 November 2022

**COP27**

Parts of the M25 were closed as Just Stop Oil staged their latest protest

**Dozens of climate change activists have been arrested over action to target England's busiest motorway despite a police operation to foil their plans.**

Sections of the M25 were closed during the Monday morning rush hour as part of the protest by Just Stop Oil.

The demonstrations come as the latest **COP27 international climate change talks in Egypt get under way.**

The Met Police said 35 people had been arrested in response to the disruption.

Assistant Commissioner Matt Twist said the action was "criminality", not protest, and pledged to bring those involved to justice as quickly as possible.

"This was a very significant and co-ordinated effort to cause massive disruption to the entirety of the M25," he added.

- **What is Just Stop Oil and what are its aims?**

Several junctions across Surrey, London and Kent were affected.

Protests were held at several locations on the M25 including: J2 (Darenth), J6-7 (Godstone), J8-9 (Reigate), J13-14 (Staines), J21a-22 (St Albans), J25 (Holmesdale tunnel) and J27 (M11).

The Met says 14 people were arrested on gantries and had to be removed by specialised teams

Essex Police said there had been arrests after reports of people climbing up an overhead gantry close to junction 30 of the M25.

In an emotional video posted from one of the gantries, protester Louise said she was there because she felt she did not "have a future and you may hate me for doing this, and you're entitled to hate me, but I wish you would direct all that anger and hatred at our government".

JUST STOP OIL

| Protester Louise says the government is "betraying young people"

The 24-year-old added: "They are betraying young people like me. I wouldn't have to be there if they did their lawful duty."

"What we're asking for is what all the scientists are asking for, what the United Nations are asking for... how many more people have to say 'we don't have a liveable future if you continue licensing oil and gas' for you to listen?"

SURREY POLICE

| Six police forces were involved in the operation around the M25

The Met Police said it had launched a "significant" operation to identify and arrest the climate change protesters.

Three people accused of planning public disruption were "proactively" arrested on Sunday, according to the Met.

They were detained on suspicion of "conspiracy to intentionally or recklessly cause public nuisance", a new offence under the Police, Crime, Sentencing and Courts Act 2022.

A further four were arrested in raids on Monday morning.

## 'Genocidal death project'

Mr Twist said: "We suspected that the intent of the individuals involved was completely disproportionate to any legitimate right to protest."

Supt Graham Barnett from Surrey Police said: "While we always seek to facilitate peaceful protests, the protests we've seen today have gone beyond that.

"Whilst they've been peaceful, the impact that they've had has not been proportionate on the public."

On Sunday, **a High Court injunction was granted to prevent Just Stop Oil protesters disrupting the M25.**

From the end of September and throughout October, Just Stop Oil staged 32 days of protests, which the Met said resulted in 677 arrests, leading to 111 people charged.

According to the group, since its campaign began on 1 April, its supporters have been arrested nearly 2,000 times, with five of its supporters currently in prison.

The Met, which is conducting the operation in conjunction with the National Police Coordination Centre (NPoCC), said more than 10,000 officer shifts had been dedicated to policing the protests since the start of October.

"These are officers who would otherwise be dealing with issues that matter to local communities, such as knife crime, safeguarding and responding to burglaries," Mr Twist said.

HENRY NICHOLLS/REUTERS

| An injunction was granted on Sunday to try to prevent demonstrations on the M25

"We are determined to bring to justice all of those who conspire to cause significant and unreasonable disruption to London, or cause damage to buildings, property or valuables," he added.

Police are calling on the public to help officers help prevent disruption caused by protesters.

GETTY IMAGES

| The protest group staged direct action across London throughout October

Just Stop Oil wants the government to abandon plans to license over 100 new oil and gas projects by 2025 and to do more to help people with rising energy bills.

In an update on its website, the group said: "This is not a one-day event, expect us every day and anywhere.

"This is an act of resistance against a criminal government and their genocidal death project.

"Our supporters will be returning - today, tomorrow and the next day - and the next day after that - and every day until our demand is met: no new oil and gas in the UK."

Just Stop Oil said on social media that on Sunday evening it had "contacted the Metropolitan Police and National Highways Ltd to advise them there would (be) major disruption on the M25 and asked them to implement a 30mph speed limit".

In a statement, the government said it remained "fully committed" to reaching net zero by 2050 however with "Russia weaponising energy across Europe, it must do so in a way that protected energy security".

"This includes increasing domestic gas supply, which we've always been clear will have a role in our transition to net zero. But we will also continue to drive forward our commitments on nuclear and renewables like offshore wind," it said.

"While we respect the right to protest, people's day-to-day lives should not be disrupted, and criminal activity will not be tolerated."

---

Parts of the M25 were closed as Just Stop Oil staged its latest protest

## Analysis

**By Tom Edwards, BBC London transport and environment correspondent**

The latest environmental protests are causing lots of disruption and, according to the Met, diverting officers away from other duties.

The protests have also changed from a single big issue under Extinction Rebellion - climate change - to become much more specific and have a specific aim.

The group Insulate Britain blocked the M25 over insulation and Just Stop Oil are doing the same over new oil licences.

Dealing with these protests is very difficult for the authorities; arrests and court action don't seem to stop the protesters.

When I interviewed Just Stop Oil last week, they made it very clear more protests were inevitable until the government changes its policy.

# London Pride: Five Just Stop Oil protesters charged

🕒 2 July 2023

Police moved to arrest a group of protesters in Piccadilly as the annual Pride parade got under way

## **Five Just Stop Oil protesters have been charged over demonstrations which briefly led to London's annual Pride parade being delayed.**

Images on social media on Saturday showed police removing demonstrators who managed to briefly stop the march.

Seven people were arrested by the Metropolitan Police. Five have since been charged and two have been bailed.

The five people, aged between 20 and 68, have been charged with Public Order offences.

They are due to appear at Westminster Magistrates' Court on Tuesday.

Police said the five charged are Ben Plumpton, 68, of Underbank Ave, Charlestown, Calderdale; Zosia Lewis, 22, of Melbourne Street, Newcastle upon Tyne; Oliver Clegg, 20, of Olney Street, Manchester; Gosse Bootsma, 25, of no fixed address, and Callum Goode, 23, of Ashbourne, Derbyshire.

PA MEDIA

Organisers estimated about 30,000 participants from across 600 organisations took part in the parade

In addition, two males, aged 19 and 22 have been released on bail pending further enquiries, the Met added.

This year's Pride procession started at midday at Hyde Park Corner and people peacefully made their way through Westminster's streets before it finished at Whitehall Place.

A number of stages hosted performances from LGBTQ+ acts as part of the celebrations.

Meanwhile, another mum pushing a pram told one of the activists: 'Who are you to decide who gets to gets to go? You're not f\*\*\*ing God. People pay their taxes to use these roads. Don't tell me you've never got in a f\*\*\*ing car.'

In a series of tweets, the **Metropolitan Police** confirmed that roads were cleared and traffic was moving again at around 8.30pm.

Referring to Parliament Square protests, the force said: "Officers were quickly on the scene to 25 protesters walking slowly in the road.

"A Section 12 condition to move off the carriageway was issued at 08.38hrs and complied with immediately.

"The road was cleared, and traffic was moving shortly afterward."

The latest demonstration comes after 21-year-old Daniel Knorr was punched and kicked to the ground on Tuesday as the environmental group marched through the capital.

A student [Just Stop Oil](#) supporter has been arrested after spraying orange paint across a [University of Bristol](#) building.

Ben Meehan, a filmmaking student at **UWE Bristol**, carried out the action at around midday on Monday to call for academics to join an upcoming Just Stop Oil march in London.

The 21-year-old was arrested at the scene as he sprayed the glass facade of the Queen's Building in Woodland Road using a fire extinguisher, with students and staff looking on.

Speaking ahead of the action, Meehan, who lives in Clifton, said “I’m taking action because I can’t stand by while universities continue to foster the very systems that are destroying us.

“Most people act like the world is just going to carry on, but it’s not and we haven’t got long. The very thing that gives us life is collapsing before our eyes. There is no bigger threat.

“I call on every academic to wake up to what their students will face and get out of their labs and lecture halls to join us on the streets this autumn, to call for an immediate end to all new oil and gas.”

The action comes within a week of fellow environmental group Extinction Rebellion launching [a campaign for the university to cut ties with Barclays](#), which is among the biggest financiers of fossil fuels.

Just Stop Oil are calling on academics and university staff to join them on the streets of London in November to demand the government immediately ceases the licensing for all new oil and gas projects.

A University of Bristol spokesperson said: “The University of Bristol plays a key role in tackling environmental change through its research, its teaching and how it operates.

“We know how important this is, not just to our staff and students, but to the whole world, which is why sustainability remains one of the central strands shaping the University’s vision of the future.

“We were the first university in the UK to declare a climate emergency in 2019, reaffirming our strong and positive commitment to take action on climate change and, a year later, in 2020 we completely divested from all investments in fossil fuel companies.

“All our partnerships undergo stringent due diligence checks and ethical review first, ensuring the University is using its expertise to influence positive change. We continue to actively engage with our major suppliers, including banks, to see where positive improvements and changes can be made.

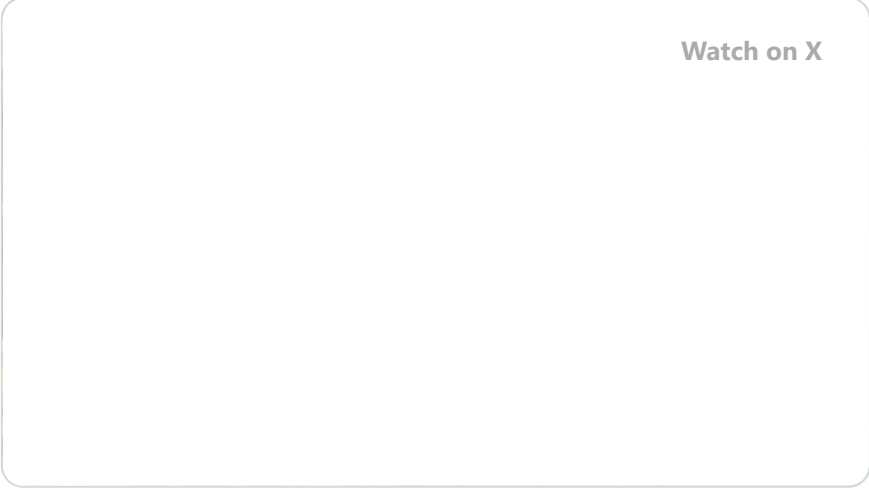

“We respect our staff and students’ right to raise concerns about issues they feel strongly about in a lawful way, and we will continue to listen to and engage with their views, however we ask that these are discussed with us directly and through appropriate channels.”

10th October 2023

In an act of protest against the University's continued connections to the fossil fuels industry, Just Stop Oil (JSO) vandalised the Radcliffe Camera shortly after noon. Whilst many support the environmental group's goals, students had mixed feelings about this highly visible act of protest.

Multiple JSO members threw paint at the RadCam and sat out front in protest, before police intervened. The removal of the protestors was met with a large reaction from the crowd. A student spokesperson for JSO, which has a history of high-profile protests at Oxford, says that they chose the Oxford landmark as it is the "most recognisable part of the university". JSO was hoping to raise awareness of the University's links to fossil fuel groups like INSEOS. They also hope this act of civil disobedience will help publicise the group's upcoming march in sixth week.

Many nearby students voiced support for the JSO. A third-year Jesus student agreed with JSO's goals, calling their protest "generally a good idea". He added that it is "unfortunate it causes disruption", but overall supports their actions. Two other nearby students added that this was a "peaceful protest" and argued that all effective protests are meant to cause annoyance in order to be visible.

Others, however, took a harsher stance. While JSO had warned librarians that this event would take place, the RadCam was closed following the vandalism, causing a disturbance to academic activities. One student from St Hildas stated: "I think Just Stop Oil has gone a bit far". They added that

“it raises awareness obviously, which is a good thing, but it could deter people [from the movement] at the same time”.

Two Christ Church students voiced their concern over the message the protest was sent, “I just think it will make students look bad because people will automatically assume that guy was a student”. They are worried about how this event will be treated by the press and the negative reputation it will give the movement; “it makes us look bad as well”.

Today’s vandalism of the RadCam comes amidst similar protests at Exeter and Bristol universities.

A Just Stop Oil supporter has used a fire extinguisher to spray orange paint across a University of Exeter building. He is calling for all students and faculty staff to march with the activist group this November.

At around 12.30pm today, George Simonson, 23, a mechanical engineering graduate from the University of Edinburgh, sprayed the glass facade of "The Forum" before climbing on top of the lobby entrance. A crowd of students looked on as campus security arrived, followed by the police "heights" team.

Just Stop Oil say police and campus security are still attempting to bring him down from where he currently sits on top of the Forum lobby. People on the ground have reported that a large crowd has gathered to watch.

Speaking ahead of his actions, George, who lives in London, told Just Stop Oil: "Our universities haven't told us a thing about what's coming down the road for us. They're letting the fossil fuel companies come to careers fairs and give out free pens and notebooks to students.

But taking action gives me hope. If one person has the power to put shockwaves through the system and challenge the status quo, then imagine what even more of us can do. If you feel powerless and terrified by what's happening across the world right now, take action and realise that you're powerful."

As reported by the [Guardian](#), UK universities are accepting funding from fossil fuel companies in research grants, tuition fees, and consultancy fees to the tune of £40 million since 2022. The activist group also claims the University of Exeter has received the most backing from fossil fuel firms since 2022.

Two other students were arrested today for taking action at Oxford University, while yesterday a 21-year-old was arrested for spraying the University of Bristol.

Police have arrested 62 Just Stop Oil protesters after a demonstration in central London.

Dozens of demonstrators lay down in the road near Parliament Square in Westminster at about 10am.

The Metropolitan Police said officers arrived four minutes after receiving a report and have subsequently arrested 62 people under section seven of the Public Order Act.

The protest group said around 65 activists were marching on Monday morning to demand an end to new oil and gas.

A spokesman added: “Ordinary people are in the road at Parliament Square, calling out our government’s genocidal policy of new fossil fuels. We will not stop.”

The Metropolitan Police said it arrived within four minutes of receiving the initial report, adding: “Officers are responding to a number of Just Stop Oil activists in the road. ”

“Officers will respond quickly to minimise disruption for Londoners,” the Metropolitan Police added.

It came as Just Stop Oil activists who took part in M25 protests await a High Court judge’s ruling after being accused of being in contempt.

Just Stop Oil activists have been accused of blocking an ambulance with "blue lights on" as it tried to weave its way through a demonstration on Waterloo London.

Police made at least 40 arrests after activists refused to move away with some slow marching towards The Strand.

The Metropolitan Police said the march on Wednesday was causing traffic to be held up on the bridge, including an ambulance with "blue lights on".

But Just Stop Oil posted on X, formerly Twitter, claiming that it was police officers who appeared to be blocking the ambulance "so they can blame it on a protest march going in the other direction".

Police posted a picture of the disruption and outlined the situation they were facing.

They said: "This is some of the congestion which JSO are causing on Waterloo Bridge.

"One of the vehicles is an ambulance on blue lights which is not able to get past.

"Officers are continually telling the activists to move out the road so it can pass while making arrests."

Police had earlier warned activists slow marching on Waterloo Bridge that if they did not move out of the road to continue their demonstration, they would make arrests.

A group of five Just Stop Oil activists, who were part of the original demonstration on Waterloo Bridge, then moved the slow march to The Strand, officers said.

"These are the final activists in the road. Officers are with them and making arrests," they added.

It comes after 44 Just Stop Oil activists were charged following disruption in London on Monday.

The charges include two people who allegedly smashed the glass cover of the Rokeby Venus, a painting once slashed by a suffragette at the National Gallery.

The other 42 activists were charged with obstruction of the highway

On Monday, police made around 100 arrests in Whitechapel as activists took part in a slow march, some of which was held around the Cenotaph.

---

**READ MORE**

The campaign group was accused of targeting the war memorial - which it strongly denied, saying activists had been moved to its base by police officers after shutting down traffic on the road.

JSO is calling on the government to stop all new gas and oil projects in the UK in order to tackle the climate crisis.

---

It is currently carrying out a four-week campaign of demonstrations.

On 1 November, 35 people were arrested after marching down West Cromwell Road in Kensington, and a further 60 were arrested in Parliament Square two days before, on 30 October.

Just Stop Oil is keeping busy.

Just one day after **targeting renowned prehistoric UNESCO World Heritage Site Stonehenge** (<https://www.euronews.com/culture/2024/06/19/uk-police-arrest-just-stop-oil-activists-after-unesco-world-heritage-site-stonehenge-defac>), two demonstrators from the British environmental activist group, named by the group as Jennifer Kowalski, 28, and Cole Macdonald, 22, are said to have broken into a VIP private airfield at Stansted airport this morning.

The pair attempted to target Taylor Swift's jet, as the pop star is scheduled to perform at Wembley Stadium on Friday, Saturday and Sunday this week, as part of her **worldwide Eras Tour** (<https://www.euronews.com/culture/2024/06/05/taylor-swifts-the-eras-tour-comes-to-france-a-day-in-the-life-of-a-swiftie-newbie>).

Unable to find the plane, they instead painted two other jets using fire extinguishers filled with orange paint.

Cole Macdonald said: "We're living in two worlds: one where billionaires live in luxury, able to fly in private jets away from the other, where unlivable conditions are being imposed on countless millions. Meanwhile, this system that is allowing extreme wealth to be accrued by a few, to the detriment of everyone else, is destroying the conditions necessary to support human life in a rapidly accelerating never-ending 'cruel summer'."

◀ "Billionaires are not untouchable, climate breakdown will affect every single one of us," Macdonald concluded. ▶

Yesterday, the **campaign group (<https://www.euronews.com/culture/2022/10/24/interview-just-stop-oil-activist-explains-why-its-right-to-attack-art>)** confirmed that a pair of its activists, named by the group as Niamh Lynch, 21, and Rajan Naidu, 73, had "decorated Stonehenge in orange powder paint" one day before the summer solstice.

They did so to demand that the UK's next government legally commit to phasing out fossil fuels by 2030.

The footage was **posted on social media** (<https://www.euronews.com/culture/2024/06/19/uk-police-arrest-just-stop-oil-activists-after-unesco-world-heritage-site-stonehenge-defac>), with the group saying that they has used "orange cornflour" so that it "will soon wash away with the rain".

English Heritage said the incident was "extremely upsetting", and it has instructed its curators to investigate the extent of the damage.

Prime Minister Rishi Sunak condemned the attack as a "disgraceful act of vandalism to one of the UK's and the world's oldest and most important monuments", while Labour leader Sir Keir Starmer said that "the damage done to Stonehenge is outrageous."

"Just Stop oil are pathetic," continued Starmer. "Those responsible must face the full force of the law."

**Just Stop Oil** (<https://www.euronews.com/culture/2022/10/24/interview-just-stop-oil-activist-explains-why-its-right-to-attack-art>) has warned of "resistance" this summer if the government does not take "meaningful action".

"Whilst governments are allowing oil corporations to run amok destroying our communities, the actions of individuals mean very little," the group said. "That's why Just Stop Oil is demanding that our next government sign up to a legally binding treaty to phase out fossil fuels by 2030."

"Failure to defend the people they represent will mean Just Stop Oil supporters, along with citizens from Austria, Canada, Norway, the Netherlands and Switzerland will join in resistance this summer, if their own governments do not take meaningful action."

### **Dozens of Just Stop Oil supporters have been arrested on suspicion of plotting to cause disruption at airports this summer.**

The Met Police said 27 JSO activists have now been rounded up following dawn raids in London, Gloucestershire, Oxfordshire, Devon, Essex, Manchester, Surrey, Sussex, Norfolk and West Yorkshire.

Among them were some believed to be 'key organisers' for the climate group, they added.

All the arrests were made under a section of the Public Order Act that makes it illegal to conspire to disrupt national infrastructure.

Four people were arrested on Tuesday after being identified at Gatwick Airport and have since been released on bail.

Six were held on Thursday night at an east London community centre hosting a Just Stop Oil event 'promoting airport disruption', the Metropolitan Police said in a statement.

A total of 17 people were arrested at their homes across England on Friday morning as Metropolitan Police officers worked with more than eight other forces.

Chief Superintendent Ian Howells, who led the operation, said: 'We know Just Stop Oil are planning to disrupt airports across the country this summer which is why we have taken swift and robust action now.'

'Our stance is very clear that anyone who compromises the safety and security of airports in London can expect a strong response from officers or security staff.'

'Airports are complex operating environments which is why we are working closely with them, agencies and other partners on this operation.'

Suspects released on bail are subject to conditions which include not travelling within one kilometre of any UK airport unless passing by while on a mode of transport.

In response to the wave of arrests, a Just Stop Oil spokesman said: 'It isn't a massive surprise.

'I think it speaks volumes when we've got a police force cracking down on non-violent Just Stop Oil supporters in this way.

'The people enacting criminal damage on an unimaginable scale against all of us – oil company executives and the politicians that they've bought, basically – when is it that those folks are going to face the full force of the law?'

Asked about the justification for planning to target airports during the key summer holiday period, the spokesman said: 'In normal times, that kind of disruption would be entirely unacceptable.'

'But you can't really disassociate what we're potentially planning on doing from the reasons why.'

He added that disruption is necessary because people are 'dropping dead around the world' from extreme heat, and 'tipping points' are being passed.

## **We refuse to die for fossil fuels – Just Stop Oil response to police raids resulting in at least 27 arrests.**

Press / June 28, 2024

Over the last 12 hours the British state has acted unlawfully in detaining a total of at least 27 ordinary people sharing food at a community event and at their homes. Their only crime? They are Just Stop Oil supporters.

Being a Just Stop Oil supporter is now enough to make you a suspect. Believing that no government has the right to tyrannise the entire world by

encouraging the extraction and burning of fossil fuels, marks you out as a dangerous radical.

But we will not be intimidated. The painful truth right now is that our politicians and corporations have no intention of acting in accordance with the fundamental interests of either our young people or the country as a whole. Not content with cheering on war crimes in Gaza, our politicians have sat by and allowed the last government to licence yet more oil, making them complicit in the greatest crime in human history.

Continuing to extract and burn oil, gas and coal is an act of war against humanity that will result in unimaginable suffering and destroy the lives and livelihoods of billions of people. No one has ever voted for this, there has never been a democratic mandate to destroy the habitable world.

Just Stop Oil supporters are deeply committed to protecting their families and communities from the tyranny of fossil fuels. If our government refuses to do what is right to protect humanity, then people will step up to do what needs to be done. We refuse to die for fossil fuels and we refuse to stand by while millions are murdered.

That's why we are joining an international uprising taking nonviolent collective action to defend humanity. Sign up to take action at [juststopoil.org](https://juststopoil.org).

We demand that our government stops the extraction and burning of oil, gas and coal by 2030 and that they support and finance other countries to make a fast, fair and just transition. They must sign the Fossil Fuel Treaty to end the war on humanity before we lose everything.

# Executive Summary

- In 2019, the value of trade going through Heathrow Airport stood at approximately **£188bn**, of which 56% came from imports.
- This was equivalent to **20.6%** of UK trade of goods by value that year (and approximately **34.7%** for non-EU trade).
- We forecast that by 2025 this will grow to over **£204bn**, representing **21.2%** and **32.0%** of UK trade of goods and non-EU trade of goods by value, respectively.
- Forecasts were carried out using Cebr's in house macro model, which is updated monthly.
- Passengers who entered the UK through Heathrow spent an estimated **£16.6bn** in the UK in 2019.
- Cebr estimates that, when international travel resumes, Heathrow passenger expenditure in the UK could rise by as much as **10%** by 2025.
- From microchips to medical research, the data shows the high value industries that will be unlocked through this Heathrow trade route, with cargo worth more than **£100,000 per tonne** compared to £1,330 per tonne for shipping.
- Based on the composition of cargo passing through Heathrow in 2025, together with the geographic composition of the UK in 2021, it is estimated that regions including the **Midlands**, **Wales** and the **North East** could benefit most, since they are the most manufacturing intensive.
- Cebr's input-output modelling shows that Heathrow Airport is expected to contribute approximately **£4.7bn** to the UK economy and is set to support more than **140,000 jobs** across its broad supply chain by 2025.
- Heathrow facilitates almost half of trade in value with current members of the **Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP)**, that the government is considering to join.

# Overview of the study

- Cebr has undertaken research to quantify the economic impact associated with Heathrow Airport.
- This includes a forecast analysis for a post-Covid, post-Brexit 2025, with 2019 as the baseline year. Forecasts were carried out using Cebr's in house macro model (March 2021).
- The report is broken down into three different modules:
  - ✓ **Module 1 – Sectors and people:** this looks at the sectors that rely on aviation trade routes to enable high value trade and business as well as the associated passenger expenditure in the UK that is directly supported by the airport. It also contains an analysis of the economic multiplier impacts of Heathrow Airport.
  - ✓ **Module 2 – Value of Heathrow:** this assesses the value of aviation trade routes through Heathrow, as well as how this compares to other trade routes into and out of the UK (namely, shipping).
  - ✓ **Module 3 – Regional impact of Heathrow:** this evaluates the impact of trade through Heathrow on the UK economy and which of the regions might be most impacted owing to the composition of trade facilitated by Heathrow.
  - ✓ **Module 4 – Countries:** this looks at the countries which will potentially provide the greatest opportunity for the UK economy through free trade agreements that rely on these trade routes through Heathrow.

# Module 1: Sectors and people

# In 2019, 35% of non-EU trade of goods passed through Heathrow

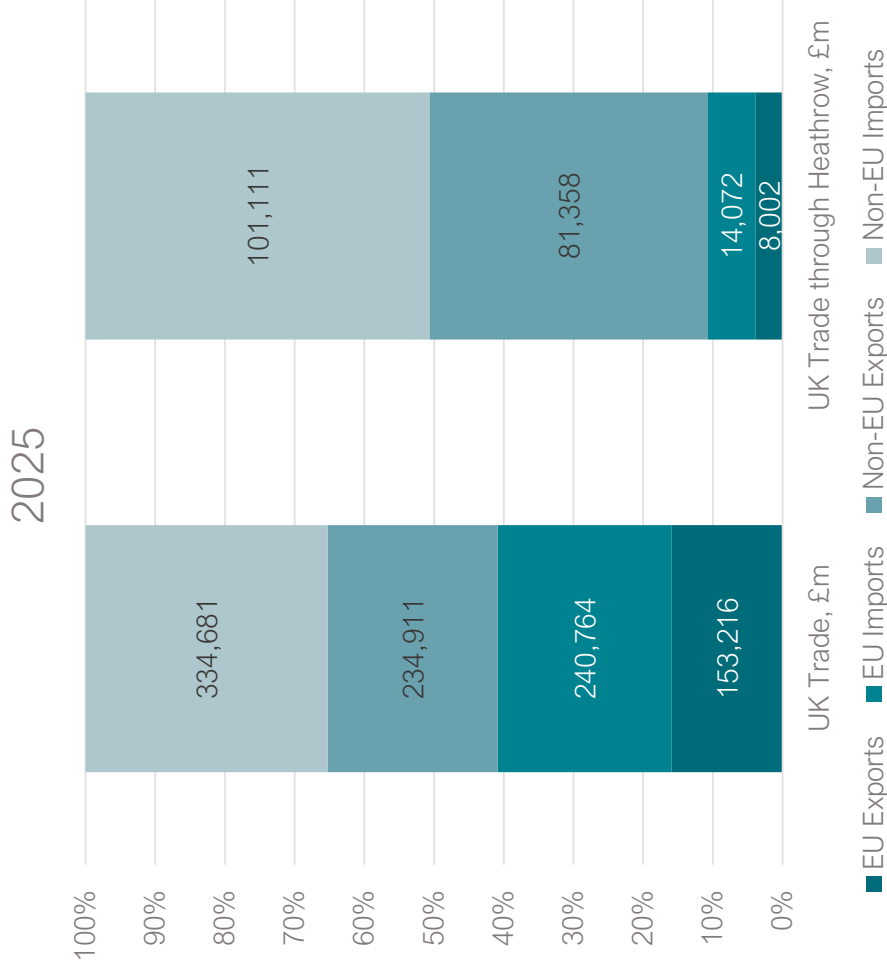

- Approximately **£188bn** worth of goods were transported into and out of the UK through Heathrow Airport in 2019.
- This represented **20.6%** of all UK trade of goods, and just over **13.5%** of all UK trade of goods and services in 2019. **34.7%** of non-EU trade of goods passed through Heathrow, while we estimate that only **5.4%** of EU trade was handled at Heathrow.
- The value of total trade through Heathrow figure is a Cebr estimate.
- While the figures for non-EU trade through Heathrow come directly from UK Trade Info data provided by HMRC, no such data exists for goods traded with the EU through Heathrow in 2019 - however, as a result of Brexit this data does exist for the first months of 2021.
- Using the EU trade figures from 2021, we calculated EU trade-specific Heathrow to UK ratios and we subsequently scaled these up for 2019.

Source: UK Trade Info (HMRC), Cebr analysis

# Value of trade routes through Heathrow to non-EU countries is set to increase by approximately 11% by 2025

- The total trade through Heathrow is forecasted to increase to over **£204bn** by 2025, equivalent to a growth rate of **8.9%** during this period. For trade with non-EU countries, the growth rate is forecasted to be approximately **11%**, while trade with EU countries is expected to decrease by more than **7%**.
- By 2025, the value of trade through Heathrow as a share of all UK trade of goods and services is expected to grow to **21.2%** and **14.6%**, respectively.
- Cebr estimates that **32.0%** of non-EU trade of goods and **5.6%** of EU trade will be handled at Heathrow in 2025.
- Our forecast model is based on the assumption that Brexit and a 'Global Britain' policy will result in trade with the EU decreasing in favour of establishing stronger trade relationships with non-EU countries. Details of the methodology are presented in the Appendix.
- The projected trend is driven in large part by goods from the manufacturing sector, particularly those that can be considered "high value" manufacturing, such as microchips, medical equipment, industrial machinery equipment or man-made fibres.

# UK Trade with non-EU countries is set to rise by 20% over the next 5 years

2019

UK Trade with non-EU countries

2025

UK Trade with non-EU countries

# Heathrow is a major facilitator of UK trade of high value manufacturing goods

- Despite Heathrow's relatively low share of UK trade by cargo **volume**, it is a major transportation hub in the UK by **value**, owing to the type of goods that it facilitates the trade of, notably high value manufacturing goods.
- Over 90% of the UK's trade by **volume** is transported by sea<sup>1</sup> but due to the higher value cargo that is transported by air, Heathrow is responsible for over a fifth of the UK's trade of goods by **value**.
- Evidence from the Civil Aviation Authority reveals that almost **two thirds of all trade transported by air in the UK was moved through Heathrow in 2019** with this figure rising to **over 75% for non-EU trade**.

- According to UK Trade Info (HMRC) data, Heathrow was the final destination for many of the non-EU trade routes into the UK.
- Amongst them, not only products belonging to the category of manufacturing, but also goods from the agriculture, forestry and fishing category, were identified.

Products passing through Heathrow, 2019	% of UK Exports	% of UK Imports	% of UK Trade
Live animals	57%	25%	51%

# Heathrow passenger expenditure in the UK could rise by as much as 10% by 2025

- Passenger expenditure refers to the general spending done by passengers travelling through Heathrow into the UK. This may be in the form of accommodation, restaurants or other business and tourism activities.
- We estimate that, in 2019, passengers travelling into Heathrow spent a total of **£16.56bn** across the UK. Almost 50% of total spending is represented by passengers travelling from North America or Middle East. In particular, the biggest contribution from a single country comes from travellers from the US, who spent **£3.74bn** (23% of total spending) across the UK in 2019.
- We have projected passenger expenditure up to 2025, under three different “Covid-19 scenarios”. Details of the methodology are presented in the Appendix.
- Under the most **optimistic scenario**, which forecasts the end of the pandemic’s impact on aviation by Summer 2021, the total passenger expenditure is expected to rise by 10% over the next 5 years to **£18.15bn**.
- Under the most **pessimistic scenario**, which assumes a protracted health crisis and subsequent low passenger confidence, we expect a reduction in passenger expenditure of 18% to **£13.58bn** by 2025. This partly reflects the trend observed over the last twelve months, when passenger traffic numbers at Heathrow decreased by **72.7%**.

# Heathrow could contribute around £4.65bn to the UK economy by 2025

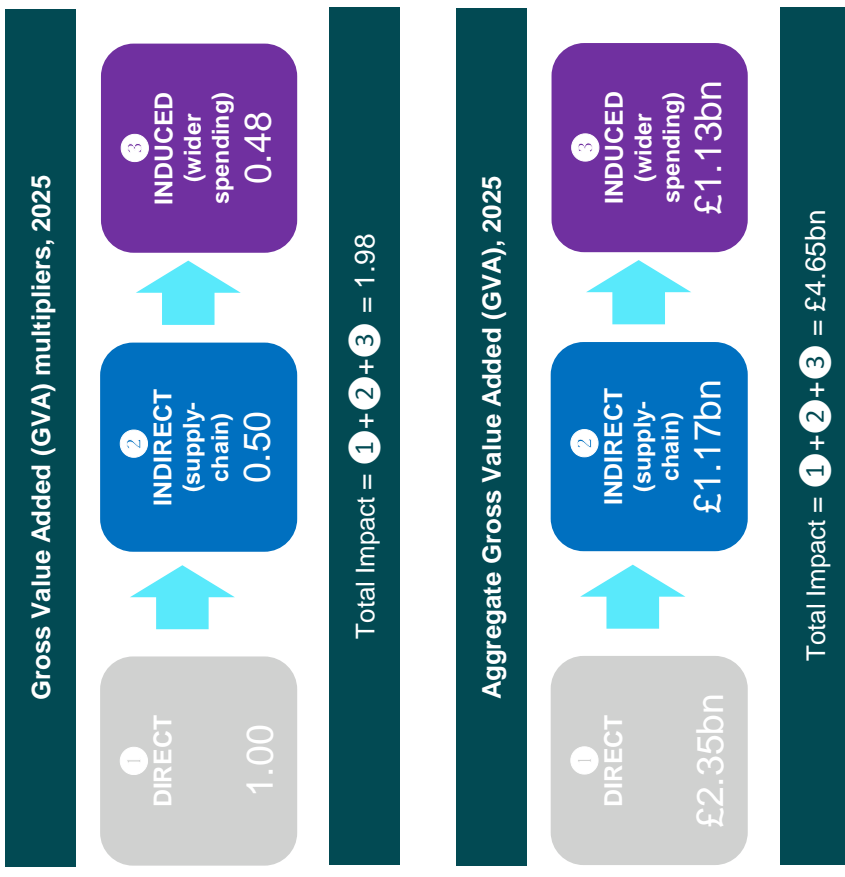

- This section of the analysis is based on pre-pandemic figures and assumes that international travel will fully resume by 2025.
- Heathrow could contribute around **£4.65bn** to the UK economy by 2025. This figure does not include passenger spend and value of trade facilitated by the airport, which can be considered as additional “downstream impacts”.
- Over **140,000 jobs** are set to be supported by Heathrow and its broad supply chain by 2025. This figure is based on the more than 76,000 people working at Heathrow in 2019 for one of the 400 businesses that operate across the airport – ‘Team Heathrow’.
- This analysis was carried out using an input-output model, which generates economic multipliers that quantify the total economic footprint of Heathrow Airport into three separate but interlinked impact layers.

(For a more detailed methodology note on how this is calculated, see the Appendix.)

Heathrow Airport, 2025	Direct	Indirect	Induced	Aggregate
Turnover (£m)	3,127	1,463	1,364	5,953
GVA (£m)	2,351	1,173	1,125	4,650
‘Team Heathrow’ employees <sup>2</sup>	78,140	38,085	27,208	143,433
Heathrow employees	7,856	3,829	2,735	14,421
Compensation of Heathrow employees (£m)	386	196	136	717

Source: Companies House, Heathrow Airport, Cebr analysis

[2] The same jobs multipliers were applied to the two employment figures. Cebr recognises the limitation of the analysis in that it does not offer an accurate picture of ‘Team Heathrow’ employment’s composition, which includes a broader range of jobs. This can result in an underestimation of the aggregate jobs impact as this does not account for a number of economic sectors that present more complex supply chains than airport services and operations.

## Module 2: Value of Heathrow

# The value of trade going through Heathrow is significantly higher than that of shipping and other modes of transport

- Our estimates show that the value per tonne of cargo going through Heathrow Airport is almost 80 times greater than the value of UK shipping trade routes, and about 10% higher than the value of UK aviation trade routes (excluding Heathrow).
- This was estimated by dividing the value of cargo per mode of transport by the respective cargo volume measured in tonnes.
- The data for cargo value is sourced from UK Trade Info data (HMRC), and the cargo volume data comes from Department for Transport (DfT) data releases and from the Civil Aviation Authority (CAA) for shipping and aviation, respectively. All data is from 2019.
- Because the UK was still part of the EU in 2019, the data for cargo value presented is only for non-EU trade; this meant having to estimate the overall trade volume figure wherever appropriate.

Mode of transport, 2019	£ per tonne
Heathrow	103,076
Aviation (excl. Heathrow)	93,812
Shipping	1,334

# Module 3: Regional impact of Heathrow

# As a major hub, Heathrow offers significant benefits to regional economies

- Heathrow Airport is the only hub in the UK and a major hub in Europe. Hub airports like Heathrow are different in nature to regional airports serving point to point flights and are able to generate greater economic benefits.
- Due to its hub status Heathrow can serve a broad range of destinations, in particular making long haul destinations viable and profitable routes to airlines.
- Heathrow connects all UK's regions to worldwide destinations and markets, this connectivity supports not only London's economic activity but also regional economies by stimulating:
  - ✓ Trade;
  - ✓ Foreign direct investment; and
  - ✓ Tourism.
- As well as enabling more business travel and supporting UK tourism, flights operating at Heathrow also carry up to 20 tonnes of freight in the belly hold, opening up new opportunities for UK manufacturers to export their goods and services around the world, as well as enabling imports.

# The Midlands, Wales and the North East could stand to benefit the most from future FTAs and trade policies

- Given the significant role Heathrow plays in the trade of “high value” manufacturing products, evaluating the “high value” manufacturing propensities for each of the regions is a good way to gauge which regions might be most affected by future FTAs which would change the trading landscape of the UK. In 2019, more than 80% of UK trade to non-EU countries concerned manufactured goods.
- By “high value” manufacturing propensity we mean how much more (or less) “high value” manufacturing intensive that particular sector is within each region compared to the UK average (which would be equal to 1).
- **The Midlands, Wales and the North East** depend more on “high value” manufacturing than Scotland and the South East, and therefore we would expect them to be amongst the regions most heavily impacted by future FTAs and trade policy.
- Other regions, such as London, are more likely to be unaffected by the gains associated with any potential growth in “high value” manufacturing due to future FTAs.

*(For the full list of regional propensities and a more detailed explanation of methodology, see the Appendix.)*

# Scotland and Wales could benefit from increased trade in agriculture, forestry and fishing

- Although agriculture, forestry and fishing only account for a marginal part of UK total trade (in 2019, they represented less than 5% of UK trade to non-EU countries), some specific products heavily rely on Heathrow routes.
- In 2019, 63.5% of fish, crustaceans and molluscs exported from the UK to non-EU countries and 27.5% of dairy products & birds' eggs imported to the UK from non-EU countries were handled at Heathrow.
- Regional propensities for this sector are very heterogeneous throughout the country, suggesting that some regions could obtain bigger benefits from increased trade in agriculture, forestry and fishing.
- More specifically, **Scotland** and **Wales** depend more on the above sectors than the other regions, with regional propensities of 2.36 and 1.66 respectively.

# Module 4: Countries

# Heathrow facilitates almost half of trade in value with current CPTPP members

- The government's aim is to secure secure FTAs covering 80% of UK trade within the next three years, to become a truly Global Britain. Establishing Free Trade Agreements (FTAs) could further increase the value of trade between the UK and its respective partners by reducing tariffs and restrictions currently in place on UK exports.
- As a key part of its trade negotiations programme, the government has now formally launched negotiations to pursue accession to the Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP).
- As of 2019, Heathrow facilitates 46.2% of trade in value with current CPTPP members. 30.9% of exports and 55.0% of imports from the UK to these countries pass through Heathrow.

Heathrow trade, 2019	Total, £m	% of UK Trade
Australia	8,429	64.9%
Brunei	28	43.4%
Canada	10,592	58.5%
Chile	36	23.4%
Japan	6,278	37.2%
Malaysia	658	19.6%
Mexico	1,598	44.2%
New Zealand	288	16.9%
Peru	82	13.0%
Singapore	3,282	37.6%
Vietnam	2,057	39.6%

# “The UK will be a champion of free trade and will seek FTAs with like-minded democracies” – DIT (2020)

## US

- The Government’s analysis shows a UK-US FTA could increase trade between both countries by £15.3bn in the long run and increase UK workers’ wages by £1.8bn. UK-US trade was valued at £220.0bn in 2019, of which almost 40% passed through Heathrow.
- Evidence from the literature reveals that the Midlands could benefit significantly from a UK-US FTA, with one in five of all exports from the region already going to the US. The North of England could also benefit by increasing exports of machinery, road vehicles and manufactured products to the US market.

## Australia

- The FTA recently signed with Australia could increase UK exports to Australia by up to £900 million, according to recent government analysis. UK businesses traded £18.1 billion worth of goods and services with Australia in 2019.
- Furthermore, the UK was the second largest direct investor in Australia and the second largest recipient of Australian foreign direct investment (FDI) in 2019. The stock of UK FDI in Australia was £35.6 billion in 2018, while Australia invested £15.9 billion in the UK.
- Heathrow, as major hub for connectivity, plays a central role in boosting foreign investment.

## Japan

- The government signed an FTA with Japan in October 2020, which could boost trade between the UK and Japan by over £15 billion and drive economic growth in the long run. Currently 37% of trade with Japan is handled by Heathrow, suggesting that over £5bn worth of additional trade with Japan could be facilitated by the airport.

# Appendix

# In house Cebr macro model assumptions

- The Cebr macro model forecast takes into account expectations about a number of economic indicators, including:
  - ✓ Economic growth;
  - ✓ Inflation;
  - ✓ Labour market conditions;
  - ✓ Consumer market conditions;
  - ✓ Trade policies;
  - ✓ Brexit;
  - ✓ Covid; and
  - ✓ Technological advancements and innovation.
- With specific regard to trade, the model considers that Brexit will be ‘harder’ than was originally assumed after the EU-UK Trade and Cooperation Deal was signed. Both exports to and imports from the EU will settle at a level that might be as much as 15% lower than would have been the case had Brexit not occurred. Furthermore, benefits from non-EU trade will only start to accrue slowly.
- This report used the March 2021 update.

# Regional breakdown of inbound and outbound Heathrow passengers

- This is the total number of passengers that travelled through Heathrow Airport in 2019, as per Civil Aviation Authority (CAA) data.
- It includes UK residents travelling abroad via Heathrow, foreign travellers visiting the UK through Heathrow, and “transit” passengers – that is, passengers who are only passing through Heathrow as a layover stop to their final destination.
- By 2025 we expect the total number of passengers to exceed 83 million under the optimistic scenario, with some variations in the regional breakdown.
- The passenger numbers forecast for the other two scenarios is as follows: in the central scenario we expect this number to almost reach 78 million, and in the pessimistic scenario we expect this figure to exceed 63 million.

Inbound and outbound passengers through Heathrow by region, 2019	Total	Share
UK	4,840,337	6%
EU	27,462,189	34%
Non-EU Europe	5,648,380	7%
North America	19,031,973	26%
Asia Pacific	11,285,545	14%
Middle East	8,119,136	10%
Africa	3,091,504	4%
Latin America	1,382,506	2%
<b>Total</b>	<b>80,861,570</b>	<b>100%</b>

# Heathrow passenger expenditure forecast: methodology and assumptions

- Passenger expenditure figures were estimated by calculating the proportion of inbound terminal passengers into Heathrow and, using average expenditure data from the International Passenger Survey carried out by VisitBritain, calculating the total spending by these passengers in the UK.
- The expenditure forecast analysis makes use of passenger forecast scenarios from Eurocontrol and world GDP forecast from the International Monetary Fund (IMF) Economic Outlook.
- In November 2020, Eurocontrol published forecasts of air traffic for 2019-2024 looking at three potential scenarios:
  - *Scenario 1. Vaccine Summer 2021: Vaccine widely made available for travellers (or end of pandemic) by Summer 2021.*
  - *Scenario 2. Vaccine Summer 2022: Vaccine widely made available for travellers (or end of pandemic) by Summer 2022.*
  - *Scenario 3. Vaccine not effective: Lingering infection and low passenger confidence.*<sup>1</sup>
- We have used Eurocontrol forecasts to extrapolate Heathrow passengers potential growth for 2019-2025 and world GDP as main driver of expenditure.
- The passenger forecast, together with the expenditure forecast, yields an estimate for the total spending by travellers coming into the UK through Heathrow in 2025.

# Input-output model methodology note

- Our input-output models<sup>2</sup> establish the relationships between industries through supply chain linkages, as well as industries' linkages with government, capital investors and the rest of the world (through trade).
- The models produce three types of impacts (as seen in the figure on the right).
- They are consistent with the national accounting framework, and are based on the ONS supply-use tables.
- The supply-use tables provide the most detailed official record of how the industries of the economy interact with other industries, with consumers and with international markets in producing the nation's GDP and national income.
- Using the supply-use tables, we establish an explicit role for Heathrow Airport within our input-output models, which facilitate the estimation of indirect and induced multiplier impacts.
- These three impacts are then combined to convey the aggregate impact associated with Heathrow Airport in terms of turnover, GVA, employment, and the compensation of employees.

[2] The Leontief matrix multiplier approach is the standard method for mapping the wider footprint of a particular company or sector. It is based on the Nobel Prize-winning work of Wassily Leontief.

# Regional propensities in the UK – full table & more detailed methodology

- Valuating the regional propensities for trade-intensive sectors is a good way of assessing which regions have the most to gain (or lose) from any future trade agreements where Heathrow might play a leading role.
- In essence, a regional propensity captures the relative intensity of a particular sector in a given region. For instance, the manufacturing propensity measures how much more (or less) manufacturing intensive a region is compared to the average (i.e. compared to the rest of the UK). A manufacturing propensity greater (smaller) than 1 means that particular region is more (less) manufacturing intensive compared to the rest of the UK.
- The table shows the relative intensity of manufacturing, high value manufacturing and agriculture for the UK regions and, therefore, which regions might have the most (and least) to gain from an FTA where Heathrow would play the role of major facilitator.

Regional propensity, 2019	Manufacturing	"High value" manufacturing	Agriculture
East	0.95	0.80	1.31
East Midlands	1.61	1.32	1.28
London	0.29	0.16	0.04
North East	1.27	1.53	0.59
North West	1.16	1.14	0.54
Scotland	0.84	0.73	2.36
South East	0.82	0.90	1.10
South West	1.09	1.34	1.46
Wales	1.40	1.63	1.66
West Midlands	1.46	1.85	1.14
Yorkshire and The Humber	1.42	1.14	0.76

## Who we are

National Protective Security Authority (NPSA) has absorbed the responsibilities of the Centre for the Protection of National Infrastructure, but with a broad remit, reflecting the fact that the threats the UK faces today extend far beyond critical national infrastructure. NPSA is a part of the Security Service, MI5.

We are the UK's National Technical Authority for physical and personnel protective security, maintaining our expertise in counter terrorism as well as state security threats.

Our mission is: '**Building resilience to national security threats**'.

video with subtitles

We do this, alongside our partners – the [National Cyber Security Centre \(NCSC\)](#) and [UK National Authority for Counter Eavesdropping \(UK NACE\)](#) – by developing protective security guidance for government and industry, that is informed by intelligence and our unique understanding of the threat.

Our work helps keep our citizens safe, protects the economy and our science and technological advantage, as well as the infrastructure upon which daily life depends.

## What we do

We help organisations understand the range of threats they and the UK face, for example from terrorism, espionage, and state actors, and importantly what they can do to minimise their risk through how they operate day to day.

We recognise that the protective security needs, resources and understanding of our customer base vary significantly and we develop advice and guidance that is scalable to meet these diverse security requirements. This content and guidance is more accessible to those with no or limited security background, alongside our advice for security professionals and technical experts.

Through our expanded campaigns, training, guidance, and advice offering, we help organisations of all sizes and sectors to recognise, identify and mitigate security risks by implementing proportionate and practical protective security measures.

We embrace digital opportunities and technology that help us reach more organisations and sectors with our guidance, training and advice products.

## How we do this

Our guidance, training, and advice is derived from our world-leading research and development programme, and by MI5's expert understanding of the threat. We deliver our advice primarily through our campaigns and online self-service guidance and advice offering at [www.npsa.gov.uk](http://www.npsa.gov.uk), alongside our in-person industry engagement.

We work closely with key partners which includes Government departments, the National Counter Terrorism Security Office (NaCTSO) and the police.

NPSA is committed to equality, diversity and inclusion (EDI). EDI is integral to our culture and working practices, as well as our protective security efforts. We also work closely with key partners to promote greater EDI in the wider security profession.

NPSA is committed to supporting EDI within our organisation and developing a workforce with a range of backgrounds, identities, education and experience. Promoting EDI isn't just about doing the right thing, but goes to the heart of what we exist to do. The success of our cutting-edge protective security advice as a National Technical Authority depends on our ability to draw on the best people, with the best skills, and to engage with and understand our customers.

We also work closely with partners to promote greater EDI in the wider security profession. It is widely recognised that improving EDI is crucial for the success and sustainability of the profession. With greater EDI we can ensure that the profession both attracts and retains a diverse workforce, with fair treatment and opportunity for all. In doing so, we create an inclusive environment where everyone can thrive.

## Our history

Since the Centre for the Protection of National Infrastructure was established in 2007, we have focussed primarily on counter terrorism (CT) threats to the Critical National Infrastructure (CNI), developing world-leading products, guidance, and advice in its role as the National Technical Authority on Physical and Personnel protective security.

Since 2007, both the threats and the sectors where these threats manifest themselves have evolved. The attack types from terrorism have expanded and there has been an emergence of low sophisticated attacks from self-initiated terrorists.

Today the UK's strategic advantage, through our science and technology, is as much under threat from theft by state actors, as our critical national infrastructure and publicly accessible locations are from terrorist attack. Our national security and economic security are increasingly intertwined through the state threats we face.

Like CPNI, NPSA will work alongside the National Cyber Security Centre (NCSC) and National Counter Terrorism Security Office (NaCTSO) to target harden the UK's economy, infrastructure, industries and crowded places.

Now the National Protective Security Authority, we continue to be UK's National Technical Authority for physical and personnel protective security, and maintain an expertise in CT as well as state threats.

# Critical National Infrastructure

Last Updated 25 April 2023

## Critical National Infrastructure

National Infrastructure are those facilities, systems, sites, information, people, networks and processes, necessary for a country to function and upon which daily life depends. It also includes some functions, sites and organisations which are not critical to the maintenance of essential services, but which need protection due to the potential danger to the public (civil nuclear and chemical sites for example).

## The 13 national infrastructure sectors

In the UK, there are 13 national infrastructure sectors:

- Chemicals
- Civil Nuclear
- Communications
- Defence
- Emergency Services
- Energy
- Finance
- Food
- Government
- Health
- Space
- Transport

Each sector has one or more Lead Government Department(s) (LGD) responsible for the sector, and ensuring protective security is in place for critical assets.

## Definition of CNI

Not everything within a national infrastructure sector is judged to be 'critical'. The UK government's official definition of CNI is:

'Those critical elements of infrastructure (namely assets, facilities, systems, networks or processes and the essential workers that operate and facilitate them), the loss or compromise of which could result in:

- a) Major detrimental impact on the availability, integrity or delivery of essential services - including those services whose integrity, if compromised, could result in significant loss of life or casualties - taking into account significant economic or social impacts; and/or
- b) Significant impact on national security, national defence, or the functioning of the state.'

Feedback

NPSA is focussed on providing advice and assistance to those who have responsibility for protecting these most crucial elements of the UK's national infrastructure from national security threats.

## A.1 Administration and control of the aerodrome manual

### 1.1 Introduction & Statements of Compliance

The Aerodrome Manual forms an important part of the certification process required by the Civil Aviation Authority (CAA) with respect to the operation of the aerodrome. This document complies with all applicable requirements as detailed in UK Reg (EU) No 139/2014 (the UK Aerodromes Regulation) ADR.OR.E.005 and is in accordance with the terms of the aerodrome certificate.

Following the transition of EASA regulations into UK law, regulatory references are now in accordance with 'Regulation (EU) No 139/2014 as retained and amended in UK domestic law (UK Reg (EU) No 139/2014 (the UK Aerodromes Regulation)) under European Union (Withdrawal) Act 2018'. References to rules are currently contained in CAA 139/2014 Aerodromes AMC GM, CAA 139/2014 Aerodrome CS ADR GM and in CAA 139/2014 Aerodromes CS HPT GM.

The Manual and its associated documents contain information relevant to the safe operation of Heathrow's aerodrome. It describes the aerodrome services and facilities, the airfield management structure and responsibilities, the aerodrome safety management system, and provides references to pertinent operational procedures and standards.

All users of the aerodrome are expected to follow the standards and operational procedures referred to in this document, in order to meet or exceed the minimum standards required by the terms of the certificate. Full operational safety instructions are available online at [Heathrow.com/airside](https://www.heathrow.com/airside).

Heathrow Airport Limited gives safety the highest priority at all times. It is committed to ensuring the health and safety of employees, customers, business partners and members of the public, so far as is reasonable and practicable.

Heathrow welcomes and encourages the participation of airside users in the continuous improvement of the safety standards laid out in this manual.

**Emma Gilthorpe**  
Chief Operating Officer  
Accountable Manager  
Heathrow Airport Limited.

- 2.3 Handwritten amendments and revisions are not permitted except in situations requiring immediate amendment or revision in the interest of safety
- 2.4 A description of the system for the annotation of pages or paragraphs and their effective dates
  - 2.4.1 Throughout this manual, links are provided to other Heathrow documents which are subordinate to the Aerodrome Manual and may be referred to for further detail on a particular subject. These are annotated within the document thus;

A **RED** border indicates that one or more “Airside Standard, Plan or ASOP” exists for a subject. These documents are predominantly aimed at the Heathrow Airside department and are available upon request from the ASAM.

A **BLUE** border indicates that one or more “Operational Safety Instruction (OSI)” exists for a subject. These documents are issued to the whole Airside community and set out safety requirements for both Heathrow internally, and external stakeholders. OSI’s are published on the Heathrow website – [www.heathrow.com/airside](http://www.heathrow.com/airside)

- 2.5 A list of effective pages or paragraphs
  - 2.5.1 Unless otherwise stated, all paragraphs in the manual are current.
- 2.6 Annotation of changes (in the text and, as far as practicable, on charts and diagrams)
  - 2.6.1 Changes to the text from the previous issue of the manual, both additions and removals, will be marked in the margin immediately adjacent to the text concerned, prior to review and approval.
- 2.7 Temporary revisions
  - 2.7.1 Temporary revisions (<6m duration) will be issued to the community by means of an Operational Advice Notice, and to flight crews via a NOTAM and/or AIP supplement, if applicable. Longer term temporary revisions (>6m) will be included within the Aerodrome Manual, with an appropriate annotation of the timescale involved, Operational Safety instruction publication and an AIP amendment if applicable.
- 2.8 Description of the distribution system and a distribution list for the aerodrome manual, its amendments and revisions
  - 2.8.1 The Aerodrome Manual is published in a number of formats;
    - (a) **Internet**; the manual is published on Heathrow’s website and is accessible to the general public or aerodrome users, via [www.heathrow.com/airside](http://www.heathrow.com/airside).
    - (b) **Electronic format (Email)**; copies of the manual are available to aerodrome users (Airlines, Handling Agents, Service Providers, Control Authorities) via email upon request. All users are notified by means of an Operational Safety Instruction when a new version of the manual is issued.

ASSMS\_OSI\_082 Aerodrome Manual

## A.3 General information

### 3.1 Purpose and scope of the aerodrome manual

- 3.1.1** The principal purpose of the Aerodrome Manual (“The Manual”) is to describe how the aerodrome management will discharge its safety responsibilities.
- 3.1.2** The Manual seeks to ensure that all colleagues (HAL and third parties) are aware of the safety aims of the organisation, the chain of command, and their own responsibilities with respect to aerodrome safety.
- 3.1.3** The Manual sets out Heathrow’s aviation safety policies. The Manual is Heathrow’s primary aerodrome safety document; and provides the strategic basis for the development of tactical plans and operational procedures.
- 3.1.4** All Aircraft operators at Heathrow are required, as part of the aerodrome ‘Conditions of Use’, to adhere to the safety obligations detailed in the Manual and its subordinate documentation.
- 3.1.5** The Manual will describe the relevant aerodrome management structure and detail the safety accountabilities/responsibilities borne by each individual or group of colleagues.
- 3.1.6** The Manual will describe the aerodrome services and facilities, and set out the particulars of the aerodrome site, including any restrictions on operation or aerodrome availability.
- 3.1.7** Relevant Heathrow safety and environment policies and procedures are included or referred to within the Manual.

### 3.2 Legal requirement for an aerodrome certificate and the aerodrome manual

- 3.2.1** The ICAO requirement for member states to adopt a regulatory system for the Certification (i.e. Licensing) of Aerodromes used for international operations is set out in the Standards and Recommended Practices (SARPs) contained in Annex 14 Volume I to the Convention on International Civil Aviation (The Chicago Convention of 1944). Submission of an Aerodrome Manual by the applicant, as part of the approval/acceptance process for the granting of an Aerodrome Certificate, is included as a Recommendation.
- 3.2.2** The United Kingdom Civil Aviation Act of 1982 (the Act) makes provision for an Air Navigation Order (the Order) or ANO, last amended by the Air Navigation (Amendment) Order 2022, which puts the provisions of the Chicago Convention and its Annexes into effect. The ANO is published in Civil Aviation Publication 393 ‘Air Navigation: The Order and the Regulations’ (CAP 393).
- 3.2.3** Within the Air Navigation Order (ANO), article 207 sets out the requirement for flights operated for the purposes of commercial transport (as detailed in article 208) to use only aerodromes certificated for the take-off and landing of such aircraft.
- 3.2.4** —The UK continues to have the same standards established under EU retained legislation and the certification responsibilities will remain with the CAA. Current certification will remain in place until the current EC 216/2008 certificate expires, at which point, the assessment criteria will be based on the provisions of Regulation 2018/1139.
- 3.2.5** **3.2.4** Regulation (EU) No 139/2014 as retained and amended in UK domestic law (UK Reg (EU) No 139/2014 (the UK Aerodromes Regulation) sets out the implementing rules and administrative procedures related to aerodromes as required by EC216/2008. ADR.OR.B.005 requires an applicable certificate to be issued by the Competent Authority (the UK Civil Aviation Authority) in order to operate an aerodrome for commercial transport.

**3.2.63.2.5** In addition, Regulation (EU) No 139/2014 as retained and amended in UK domestic law (UK Reg (EU) No 139/2014 (the UK Aerodromes Regulation) para. 1 ADR.OR.E.005 requires that each aerodrome operator establish and maintain an aerodrome manual, such that it "...contains or refers to all necessary information for the safe use, operation and maintenance of the aerodrome

**3.3** Conditions for use of the aerodrome by its users

**3.3.1** Heathrow issues an annual 'Conditions of Use' document, which sets out the obligations which are incumbent upon airline operators to use Heathrow's facilities.

**3.3.2** Section 6.1(b) sets out the requirement for Airline Operators to comply with the terms of the Aerodrome Manual.

**3.3.3** The Conditions of Use also contain the current charges levied by Heathrow for the use of the aerodrome and associated facilities.

**3.3.4** The Conditions of Use are reviewed and re-published annually. A copy of the document is available upon request from the Aerodrome Operator, or online at <http://www.heathrow.com/company/partners-and-suppliers/conditions-of-use>.

**3.3.5** Operators at Heathrow must comply with the Ground Operation Licence (GOL) or Airside Operations Licence (AOL), as applicable, which sets out obligations that are incumbent on the operators relating to ground operation.

**3.4** The obligations of the aerodrome operator, rights of the Competent Authority and guidance to colleagues on how to facilitate audits/inspections by the Competent Authority personnel.

**3.4.1** In accordance with UK Reg (EU) No 139/2014 (the UK Aerodromes Regulation), paragraph ADR.OR.C.015 access, HAL will grant access to any person authorised by the Competent Authority, for the purposes of witness, inspection, test, assessment or exercise, to any facility or document relevant to HAL's activities as a certificated aerodrome.

1.1 Aerodrome organisation and responsibilities including the following: a description of the organisational structure, including the general organogram and other departments' organograms. The organogram should depict the relationship between the departments. Subordination and reporting lines of all levels of organisational structure (Departments, Sections etc) related to safety should be shown.

### 1.1.1 Accountable Manager

### 1.1.2 Operations Directorate

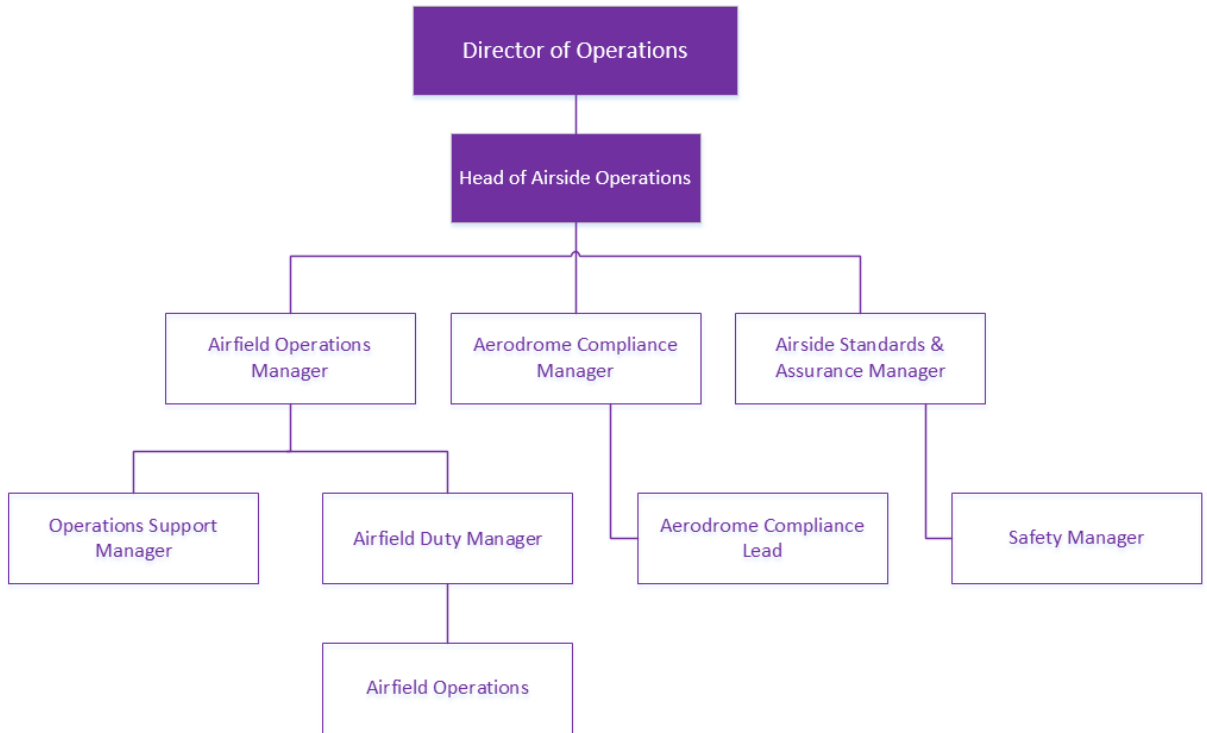

### 1.1.3 Safety, Health & Wellbeing

\*Reporting into Chief People Officer

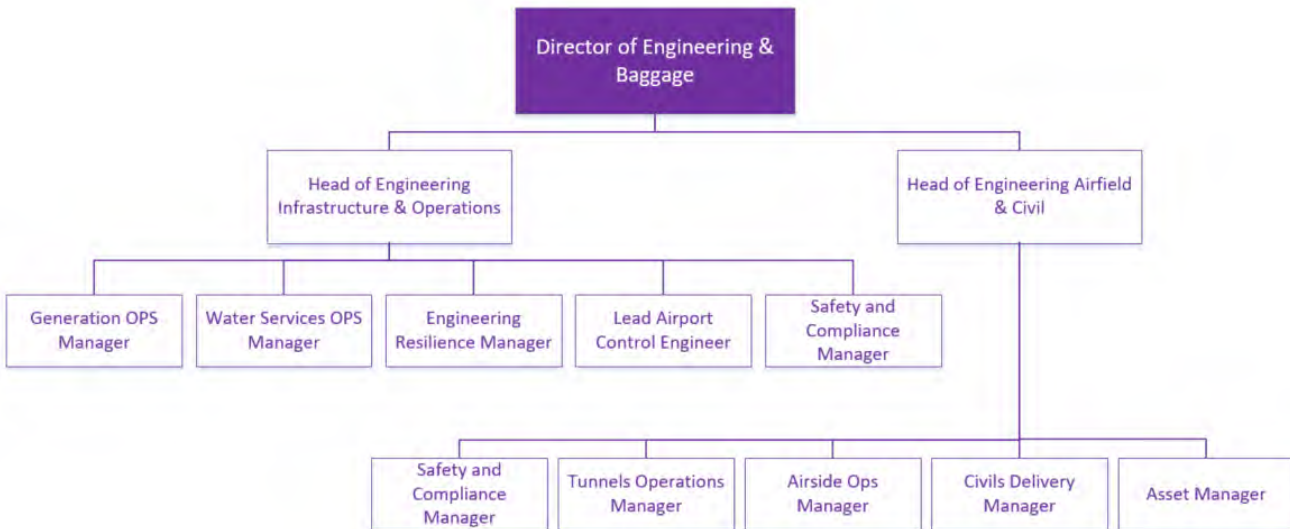

### 1.1.4 Airside Operations

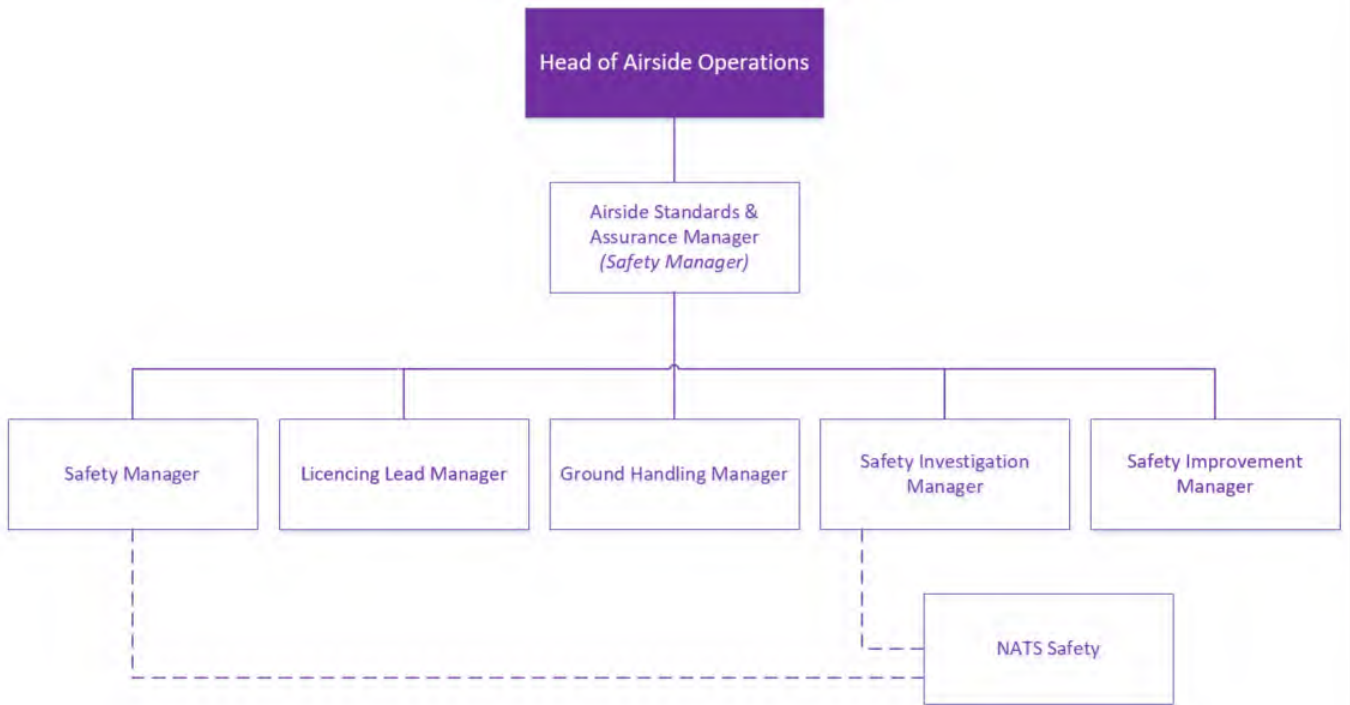

### 1.1.5 Airport Fire Service

### 1.1.6 Engineering Operations Directorate

### 1.1.7 Airside Standards & Assurance (Safety Office)

### 1.1.8 Airport Operations

1.2 Names, authorities, responsibilities and duties of management and nominated persons; responsibilities and duties of other operational, maintenance personnel, as well as the aerodrome safety committees and the Local Runway Safety Team and their functioning, should also be included.

1.2.1 Named Persons

**(a) Chief Operating Officer (COO) – Emma Gilthorpe**

The Heathrow Airport Limited Chief Operating Officer has overall responsibility for the operation of the airport and holds the post of **Accountable Manager** with respect to the Aerodrome Certificate. Responsibility for ensuring the conditions of the Certificate are met is delegated to the Director of Operations.

**(b) Director of Operations – Dale Reeson**

Reporting to the Chief Operating Officer, the Director of Operations is responsible for the day-to-day delivery of a cohesive airport operation. On the airfield, the role holder is responsible for the safe operation of the airfield, comprising all areas under the control of the airside team. This responsibility encompasses the development and implementation of the strategies and policies required to manage the airside operation and includes the Airport Fire Service. The role is also responsible for ensuring that all airside development is planned and executed in a safe manner and with minimum impact on the operation.

**(c) Safety, Health & Wellbeing Director – Amanda Owen**

Reporting to the Chief People Officer, the Safety, Health & Wellbeing Director is responsible for providing health and safety technical expertise and strategic leadership for business units.

**(d) Director of Engineering & Baggage – Gavin Payne**

Reporting to the Chief Operating Officer, the Director of Engineering & Baggage is the nominated “Maintenance Manager” under AMC1 ADR.OR.D.015(b) Personnel requirements - responsible for the development of strategies and policies for the management of assets, including the maintenance of passenger facing assets including roads, tunnels, water systems, HVAC, HV/LV electrical systems and Passenger Safety Equipment.

On the airfield, this includes maintenance of the Airfield Ground Lighting (AGL), Fixed Electrical Ground Power (FEGP), aircraft boarding bridges, stand entry guidance systems, apron lighting, as well as the maintenance of surfaces including runways, taxiways, grass areas, aprons and roads.

**(e) Head of Airside Operations – Trevor Waldock**

The Head of Airside Operations (HoAO) is the nominated *Manager of Operational Services* under AMC1 ADR.OR.D.015(b) Personnel requirements and carries out those duties per applicable regulations and also is the nominated *Compliance Manager* under AMC1 ADR.OR.D.005(b)(11) Management system and carries out those duties in accordance with applicable regulations.

- i. The (HoAO) is also accountable for the duties of the Safety Services Office. The HoAO discharges these responsibilities through the Airside Standards & Assurance Manager, and their team (“The Safety Services Office” under AMC1 ADR.OR.D.005(b)(1) Management system

**(f) Airfield Operation Manager – Mike McKee**

Reporting to the Head of Airside Operations is the Airfield Operations Manager who is responsible for ensuring the safe operation of the airfield day-to-day, and the strategic management of Airfield Operations. The role is also responsible for the aerodrome snow plan. These responsibilities are exercised through the Airfield Duty Managers (AfDM) and Airfield Operations

**(g) Airfield Duty Manager (AfDM) – 24hr shift**

Reporting to the Airfield Operations Manager, the Airfield Duty Manager is responsible for the H24 safe operation, availability and status of the airfield.

The AfDM is the day-to-day manager of the Airfield Operations and is also responsible for the operational liaison with ATC, the emergency services, airline management, ground handling, third party service providers and other HAL operational managers, to ensure the safe use of facilities at all times. The AfDM liaises directly with the Emergency Services Incident Officers to provide specialist airfield knowledge at an incident scene.

The AfDM is responsible for the monitoring and control of all airside work, including the approval of permits to work.

**(h) Airside Standards & Assurance Manager – Michael Goacher**

The Airside Standards & Assurance Manager is the nominated Safety Manager under AMC1 ADR.OR.D.015(c) Personnel requirements ADR.OR.D.015(c).

Reporting to the Head of Airside Operations, the Airside Standards & Assurance Manager is responsible for the aerodrome SMS, aerodrome compliance, safety assurance, the safety reporting system, safety investigation and improvements, licencing, aviation fuel and ground handling performance.

**(i) Aerodrome Compliance Manager - Lisa Allen**

Reporting to the Head of Airside Operations, the Aerodrome Compliance Manager is responsible for on aerodrome development, airside works approvals, safeguarding, crane permits, drone permit, process and procedures.

**(j) Head of AFRS & Airport Control – Gary Barthram**

Reporting to the Director of Operations is the Head of AFRS & Airport Control, whose role is responsible to ensure that national standards, company standards, and statutory legislation are applied and to provide advice and support on all RFFS related issues when required. The role also takes accountability for fire service-learning solutions, integrating them into the HAL business and ensuring it meets regulatory requirements. The Head of AFRS & Airport Control will also ensure that regular compliance monitoring will be undertaken within the department to assure against the relevant regulations and guidance.

**(k) Assistant Chief Fire Officer – David Bartlett**

Reporting to the Head of AFRS & Airport Control is the Assistant Chief Fire Officer and is responsible for training, development, recruitment and people within the Airport Fire and Rescue Service. This role also takes on the joint accountability for the Aerodrome Emergency Planning under AMC1 ADR.OPS.B.005(b) Aerodrome emergency planning ADR.OPS.B.005 alongside the Senior Operational Resilience Manager

**(l) Head of Airport Operations – Kelly Stone**

Reporting to the Director of Operations, the Head of Airport Operations is responsible for leading the Airport Duty Manager team, and further the safe and effective management of the Airport Operations Centre (APOC). Stand planning & performance is delivered through the Aircraft Operations Manager. The Head of Airport Operations is accountable for the management of the ANSP (NATS) through the appropriate contract, the Aircraft Operations Duty Manager (AODM) and the colleagues of the Aircraft Operations Unit (AOU) are responsible for the delivery of Air Traffic Control operations at Heathrow through Heathrow’s ATC service provider – NATS. The role is further responsible for monitoring the operational performance of the airlines and developing action plans to improve this in conjunction with NATS and airline customers. This is executed through the Flight Performance Team, who monitor airline compliance against environmental requirements such as noise and track keeping.

**(m) Senior Operational Resilience Manager – Craig Thompson**

Reporting to the Head of Airport Operations is the role of the Senior Operational Resilience Manager. This role has joint accountability for the Aerodrome Emergency Planning under AMC1 ADR.OPS.B.005(b) Aerodrome emergency planning ADR.OPS.B.005 alongside the Assistant Chief Fire Officer

**1.2.2 Delegation of Responsibility**

In the absence of a member of the senior management team, responsibility for the 24-hour safe operation, availability and status of the airfield rests with the Airfield Duty Manager (AfDM).

**1.2.3 Changes to the role of Accountable Manager**

If Heathrow appoints a new Accountable Manager, the competent authority will be notified using the appropriate form, as stipulated in CAA IN-2015/030.

## 1.2.4 Operational Teams

### (a) Airfield Operations

Reporting to the Airfield Duty Manager on shift, the role of the Airfield Operations team is to assure the safety and availability of the airfield on a H24 basis. The team are organised on a 'watch' basis with each watch consisting of several Senior Airfield Officers, Airfield Operations Officers and Airside Transport Officers.

The Airfield Operations team is based in the Airside Operations Facility (AOF) on the Eastern side of the airfield. The control room has direct telephone lines to ATC and the HAL Airport Fire Service. There is also a 'listen out' facility on the Emergency and Crash Lines from ATC. There are various computer systems which link to the wider Heathrow operational network.

Airfield Operations carry out a series of inspections and patrols of the manoeuvring area (under the '3-Tier' approach to inspections), checking surface and lighting conditions. Airfield Operations will carry out wildlife hazard management duties, monitor the safety of works areas, and attend all airside accidents/incidents.

In the event of an aircraft accident or incident requiring the attendance of non-Heathrow emergency services, the Airfield Operations will escort them from the nominated RVP or Control Post to the incident site.

The Airfield Operations provide a marshalling service where stand entry guidance systems are unserviceable, not installed or during operational disruption and provide 'follow-me' leader services for aircraft and other service vehicles across the manoeuvring area.

The areas and distances to be covered on the airfield necessitate the use of vehicles. The vehicles are equipped with the HAL domestic trunk radio system which maintains a link between all colleagues and the AfCR control room. In addition, vehicles are equipped with airband VHF radios, and colleagues are either under the active control of ATC (for instance when on the runway) or listening out (manoeuvring area or stands). As a result, ATC can request assistance from Airfield Operations colleagues at any time. Vehicles are equipped with mobile data (4G/wi-fi) which enables tablet devices to be used in the vehicle for a variety of applications. Some vehicles are also equipped to carry out wildlife control duties, with distress call amplifiers and gun cabinets installed.

In addition, the Airfield Operations operate a fleet of vehicles to support the airfield operation. These include dry sweepers, combination sweepers and a large selection of snow clearance vehicles. Vehicles are fitted with UHF radios for the HAL domestic trunk radio system, and some are further fitted with VHF airband radios for driving on the manoeuvring area. Teams of drivers carry out daily cleaning duties around the airfield, focussing on roads, stands and walkways, in order to reduce FOD risk. The team will carry out scheduled chemical deep cleaning on stands and respond to ad-hoc sweeping requirements on the manoeuvring area as required.

In the event of an aircraft accident, the Airfield Operations will provide specialist vehicles for the incident, including emergency equipment trailers, which contain tents for shelter during the event.

Airfield Operations carry out runway friction monitoring and rubber removal duties, using specialist equipment.

Airfield Operations are also responsible for the habitat management including grass cutting, bottoming out and weed spraying in line with the Wildlife Hazard Management Plan and have a range of equipment to enable this activity.

### (b) Aircraft Operations Unit

The Aircraft Operations Unit (AOU) has overall authority for stand allocation at Heathrow using appropriate systems and processes to ensure safe parking of aircraft on appropriate stands. However, due to the extensive use of Terminal 5 by British Airways, the day-to-day responsibility for stand allocation in this terminal is delegated to the airline, although HAL can override British Airways' allocation if deemed necessary. The AOU operate

under the direction of the duty Aircraft Operations Duty Manager (AODM) in APOC.

**(c) Airside Standards and Assurance Team**

Reporting to the Airside Standards & Assurance Manager, the Airside Operations Licencing team are responsible for assuring the performance of the airside licensees against the HAL Airside Ground Handling Licence through observations, inspections and audits. The Safety Improvement team identifies, develops and implements the safety improvement programme as well as reviewing the Airside Occurrence Tickets (AOT) issued, awarding penalty points and infringements as outlined in the Airside Driving Penalty Points scheme. The Standards and Assurance Team also maintain records and monitor trends on airside safety performance with respect to the Ground Operations Licence and Airside Operations Licence. The Safety Investigation team will review, investigate and identify root cause for reported safety events. Shared learning implement action to mitigate potential reoccurrence and share trend data with the safety improvement team

**(d) Civils Delivery Team**

The Civils Delivery Team report to the Head of Engineering for Airfield & Civils is to ensure the facilities on the airfield are maintained in a safe and operational state. The role is discharged by a Civils Delivery Manager Day to day delivery of the maintenance is conducted through the Civils Delivery Engineers

**(e) Airside Engineering**

Reporting to the Head of Engineering for Airfield & Civils the Airside Engineering team work on a 24hr shift working basis. They are led by the Airside Operations Manager and their Duty Engineering Managers. The team carry out planned and reactive maintenance on all airfield electrical systems including Aeronautical Ground Lighting (AGL), Precision Approach Path Indicators (PAPI), Apron Lighting, Fixed Electrical Ground Power (FEGP), Stand Entry Guidance Systems (SEGS) and standby generators. As part of the maintenance plan, they also carry out light brilliancy checks of the runway lights and lux level checks on the Apron. They are also responsible for responding to and repairing faults raised through the fault reporting system.

**1.3** The name, status and responsibility of persons authorised by the Civil Aviation Authority (the CAA, as the competent authority) under article 257 of the Air Navigation Order 2016 to detain aircraft at the aerodrome for safety and other, related reasons, as set out in article 257.

ASGrOps\_OSI\_036 – Detention of Aircraft

**1.3.1** HAL has the legal powers to detain, or assist in the detention of, any aircraft at Heathrow, for a variety of reasons including (but not exclusive to) for financial purposes (non-payment of charges), aviation safety, security, or in support of a court order.

**1.3.2** The detention of an aircraft will usually be carried out by the HAL Airfield Duty Manager (AfDM), acting on behalf of the Director of Operations, the Civil Aviation Authority (CAA) or under direction from a Court Official.

## B.2 A description of the safety management system

### 2.1 Scope of the safety management system

**2.1.1** Details of the Heathrow Airside Safety Management System under AMC3 ADR.OR.E.005 Aerodrome manual are all covered with this document. Part B.2.1 - B.2.2.12, can be found in the Aerodrome SMS Manual. (Excluding 2.6 and 2.8 of the above regulation )

### 2.2 Procedures related to the use of alcohol, psychoactive substances and medicines

**2.2.1** Heathrow has a Substance Abuse policy for all its direct employees. In addition, an OSI exists for third party employees related to 'Alcohol and Classified Drugs'

ASGrOps\_OSI\_046 – Alcohol and Classified Drugs

### 2.3 A description of the method and procedures for recording aircraft movements, including movement and aircraft type, dates, and number of passengers.

**2.3.1** Under its conditions of use, Heathrow requires airline operators to submit movement details for billing and operational planning purposes. Information on passenger numbers and aircraft movements is stored electronically on a database and is accessible to authorised Heathrow colleagues.

### 2.4 Description of the quality management system for aeronautical data and aeronautical information provision activities and related procedures, including those for meeting the relevant safety and security management objectives

**2.4.1** Details of aeronautical data and aeronautical information under AMC3 ADR.OR.E.005 can be found in the Aerodrome manual, Part B 2.4 and under section part D, 5 - 6

## B.3 Procedures for reporting to the competent authority including handling, notifying and reporting accidents, serious incidents and occurrences

### 3.1 Definition of accident, serious incident and occurrence and of the relevant responsibilities of all persons involved

**3.1.1** Details of Procedures for reporting to the competent authority AMC1 ADR.OR.C.030 Occurrence reporting can be found in the Aerodrome SMS Manual under section C.8

ASSMS\_OSI\_065 – Mandatory Occurrence Reporting (UK reg (EU) no 376/2014)

### 3.2 A description of the method and procedures for recording aircraft movements including movement type and aircraft type, dates and number of passengers

**3.2.1** The HAL 'Conditions of Use' require all airline operators to electronically submit to HAL daily passenger numbers and aircraft movements. This data is stored within HAL database systems and is used for statistical and financial purposes (charging). As detailed in AMC2 ADR.OR.D.035 Record keeping and as per B2.3

## B.4 Aerodrome personnel qualifications and procedures, related to...

Airside\_ASTrain\_Standard\_002 – Learning and Development

### 4.1 Training programme, including responsibilities, frequencies, syllabi and the identified training standards for all personnel involved in the operation, rescue and fire-fighting maintenance and

management of the aerodrome, and those persons operating unescorted on the movement area and other operational areas of the aerodrome

**4.1.1** Details of Aerodrome personnel qualifications and procedures, AMC3 ADR.OR.E.005 Aerodrome manual. Part B 3 covered in the Heathrow Airside Safety Management System, section C.6. Details of the Fire Service training standards are covered in section E.10 of this manual.

# C. Particulars of the Aerodrome Site

## C.1 Description of the aerodrome site

**1.1** A plan showing the distance of the aerodrome from the nearest city, town or other populous area

**1.1.1** A map showing the location of the aerodrome relative to the nearest city is available on the [AIS website](#).

**1.2** Detailed maps and charts of the aerodrome showing the aerodrome's location (longitude and latitude) and boundaries, major facilities, aerodrome reference point, layout of runways, taxiways and aprons, aerodrome visual and non-visual aids, and wind direction indicators (Scale 1:2500)

**1.2.1** A 1:2500 scale chart, showing the position of the aerodrome reference point, aerodrome topography, markings, lighting and navigation aids is available upon request.

**1.2.2** The Heathrow aerodrome chart, as published in the UK AIP (section AD 2-EGLL-2-1), provides an overview of the airfield boundaries, layout of the movement area, visual and non-visual aids and wind direction indicators.

**1.2.3** In addition, the Heathrow 'Airfield Map' is issued to the airport community, giving a simplified combined view of the airfield layout and can be found on the [Heathrow.com/Airside website](#)

### ASOther\_OSI\_064 Airfield Map

**1.2.4** Heathrow is subject to constant construction and development. HAL employ a contractor to survey and update the information shown in the maps and charts. Developments on the aerodrome are incorporated when complete. The charts published in the AIP are updated on Heathrow's behalf by NATS, based on information provided by Heathrow. The Airfield Map is updated by Heathrow's own Asset Information Management Centre and is as accurate as possible at the date shown on the drawing.

**1.2.5** The number of amendments made to the maps and charts throughout the year is dictated by the amount of significant construction or change to the airfield.

**1.2.6** The accountability for ensuring that the appropriate maps and charts are accurate rests with the Aerodrome Compliance Manager.

**1.3** A plan showing the location of any aerodrome facilities and equipment outside the boundaries of the aerodrome

**1.3.1** With the exception of a section of the approach lighting on each runway (which are displayed on the UK AIP aerodrome chart), no significant aeronautical facilities are positioned outside the boundaries of the aerodrome.

**1.4** Description of the physical characteristics of the aerodrome, elevations, visual and non-visual aids, as well as the information regarding the aerodrome reference temperature, strength of pavements, rescue and fire-fighting level of protection, ground aids, main obstacles and whether they are lighted

**1.4.1** These topics are covered in section D.2 – Aerodrome dimensions and related information.

**1.5** Description of the types of operations that the aerodrome is approved to conduct

**1.5.1** Heathrow is approved to conduct public transport operations.

**1.5.2** Heathrow is approved to conduct operations during the day and at night.

# D. Particulars of the Aerodrome Required to be Reported to the Aeronautical Information Service

**D.1** The aeronautical information services available and the procedures for the promulgation of general information, including:

Airside\_ASProm\_Standard\_004 – Aeronautical Information

**1.1** Aeronautical information services available:

- 1.1.1** Detailed in section AMC3 ADR.OR.E.005 Aerodrome manual. Part D 5 - 6
- 1.1.2** In common with the rest of the UK, Aeronautical Information Services are not provided directly by Heathrow Airport Limited. The AIS is contracted and provided centrally by NATS Ltd.
- 1.1.3** UK AIS is located at – UK AIS, NATS Ltd, Room 3115, Sopwith Way, Southampton, SO31 7AY.
- 1.1.4** Most UK AIS publications are available in electronic format. The UK AIP, AIP Supplements and AICs are available on the [UK AIS website](#).

**1.2** Procedures for the promulgation of general information

	Created by	Promulgated by
The name of the aerodrome	n/a	UK AIP, via NATS AIS
The location of the aerodrome	Annual Aerodrome survey	UK AIP, via NATS AIS
The geographic co-ordinates of the aerodrome reference point determined in terms of the World Geodetic System – 1984 (WGS-84) reference datum	Annual aerodrome survey	UK AIP, via NATS AIS
The aerodrome elevation and geoid undulation	Annual aerodrome survey	UK AIP, via NATS AIS

The elevation of each threshold and geoid undulation, the elevation of each runway end and any significant high or low points along the runway, and the highest elevation of the touchdown zone of a precision approach runway	Annual aerodrome survey	UK AIP, via NATS AIS
The aerodrome reference temperature	UK Met Office	UK AIP, via NATS AIS
Details of the aerodrome beacon	n/a	n/a
The name of the aerodrome operator and contact details (including telephone numbers) of the aerodrome operator which may be contacted at all times	n/a	UK AIP, via NATS AIS

The annual aerodrome survey is commissioned by Heathrow and carried out by a specialist contractor (currently SLC Ltd).

The accountability for the initiation, management and promulgation of the aerodrome survey rests with the Aerodrome Compliance Manager.

On-going changes to the aerodrome infrastructure or facilities are promulgated via the AIS provider and published in the UK AIP. These changes are requested by the Aerodrome Compliance team (for aerodrome changes) or by NATS (for navigational aids changes).

Short term changes to infrastructure or facilities are promulgated via NOTAM and/or ATIS. These are generally submitted by the Airfield Duty Manager (for aerodrome changes) or by NATS (for navigational aids changes).

**D.2** Aerodrome dimensions and related information, including...

**2.1** Runway – true bearing, designation number, length, width, displaced threshold location, slope, surface type, type of runway and, for a precision approach runway, the existence of an obstacle free zone

**2.2** Length, width and surface type of strip, runway end safety areas, stopways; length, width and surface type of taxiways; apron surface type and aircraft stands, clearway length and ground profile

**2.2.1** All runways have a 280m wide **strip**, extending to 60m past the ends of each runway.

**2.2.2** **Runway End Safety Areas** are provided for each runway, of the following sizes;

**2.2.3**

	Undershoot RESA Dimensions (m)	Overrun RESA (Landing) Dimensions (m)	Overrun RESA (Take-off) Dimensions (m)

**Dimensions (m) are different due to the position of the Terminal 5 balancing pond.**

**2.2.4** No **stopways** are provided at Heathrow.

**2.2.5** A **clearway** of length 78m is provided for runway 27R only. The clearway is of concrete construction and has no significant changes in ground profile.

**2.2.6** **Taxiways & Taxilanes** are constructed as follows...

**2.2.7 Aprons** are, in the vast majority of cases, constructed of concrete. Stand 357 (on Bravo – North) is the only remaining stand constructed using block paving.

**2.3 Visual aids for approach procedures, approach lighting type and visual approach slope indicator system; marking and lighting of runways, taxiways and aprons; other visual guidance and control aids on taxiways and aprons, location and type of visual docking guidance system; availability of standby power for lighting.**

**2.3.1** Heathrow’s aerodrome lighting is suitable for precision approach categories II and III operations. Taxiway lighting systems and signs are suitably equipped for operations below 350m RVR.

**2.3.2** No **aerodrome beacon** is installed.

**2.3.3 Approach lighting** for all runways is constructed as follows;

- (a) Full Calvert coded centrelines and five-bar system.
- (b) The lights are all uni-directional, high intensity, white, and beamed at 6° (threshold) to 9° (outer bar) to the horizontal.
- (c) Supplementary high intensity approach lighting system over the inner 300m of the approach. This consists of 27 barrettes of 4 lights each, arranged in 9 rows of three, symmetrically each side of the extended runway centreline.
- (d) The SAL’s are uni-directional, high intensity, white (centre barrette) or red (outer barrettes) and beamed at the same angles as the corresponding approach lighting.
- (e) Runway 27L approach lighting is provided using LED fittings. All other runways use traditional halogen fittings.
- (f) The following lights have been removed due to interference with other systems:
  - (i) Runway 09L; paired fitting 570m before the threshold
  - (ii) Runway 27R; paired fitting 420m before the threshold
  - (iii) These missing lights represent less than 2% of the system. This is detailed in section 2.13
- (g) The approach lights are flight checked twice a year

**2.3.4** All runways are equipped with a single bar **PAPI** on the left side, comprising four triple projector units. Each circuit is fitted with lamp failure detection.

**2.3.5 Runway lighting** is constructed as follows;

- (a) Green **threshold lights** at each landing threshold. These 18 lights are uni-directional, flush, high intensity, and are full width, supplemented by wing bars of four lights each side.
- (b) **Centreline lights** at 15m spacing. The lights are bi-directional, flush, high intensity, and beamed at 5° to the horizontal for the first 900m of each runway direction, and 3° for the remainder. The lights are white up to 900m from the runway end, with the following 600m alternate red and white, and the final 300m all red in colour.
- (c) **Edge lights** at 60m spacing. These lights are positioned at 25m either side of the centreline. These lights are bi-directional, flush, high intensity, and white.
- (d) **Touchdown zone lights** over the first 900m of each runway direction. These consist of 24 barrettes of four lights, arranged in twelve rows, each barrette positioned symmetrically each side of the runway centreline. The lights are uni-directional, flush, high intensity, and white.
- (e) **Runway stop end lights** at each runway end. These lights are uni-directional, flush, high intensity, and red.

**2.3.6 Taxiway lighting** is constructed as follows;

- (a) The airfield is equipped with bi-directional green **centreline lighting**, installed on all sections of the taxiway. Lighting is selectively switchable on all routes. The lights are spaced at appropriate intervals for operations in RVR of less than 350m.
- (b) **Stop bars** are installed at taxiway intersections and are linked to the selective switching of the centreline lights. These are comprised of high intensity red lights either side of the centreline.
- (c) **At runway entrances**, high intensity, bi-directional runway guard **bars** are installed. Bars are located at CAT I and CAT II/III or at CAT I/II/III holding positions. Runway guard bars are illuminated 24 hours a day and are suppressed in conjunction with a verbal ATC clearance to allow aircraft or vehicle access to the runway.
- (d) **Runway Guard Amber (“wig-wags”)**, comprising low level amber flashing lights, are installed at all taxiway/runway intersections (including CAT II/III holding positions). Each light unit is fitted with lamp failure detection.
- (e) The **taxiway centreline lights** located within the ILS sensitive area are colour coded to show alternate green and yellow in both directions. These lights commence with a green light close to the runway centreline 30-60m before the intersections and end with a yellow light at the end of the ILS sensitive area.
- (f) An **interlock system** is fitted to the taxiway centrelines on runway lead ons/off. The system controls each side of the holding point stop bars independently and is linked to the first 90m of the taxiway centreline lights. The system ensures that traffic on a taxiway destined for the runway is not able to identify (and therefore follow) a continuous lit centreline onto the runway, without the red stop bar first being suppressed.

**2.3.7 Helicopter aiming point** lighting is provided by 6 low intensity omni-directional inset white lights

**2.3.8** Variable intensity lighting is available for approach, runway and taxiway lighting, and is controlled by ATC. Brilliances are available in accordance with the following table...

**2.3.9** Taxiway crossings on the road network are identified with additional signage both on the taxiway surface and also on the road surface and adjacent sign board. This consists of the following;

- (a) Taxiway surface – ‘Vehicle Crossing Ahead’ paint markings circa 30m away from the crossing on either side
- (b) Road surface – ‘STOP’ painted at the crossing entrance
- (c) Signage board adjacent to the road displaying the instruction to STOP , and give way to both vehicles and aircraft on the taxiway

6	1%	0	1%	1%	1%	1%	Night

#### Taxiways

100%, 30% and 1% brilliancy options are available.

#### 2.3.11 Signals are provided as follows;

- (a) The airfield has four illuminated wind sleeves located in grass areas near to the respective runway thresholds. There are no other signalling items.

#### 2.3.12 Runway signage is provided as follows;

- (a) Positional information signs are located at each runway exit. They are on the reverse side of the respective runway-taxiway holding point sign.

#### 2.3.13 Taxiway signage is provided as follows;

- (a) Illuminated taxiway information signs are provided.
- (b) Taxiway location signs are coloured yellow-on-black. Directional signage is black-on-yellow. Intermediate taxi-holding position signage is coloured white-on-red.
- (c) The main taxiways are referred to by letters (i.e.. A, B, C...) Connecting taxiways are referred to as 'links' (i.e.. Link 11, Link 12, Link 13...)
- (d) Intermediate taxi-holding positions are referred to by letter/number (i.e.. C1, D2, AY5...)

#### 2.3.14 Runway-Taxiway holding areas and holding position signage is provided as follows;

- (a) The departure runway holding area is surrounded by reporting points (i.e.. PLUTO, HORKA...) which are marked by white-on-red illuminated mandatory signs.
- (b) Runway-Taxiway holding positions providing access to, or egress from a runway, are signified by location signs (e.g., A1, N2E, SB3...) and by the appropriate mandatory white-on-red runway designator and/or CATI and CAT II/III signs located at the respective positions.

#### 2.3.15 Apron lighting is provided as follows;

(a) Apron lighting pylons with multiple LED lamp fittings are provided on all apron areas.

**2.3.16 Apron signage** is provided as follows;

(a) Each stand has an illuminated sign showing the stand number. This can be part of the Visual Docking Guidance System, or as a stand-alone sign.

**2.3.17 Runway markings** are provided as follows;

(a) Runway designation, threshold, centreline, edge markings, touchdown zone and aiming point markings. All runway markings are white in colour.

(b) Yellow taxiway markings at appropriate points provide guidance off the runways onto the taxiway system.

**2.3.18 Taxiway markings** are provided as follows;

(a) Taxiway centreline markings are an unbroken yellow line. Intermediate Taxiway Holding positions are marked by a perpendicular broken yellow line.

(b) Taxiway edge markings are provided in some parts of the airfield.

(c) There are some guidance markings painted on the taxiways, such as stand number indicators and taxiway designations where deemed appropriate.

(d) All Runway/Taxiway holding positions have the appropriate markings for CAT I, CAT II/III, or CAT I/II/III operations.

(e) Most runway/taxiway holding positions have 'Runway Ahead' markings and/or enhanced centreline markings, these locations are at runway crossing points or where the potential to enter a runway strip is greater.

(f) All taxiway/taxilanes vehicle crossings are demarcated using black and white surface markings. This is supplemented on the taxiway/taxilanes surface with a 'Vehicle Crossing Ahead' paint marking

(g) Unserviceable area on the airfield are marked with a yellow cross

**2.3.19 Apron markings** are provided as follows;

(a) A double white line is used to demarcate between the manoeuvring area and the apron.

(b) Stand centrelines are marked in continuous yellow, with secondary (MARS) centrelines painted in yellow/white alternating.

(c) Stands are marked with stopping positions to aid with aircraft positioning for towed and marshalled movements.

**2.3.20 The helicopter aiming point** is marked as follows;

(a) A white equilateral triangle measuring 18m on each side, is located on the taxiway system – in Link 43.

**2.4** The location and radio frequency of VOR aerodrome checkpoints

**2.4.1** No VOR aerodrome checkpoints are installed.

**2.5** The location and designation of standard taxi routes

**2.5.1** Taxi routes are published in the UK AIP ground movement chart (AD 2-EGLL-2-2)

**2.5.2** A separate 'Code F' taxi route map is also produced and published in the UK AIP (AD 2-EGLL-2-3)

**2.6** The geographical co-ordinates of each threshold, appropriate taxiway centreline points and aircraft stands

**2.6.1** Co-ordinates of each threshold are published in the UK AIP (Aerodrome Chart; AD 2-EGLL-2-1)

**2.6.2** Co-ordinates of each stand are published in the UK AIP (Aircraft Ground Movement/Parking; AD 2-EGLL-2-4,5,6,7)

**2.6.3** Taxiway centreline co-ordinates are not published.

**2.7** The geographical co-ordinates and the top elevation of significant obstacles in the approach and take-off areas, in the circling area and in the surroundings of the aerodrome (in the form of charts)

**2.7.1** Significant obstacles on and around the aerodrome are published in the UK AIP.

Notable charts showing this information are;

**(b)** Aerodrome Chart; AD 2-EGLL-2-1

**(c)** Standard Departure Charts – Instrument; AD 2-EGLL-6-x

**(d)** Standard Arrival Charts, Instrument Approach Charts; AD 2-EGLL-7-x; AD 2-EGLL-8-x

**2.7.2** Lists of obstacles, co-ordinates and elevations are also published in text format in the UK AIP, section EGLL AD 2.10.

**2.8** Pavement surface type and bearing strength using the Aircraft Classification Number – Pavement Classification Number (ACN-PCN) method

**2.8.1** Runways 09L/27R and 09R/27L have a PCN of **83/F/A/W/T**, sufficient for all aircraft types currently operating from Heathrow.

**2.8.2** The remainder of the movement area is suitably constructed for the aircraft operating from Heathrow.

**2.9** Pre-flight altimeter check locations established and their elevation

**2.9.1** No altimeter check locations are established at Heathrow.

**2.10** Declared distances (based on UKTM)

# E. Particulars of the operating procedures of the aerodrome, its equipment and safety measures

## E.1 Aerodrome reporting, including:

### Airside\_ASProm\_Standard\_004 – Aeronautical Information

- 1.1 Arrangements and procedures for reporting changes to the aerodrome information set out in the AIP and requesting the issue of a NOTAM, including reporting changes to the Competent Authority and recording the reporting of changes
  - 1.1.1 Responsibility for ensuring that information within the AIP is up-to-date rests jointly with HAL, NATS and the Department for Transport.
  - 1.1.2 The HAL Aerodrome Compliance Manager (ACM) is responsible for maintaining the AIP with respect to aerodrome facilities, obstructions, some Local Traffic Regulations, and the airfield charts.
  - 1.1.3 NATS are responsible for maintaining flight procedures and associated charts.
  - 1.1.4 The Department for Transport is responsible for noise abatement procedures.
  - 1.1.5 Changes to the AIP are notified to AIS via the submission of a 'Change Request' on the Aurora System. Records of changes submitted by HAL are kept by the ASAM and ACM.
  - 1.1.6 Information related to the airfield operational state, or temporary changes of an immediate nature, are promulgated via NOTAM by the HAL Airfield Duty Manager (AfDM). The AfDM is responsible for determining the requirements for promulgation and actioning accordingly.
  - 1.1.7 The AfDM will issue a NOTAM by submitting an electronic NOTAM proposal via the AFPEX portal online.
  - 1.1.8 The AFPEX portal keeps records of NOTAMS submitted for publishing by Heathrow.

## 1.2 Procedures and frequencies for aeronautical data surveying

### Airside\_ASProm\_Standard\_004 – Aeronautical Information

- 1.2.1 Responsibility for the initiation, management and promulgation of aeronautical data surveys rests with the HAL Aerodrome Compliance Manager (ACM)
- 1.2.2 The ACM commissions an approved survey company to carry out a 'full' or 'check' survey on a yearly basis. The current preferred supplier for aerodrome surveying is SLC Ltd.
- 1.2.3 Upon completion, the survey data is checked and analysed for completeness and significant changes. Particular attention is paid to changes on the aerodrome and in the approach and take-off funnels. Changes are recorded and incorporated in the appropriate documentation. The third-party survey company is then instructed to forward the survey data to NATS Airport Services.
- 1.2.4 NATS will then check the content of the survey using appropriate computer software.

Once validated, a set of 'Type A' charts are produced for the approval of the ACM.

- 1.2.5** On approval, the full survey is published, and the aerodrome charts and AIP amended if necessary.
- 1.2.6** Any significant new obstacles identified are investigated, and if necessary/possible, removed.
- 1.2.7** A copy of the latest survey is held by the ACM.

## **E.2** Procedures for accessing the aerodrome movement area, including:

### **2.1** Coordination with the security agencies

- 2.1.1** Heathrow works with various security agencies to assure safety of passengers and aircraft. Heathrow has an internal security function, who carry out screening of passengers, colleagues and vehicles through various security areas around the airport. Heathrow also has its own dedicated branch of the Metropolitan Police Service (SO18 – Aviation Policing).
- 2.1.2** Heathrow provides statutory access to the aerodrome for security agencies and competent authority inspectors.
- 2.1.3** At an aircraft incident, the Airfield Duty Manager (AfDM) will liaise with the Met Police incident commander to co-ordinate activities, and where appropriate, provide scene preservation for evidential purposes.

### **2.2** Prevention of unauthorised entry into the movement area

- 2.2.1** The full perimeter of the airfield is protected by an anti-intruder fence.
- 2.2.2** Colleagues and vehicular access through the fence is provided at Control Posts staffed by HAL Security colleagues. Control posts will also provide access from the Central Terminal Area (CTA) onto the movement area. Control post locations are shown on the HAL aerodrome map.
- 2.2.3** Pedestrian access through control posts or from terminal areas onto the aprons is controlled by means of an ID Card swipe system (known as MAID) which ensures that holders are permitted access only to areas of the airport for which they have a recognised need for access.
- 2.2.4** Vehicles using control posts to access the movement area are subject to search by HAL Security colleagues, and only vehicles with a valid license (Vehicle Apron Pass) are permitted access.
- 2.2.5** HAL operates a licencing policy for all operators of vehicles airside, which, among other things, specifies the number of vehicles a company may operate airside. Acceptance of the licence also directs operating companies to abide by the appropriate Operational Safety Instructions (OSI) issued by HAL, which further define the safety requirements for companies operating airside.
- 2.2.6** All personnel and vehicles are screened in accordance with the requirements of the National Aviation Security Programme (NASP). The application of HAL's security procedures can be found in the Airport Security Programme, published annually, with more detailed procedures contained in the HALSEC Operations Manual. Security requirements for airport users are published via a series of Airport Security Notices.
- 2.2.7** There are several emergency gates around the airfield, which provide access to Rendezvous Points and remote areas. The gates are kept locked when not in use, and keys tightly controlled. A common padlock is used across all gates. Keys are held by HAL Security, the Airside Operations Department, Airport Fire Service and Metropolitan Police.
- 2.2.8** Signage is placed at regular intervals around the perimeter, warning of the aircraft movement area, and that unauthorised entry is not permitted. The boundary of the Critical

Part of the Security Restricted Zone (CPSRA) is also signed with mandatory security notices.

**2.2.9** There are two significant ‘Other’ security restricted areas on the airfield (those outside the Critical Part) – British Airways and Virgin Atlantic maintenance facilities which are outside the licenced boundary, and the cargo facility south of runway 09R/27L. Access to and from these areas is controlled and the boundary between these areas and the Critical Part is managed by HAL Security and protected using a radar system.

**E.3** Procedures and responsible personnel for the inspection, assessment and reporting of the condition of the aerodrome movement area and other operational areas and facilities, (including runway surface friction characteristics assessments and water-depth measurements), including:

**3.1** Inspection intervals and times; reporting results and follow up actions

Airside\_ASInsp\_Standard\_008 – Airfield Inspections  
Airside\_ASInsp\_Standard\_009 – Apron Floodlighting Illuminance Checks

**3.1.1** The Airfield Operations team is responsible for ensuring compliance with the certification requirements laid down by CAA. To do this, a series of inspections of the movement area are carried out in a ‘three-tier’ methodology. The three-tier inspection regime is a series of inspections on the movement area and associated airfield ground lighting systems.

	Description
Level 1 (L1)	<p>A routine daily inspection of the movement area and airfield ground lighting by the colleagues of the Airfield Operations team. This inspection is generally carried out from a vehicle, and covers all the movement area (Runways, Taxiways, Stands and Roads) and includes a horizon scan of the surrounding area looking for objects with the potential to infringe the OLS.</p> <p>Any equipment faults or defects found are reported to the Engineering Help Centre for passing to the respective engineering teams for rectification.</p>
Level 2 (L2)	<p>A more detailed inspection of a specific area is carried out by Airfield Operations under the ‘Taxiway and Stands Monitoring System’ (TMS &amp; SMS) and Runways.</p> <p>The taxiways, associated lighting and stands are each divided into 32 areas, with one area of each being inspected per day. Runways are inspected at a frequency of half a runway each week. This inspection is either carried out from a vehicle, or on foot. Lighting and runway inspections are carried out at night, with taxiway and stand surface inspections during daylight hours.</p> <p>Any equipment faults or defects found are reported to the Engineering Help Centre for passing to the respective engineering</p>

	teams for rectification.
Level 3 (L3)	<p>An audit/inspection carried out by members of the airside management team on a bi-weekly basis. The airfield is split into inspection zones, which results in each zone being inspected around 3.5 times per year.</p> <p>This inspection checks L1 and L2 performance and allows the management team to gain a perspective of the operational condition of the airfield.</p> <p>A walking inspection of the runways is carried out Every five months by the airside management team and will include representatives from wider departments, including engineering.</p>

**3.1.2 Runway Surface Inspections (L1)** are carried out as follows;

- (a) Four routine surface inspections are carried out during the operational day. These are;
  - (i) Pre-Operations – carried out before the first arriving aircraft. During certain months of the year this is carried out during the hours of darkness; Airfield Operations vehicles are fitted with high power LED inspection lights to carry out the task.
  - (ii) AM – mid-morning; usually between 0900z and 1030z
  - (iii) PM – mid-afternoon; usually between 1400z and 1500z
  - (iv) Dusk – surface and lighting inspection
- (b) The pre-operations and dusk inspections are carried out by a single Airfield Operations vehicle. The AM and PM inspections are carried out using two vehicles. All vehicles are in active radio contact with ATC at all times.
- (c) Additional inspections are carried out as required. These may be at the request of ATC, for instance after an aborted take-off, certain categories of emergency, or during inclement weather conditions. Inspections may also be instigated by the Airfield Operation, for instance following a ‘FOD Radar’ activation.
- (d) Inspectors are trained to note and report anything which may affect the category or serviceability of the runway, including surface conditions, paint markings, lighting, FOD, obstructions or bird control. The inspector will take action appropriate to the issue, which may include raising engineering work orders, or in extreme cases where aircraft safety is at immediate risk, suspending operations on the affected runway via ATC. The inspector will also inform the Airfield Operations control room and the Airfield Duty Manager (AfDM). The AfDM will co-ordinate actions with other departments or ATC if escalation is required.

**3.1.3 Runway lighting inspections** are carried out as follows;

- (a) Surface lighting inspections (thresholds, stop ends, TDZ, centreline, edge lights etc.) are carried out by Airfield Operations each night as part of the dusk inspection.
- (b) The colleagues of the Airfield Operations team carry out an inspection of one of the sets of approach lights each night on a rotation basis. The approach lights are checked for calibration by Airside Engineering every 6 months.
- (c) Inspectors are trained to note and report anything which may affect the category or serviceability of the runway. Lighting faults which affect the runway category are reported to Airfield Operations and the AfDM for escalation to ATC and engineers for rectification.
- (d) PAPI units are inspected for serviceability by the Airfield Operations team as part of the ‘first light’ runway surface inspection. The units are inspected for correct setting angle once per week by Airside Systems, and if necessary are adjusted in situ. PAPI units may also be checked for alignment on the request of Airfield Operations or ATC – for instance following a pilot report of misalignment, or an incident where an aircraft under or over-shoot has occurred.

- (e) Each month, Airside Systems check the runway light output using a MALMS portable photometric unit. The check covers TDZ, centreline and edge lights. Lights that are below specified levels are cleaned or changed as part of the maintenance programme. Detailed records are held by Airside Systems.
- (f) Runway light cleaning takes place once per week, and will attend to a group of runway lights, such as the centreline, edge lights or threshold/stop end. Particular attention is paid to lights which have underperformed in the photometric check (MALMS) carried out by Airside Systems.
- (g) Flight check Flight lighting checks of all approach and runway lighting shall be completed at least once every 6 months. Flight checks of PAPI units must be completed at least every 6 months.

**3.1.4** Runway turn-off lighting inspections are carried out as follows;

- (a) Each night, Airfield Operations colleagues carry out a detailed L2 inspection of a number of runway turn-offs.
- (b) All runway turn offs are inspected over a 14 day period.
- (c) The inspection covers the serviceability and function of the lead-on, lead-off, stop bar (CAT I and CAT II/III where applicable), and '90m interlock' functionality.
- (d) The inspection is carried out in conjunction with ATC. A common set of 'steps' are followed by the controller and Airfield Operations colleagues carrying out the inspection, which allows each route and stop bar to be checked in turn.
- (e) Any unserviceable fittings or failures in functionality are reported to the Engineering Help Centre or escalated via the AfDM if required.

**3.1.5** Taxiway surface inspections are carried out as follows;

- (a) Level 1 inspections are carried out by the colleagues of Airfield Operations in an appropriately equipped vehicle. The colleagues operate on a 'listening out' basis with ATC at all times. The taxiways are inspected on a Level 1 basis 3 times in a 24 hour period.
- (b) Inspectors are trained to note and report anything which may affect the serviceability of the taxiway, including surface condition, paint markings, FOD, lighting and pit/drain covers. The inspection also covers runway guard lights, signs, work-in-progress and bird control.
- (c) Inspectors will take appropriate action, which may include raising engineering work orders, or in extreme cases where aircraft safety is at immediate risk, closing the taxiway (via ATC). The inspector will also inform the Airfield Operations control room and the AfDM.
- (d) Additional inspections are carried out at the request of ATC, after a taxiway closure, or at the cessation of works/maintenance.
- (e) A more detailed, Level 2 inspection is carried out each day under the 'Taxiway Monitoring System'. This involves a slow speed driving or walking inspection of a particular area of taxiway. The whole taxiway system is inspected to a Level 2 standard over a 32 day period. Inspectors will raise maintenance requests via the Engineering Help Centre or flag areas for monitoring. Results from these inspections are used to inform preventative or minor maintenance requirements and wider decisions on capital asset replacement programmes.
- (f) A More detailed L3 inspection is carried out by members of the airside management team on a bi-weekly basis. The airfield is split into inspection zones, which results in each zone being inspected around 3.5 times per year

**3.1.6** Taxiway lighting inspections are carried out as follows;

- (a) A general L1 inspection of the taxiway lighting is carried out each evening by the Airfield Operations team as part of a routine patrol regime.
- (b) A more detailed L2 inspection of one area per night is carried out under the 'Taxiway Monitoring System'. The whole taxiway lighting system is inspected in detail over a 32 night period.
- (c) The inspection is carried out in conjunction with ATC. A common set of 'steps' are followed by the ATC lighting panel operator (LPO) and Airfield Operations colleagues carrying out the inspection, which allows each green selectable route and red stop bar to be checked in turn.
- (d) The inspector will take appropriate action to address defects when found, which may include

raising work orders via the Engineering Help Centre, or in serious cases may require the closure of a section of taxiway.

- (e) Results from the inspections are used to inform reactive or preventative maintenance requirements.

**3.1.7** Aprons & stand equipment inspections are carried out as follows;

- (a) Level 1 inspections of apron areas are carried out by Airfield Operations colleagues in a suitably equipped vehicle. Inspections are completed 4 times in each 24-hour period.
- (b) A more detailed L2 inspection of one area per day is carried out under the 'Stands Monitoring System'. This involves a walking inspection of the specified area. The programme means that all the apron areas are inspected to a L2 standard over a 32-day period. This inspection includes surface condition, paint markings, works-in-progress, birds/bird attractants, and airside discipline.
- (c) Emergency stand telephones are checked in line with the three trier inspection programme, and any faults reported directly to HAL IT services.
- (d) Stand lighting is inspected as part of the evening L1 inspection, and any faults reported via the Engineering Help Centre. Stand lighting is also inspected annually by HAL Engineering – this inspection includes a lighting assessment using calibrated light meters.
- (e) In addition, all colleagues working on the apron area are expected to report any hazard which may impact upon airside safety. If necessary, Airfield Operations will send a member of colleagues to assess the situation and make the area safe in the first instance.

**3.1.8** Runway friction measurement is carried out as follows;

- (a) HAL follows CAP 683 guidance "The Assessment of Runway Surface Friction for Maintenance Purposes"
- (b) HAL carries out full assessment measurements of runway friction in order to monitor the condition of the runway surface on a minimum 5 month cycle, endeavouring to achieve this more regular dependant on weather conditions.
- (c) HAL uses the Airport Surface Friction Tester (ASFT) for measuring surface friction. HAL also has a second ASFT as a backup. Both machines are maintained in Airfield Operations to ensure that a machine is available for immediate use.
- (d) Any materially significant areas of the runway surface which record below Minimum Friction Level values are reported to flight crews by the AfDM via NOTAM as 'slippery when wet'.
- (e) Details of the operation of the ASFT can be found in the Airside\_ASD-O\_ALOP\_028
- (f) A record of friction measurements is held in online platform. The results from friction measurements are used to target rubber removal efforts.

**3.2** Arrangements and means of communicating with air traffic services during inspections

**3.2.1** All the vehicles of the Airfield Operations team carrying out inspections have VHF radios fitted, which enable immediate communication with ATC.

**3.2.2** Inspections taking place on taxiways and aprons are carried out on a 'give way' basis; as such inspection vehicles are expected to maintain situational awareness using the radio and to yield to aircraft. Runway inspections on live runways are carried out under positive control from ATC.

**3.2.3** The Airfield Operations team are empowered to suspend operations where safety is at risk and are able to do this immediately using the VHF radio link to ATC.

**3.3** Inspection checklists, logbook and record-keeping

**3.3.1** Completion of routine surface and lighting inspections on the movement area are recorded in the Airfield Operations Daily Inspection Log.

**3.3.2** Surface faults and AGL faults found during inspections are electronically logged using a tablet-based software programme (ALFERD), which creates maintenance requests via the Engineering maintenance database (Maximo) – these requests are directed to the appropriate team for resolution. Inspectors are able to track progress of faults using the tablet and escalate if the issue requires it.

**E.4** Procedures for the inspection routine and emergency maintenance of visual and non-visual aids, as appropriate, and the aerodrome electrical systems including:

**4.1** Inspection checklists, logbook and record-keeping

**4.1.1** The AGL and airfield electrical systems are maintained by HAL Airside Systems, with additional support by ATG (supplier of the AGL Control System), and a variety of other sub-contractors. Airfield Operations carry out inspections of the AGL systems, as detailed in section E.3

**4.1.2** HAL Airside Systems maintain records of the activities carried out as part of the maintenance regime. Fault repairs and mandatory maintenance inspections completed are recorded using the 'Maximo' tool. Records stored in Maximo allow historical data on failure rates and maintenance regimes to be analysed and incorporated into revised maintenance programmes to prevent future failure.

**4.2** Inspection intervals and times; reporting results and follow up actions

**4.2.1** For details of inspection regimes for visual aids, see section E.3

**4.3** Operating, maintenance and repair instructions, servicing information, troubleshooting and inspection procedures of aerodrome equipment

**4.3.1** Airside Systems technicians receive sufficient training and achieve relevant qualifications such that they are able to carry out preventative maintenance and repair on airfield electrical installations.

**4.3.2** In addition, method statements are provided via the 'Maximo' asset management system to aid technicians carrying out their allocated tasks.

**4.4** Procedures for maintenance of the movement area, including paved areas; unpaved runways and taxiways; runways and runway strips and aerodrome drainage

**4.4.1** For further information on maintenance of pavement areas, see section E.3

## E.5 Procedures for aerodrome works including...

### 5.1 Co-ordinating, planning and carrying out construction and maintenance work

**5.1.1** Any request for work that is carried out on the airfield is submitted through the Aerodrome Compliance Team. In consultation with appropriate companies and/or Heathrow Airport Limited departments, the work is planned and scheduled. This plan/schedule is then agreed and communicated to the relevant departments/Companies.

**5.1.2** In appropriate cases (such as large or complex construction projects), supporting documentation will also be produced by the department to provide additional guidance to all parties involved (including ATC, contractors, airlines etc.). These documents are known as Airside Works Instructions (AWI) and are written by the Aerodrome Compliance Team, and these are supplemented with Operational Advice Notices (OANs), NOTAMs and AIP Supplement when appropriate.

**5.1.3** Approved works will be issued a works permit by Airside Works Approval, via an online computer system. The works permit sets out the particulars of the work to be conducted, and any safety conditions to be adhered to whilst the work is completed.

**5.1.4** On the day/night of the works, the contractor must have the works permit authorised (checked) and activated by the Airfield Operations team prior to set up/start of work. This may be via a phone call or a meeting, as required by the Airfield Local Operating Procedure (ALOP).

**5.1.5** The set up and inspection of works areas forms part of the inspection process carried out by Airfield Operations.

**5.1.6** Upon completion of the work, the works permit is deactivated.

### 5.2 Arrangements and means of communicating with air traffic services during the progress of such work

**5.2.1** Prior to commencement of works on the manoeuvring area, the AfDM will produce a map showing the areas of the airfield which will be closed for work during the course of the night. This map is then shared with ATC, key airline partners and various other internal HAL departments.

**5.2.2** The closure of parts of the manoeuvring area for works is supervised by the Airfield Operations. ATC are advised, over the VHF air-band system, of the closure of each area, prior to suitably safeguarding the area. The reverse occurs at hand back.

**5.2.3** During the night, the Airfield Operations department is in regular communication with ATC as works areas close and open. Any issues encountered during works which may affect the serviceability of a particular area will be discussed with ATC by the AfDM.

## E.6 Procedures for apron management including...

### 6.1 Transfer of the aircraft between air traffic services and the apron management unit

6.1.1 Not applicable at Heathrow.

### 6.2 Allocation of aircraft parking positions

ASGrOps\_OSI\_047 – Allocation of Aircraft Parking Stands  
ASGrOps\_OSI\_030 – Aircraft Aprons/Stand – Types & Markings  
ASGrOps\_OSI\_034 – Operation of Royal Suite Apron Stands 457, 457L, 457R & stand 458  
ASGrOps\_OSI\_033 – Stands 601-609

6.2.1 Stand allocation at Heathrow is carried out by the Aircraft Operations Unit (AOU) who work initially from a flight schedule provided by Airport Coordination Limited (ACL). The schedule is updated continually, either by electronic interface directly from ACL, the airlines and National Air Traffic Service (NATS), or by AOU operators. Updating relates to aircraft registrations, arrival and departure times.

6.2.2 Stands are allocated by AOU some hours in advance of the aircraft's arrival. The allocations are transmitted by the Terminal Management System (TMS) to the Integrated Database for Airport Handling Operations (IDAHO) and from there to Air Traffic Control, the airlines, handling agents, fuel companies and control authorities. The IDAHO system also supplies ETA's and landing times to terminal Flight Information Display Systems (FIDS), the Internet and HAL Finance for aircraft charging purposes.

6.2.3 The overriding authority for stand allocation at Heathrow rests with AOU. However, due to the extensive use of Terminals 5 by British Airways, they assume the day to day responsibility for stand allocation in this terminal. Allocations made by British Airways are passed to AOU via IDAHO into TMS. AOU then validate this information before sending it out for publication. HAL reserves the right to override British Airways allocation if deemed necessary.

6.2.4 A database of stand sizes and aircraft dimensions is held within IDAHO and TMS. All stand allocations are validated against this database to ensure stand to aircraft compatibility.

6.2.5 All information concerning the movement of arriving and departing aircraft are recorded in the IDAHO database. This database is also used for recording towing movements and stand occupancy times. The IDAHO database is used to calculate landing fees and parking charges.

### 6.3 Engine start and aircraft push back

ASGrOps\_OSI\_092 - Aircraft Arrival, Turnaround and Departure Procedures on Stands

ASGrOps\_OSI\_026 – Aircraft Towing Operations  
ASGrOps\_OSI\_072 – Airfield Pushback Restrictions  
ASEnv\_OSI\_078 Use of Aircraft Auxiliary Power Units

6.3.1 Accountability for the control of ground noise at Heathrow rests with HAL. There are a number of local procedures in place to limit unnecessary engine ground running.

6.3.2 As a rule, engines are not started on stand. APU's may be run on stand for a minimal amount of time, and only immediately after arrival or just prior to departure.

6.3.3 Engine start on stand prior to push back may be approved by ATC, subject to HAL's

approval.

#### 6.4 Marshalling and follow-me service

**6.4.1** The vast majority of stands at Heathrow are fitted with advanced Stand Entry Guidance Systems (SEGS). However, in the event that the SEGS are not available or not installed, Heathrow provides a marshalling service.

**6.4.2** Marshalling is carried out by the colleagues of the Airfield Operations Department. Colleagues learn to marshal aircraft during initial training and receive annual competency checks.

**6.4.3** Heathrow also provides a 'follow-me' leader service upon request of flight crews or ATC. This is also carried out by the colleagues of the Airfield Operations, using vehicles equipped for the duty.

#### E.7 Procedures for apron safety management including...

##### 7.1 Protection from jet blast

ASEnv\_OSI\_061 – Ground Noise at Heathrow - Approval Control Process and Safety of Engine Ground Running  
ASGrOps\_OSI\_092 – Aircraft Arrival, Turnaround and Departure Procedures on Stand

**7.1.1** Pilots operating at Heathrow are requested, via the UK AIP, section EGLL AD 2.20, to ensure they use minimum power necessary to avoid jet blast on adjacent stands.

**7.1.2** ATC have various procedures, detailed within MATS Part II for reducing jet blast risks during push back, including specifying the number of intervening stands between concurrent push backs, and specifying the direction of push from particular stands to avoid jet blast risk on adjacent stands.

**7.1.3** Engine ground running is limited to low power or check start only on stand, and only with the approval of Heathrow. Stands with particular hazards related to jet blasts have specific operational conditions applied. During routine patrols, Airfield Operations will monitor engine running and address any hazards observed.

**7.1.4** All high power engine runs are expected to be carried out within dedicated engine run facilities. Any change to this requirement is managed closely by Airfield Operations and takes place in remote areas of the manoeuvring area in order to reduce the hazard to personnel, vehicles and other aircraft.

##### 7.2 Enforcement of safety precautions during aircraft refuelling operations

ASGrOps\_OSI\_019 – Fuelling of Aircraft

##### 7.3 Apron cleaning/sweeping

Airside\_ASInsp\_Standard\_008 – Airfield Inspections

ASGrOps\_OSI\_081 Airside Cleanliness & FOD Management

- 7.3.1** The sweeping and cleaning of the airfield is carried out as part of the duties of the Airfield Operations. These duties include cleaning, sweeping, FOD management and emptying of the various bins on stand.
  - 7.3.2** Airfield Operations has a variety of sweepers, combination sweepers, dustcarts and gully-suckers/bowsers. A combination of these vehicles is deployed daily to ensure that good coverage of the airfield is achieved, and that debris or spillages are able to be dealt with promptly.
  - 7.3.3** Contractors working on the airfield carrying out maintenance will usually be required to provide their own sweepers to ensure that working areas are clean prior to return to operational use. Inspections of work sites carried out by Airfield Operations ensure that this is the case.
  - 7.3.4** A stand cleaning programme ensures that every stand at Heathrow is cleaned using a detergent. These cleans take approximately 30 minutes to complete each stand and are carried out at opportune times during the operating day, when stands are vacant.
  - 7.3.5** HAL have positioned at the head of every stand FOD and POL bins, to which airline and handling agent colleagues can dispose of any FOD found on the airfield. These bins are emptied and cleaned by Airside Operations on a regular basis.
  - 7.3.6** HAL have installed a number of compactors in various apron areas, to which airline and handling agent colleagues can take bulk rubbish. The compactors are emptied, cleaned and maintained on a regular basis by a contractor.
  - 7.3.7** In addition, all operating companies and personnel on the apron are expected to take responsibility for FOD management and removing hazards to aircraft and other colleagues.
- 7.4** Monitoring compliance of personnel on the apron with safety procedures

- 7.4.1** Airfield Operations carry out regular routine patrols of the apron area. One of the areas of focus for the colleagues carrying out the inspection is the behaviour of personnel operating on the apron.
- 7.4.2** Should it be required, Airfield Operations will carry out positive interventions where possible. Infringement notices may also be issued for more serious safety infractions, or for driving offences. These notices (known as Airside Occurrence Ticket – AOTs) are passed on for follow up by the Airside Compliance Officers.
- 7.4.3** In addition, the Airfield Operations team carry out a prescribed number of audits of the aircraft turnaround process each day. These audits focus upon the key elements of the process, covering from the time before the aircraft arrives on stand to post the aircraft's departure. Immediate safety hazards are addressed 'in the moment' – otherwise audit reports are completed.
- 7.4.4** Output from turnaround audits is passed to the Ground Handling Coordinator who in turn creates performance dashboards for review and action planning with the ground handling community.

**E.8** Procedures for movement area management including...

- 8.1** The procedures related to the control of vehicles that operate on or in the vicinity of, movement area, including traffic rules, speed limits, driver training and driving permits as well as the methodology for enforcing these rules are located in the following Standards and OSI's;

### 8.3 Policy

**8.3.1** HAL operates to the guidelines laid down in CAP772 'Wildlife Hazard Management at Aerodromes'.

**8.3.2** The Heathrow Wildlife Control Management Plan document is held by the Head of Airside Operations.

**8.3.3** A policy of habitat management and active bird control is used to produce an airfield environment that is unattractive to birds. In addition, there are regular visits to local sites that attract birds, and consultation with site owners to encourage an awareness of the bird hazard to aircraft.

### 8.4 Assessment of wildlife hazards

**8.4.1** A Wildlife Hazard Steering Group meets on a regular basis to review policy and active bird control measures.

**8.4.2** A risk identification approach is taken to assessing wildlife hazards, as outlined in CAP 772. This approach takes the occurrence of a strike over the prior 5 years against its likely severity, to give an overall risk rating, against which wildlife hazard management plans are created.

### 8.5 Procedures

**8.5.1** On airport habitat management includes the use of long grass on the airfield, control of vegetation and insects, management of food waste outlets and the wiring or netting of water areas.

**8.5.2** Active bird control is carried out by the colleagues of the Airfield Operations team who maintain a continuous bird patrol within the airfield boundary. Electronically produced bird distress calls, pyrotechnics fired from pistols and live rounds from shotguns are used to scare birds from the airfield. In addition, lethal control is exercised where other methods have failed to adequately address the risk. The bird patrol is carried out in appropriately equipped vehicles giving access to all areas of the airfield.

**8.5.3** Information from the continuous bird patrols is recorded on a database, which produces statistical information for trend analysis.

**8.5.4** A Section 5 Firearms Authority is held by the Head of Airside Operations. Airside Operations hold a dealers certificate enabling Airfield Operations department to operate on that licence.

**8.5.5** When the presence of a large number of birds is thought to constitute a hazard to aircraft, Airfield Operations will liaise with ATC who then advise aircrew. A message will also be broadcast on the ATIS and a NOTAM issued if appropriate.

**8.5.6** In situations where a wildlife hazards presents a clear and immediate risk to aircraft, colleagues of the Airfield Operations are empowered to suspend operations on a runway or area of taxiway whilst the hazard is dealt with.

**8.5.7** All bird carcasses found on the Manoeuvring Area are treated as bird strikes. Any reported bird strike within the airfield perimeter is investigated by Airfield Operations. Bird strikes within the perimeter are reported by Airfield Operations to the CAA on the appropriate form. Any bird remains (or detailed photographs) are sent to Birdstrike Management Ltd for formal identification.

### 8.6 Training

**8.6.1** Airfield Operations personnel receive instruction on bird control and firearms during their initial training. Specified colleagues attended a CAA recognised bird control course, and a course qualified person is on duty at all times. Periodic refresher training is undertaken.

**8.7** Procedures for obstacle control and monitoring within and outside of the aerodrome boundaries and notification to the Competent Authority, of the nature and location of obstacles and any subsequent addition, or removal, of obstacles for action as necessary, including amendment of the AIS publication and responsibility for obstacle lighting on and off the airfield.

Airside\_ASSG\_Standard\_015 – Aerodrome Safeguarding

ASWorks\_OSI\_003 – Procedure for the Approval of Cranes and other Tall Construction Equipment

ASSG\_OSI\_050 – Drones at Heathrow

- 8.7.1** For obstacle control, monitoring, and amendment of the AIS, see section **E.1**
- 8.7.2** The Heathrow Aerodrome Compliance team is responsible for safeguarding off-airport and liaison with local authorities. Local Planning Authorities (LPA) send all safeguarding consultations direct to the Aerodrome Compliance Team who assesses all planning applications in relation to the various safeguarding criteria. They will reply to the LPA stating either 'No objection', 'No objection subject to Condition(s) (as specified)' or 'Objection' for which reason(s) are given. Further details of the processes can be found in the Aerodrome Safeguarding Manual which is available in the Aerodrome Safeguarding SharePoint.
- 8.7.3** Aerodrome Compliance Team is responsible for obtaining prior approval from the CAA for all applicable 'on-airport' developments. An initial Safeguarding Assessment will be carried out by a member of the Aerodrome Compliance Team. The assessment will ensure that the safety of the aerodrome is not compromised. Where appropriate, every opportunity will be made to eliminate non-standard items and enhance the safety of the airside operation. Following this assessment, all proposed changes will be forwarded to the CAA for approval.
- 8.7.4** Safeguarding relating to crane operations is managed by the Aerodrome Compliance Team who are responsible for approving the operation of cranes and tall construction equipment on and around the airport.

**E.9** Aerodrome emergency plan, including:

Airside\_ASEO\_Standard\_013 – Emergency Planning

ASEO\_OSI\_076 – Emergency Orders

**9.1** Dealing with emergencies at the aerodrome or in its surroundings

**9.1.1** In line with the mandatory requirement, Heathrow Airport publishes and acts upon an Emergency Orders document which sets out the arrangements for dealing with aircraft emergencies at or within the vicinity of Heathrow Airport.

**9.1.2** It also provides management, colleagues and contractual service providers with a comprehensive guide to the procedures, with the aim of delivering an effective and efficient emergency response.

**9.1.3** The Emergency Orders are amended on a periodic basis subject to significant change in process, procedural impacts or when practices would invalidate the existing plans.

**9.1.4** Responsibility for the publication and issue of the Emergency Orders rests with the Senior Operational Resilience Manager and the Head of AFRS & Airport Control.

**9.2** Tests for aerodrome facilities and equipment to be used in emergencies, including their frequency

**9.2.1** All Airfield Operations and AFRS vehicles and equipment are inspected daily prior to use. Any defects noted are recorded and passed to the Heathrow vehicle maintenance supplier for rectification.

**9.2.2** All specialist emergency equipment, such as the Emergency Medical Unit, are tested periodically and any issues addressed.

**9.3** Exercises to test emergency plans, including their frequency

**9.3.1** Heathrow has adopted the UK Alternative Means of Compliance (AltMoC) AMC1 ADR.OPS.B.005(c) Aerodrome emergency planning when scheduling exercises to test emergency plans.

**9.3.2** Heathrow carries out a series of modular tests in order to fully exercise emergency response plans at periodic intervals.

**9.3.3** Actual emergency events or activations of the emergency orders may be used to evidence that some modules have been effectively tested. Reviews will be carried out to ensure that any deficiencies may be identified and corrected.

**9.3.4** Heathrow will hold a full scale aerodrome emergency exercise at intervals not exceeding four years.

## E.10 Rescue and Fire Fighting including:

### 10.1 RFFS Policy

**10.1.1** Heathrow Airport Limited (HAL) provides and maintains an Airport Fire & Rescue Service, capable of making an effective response and intervention to incidents that occur within the aerodrome operational area. The operational area is defined as the area containing any point on the airfield and 1000 metres beyond the threshold of each runway, as illustrated in the Airport Emergency Orders; AFRS Response Area & Pre-determined Attendance Area.

### 10.2 Fire Stations

**10.2.1** In order to meet the response times specified in AMC5 ADR.OPS.B010(a)(2) Rescue and Firefighting Services – Response Time, two fire stations are provided. These are positioned at strategic locations relative to the runways;

(a) Fire HQ, located centrally to the airfield, to the West of taxiway Echo.

(b) Fire East, located in the North-East corner of the airfield, adjacent to holding point M1

### 10.3 Roles and accountabilities

**10.3.1** The **Head of AFRS & Airport Control**, reporting to the Director of Operations, is responsible for the overall operational efficiency of the AFRS. The safety accountabilities of this role are as follows;

(a) Manage colleagues and resources to ensure compliance with, and maintenance of, airside safety standards and recommended practices in accordance with the Aerodrome Certificate, CAA Regulation and Civil Aviation Publication (CAP) guidance documents.

(b) Ensure mandatory training is carried out in accordance with HAL standards and guidance document CAP 699 'Standards for the Competence of AFRS personnel employed at United Kingdom licensed aerodromes.

(c) Prepare, submit and manage Airport Fire & Rescue Service business plans, ensuring sufficient resources are available.

(d) Ensure that safety is given the highest priority at all times in meeting the operational standards for personnel and equipment.

(e) Launch immediate inquiries following any breach of Health and Safety.

(f) Continuously review procedures for handling aircraft incidents and ensure that current known "best practice" is incorporated.

(g) Ensure controls are in place to minimise environmental risk associated with RFFS activities.

(h) Refer to AFRS Volume 1 Administration, Chapter 2 – section 2.2.1, for further information.

**10.3.2** The **Deputy Chief Fire Officer** reports to the Head of AFRS & Airport Control and is responsible for the operational efficiency and day to day running of the Airport Fire & Rescue Service. At an incident the Deputy Chief Fire Officer (DCFO) may be required to attend either the incident site and manage internal/external bodies which may include the AAIB, ATC, Airline representatives, duty or senior management team and any other agencies. Refer to AFRS Volume 1 Administration, Chapter 2 – section 2.2.2, for further information.

**10.3.3** The **Station Manager – Service Delivery** reports to the Deputy Chief Fire Officer and will assist the Senior Leadership Team in the day to day running of the AFRS including assisting to develop and maintain policy and processes that ensures the AFRS meet regulatory requirements and the business needs of Heathrow Airport. Lead and oversee on Fire Service projects as required, deputise for AFRS SLT and/or represent AFRS in stakeholder meetings as required. Refer to AFRS Volume 1 Administration, Chapter 2 – section 2.2.4.1, for further information.

**10.3.4** The **Assistant Chief Fire Officer** is responsible for training, development, recruitment and people within the Airport Fire and Rescue Service. The ACFO is also the emergency planning manager.

**10.3.5** The **Station Manager** reports directly to the and are accountable for the day to day operation of the Duty Watch and compliance with processes and systems adopted by LHR,

taking charge/control of a major airfield incident, developing and planning of local fire service policy, procedures and working practices and implementing group policy and procedures in order to maintain day to day compliance in the fire service

**10.3.6** The **Watch Manager** reports to the Station Manager and is responsible for assisting in the operational efficiency and day to day running of the Duty Watch. Refer to AFRS Volume 1 Administration, Chapter 2 – section 2.2.5, for further information.

**10.3.7** The **Crew Commander** report to the Watch Manager and are responsible for assisting in the operational efficiency and assisting in the day to day running of the Duty Watch. Refer to AFRS Volume 1 Administration, Chapter 2 – section 2.2.7, for further information.

**10.3.8** **Firefighters** report to the Watch Manager and carry out the day to day activities in order to maintain a fully compliant AFRS in order to save life, protect property in line with company standards and licencing requirements. Working daily to maintain competence within guidance document CAP 699. Refer to AFRS Volume 1 Administration, Chapter 2 – section 2.2.8, for further information.

#### **10.4** Selection of Personnel

**10.4.1** HAL is an equal opportunities employer. Medical Standards adopted by HAL are in accordance with the Heathrow Airport Ltd AFRS recruit medical and physical policy. Refer to AFRS Volume 1 Administration, Chapter 2 – Section 2.30 AFRS Firefighter Medical Standards and AFRS Operational Manuals Reference Documents – Medical and Fitness; Heathrow Airport AFRS Fitness Policy.

**10.4.2** Potential recruits must progress through the Heathrow Airport Fire & Rescue recruitment process. Refer to AFRS Volume 1 Administration, Chapter 2 – Section 2.22 Recruitment Selection System for AFRS Personnel.

**10.4.3** HAL Policy is that all AFRS colleagues will be medically assessed on a regular basis. Medical assessments are carried out by the Occupational Health Department Physician at Heathrow Airport. The assessments are carried out at 3 yearly intervals, regardless of age.

#### **10.5** Training

**10.5.1** Heathrow AFRS provide training in accordance with HAL standards and CAA guidance document CAP 699.

**10.5.2** Firefighters expected to drive appliances or other operational vehicles hold the appropriate driving licence. Revalidation of the license will be carried out to standards and conditions set by the Driving Standards Agency (DSA).

**10.5.3** Refer to AFRS Volume 1 Administration, Chapter 4 – section 4.1, for further information.

#### **10.6** Staffing

**10.6.1** Heathrow provides sufficient RFFS cover for Category 10 responses.

**10.6.2** In order to achieve this, the resource allocation is assessed through a 'Task and Resource Analysis' (TRA) and is signed off by the Aerodrome Accountable Manager.

**10.6.3** Minimum AFRS resource coverage to achieve this is as follows;

- (a) 1 x Station Manager or
- (b) 1 x Watch Manager
- (c) 1 x Crew Commander
- (d) 12 x Firefighter (desirable to include 2 Crew Commanders)

**10.6.4** Station resource allocation is as follows;

- (a) 1 x Station Manager, responsible for both fire stations
- (b) **Fire HQ;** 1 x Station or Watch Manager; 7 x Firefighter (desirable to include 1 x Crew Commander) Total Aviation crew of 8
- (c) **Fire East;** 1 x Crew Commander; 5 x Firefighter (desirable to include 1 x Crew Commander) Total Aviation crew of 6

This provides a Category 10 response from both stations, which can be supplemented by a crew of 4 on the 'Domestic' pump (if available), which includes a Crew Commander – should it be required.

**10.6.5** Refer to AFRS Volume 1 Administration, Chapter 16 – section 16.1, for further information.

## **10.7** Appliances, Extinguishing Media & Medical Equipment

**10.7.1** The extinguishing media, rescue equipment and personnel provided in line with the agreed TRA for the appropriate category. The appliances utilised will be Major Foam Tender Pumps (MFTP), Command Vehicle and Domestic Pump. The Rescue Stairs and Hose Layer will, if required, be deployed at the discretion of the Station Manager utilizing available personnel.

**10.7.2** The quantities of water, foam and complementary agents appropriate to AFRS Category 10 are available for immediate discharge and exceed the requirements of AMC4 ADR.OPS.B.010(a)(2). Rescue and firefighting services

**10.7.3** At all times the AFRS will provide the number of vehicles and quantities of media described in AFRS Volume 1 Administration, Chapter 12 – section 12.1.

**10.7.4** The main complementary media is Monnex, which is regarded as a high performance dry powder. Refer to AFRS Volume 1 Administration, Chapter 12 – section 12.1.1, for further information.

**10.7.5** All appliances and equipment are tested in accordance with the manufacturers' instructions. Appliance defects are reported to the HAL vehicle maintenance provider and categorised according to priority and seriousness of the defect. The Watch Manager is responsible for follow up action including contacting the HAL vehicle maintenance department if the defect requires immediate action.

**10.7.6** Equipment and vehicle tests & inspections records are maintained and held on the AFRS EMS, a computer data recording system.

**10.7.7** Appliance servicing and defect records are held by the HAL vehicle maintenance provider.

**10.7.8** Heathrow's AFRS carries a variety of medical equipment. Inventories are detailed in the AFRS document 'Needs Analysis – Provision of Emergency Medical Equipment' and are reviewed annually.

**10.7.9** The Emergency Medical Vehicle and the Emergency Medical Trailer are stationed at the Airside Operations Facility (AOF) and are deployed to any incident via a request to Airfield Operations.

**10.7.10** Airfield Operations is responsible for ensuring regular maintenance of the trailers with the AFRS being responsible for the medical equipment stored within.

**10.7.11** Refer to AFRS Volume 1 Administration, Chapter 14, for further information on medical equipment.

## **10.8** Alerting Procedures and Response Objectives

**10.8.1** Monitoring of the movement areas and initiation of emergency response is a function carried out by Air Traffic Control.

**10.8.2** The AFRS will always aim to achieve the Response Objective in accordance with AMC5 ADR.OPS.B.010(a)(2). Rescue and Firefighting Services – Response Time

**10.8.3** The training programme for AFRS personnel and familiarisation of the airfield encompasses AFRS standby positions, runway holds and designated runway crossing points. Response exercises are undertaken to keep AFRS personnel familiar with best routes to any point on the aerodrome in an ever-changing environment. Refer to AFRS Volume 3

Operational Procedures, Chapter 16 – section 16.1, for further Information.

**10.9** Communications

**10.9.1** UHF fixed and portable radios and fixed VHF radios are provided to allow two-way communication with internal teams, flight crews, and ATC. Refer to AFRS Volume 1 Administration, Chapter 10 – section 10.1, for further information.

**10.9.2** In addition, Station Managers carry ‘Airwaves’ radios, enabling swift communication with the Met Police duty officers, HAL AfDM, HAL AOM and HAL Security Manager during an incident.

**10.10** Unforeseen Circumstances which may Affect Promulgated Level of AFS Fire Category

ASEO\_OSI\_068 – Operations at Heathrow Airport with Depleted Rescue and Fire Fighting Service

**10.10.1** In the event of a change in fire category from that published in the UK AIP, the AfDM is responsible for promulgating the change to ATC and to flight crews via NOTAM.

**10.10.2** In the event of either Fire Station being unavailable or loss of services essential to ‘normal’ operation of the Airport Fire & Rescue Service, Contingency Plans are in place. The Contingency Plans are held in the Station Managers office at Fire HQ

**10.10.3** Refer to AFRS Volume 1 Administration, Chapter 16 – section 16.2, for further information.

**E.11** Removal plan for disabled aircraft, including:

Airside\_ASEO\_Standard\_013 – Removal of Disabled Aircraft

ASEO\_OSI\_069 – Aircraft Recovery Plan

**11.1** Relevant arrangements, equipment, and procedures for its implementation

**11.1.1** The policy and management for the removal of disabled aircraft is outlined in Operational Safety Instruction ‘Aircraft Recovery Plan’ and satisfies the requirement for a plan for the removal of disabled aircraft. This OSI cover the expeditious removal of an aircraft from an operational runway or taxiway area, including the provision of appropriate man-power and equipment to execute the task.

**11.1.2** Responsibility for the management of aircraft recovery resides with the Airline Operator, or aircraft owner, in liaison with the Airfield Duty Manager (AfDM). Only colleagues authorised by the aircraft owner are permitted to remove the aircraft.

**11.1.3** HAL does not hold equipment specifically for the purpose of removal of disabled aircraft. However, with the agreement of the Airline Operator, HAL may be able to provide some non-specialist equipment to support in the removal of disabled aircraft. Airlines are mandated to have a recovery plan as part of the operating licence at Heathrow Airport, the BA / IATA pool for removal of disabled aircraft is located at the aerodrome.

**E.12** Procedures for ensuring the safe handling and storage of fuel and dangerous goods in the aerodrome, including:

ASGrOps\_OSI\_019 – Fuelling of Aircraft

**12.1** Equipment, storage areas, delivery, dispensing, handling and safety measures

**12.1.1** Heathrow Airport Limited (HAL) itself does not supply or store aviation fuel or provide fuelling facilities at Heathrow. It does, however, have lease agreements with the major fuel companies and suppliers. The lease agreements specify the conditions under which aviation fuel may be supplied at Heathrow. In particular, they cover construction of storage tanks, pipelines and hydrants, road tanker operation insurance, emergency procedures and fire precautions. The agreements also stipulate that the fuel companies must observe all general or local acts of parliament which may be applicable and specifically the Petroleum (Consolidation) Act 1928 (with associated documents) and the Pipelines Act 1962

**12.1.2** The only grade of fuel available at Heathrow is Jet A-1.

**12.1.3** Aviation fuel is delivered to Heathrow by the oil companies using dedicated underground pipelines and a limited road tanker offload facility. Fuel is stored in two tank farms areas - one at Perry Oaks (in the centre of the airfield, between Delta and Echo taxiways), and the second in the Cargo Area.

**12.1.4** Both fuel facilities are owned by a joint venture company of oil companies, known as Heathrow Airport Fuel Company (HAFCO). It comprises BP International Ltd, Valero Energy Ltd (formerly called Chevron Ltd), ESSO Petroleum Company Ltd, Kuwait Petroleum International Aviation Company (UK) Ltd (trading as Q8), Shell UK Ltd, Total UK Ltd and Vitol Aviation BVBP, ExxonMobil, Shell, ChevronTexaco, Total and Q8 (24hr Tel; 020-8754 8762).

**12.1.5** The fuel hydrant system is operated by a joint venture known as Heathrow Hydrant Operating Company Limited Ltd (HHOpCo), comprising British Airways PLC (BA), BP International Ltd, Valero Energy Ltd (formerly Chevron Ltd), ESSO Petroleum Company Ltd, Kuwait Petroleum International Aviation Company (UK) Ltd (trading as Q8), Shell UK Ltd, Total UK Ltd and Vitol Aviation BV. (24hr Tel; 020-8754 8762).

**12.1.6** Fuel transfer from the hydrant outlets to the aircraft is carried out by a number of fuel companies and consortiums. All companies operate under the Aviation Fuel Quality Control and Operating Procedures as per the Joint Industry Guidelines (JIG)

**12.1.7** The into-plane fuelling service providers are Swissport Fuelling Services (tel: 020-8564 4903) who supply on behalf of Vitol, the Menzies operation with Shell and ExxonMobil (Esso) (tel: 020-8897-2836), Menzies dedicated BA operation (tel: 020-8759-5354) which supplies on behalf of all BA's suppliers and Aviation Fuel Services Ltd (AFS, tel: 020-8759-1363) which supplies on behalf of BP, Q8, and Total.

**12.2** Quality and correct specification of aircraft fuel; audit and inspection intervals, checklists, sampling and record keeping.

**12.2.1** HAL has access to the fuel industry audits, where recommendations and sign-off can be checked. The Ground Operations Licensing Team carry out annual checks on HHOpCo. Additionally, AFS, ASIG and Swissport are audited thru there GOL audit schedule.

**E.13** Other operational procedures

**13.1** Low visibility operations: description of operational procedures including coordination with air traffic services unit and apron management unit, standard taxiing routes, control of activities and measurement and reporting of runway visual range.

ASWeather\_OSI\_052 – Low Visibility Operations

Airside\_ASWeather\_Standard\_014 – Adverse Weather - LVP

**13.1.1** The two main runways at Heathrow are equipped with Marconi Standard Instrumented

Runway Visual Range units at the up wind, mid-point and downwind ends of each runway. These come into operation when the Runway Visual Range on the associated runway drops below 1,500 metres, and, at the lower end of the visibility range are capable of reading the IRVR in 25 metre steps. The units are frangible and are located 350ft (105 m) from the runway centreline. They are self-monitoring but are recalibrated by the manufacturers every nine months.

**13.1.2** IRVR digital readouts are provided in Air Traffic Control, the London Air Traffic Control Centre, the Southern AIS Centre, the Meteorological Centre, British Airways 'Heathrow Airport Centre' control room and are promulgated throughout the airport by HAL ACDM.

**13.1.3** Heathrow's procedures for operating in Low Visibility are detailed in the appropriate OSI – 'Low Visibility Operations'

**13.2** Procedures for winter operations

Airside Snow Plan 2022/23

ASWeather\_OSI\_053 – Winter Hazards and the Aerodrome Snow Plan

**13.2.1** Annually, Heathrow publishes its 'Snow Plan' which sets out how it will carry out snow removal and de/anti-icing activities, and how the organisation is structured to carry out the plan.

**13.2.2** The Snow Plan also sets out the responsibilities of third-party airside users during a snow or winter weather event, in terms of 'self-help' and reporting the conditions of aprons for further action by the Airfield Operations.

**13.2.3** Snow removal plan and procedures for its implementation, including a description of the available means and relevant arrangements

**13.3** Procedures for operations in adverse weather conditions

Airside\_ASWeather\_Standard\_014 – Adverse Weather – Anti and De-icing  
Airside\_ASWeather\_Standard\_014 – Adverse Weather – Strong Winds

ASWeather\_OSI\_054 – Adverse Weather

**13.3.1** The activities carried out by Heathrow during, or in preparation for, adverse weather conditions, are listed in the Airside Learning Library.

**13.3.2** The dedicated Met Office forecaster based in the Airport Control Centre (APOC) may issue a weather warning for Strong Winds, Gales, Thunderstorms, Ice etc.

**13.3.3** Weather warnings are promulgated to the airport community using the CDM web portal. They are also promulgated via the Airport Community app. Major handling companies are also contacted by email and/or telephone.

**13.3.4** Airfield Operations will increase patrols of the movement area during adverse weather. Additional inspections of runways will be carried out if necessary or at the request of ATC.

**13.4** Procedures for night operations

ASEnv\_OSI\_038 – Administration and Enforcement of Night Aircraft Movements and Quota Limits  
 ASEnv\_OSI\_060 – Surcharges for Noise Infringements by Departing Aircraft  
 ASEnv\_OSI\_061 – Ground Noise at Heathrow – Approval Control Process and Safety of Engine Ground Running

- 13.4.1 Heathrow is equipped for operations in the day or night period.
- 13.4.2 Control of the AGL and the decision to use it rests with ATC and is governed by the procedures in MATS Part II
- 13.4.3 At night, as detailed in section E.3, inspections are carried out by Airfield Operations which focus upon lighting quality and serviceability. Any faults found are passed for rectification to Engineering.
- 13.5 Procedures for the protection of radar and other navigational aids, control of activities, and ground maintenance in the vicinity of these installations
  - 13.5.1 Instrument Landing System (ILS) installations have their critical areas protected using pegs and signage. Critical areas are also marked on the Airfield Map to aid drivers.
  - 13.5.2 The 10cm radar installation at Heathrow is located outside the critical part of the security restricted zone, to the South East of the airfield. It is physically protected from intrusion. Works on the radar are managed by NATS.
  - 13.5.3 Development applications or crane/tall equipment permit applications in the local area which are going through the safeguarding process are assessed for impact upon the 10cm radar, as well as Ground Movement Radar and other navigational aids. Assessments are carried out by NATS specialist teams and objections raised if required.
  - 13.5.4 Permits to work on the airfield in the vicinity of navigational aids are only issued following consultation with NATS.
- 13.6 Procedures for the operation of aircraft with higher code letter at the aerodrome, including taxiing routes

ASGrOps\_OSI\_026 – Aircraft Towing Operations

- 13.6.1 Heathrow is able to accept Code F aircraft across the majority of the airfield. These routes are detailed in the UK AIP, section AD 2-EGLL-2-3.
- 13.6.2 In the event of unusual or large aircraft requiring the use of the airfield. The AfDM will make an assessment of the most suitable taxi route.
- 13.7 Procedures and measures for the prevention of fire at the aerodrome
  - 13.7.1 All HAL colleagues receive training on the prevention of fire.
  - 13.7.2 Airfield Operations colleagues, as part of their routine inspection regime, will look for fire risks, such as sources of ignition or fuel.
  - 13.7.3 Smoking is prohibited in the airside environment at Heathrow, except in small, carefully controlled areas.
- 13.8 Procedure for calculating reduced declared distances where there are temporary objects infringing the strip or obstacle limitation surfaces
  - 13.8.1 The responsibility for calculating and promulgating reduced declared distances rests with the AfDM.
  - 13.8.2 Procedures for calculating revised declared distances are available in Airfield Operations Local Operating Procedure Airside\_ASD-O\_ALOP\_25
- 13.9 Procedures for the safe integration of other aviation activities such as gliding, parachuting and banner towing.
  - 13.9.1 No 'other aviation activities' take place using Heathrow as a base.
  - 13.9.2 The airspace surrounding Heathrow is classified as Class D, is highly controlled (permission to enter the area for VFR flights is only granted by prior approval) and extremely busy - it is therefore unlikely that gliding, parachuting and banner towing activities will take place around Heathrow.
  - 13.9.3 ATC will manage VFR and SVFR flights through the airspace around Heathrow in

accordance with CAP493 (MATS Pt 1) and MATS Pt 2 (EGLL) procedures.

### 13.10 Procedure for termination of operation

**13.10.1** In circumstances whereby Heathrow Airport Limited intends to terminate the operation of the aerodrome, the following will be carried out;

- (a) The competent authority will be notified as soon as possible
- (b) Pertinent information will be provided to the Aeronautical Information Service provider
- (c) Heathrow will surrender its Certificate to the competent authority on the date of termination of operations.
- (d) Heathrow will ensure that appropriate measures have been taken to prevent the unintended use of the aerodrome by aircraft.

### 13.11 Environmental procedures

ASEnv_OSI_055 –Pre Conditioned Air Rules and Procedures
ASEnv_OSI_056 –Pollution Prevention
ASEnv_OSI_057 –De-icing Fluid Management Reporting Procedures
ASEnv_OSI_058 –Waste Management and Disposal including Aircraft Catering Waste
ASEnv_OSI_059 –Spillage and Incident Reporting Procedures
ASEnv_OSI_062 –Disposal of Pollutants, Oils and Lubricants and other Hazardous Wastes

**13.11.1** Heathrow Airport Limited (HAL) is committed to minimising the impact of its growing business on the environment and local communities through the continuous improvement of environmental performance and by acting as responsible stewards of the environment at all times.

**13.11.2** Heathrow is subject to a number of environmental controls in common with other major industries. The avoidance of water, air and land contamination, which can result from inadequate storage of materials, routine operations or emergency situations, is an essential operating requirement.

**13.11.3** Heathrow is also subject to aircraft Noise Abatement legislation, both on the ground and in the air.

**13.11.4** The emphasis rests firmly on the avoidance and minimisation of risk, and all practical steps should be taken to prevent events by means of training, awareness of legislation, good maintenance of equipment and good working practices.

### 13.12 Procedure for the Notification of Communicable Diseases & Death on Board Aircraft

ASGrOps_OSI_039 – Procedure for Notification of Communicable Diseases and Death on Board Aircraft at Heathrow
---

### 13.13 Drones

Airside_ASSG_Standard_015 - Safeguarding
--

**13.13.1** Drone operation - Heathrow operates a drone permit application process, which reviews and coordinates all drone operations in the vicinity of the aerodrome. The application process is managed by the Aerodrome Compliance Team.

**13.13.2** Drone detection - Heathrow has to be vigilant for any malicious drone use on and off the airfield. Heathrow has a detection system, operated on our behalf by a contracted company, which alerts the user to any potential malicious drone. A threat assessment process is followed and APOC and the Metropolitan Police are contacted for any drones of concern.

**13.14** FOD Radar – Heathrow has an operational FOD detection system that monitors the runway surface which compliments the detailed inspection requirements, and while the use of such a system is not a regulatory requirement, it contributes to exceeding the above regulatory and safety objectives.. The primary objective of the operation of such systems is to enhance the safety performance of the aerodrome through improved FOD detection, while not hindering aircraft operations at the airport.

## Part A Scope and interpretation of the Licence

---

### A1 Scope

---

- A1.1 The CAA has made a market power determination under section 7 of the Act on 10 January 2014 that means, for the purposes of section 3 of the Act, Heathrow Airport Limited (the Licensee) is the operator of a dominant airport area at a dominant airport.
- A1.2 The Airport (as defined in sections 66 and 67 of the Act) is London Heathrow Airport.
- A1.3 The Airport Area is those areas of the Airport, that comprise:
- (a) the land, buildings and other structures used for the purposes of the landing, taking off, manoeuvring, parking and servicing of aircraft, excluding the Northern Receipt Fuel Facility, the Southern Receipt Facility, the Sandringham Road Fuel Farm, the Perry Oaks Fuel Farm, the Airport Transfer Pipes and the Fuel Hydrant Systems;
  - (b) the passenger terminals; and
  - (c) the cargo processing areas.
- A1.4 The CAA, in exercise of the powers conferred by section 15 of the Act, hereby grants to the Licensee this licence authorising the Licensee, and those persons listed in section 3(3) of the Act, to require a person to pay a relevant charge in respect of airport operation services that it provides at the Airport, subject to the conditions of this Licence.
- A1.5 This Licence shall come into force on 1 April 2014 and shall continue in force until revoked in accordance with Condition B2 of this Licence.

### A2 Interpretations

---

- A2.1 Unless specifically defined within this Licence or in the Act or the context otherwise requires, words and expressions used in the Conditions shall be construed as if they were an Act of Parliament and the Interpretation Act 1978 applied to them. References to an enactment shall include any statutory modification or re-enactment thereof after the date this Licence comes into force.

- A2.2 Any word or expression defined for the purposes of any provision of Part I of the Act shall, unless the contrary intention appears, have the same meaning when used in the Conditions.
- A2.3 Any reference to a numbered Condition or Schedule is a reference to the Condition or Schedule bearing that number in this Licence, and any reference to a paragraph is a reference to the paragraph bearing that number in the Condition or Schedule in which the reference occurs.
- A2.4 In construing the provisions of this Licence, the heading or title of any Condition, Schedule or paragraph shall be disregarded.
- A2.5 Where the Licensee is required to perform any obligation by a specified date or within a specified period and has failed so to perform, such obligation shall continue to be binding and enforceable after the specified date or after expiry of the specified period, but without prejudice to any rights or remedies available against the Licensee under the Act or this Licence by reason of the Licensee's failure to perform by that date or within the period.
- A2.6 The provisions of sections 74 and 75 of the Act shall apply for the purposes of the publication or sending of any document pursuant to this Licence.

### **A3 Definitions**

---

- B2.1 In this Licence:
- (a) airport charges has the meaning assigned to it by regulation 3(1) of the Airport Charges Regulations 2011 (2011 No.2491);
  - (b) the CAA means the Civil Aviation Authority;
  - (c) the Act means the Civil Aviation Act 2012;
  - (d) airlines means providers of air transport services;
  - (e) the AOC means Heathrow Airline Operators Committee, a company limited by guarantee representing all airlines at the Airport. Agreement of the AOC shall be decided according to the AOC's governance arrangements;
  - (f) H7 means the period of the price control set by the CAA in relation to the five Regulatory Years ending on 31 December 2026;
  - (g) the Regulatory Year means the twelve month period beginning on 1 January and ending on 31 December; and

- (h) groundhandling has the meaning assigned to it by regulation 2(1) of the Airports (Groundhandling) Regulations 1997 (1997 No.2389).

## Part B General Conditions

---

### B1 Payment of fees

---

B3.1 The Licensee shall pay to the CAA such charges and at such times as are determined under a scheme made under section 11 of the Civil Aviation Act 1982 in respect of the carrying out of the CAA's functions under Chapter I of the Act.

### B2 Licence revocation

---

B2.1 The CAA may revoke this Licence in any of the following circumstances and only in accordance with sections 48 and 49 of the Act:

- (a) if the Licensee requests or otherwise agrees in writing with the CAA that the Licence should be revoked;
- (b) if:
  - (i) the Licensee ceases to be the operator of all of the Airport Area;
  - (ii) the Airport Area ceases to be a dominant airport area; or
  - (iii) the Airport ceases to be a dominant airport; or
- (c) if the Licensee fails:
  - (i) to comply with:
    - 1. an enforcement order (given under section 33 of the Act); or
    - 2. an urgent enforcement order (given under section 35 which has been confirmed under section 36); or
  - (ii) to pay any penalty (imposed under sections 39, 40, 51 or 52 of the Act) by the due date for any such payment,

where any such a failure is not rectified to the satisfaction of the CAA within three months after the CAA has given notice in writing of such failure to the Licensee, provided that no such notice shall be given by the CAA before:

- (i) the proceedings relating to any appeal under section 47 brought in relation to the validity or terms of an order or the CAA's finding or determination upon which it is based are finally determined; or (as the

case may be);

- (ii) the proceedings relating to any appeal under sections 47 or 55 brought in relation to the imposition of a penalty, the timing of the payment of the penalty or the amount of the penalty are finally determined.

### **B3 Promoting economy and efficiency**

---

- B3.1 The Licensee shall conduct its business and its activities that relate to the provision of airport operation services at the Airport so as to secure the economical and efficient:
- (a) operation and maintenance; and
  - (b) timely and appropriate enhancement and development of the Airport.
- B3.2 In complying with Condition B3.1, the Licensee shall seek to secure that the reasonable demands of users of air transport services regarding the range, availability, continuity, cost and quality of airport operation services provided by the Licensee at the Airport are met. In so doing, the Licensee shall carry out appropriate consultation with users, airlines and other relevant stakeholders, including providing timely and accurate information to them, so that they can assist the Licensee to identify the reasonable demands for airport operation services.
- B3.3 In complying with its obligations under this Condition, the Licensee shall take into account all relevant circumstances, including the need for it to finance its provision of airport operation services at the Airport.

## Part C The price control conditions

### C1 Price Control

- C1.1 When the Licensee fixes the amounts to be levied by it by way of airport charges in respect of relevant air transport services in the Regulatory Year 2023 it shall fix those charges at the levels best calculated to secure that; in that Regulatory Year, the total revenue at the Airport from such charges divided by the total number of passengers using the Airport does not exceed the maximum revenue yield per passenger, which shall be £31.57.
- C1.2 If the Licensee has fixed the amounts to be levied by it by way of airport charges in respect of relevant air transport services in the Regulatory Year 2023 at levels that exceed the maximum yield per passenger set out in Condition C1.1, the Licensee shall, within one month of Condition Price ControlC1 Price Control coming into effect in relation to the Regulatory Year 2023, consult airlines under the Airport Charges Regulations 2011 (2011 No.2491) to reset its prices to a level calculated to secure compliance with Condition C1.1.
- C1.3 The Licensee shall maintain the governance arrangements and the Q6 Capital Investments Triggers Handbook in relation it is core capex projects and development capex projects.
- C1.4 When the Licensee fixes the amounts to be levied by it by way of airport charges in respect of relevant air transport services in the Regulatory Year 2024, it shall fix those charges at the levels best calculated to secure that, in that Regulatory Year, the total revenue at the Airport from such charges divided by the total number of passengers using the Airport does not exceed the maximum revenue yield per passenger, which shall be calculated as follows:

$$M_{2024} = Y_{2023} \times (1 + CPI_{2024} + X_{2024} + B_{2022}) + \frac{AC_{2024}}{Q_{2024}} - \frac{T_{2024}}{Q_{2024}} + \frac{TDO_{2024}}{Q_{2024}} - AK_{2024} - K_{2024}$$

where:

- (a)  $M_{2024}$  is the maximum revenue yield per passenger using the Airport in Regulatory Year 2024 expressed in pounds sterling;
- (b)  $Y_{2023}$  is the maximum revenue yield per passenger using the Airport in Regulatory Year 2023, as defined in Condition C1.6(a);

- (c)  $CPI_{2024}$  is the percentage change between:
- (i) the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year 2024; and
  - (ii) the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year 2023;
- (d)  $X_{2024} = -20.07\%$ ;
- (e)  $B_{2022}$  is the bonus factor in Regulatory Year 2024, based on the Licensee's service quality performance in Regulatory Year 2022, as defined in Condition C1.9;
- (f)  $AC_{2024}$  is the Licensee's allowed capex adjustment in the Regulatory Year 2024, as defined in Condition C1.10 to C1.15;
- (g)  $Q_{2024}$  is the number of passengers using the Airport in the Regulatory Year 2024;
- (h)  $T_{2024}$  is the capital trigger factor in the Regulatory Year 2024, as defined in Condition C1.16 to C1.17;
- (i)  $TDO_{2024}$  is the terminal drop-off charge factor in Regulatory Year 2024, as defined in Condition C1.18 to C1.19;
- (j)  $AK_{2024}$  is the additional correction factor for Regulatory Year 2024, as defined in Condition C1.22 to C1.23; and
- (k)  $K_{2024}$  is the correction factor in Regulatory Year 2024, as defined in Condition C1.24.

C1.5 On each occasion on which the Licensee fixes the amounts to be levied by it by way of airport charges in respect of relevant air transport services in each of the subsequent Regulatory Years starting on 1 January 2025 and ending on 31 December 2026, the Licensee shall fix those charges at the levels best calculated to secure that, in each Regulatory Year, total revenue at the Airport from such charges divided by the total number of passengers using the Airport does not exceed the amount set in accordance with the formula below:

$$M_t = Y_{t-1} \times (1 + CPI_t + X_t + B_{t-2}) + \frac{AC_t}{Q_t} - \frac{T_t}{Q_t} + \frac{TDO_t}{Q_t} + \frac{TRS_t}{Q_t} - AK_t - K_t$$

where:

- (a)  $M_t$  is the maximum revenue yield per passenger using the Airport in Regulatory Year  $t$  expressed in pounds sterling;
- (b)  $Y_{t-1}$  is the average revenue yield per passenger in Regulatory Year  $t - 1$ , as defined in Condition C1.6;
- (c)  $CPI_t$  is the percentage change between:
  - (i) the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year  $t$ ; and
  - (ii) the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year  $t - 1$ ;
- (d)  $X_t = 0$ ;
- (e)  $B_{t-2}$  is the bonus factor in Regulatory Year  $t$ , based on the Licensee's service quality performance in Regulatory Year  $t - 2$ , as defined in Condition C1.9;
- (f)  $AC_t$  is the Licensee's allowed capex adjustment in the Regulatory Year  $t$ , as defined in Condition C1.10 to C1.15;
- (g)  $Q_t$  is the number of passengers using the Airport in the Regulatory Year  $t$ ;
- (h)  $T_t$  is the capital trigger factor in the Regulatory Year  $t$ , as defined in Condition C1.16 to C1.17;
- (i)  $TDO_t$  is the terminal drop-off charge factor in Regulatory Year  $t$ , as defined in Condition C1.18 to C1.19;
- (j)  $TRS_t$  is the traffic risk sharing factor in Regulatory Year  $t$ , as defined in Condition C1.20 to C1.21;
- (k)  $AK_t$  is the additional correction factor for Regulatory Year  $t$ , as defined in Condition C1.22 to C1.23; and
- (l)  $K_t$  is the correction factor in Regulatory Year  $t$ , as defined in Condition C1.24.

### Average revenue yield per passenger $Y_{t-1}$

C1.6  $Y_{t-1}$  is the average revenue yield per passenger in Regulatory Year  $t - 1$  calculated in accordance with the following formula:

$$Y_{t-1} = Y_{t-2} \times (1 + CPI_{t-1} + X_t) + S_{t-1}$$

where:

- (a)  $Y_{2023} = £31.570 + S_{2023}$ ;
- (b)  $CPI_{t-1}$  is the percentage change between:
  - (i) the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year  $t - 1$ ; and
  - (ii) the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year  $t - 2$ ;
- (c)  $X_t$  has the same value as in Condition C1.5(d), except that in respect of Regulatory Year 2024,  $X_{2024}$  has the same value as in Condition C1.4(d); and
- (d)  $S_{t-1}$  is the allowable security and/or health and safety cost per passenger in Regulatory Year  $t - 1$ , as defined in Condition C1.7 to C1.8.

**Allowable security and/or health and safety cost per passenger  $S_{t-1}$**

C1.7  $S_{t-1}$  is the allowable security and/or health and safety cost per passenger in Regulatory Year  $t - 1$  arising as a result of changes to security and/or health and safety standards. Additional costs from such changes shall be positive values; reductions in costs from such changes shall be negative values. This mechanism applies only when the expected cumulative cost ("EC") associated with changes to security and/or health and safety standards are:

- (a) above a cumulative £22.12m "deadband" figure; or
- (b) below a cumulative -£22.12m "deadband" figure.

C1.8  $S_{t-1}$  is calculated in accordance with Table C.1 below:

**Table C.1: Calculation of  $S_{t-1}$**

For each relevant Regulatory Year $t - 1$	
If EC is a positive number, then:	If EC is a negative number, then:
if: $ EC_{t-1}  > £22.12m$ and $ EC_{t-2}  > £22.12m$ then: $S_{t-1} = 0.9 \times C_{t-1}$	if: $ EC_{t-1}  > £22.12m$ and $ EC_{t-2}  > £22.12m$ then: $S_{t-1} = 0.9 \times C_{t-1}$
OR: if: $ EC_{t-1}  > £22.12m$	OR: if: $ EC_{t-1}  > £22.12m$

For each relevant Regulatory Year t – 1	
If EC is a positive number, then:	If EC is a negative number, then:
and $ EC_{t-2}  < £22.12m$	and $ EC_{t-2}  < £22.12m$
then: $S_{t-1} = 0.9 \times \frac{(EC_{t-1} - £22.12m)}{TimeFactor \times Q_{t-1}}$	then: $S_{t-1} = 0.9 \times \frac{(EC_{t-1} + £22.12m)}{TimeFactor \times Q_{t-1}}$
OR:	OR:
if: $ EC_{t-1}  < £22.12m$	if: $ EC_{t-1}  < £22.12m$
and $ EC_{t-2}  > £22.12m$	and $ EC_{t-2}  > £22.12m$
then: $S_{t-1} = -0.9 \times \frac{(EC_{t-2} - £22.12m)}{TimeFactor \times Q_{t-1}}$	then: $S_{t-1} = -0.9 \times \frac{(EC_{t-2} + £22.12m)}{TimeFactor \times Q_{t-1}}$
Otherwise: $S_{t-1} = 0$	Otherwise: $S_{t-1} = 0$

where:

- (ii)  $Q_t$  bears the same meaning as in Condition C1.5(g).

### Bonus factor $B_{t-2}$

C1.9  $B_{t-2}$  is the bonus factor based on performance achieved in respect of the specified elements  $k$  and bonus measures  $bm$  of the Licensee's service quality performance as each such term is defined in Condition D1. The bonus factor shall be calculated in accordance with Schedule 1 of this Licence.

### Allowed capex adjustment $AC_t$

C1.10  $AC_t$  is the capex adjustment, which adjusts the maximum revenue yield per passenger in Regulatory Year  $t$  to account for the changes in revenue requirement associated with allowed capex projects.  $AC_t$  shall be calculated in accordance with Table C.4 below.

**Table C.4: Allowed capex adjustment**

where:

- $P_t$  is the average value of the Office for National Statistics monthly CHAW Retail Price Index over Regulatory Year  $t$ ;
- $d_t$  is the allowed capex adjustment in Regulatory Year  $t$  as defined in Condition C1.11; and
- RWACC is the pre-tax RPI-real weighted average cost of capital which shall have a value of 4.04%.

C1.11 For the purposes of Condition C1.10, the allowed capex adjustment ( $d_t$ ) in Regulatory Year  $t$  is an amount equal to the difference between the capex allowance included in the H7 settlement and the total capex associated with capex projects in Regulatory Year  $t$ , and is to be calculated as follows:

$$d_t = IC_t - AV_t \times \frac{P_t}{P_{2018}} + AddC_t \times InfAddC_t$$

where:

- $IC_t$  is the total capex incurred by the Licensee in Regulatory Year  $t$  in accordance with the governance arrangements;
- $AV_t$  is the available capex allowance in Regulatory Year  $t$  in 2018 RPI-real

prices; and is given by

- (i) £339.643 million for 2022;
  - (ii) £509.400 million for 2023;
  - (iii) £625.871 million for 2024;
  - (iv) £902.086 million for 2025; and
  - (v) £850.509 million for 2026.
- (c)  $P_t$  bears the same meaning as in Condition C1.10(a);
  - (d)  $P_{2018}$  is the average value of the Office for National Statistics monthly CHAW Retail Price Index over Regulatory Year 2018 and is equal to 281.58;
  - (e)  $AddC_t$  is additional capex allowance for Regulatory Year  $t$  determined by the CAA through the Capex Adjustment Mechanism in accordance with Condition C1.12. It shall have the value zero unless otherwise directed by the CAA in accordance with that condition; and
  - (f)  $InfAddC_t$  is the inflation adjustment applicable to  $AddC_t$  for Regulatory Year  $t$  as set out in Condition C1.15(b)(i).

C1.12 The Licensee may seek a decision by the CAA to direct a value for one or more capex allowances for inclusion in the calculation of  $AddC_t$  in Condition C1.11. The Licensee may apply to the CAA for a decision to make such a direction where it considers that the following criteria (the “Capex Adjustment Criteria”) are both met:

- (a) the Licensee considers that it is in the interests of consumers for it to undertake capex projects that were not included in the calculation of  $AV_t$ . Such capex projects may include, but are not limited to, capex projects to reduce, control or mitigate the adverse environmental effects of the Airport; and
- (b) over the H7 period, the Licensee expects to incur a cumulative capex of a value more than the H7 total available capex allowance, calculated in accordance with the following formula:

$$\sum_{t=20}^{t=20} AV_t$$

where  $AV_t$  shall bear the meaning given to that term in Condition C1.14.

- C1.13 Except where the CAA has given consent in writing, the Licensee may make an application under Condition C1.9 only during the following periods:
- (a) 1 February 2024 to 31 March 2024; and/or
  - (b) 1 February 2025 to 31 March 2025
- C1.14 For the purposes of Condition C1.12, the Licensee must support any application with comprehensive evidence setting out:
- (a) the scope of the capex project(s) that are the subject matter of its application (the “Project(s)”);
  - (b) the costs that the Licensee expects to incur during the H7 period in relation to each Project which is the subject of its application;
  - (c) the basis on which the Licensee considers that the Project(s) (individually or cumulatively) meet each of the Capex Adjustment Criteria;
  - (d) evidence setting out how airlines have been consulted in relation to each Project in accordance with the governance arrangements; and
  - (e) a report setting out airlines’ views on the matters consulted on under Condition C1.14(d).

The Licensee shall make any application in accordance with the requirements of any additional guidance on the form or content of applications that the CAA may publish.

- C1.15 Where the Licensee has made an application under Condition C1.12, the CAA will:
- (a) before making a direction under Condition C1.12, publish on its website:
    - (i) the Licensee’s application that does not contain information that the CAA considers is confidential to the Licensee;
    - (ii) the text of any proposed direction that it is proposing to make;
    - (iii) the reasons for the proposed direction; and
    - (iv) a period during which representations may be made on the proposed direction, which will not be less than 28 days.
  - (b) after the period for representations set in accordance with this Condition has ended, make a decision to direct on:

- (i) such adjustment or adjustments to the value of  $AddC_t$ , and such value for the inflation adjustment applicable to it ( $InfAddC_t$ ) as it considers appropriate in the interests of consumers, and the Regulatory Years to which any such adjustment and/or inflation adjustment relate;
- (ii) rejecting the Licensee's application; or
- (iii) requesting more information from the Licensee.

### Trigger factor $T_t$

C1.16  $T_t$  is the trigger factor in Regulatory Year  $t$ , which is a change in the maximum revenue yield per passenger occurring when the Licensee achieves specific capital investment milestones associated with relevant projects earlier or later than the milestone month in the Capital Investment Triggers Handbook. For the purposes of  $T_t$ , a "relevant project" is any project to which triggers apply which passed through Gateway 3:

- (a) in accordance with the governance arrangements applicable to it at that time; and
- (b) prior to the either the governance arrangements being modified as a result of guidance issued during 2023 in accordance with Condition F or 31 December 2023, whichever is the earlier.

$T_t$  shall be calculated as follows:

$$T_t = \sum_i TM_{it} TF_{it}$$

where for any specific trigger  $i$ :

- (a)  $TF_{it}$  is the number of months between the milestone month and either:
  - (i) for capex projects completed later than the milestone month, the earlier of the project completion date or the end of Regulatory Year  $t$ ; or
  - (ii) for capex projects completed earlier than the milestone month, the later of the project completion date or the start of Regulatory Year  $t$ .

in either case,  $TF_{it}$  shall bear a maximum value of 12.

- (b)  $TM_{it}$  is the trigger payment associated with each trigger in Regulatory Year  $t$  and is defined as:

$$TM_{it} = MTP_i \times \frac{P_t}{P_{2018}}$$

where:

- (i)  $MTP_i$  is the monthly trigger payment which is defined for each relevant project;
- (ii)  $P_t$  bears the same meaning as in Condition C1.10(a); and
- (iii)  $P_{2018}$  bears the same meaning as in Condition C1.11(d).

C1.17 The triggers, milestone month and monthly trigger payments shall bear the same meaning as set out in the Capital Investment Triggers Handbook applicable to the relevant project at the time when the triggers were set and may be modified in accordance with the modification processes set out in that handbook.

### Terminal drop-off charge $TDO_t$

C1.18  $TDO_t$  is the Terminal drop-off charge factor that:

- (a) implements risk sharing; and
- (b) provides protection to the Licensee from the risk that a change to legislation that substantially alters the basis upon which the CAA makes its forecasts on revenue from Terminal drop-off charges in Regulatory Year  $t$ .

C1.19  $TDO_t$  shall be calculated in accordance with Table C.5 below.

**Table C.5: Calculation of the Terminal drop-off charge**

If $w_t = 0$	If $w_t = 1$
$-0.65 \times (OTDO_t - FTDO_t)$	$-1.00 \times (OTDO_t - FTDO_t)$

where:

- (a)  $w_t = 1$  if a change to legislation comes into force in Regulatory Year  $t$  that prevents the Licensee from recovering the full amount of the Forecast, and  $w_t = 0$  otherwise;
- (b)  $OTDO_t$  is the outturn revenue collected by the Licensee from Terminal drop-off charges in Regulatory Year  $t$ ; and
- (c)  $FTDO_t$  is CAA's forecast of the revenue that the Licensee is expected to

collect from Terminal drop-off charges in Regulatory Year t and is set out in the CAA’s final decision setting the price control applicable to the Licensee for H7.

**Traffic risk sharing adjustment TRS<sub>t</sub>**

C1.20 TRS<sub>t</sub> is the traffic risk sharing adjustment in Regulatory Year t, which adjusts the maximum revenue yield per passenger in Regulatory Year t to take account of the number of passengers using the Airport in previous Regulatory Years being either higher or lower than the number forecast by the CAA and set out in Table C.8 in Condition C1.21. It shall be calculated in accordance with Table C.6 below.

**Table C.6: Traffic Risk Sharing Adjustment**

TRS <sub>t</sub>	Sum Rows	Sum Rows

where:

- (a) ARS<sub>t</sub> is the annual risk share with respect to traffic outturns in Regulatory Year t, as defined in Condition C1.21;
- (b) P<sub>t</sub> bears the same meaning as in Condition C1.10(a); and
- (c) RWACC bears the same meaning as in Condition C1.10(c).

C1.21 For the purposes of Condition C1.20, ARS<sub>t</sub> is the annual risk share with respect to traffic outturns in Regulatory Year t, which is calculated in accordance with the formula below:

$$ARS_t = \sum_{i=1}^{i=4} RS_{it}$$

where RS<sub>it</sub> is calculated in accordance with Table C.7 below:

**Table C.7: Annual Risk Share**

	if	then	otherwise
$RS_{1t}$	$OAR_t < 0.9 \times FAR_t$	$(0.9 \times FAR_t - OAR_t) \times 1.05$	0
$RS_{2t}$	$OAR_t < FAR_t$	$\{FAR_t - \max[(0.9 \times FAR_t), OAR_t]\} \times 0.5$	0
$RS_{3t}$	$OAR_t > FAR_t$	$\{FAR_t - \min[(1.1 \times FAR_t), OAR_t]\} \times 0.5$	0
$RS_{4t}$	$OAR_t > 1.1 \times FAR_t$	$(1.1 \times FAR_t - OAR_t) \times 1.05$	0

where:

- (a)  $OAR_t$  is the outturn allowed revenue in Regulatory Year  $t$  calculated in accordance with the formula below:

$$OAR_t = MY_t \times Q_t$$

where:

- (i)  $MY_t$  is the maximum allowed yield (excluding adjustments) in Regulatory Year  $t$  defined as:

For  $t = 2023$ :  $MY_{2023} = \text{£}31.570$

For  $t = 2024$ :  $MY_t = MY_{t-1} \times (1 + CPI_{2024} + X_{2024})$

For  $t > 2024$ :  $MY_t = MY_{t-1} \times (1 + CPI_t + X_t)$

where:

1.  $CPI_t$  bears the same meaning as in Condition C1.5(c); and
2.  $X_t$  has the same value as in Condition C1.5(d), except that in respect of Regulatory Year 2024,  $X_{2024}$  has the same value as in Condition C1.4(d)

- (ii)  $Q_t$  bears the same meaning as in Condition C1.5(g).

- (b)  $FAR_t$  is the forecast allowed revenue in Regulatory Year  $t$  calculated in accordance with the formula below:

$$FAR_t = MY_t \times Q_t^f$$

where:

- (i)  $MY_t$  bears the same meaning as in Condition C1.21(a)(i); and
- (ii)  $Q_t^f$  is the forecast number of passengers using the Airport in Regulatory Year  $t$ , as set out in Table C.8 below.

**Table C.8: Traffic Risk Sharing Adjustment**

Regulatory Year	Forecast number of passenger
2023	73,008,769
2024	78,890,705
2025	80,653,561
2026	81,318,198

**Additional correction factor  $AK_t$** 

C1.22  $AK_t$  is the additional correction factor to be made in Regulatory Year  $t$  to return in full during Regulatory Years 2024 to 2026 the Licensee's over recovery of revenue from airport charges compared with  $M_{2020}$  and  $M_{2021}$ .  $AK_t$  is calculated as follows:

$$AK_t = \frac{1}{Q_t} \times \left[ wR2020_t \times (R_{2020} - Q_{2020} \times M_{2020}) \times \frac{P_t}{P_{2020}} \times (1 + RWACC)^{t-2020} \right. \\ \left. + wR2021_t \times (R_{2021} - Q_{2021} \times M_{2021}) \times \frac{P_t}{P_{2021}} \times (1 + RWACC)^{t-2021} \right]$$

where:

- (a)  $Q_t$  bears the same meaning as in Condition C1.5(g);
- (b)  $wR2020_t$  is the proportion of the Licensee's over-recovery of revenue from airport charges in Regulatory Year 2020 to be included in the adjustment of the maximum allowable yield for Regulatory Year  $t$  and shall be subject to:

$$\sum_{t=2024}^{t=2026} wR2020_t = 1$$

$$0 \leq wR2020_{2024} \leq 1$$

$$0 \leq wR2020_{2025} \leq 1$$

$$0 \leq wR2020_{2026} \leq 1$$

- (i) The Licensee shall publish the value of  $wR2020_t$  in the annual consultation for setting charges for Regulatory Year  $t$ .
- (c)  $wR2021_t$  is the proportion of the Licensee's over-recovery of revenue from airport charges in Regulatory Year 2021 to be included in the adjustment of the maximum allowable yield for Regulatory Year  $t$  and shall be subject to:

$$\sum_{t=2024}^{t=2026} wR2021_t = 1$$

$$0 \leq wR2021_{2024} \leq 1$$

$$0 \leq wR2021_{2025} \leq 1$$

$$0 \leq wR2021_{2026} \leq 1$$

- (i) The Licensee shall publish the value of  $wR2021_t$  in the annual consultation for setting charges for Regulatory Year  $t$ .
- (d)  $R_t$  is the total revenue from airport charges in respect of relevant air transport services levied at the Airport in Regulatory Year  $t$  expressed in pounds sterling;
- (e)  $M_t$  bears the same meaning as in Condition C1.5(b);
- (f)  $P_t$  bears the same meaning as in Condition C1.10(a);
- (g)  $P_{2020}$  is the average value of the Office for National Statistics monthly CHAW Retail Price Index over Regulatory Year 2020 and is equal to 293.14;
- (h)  $P_{2021}$  is the average value of the Office for National Statistics monthly CHAW Retail Price Index over Regulatory Year 2021 and is equal to 305.00; and
- (i) RWACC bears the same meaning as in Condition C1.10(c).

C1.23 For the purposes of Condition C1.22, the values of  $R_t$ ,  $Q_t$  and  $M_t$  shall be calculated in accordance with the price control conditions applicable to the Licensee in this licence as they were in each of the Regulatory Years 2020 and 2021.

### Correction factor $K_t$

C1.24  $K_t$  is the correction factor (whether positive or negative value) to be made in Regulatory Year  $t$ , which is calculated as follows:

$$K_t = \frac{1}{Q_t} \times (R_{t-2} - Q_{t-2} \times M_{t-2}) \times \left(1 + \frac{I_{t-2}}{100}\right)^2$$

where:

- (a)  $R_{t-2}$  is the total revenue from airport charges in respect of relevant air transport services levied at the Airport in Regulatory Year  $t - 2$  expressed in pounds sterling;
- (b)  $Q_{t-2}$  is the number of passengers using the Airport in Regulatory Year  $t - 2$ ;
- (c)  $M_{t-2}$  is the maximum revenue yield per passenger using the Airport in Regulatory Year  $t - 2$  expressed in pounds sterling, except that in respect of Regulatory Year 2022,  $M_{2022}$  it shall bear the value £30.19;
- (d)  $I_{t-2}$  is the appropriate interest rate for Regulatory Year  $t - 2$ , which is equal to:
  - (i) the specified rate plus 3% where  $K_t$  is positive; or
  - (ii) the specified rate where  $K_t$  is negative.

## Definitions

C1.25 In this Condition C1:

- (a) **allowable security and/or health and safety claim per passenger** means the annual equivalent of the increase or decrease in security and/or health and safety costs at the Airport in the relevant Regulatory Year which arise as a result of a change in required security and/or health and safety standards at the Airport, where the CAA agrees in writing that the relevant standard has changed, divided by the number of passengers using the Airport in that Regulatory Year;
- (b) **average revenue yield per passenger** means the revenue from airport charges levied in respect of relevant air transport services in the relevant Regulatory Year, before any deduction of rebates under the Measures, Targets and Incentives Scheme in Schedule 1 of this Licence, divided by the total number of passengers using the Airport in the relevant Regulatory Year;
- (c) the **Capital Investment Triggers Handbook** means the handbook published by the Licensee in accordance with Condition F1.1(a) which contains details of the triggers, milestone months and monthly trigger payments for capex projects and details of how future changes to those elements can be made

- with the agreement of the Licensee and the airlines;
- (d) **capex project** is any project that is being taken forward in accordance with the governance arrangements;
- (e) **the governance arrangements** means the arrangements set out in the Capital Efficiency Handbook published by the Licensee as required in accordance with Condition F1.1(a);
- (f) A **passenger** using the Airport is a passenger who
- (i) boards an aircraft at the Airport as the origin of their journey;
  - (ii) arrives at the Airport as the final destination of their journey;
  - (iii) is a transferring passenger who changes from one aircraft to another at the Airport; or
  - (iv) is a transiting passenger who arrives at the Airport on an aircraft with one flight number, remains airside, and departs from the Airport on the same flight number;
- (g) **project completion date** is the date when, in accordance with the governance arrangements, the Licensee has achieved the trigger criteria as defined for each project in the Capital Investment Triggers Handbook;
- (h) **relevant air transport services** means air transport services carrying passengers that join or leave an aircraft at the Airport, including air transport services operated for the purpose of business or general aviation;
- (i) **specified rate** means the average of the three month Treasury Bill Discount Rate (expressed as an annual percentage interest rate) published by the UK Debt Management Office ([www.dmo.gov.uk/data/treasury-bills/tender-results/](http://www.dmo.gov.uk/data/treasury-bills/tender-results/)), during the 12 months from the beginning of May in Regulatory Year  $t - 2$  to the end of April in Regulatory Year  $t - 1$ ;
- (j) **Terminal drop-off charge** means the per vehicle charge for accessing the drop off area for departures from any terminal at the Airport, as set by the Licensee from time to time.

## C2 Charges for other services

---

- C2.1 By 30 September in each Regulatory Year, the Licensee shall provide to the CAA and users of the Specified Facilities details of the methodology it uses to allocate

the costs it incurs in the provision of the Specified Facilities (“the cost allocation methodology”).

- C2.2 The CAA may, by notice published no later than 31 October in any Regulatory Year and following a reasonable period of consultation, require the Licensee to amend the cost allocation methodology referred to in Condition C2.1 in the manner, or to achieve the outcomes, specified in the notice provided that such amendments will not result in the Licensee failing to recover all costs in accordance with the rules and processes set out in the ORC governance arrangements.
- C2.3 Where the CAA has required the Licensee to amend the cost allocation methodology under Condition C2.2, the Licensee must make the changes specified in the notice before the start of the next Regulatory Year.
- C2.4 The Licensee shall facilitate and pay for an independent review of the appropriateness of the cost allocation methodology to validate that the cost allocation methodology ensures that the costs of the Specified Facilities are allocated between airlines and non-airline users of the Specified Facilities on a fair and reasonable basis. The terms of reference of the review shall be set by the CAA after consultation with the Licensee and users of the Specified Facilities. The independent reviewer for this purpose will be appointed by the Licensee following consultation with the CAA and users of Specified Facilities, and shall report to the CAA and copies of that report shall be made available to users of the Specified Facilities. The Licensee may recover its costs for this review through ORC charges.
- C2.5 By 30 September in each Regulatory Year, the Licensee shall provide to the CAA and users of the Specified Facilities statements of the actual costs it has incurred and the revenues it has generated in respect of each of the Specified Facilities for the preceding Regulatory Year in a form, and to a sufficient degree of detail, as set out in the governance arrangements, to enable the CAA and users of the Specified Facilities to be reasonably satisfied that the charges that the Licensee proposes to apply to the Specified Facilities are derived in accordance with the cost allocation methodology. This obligation only applies in respect of those elements of the Specified Facilities which formed part of the Specified Facilities in the preceding Regulatory Year.
- C2.6 By 31 December in each Regulatory Year, the Licensee shall provide to the CAA and to users of the Specified Facilities, prior to implementing any changes to the charges for the Specified Facilities, a statement (“the pricing principles”):
- (a) confirming the principles it shall use for calculating the charges it levies for

each Specified Facility, as set out in the governance arrangements; and

- (b) setting out the assumptions and relevant cost information in a form, and to a sufficient degree of detail, as set out in the governance arrangements, to enable the CAA and users of the Specified Facilities to be reasonably satisfied that the charges that the Licensee proposes to apply to the Specified Facility are derived in accordance with the pricing principles.

C2.7 Where charges for the Specified Facilities are not established in relation to the cost allocation methodology or the pricing principles, the Licensee shall provide to the CAA and to users of the Specified Facilities a statement of:

- (a) the reasons for using an alternative methodology and/or approach to charging; and
- (b) the methodology and principles that the Licensee has used to set those charges

in a form, and to a sufficient degree of detail, as set out in the governance arrangements, to enable the CAA and users of the Specified Facilities to understand the calculation of such charges, including details of comparable charges for similar services provided by the Licensee or other providers.

C2.8 Where, in respect of any Regulatory Year, the revenue that the Licensee generates from any of the Specified Facilities differs from the revenue that the Licensee generated from that Specified Facility in the preceding Regulatory Year, the Licensee shall provide to the CAA and to users of the Specified Facilities detailed reasons for those differences.

C2.9 The CAA may by notice modify the list of Specified Facilities in this Condition C2 with immediate effect where there is written agreement from the Licensee and the AOC on the nature of the modification to be made.

C2.10 The modifications that can be made under Condition C2.9 shall be limited to any modifications to the list of Specified Facilities to include particular facilities in (or exclude them from) the list in Condition C2.12(a).

C2.11 Modifications can be made to the list of Specified Facilities in this Condition C2 under Condition C2.9 at any time.

  - (ii) baggage handling systems
  - (iii) Hold Baggage Screening;
  - (iv) services for Passengers with reduced mobility (PRMs);
  - (v) staff car parking;
  - (vi) staff identity cards;
  - (vii) fixed electrical ground power;
  - (viii) pre-conditioned air;
  - (ix) airside licences;
  - (x) waste, recycling and refuse collection;
  - (xi) taxi feeder park;
  - (xii) utility services (including electricity, water and sewerage); and
  - (xiii) the Licensee's contribution to the funding of the AOC;
- (b) **the governance arrangements** means the arrangements set out in the ORC Protocol published as required in accordance with Condition F1.1(a); and
- (c) users of the Specified Facilities are
- (i) airlines (including the AOC) that the Licensee charges directly for use of the Specified Facilities; and
  - (ii) any other person that the Licensee charges directly for use of the Specified Facilities including, but not limited to, suppliers of groundhandling services, retailers, hotels, UK Border Force and hire car operators, or their representatives.

### **C3 Procurement of capital projects**

---

- C3.1 The Licensee shall, so far as is reasonably practicable, secure the procurement of capital projects in an efficient and economical manner, taking account of value for money including scope, aggregated direct and indirect costs for the airlines

affected by the project, programme timing risk and benefit to users of air transport services.

- C3.2 The following obligations in this Condition C3 are without prejudice to the generality of Condition C3.1 and compliance with the following obligations shall not necessarily be treated in itself as sufficient to secure compliance with Condition C3.1. In fulfilling these obligations, the Licensee shall at all times comply with Condition C3.1.

### **Publication of a Procurement Code of Practice**

- C3.3 By 1 October 2014 the Licensee shall publish a Procurement Code of Practice setting out the principles, policies and processes by which it will comply with Condition C3.1.

- C3.4 As a minimum, the Procurement Code of Practice shall include the following information:

- (a) the acquisition principles, which shall ensure that the design and delivery of relevant capital projects are carried out in a manner which provides an appropriate balance of responsibility between the parties for cost certainty, risk, schedule and specification;
- (b) the options for acquisition models that the Licensee intends to apply;
- (c) the critical criteria that the Licensee intends to apply for adopting a particular acquisition model; and
- (d) the key principles that the Licensee will apply to all contractors with regards to the operational requirements of airlines and the Licensee's own airport operation services.

- C3.5 The information required under Condition C3.4 shall demonstrate how the Licensee will:

- (a) further the objective for procurement in Condition C3.1;
- (b) incentivise efficiency by its contractors; and
- (c) take account of the overall performance of its contractors in awarding additional projects.

- C3.6 The Licensee shall, in consultation with airlines, review the Procurement Code of Practice from time to time and update it as necessary, or if directed by the CAA by notice to do so.

- C3.7 The Licensee shall publish by 1 February in each Regulatory Year a report identifying instances where significant capital investment work has not been procured in line with the Procurement Code of Practice, providing in each case evidence and analysis as to why an alternative procurement method better met the objective.

### **Definitions**

- C3.8 In this Condition C3, significant capital investment work means a capital project with a value of over £20 million.

## **C4 Charges for cargo only operators**

---

- C4.1 In any Regulatory Year, the Licensee shall not levy airport charges in respect of air services that do not fall within the definition of passenger air services that are higher than are levied in respect of equivalent air services falling within that definition.

### **Definitions**

- C4.2 In this Condition C4 passenger air services means air services carrying passengers that join or leave an aircraft at the Airport, including air services operated for the purpose of business or general aviation.

## Part D Service quality conditions

---

### **D1 Service quality measures, targets, incentives and publication**

---

- D1.1 The Licensee shall comply with the Statement of service quality Measures, Targets and Incentives (“the Statement”) set out in Schedule 1 of this Licence.
- D1.2 The Statement set out at Schedule 1 of this Licence includes its Annexes and, subject to the following provisions of this Condition, is a condition of this Licence.
- D1.3 The Licensee shall maintain records of the actual quality of service, rebates that it pays, and bonuses that it accrues in each Regulatory Year in such form and detail that the performance can be independently audited against the requirements set out in the Statement.
- D1.4 The Licensee shall publish relevant information about service quality performance in accordance with the requirements specified in the Statement.
- D1.5 The Licensee shall facilitate and pay for regular, independent audits of the adequacy, measurement and workings of the service quality Measures, Targets and Incentives scheme set out in Schedule 1, including the surveys included within it. The independent auditors for this purpose will be appointed by the CAA and shall report to the CAA.
- D1.6 The CAA may by notice modify the Statement with immediate effect where there is written agreement from both the Licensee and the AOC on the nature of the modification to be made.
- D1.7 The modifications that can be made under Condition D1.6 are any modifications to the Statement except:
- (a) any modifications to the calculation of the bonus factor set out in the Statement; and
  - (b) any modifications to Table 7.
- D1.8 Modifications can be made to the Statement under Condition D1.6 at any time.

## D2 Operational Resilience

---

- D2.1 The purpose is to secure the availability and continuity of airport operation services at the Airport, particularly in times of disruption, to further the interests of users of air transport services in accordance with best practice and in a timely, efficient and economical manner.
- D2.2 The Licensee shall achieve the purpose so far as is reasonably practicable having regard to all relevant circumstances.
- D2.3 The following obligations in this Condition D2 are without prejudice to the generality of Condition D2.2 and compliance with the following obligations shall not necessarily be treated in itself as sufficient to secure compliance with Condition D2.2. In fulfilling these obligations the Licensee shall at all times comply with Condition D2.2.

### Resilience plans

- D2.4 By 1 October 2014 the Licensee shall publish one or more plan(s) or other documents setting out the principles, policies and processes by which it will comply with Condition D2.2.
- D2.5 As a minimum, the plan(s) shall include those elements set out in any relevant guidance issued by the CAA as revised from time to time.
- D2.6 In particular, the plan(s) shall include details on how the Licensee, in cooperation with airlines using the Airport, will seek to ensure the welfare of users of air transport services during disruption.
- D2.7 Prior to publishing any plan(s) or other documents under Condition D2.4, the Licensee shall consult all relevant parties on those plans or documents.
- D2.8 The Licensee shall allow a reasonable time for relevant parties to respond to any consultation issued under Condition D2.7.
- D2.9 The Licensee shall, from time to time or when so directed by the CAA, review and, if necessary and following consultation, revise any plan(s) or other documents published under Condition D2.4 so that they may better comply with Condition D2.2.
- D2.10 No revision of any CAA guidance under Condition D2.5 or CAA direction under Condition D2.9 shall have effect unless the CAA has first consulted the Licensee and any relevant parties.

## Coordination and cooperation

- D2.11 The Licensee shall, so far as is reasonably practicable, coordinate and cooperate with all relevant parties at the Airport to meet the requirements of Condition D2.2.
- D2.12 The Licensee shall set up and facilitate a committee of relevant parties or organisations representing those relevant parties. All relevant parties shall have the right to be on this committee or, if they so wish, to be represented on it by an organisation appointed to that effect.
- D2.13 The Licensee shall develop rules of conduct for airlines and suppliers of groundhandling services to follow, particularly during disruption, in consultation with those parties. The rules of conduct shall be set out in the Licensee's Conditions of Use and in any written arrangements, including licences issued by the Licensee, for the supply of groundhandling services and shall comply with the following principles:
- (a) they shall be applied in a proportionate manner to the various airlines and suppliers of groundhandling services; and
  - (a) they shall relate to the purpose in Condition D2.1.
- D2.14 The Licensee shall use all reasonable endeavours to ensure that airlines and suppliers of groundhandling services comply with the rules of conduct developed under Condition D2.13.

## Provision of information

- D2.15 In the event of service disruption, however caused, the Licensee shall so far as is reasonably practicable:
- (a) coordinate the communication of timely, accurate, clear and relevant operational information, conditions and decisions to relevant parties, in relation to its own operations and, where available to the Licensee, the operations of other relevant parties;
  - (b) provide, or ensure the provision of timely, accurate, clear and relevant information about its operations to, and adequate communication with, users of air transport services; and
  - (c) provide timely, accurate, clear and relevant information to users of air transport services including, but not limited to, information about their relevant rights under the Denied Boarding Regulations during disruption.

## Definitions

D2.16 In this Condition D.2

- (a) **Conditions of Use** means the Heathrow Airport Conditions of Use including Airport Charges, as reviewed and published by the Licensee on an annual basis;
- (b) The **Denied Boarding Regulations** means UK Regulation (EU) No 261/2004 (the UK Denied Boarding Regulations) and The Air Passengers Rights and Air Travel Organisers Licensing (Amendment) (EU Exit) Regulations 2019 establishing common rules on compensation and assistance to passengers in the event of denied boarding and of cancellation or long delay of flights; and
- (c) **relevant parties** means those providing a service to users of air transport services at the Airport including airlines, suppliers of groundhandling services, the provider of aerodrome air navigation services, fuel and energy suppliers and the UK Border Force.

## Part E Financial conditions

---

### E1 Regulatory accounting requirements

---

- E1.1 This Condition applies for the purpose of making available, in a form and to a standard reasonably satisfactory to the CAA, such audited regulatory accounting information as will, in furtherance of the requirements of this Licence:
- (a) enable the CAA, airlines and users of air transport services to assess on a consistent basis the financial position of the Licensee and the financial performance of provision of airport operation services and associated services provided in connection with the Airport;
  - (b) assist the CAA, airlines and users of air transport services to assess performance against the assumptions underlying the price control conditions in Conditions C1 and C2 of this Licence; and
  - (c) inform future price control reviews.
- E1.2 The Licensee shall keep and, so far as it is able, procure that any related undertaking keeps the accounting records required by the Companies Act 2006 to keep in such form as is necessary to enable the Licensee to comply with this Condition and the Regulatory Accounting Guidelines.
- E1.3 The Licensee shall prepare on a consistent basis from the accounting records referred to in Condition E1.2, in respect of any Regulatory Year, regulatory accounts in conformity with the Regulatory Accounting Guidelines for the time being in force in accordance with this Condition.
- E1.4 The Regulatory Accounting Guidelines prepared pursuant to Condition E1.3 shall, without limitation:
- (a) provide that, except so far as the CAA reasonably considers otherwise, the regulatory accounts shall be prepared in accordance with applicable law and International Financial Reporting Standards (IFRS) as adopted by the EU from time to time; and
  - (b) state the accounting policies to be adopted.
- E1.5 The Licensee shall:
- (a) procure, in respect of the regulatory accounts prepared in accordance with

Condition E1.3 in respect of a Regulatory Year, a report by the Auditors addressed to the CAA which provides their opinion on those accounts. The opinion should be worded in the form required by those professional bodies accountable for prescribing the form of audit reports on regulatory accounts and should reference compliance with the Condition and the Regulatory Accounting Guidelines;

- (b) deliver to the CAA the Auditors' report referred to in Condition E1.5(a) and the regulatory accounts referred to in Condition E1.3 as soon as reasonably practicable, and in any event not later than six months after the end of the Regulatory Year to which they relate; and
- (c) arrange for copies of the regulatory accounts and Auditors' report referred to in Conditions E1.5(a) and (b), respectively, to be made publicly available and, so far as reasonably practicable, to do so when the annual statutory accounts of the Licensee are made available.

E1.6 The Licensee shall also:

- (a) make reasonable endeavours to secure agreement between itself, the CAA and the Auditors on Agreed Upon Procedures which are designed to provide the CAA with factual findings, where, from time to time, the CAA reasonably considers such procedures are relevant to the fulfilment of its duties and proportionate to any concerns of the CAA in respect of its fulfilment of those duties.
- (b) procure, as required from time to time by the CAA, in respect of the regulatory accounts prepared in accordance with Condition E1.3, a report by the Auditors addressed to the CAA which states that they have carried out Agreed Upon Procedures and which sets out their findings.

## Definitions

E1.7 In this Condition E1 **Regulatory Accounting Guidelines** means the guidelines, published from time to time by the CAA so as to fulfil the purpose set out in Condition E1.1, which govern the format and content of such regulatory accounts and the basis on which they are to be prepared.

E1.8 In this Condition E1 **Agreed Upon Procedures** means procedures which are from time to time agreed between the CAA, the Auditors and the Licensee and which the Auditors carry out and report on factual findings.

## E2 Financial Resilience

---

E2.1 The Licensee shall at all times act in a manner calculated to secure that it has available to it sufficient resources including (without limitation) financial, management, operational and staff resources, to enable it to provide airport operation services at the Airport and do so in accordance with this licence.

### **Certificate for the CAA in relation to financial resources**

E2.2 The Licensee shall submit a certificate addressed to the CAA, approved by a resolution of the board of directors of the Licensee and signed by a director of the Licensee pursuant to that resolution. Such certificate shall be submitted within four months of the end of the relevant Regulatory Year and shall include a statement of the factors which the directors of the Licensee have taken into account in preparing that certificate. Each certificate shall be in one of the following forms:

(a) Financial Resources Certificate 1

“After making enquiries based on systems and processes established by the Licensee appropriate to the purpose, the directors of the Licensee have a reasonable expectation that the Licensee will have available to it, after taking into account in particular (but without limitation):

- (i) any dividend or other distribution which might reasonably be expected to be declared or paid;
- (ii) any amounts of principal and interest due under any loan facilities; and
- (iii) any actual or contingent risks which could reasonably be material to their consideration

sufficient financial and other resources and financial and operational facilities to:

- (i) enable the Licensee to provide airport operation services at London Heathrow Airport of which the Licensee is aware or could reasonably be expected to make itself aware; and
- (ii) do so in accordance with the licence obligations to which the Licensee can reasonably expect to be subject

for a period of two years from the date of this certificate.”

(b) Financial Resources Certificate 2

“After making enquiries based on systems and processes established by the Licensee appropriate to the purpose, the directors of the Licensee have a reasonable expectation, subject to what is said below, that the Licensee will have available to it, after taking into account in particular (but without limitation):

- (i) any dividend or other distribution which might reasonably be expected to be declared or paid;
- (ii) any amounts of principal and interest due under any loan facilities; and
- (iii) any actual or contingent risks which could reasonably be material to their consideration,

sufficient financial resources and financial facilities to:

- (i) enable the Licensee to provide airport operation services at London Heathrow Airport of which the Licensee is aware or could reasonably be expected to make itself aware; and
- (ii) do so in accordance with the licence obligations to which it is or will be the Licensee can reasonably expect to be subject

for a period of two years from the date of this certificate.”

However, they would like to draw attention to the following factors which may cast doubt on the ability of the Licensee to provide airport operation services at London Heathrow Airport for that period...”

(c) Financial Resources Certificate 3

“In the opinion of the directors of the Licensee, the Licensee will not have available to it sufficient financial resources and financial facilities to:

- (i) provide airport operation services at London Heathrow Airport of which the Licensee is aware or of which it could reasonably be expected to make itself aware; and
- (ii) do so in accordance with the licence obligations to which the Licensee can reasonably expect to be subject

for a period of two years from the date of this certificate.”

## Certificate for the CAA in relation to operational resources

E2.3 The Licensee shall submit a certificate addressed to the CAA, approved by a resolution of the board of directors of the Licensee and signed by a director of the Licensee pursuant to that resolution. Such certificate shall be submitted within four months of the end of the relevant Regulatory Year. Each certificate shall be in one of the following forms:

(a) Operational Resources Certificate 1

“After making enquiries based on systems and processes established by the Licensee appropriate to the purpose, the directors of the Licensee have a reasonable expectation that the Licensee will have available to it sufficient operational resources, including (without limitation) management, personnel, fixed and moveable assets, rights, licences, consents and facilities, on such terms and with all such rights, to:

- (i) enable the Licensee to provide airport operation services at London Heathrow Airport of which the Licensee is aware or could reasonably be expected to make itself aware; and
- (ii) do so in accordance with the licence obligations to which the Licensee can reasonably expect to be subject

for a period of two years from the date of this certificate.”

(b) Operational Resources Certificate 2

“After making enquiries based on systems and processes established by the Licensee appropriate to the purpose, the directors of the Licensee have a reasonable expectation that the Licensee will have available to it sufficient operational resources, including (without limitation) management, personnel, fixed and moveable assets, rights, licences, consents and facilities, on such terms and with all such rights, to:

- (i) enable the Licensee to provide airport operation services at London Heathrow Airport of which the Licensee is aware or could reasonably be expected to make itself aware; and
- (ii) do so in accordance with the licence obligations to which the Licensee can reasonably expect to be subject

for a period of two years from the date of this certificate.”

However, they would like to draw attention to the following factors which may cast doubt on the expectation set out above...”

(c) Operational Resources Certificate 3

“In the opinion of the directors of the Licensee, the Licensee will not have available to it sufficient operational resources, including (without limitation) management, personnel, fixed and moveable assets, rights, licences, consents and facilities, on such terms and with all such rights to:

- (i) enable the Licensee to provide airport operation services at London Heathrow Airport of which the Licensee is aware or could reasonably be expected to make itself aware; and
- (ii) do so in accordance with the licence obligations to which the Licensee can reasonably expect to be subject

for a period of two years from the date of this certificate.”

- E2.4 The Licensee shall inform the CAA in writing as soon as practicable if the directors of the Licensee become aware of any circumstance which causes them no longer to have the reasonable expectation expressed in the then most recent certificate given under either Condition E2.2 or Condition E2.3.
- E2.5 The Licensee shall obtain and submit to the CAA with each certificate provided under Condition E2.2 and Condition E2.3 a report prepared by its Auditors stating whether or not the Auditors are aware of any inconsistencies between, on the one hand, those certificates and the statement submitted with them and, on the other hand, any information which they obtained during their audit of the relevant year end accounts of the Licensee.
- E2.6 Where the Licensee has submitted a certificate to the CAA under Condition E2.2 or Condition E2.3 in either the form of Financial Resources Certificate 2 or Operational Resources Certificate 2, such certificate(s) shall be accompanied by a statement setting out information on business forecasting scenarios that the directors have used in the preparation of the certificates and which have caused them to draw the CAA’s attention to the matters referred to in the relevant certificate. In each such statement, the Licensee shall provide a range of plausible outcomes for the matters to which they are drawing the CAA’s attention, including, as a minimum, a central case, with positive and negative sensitivities together with their assessment of the impact of each of them on the sufficiency of its financial and/or operational resources.

- E2.7 If the Licensee or any of its linked companies (or, where applicable the directors and officers of any of those undertakings) seeks, or is advised to seek, advice from an insolvency practitioner or any other person relating to:
- (a) the Licensee's financial position or ability to continue to trade; or
  - (b) that linked company's financial position or ability to continue to trade, only to the extent that it would affect the Licensee's financial position or ability to continue to trade.

The Licensee shall inform the CAA within 3 working days.

- E2.8 The Licensee shall inform the CAA by email to [economicregulation@caa.co.uk](mailto:economicregulation@caa.co.uk) (or such other email address as the CAA may specify to the Licensee from time to time in writing) when it has placed new information for bondholders and/or investors on its website.

### **Restriction on activities**

- E2.9 The Licensee shall not, and shall procure that its subsidiary undertakings shall not, conduct any business or carry on any activity other than:
- (a) the Permitted Business; and/or
  - (b) any other business or activity for which the CAA has given its written consent for the purposes of this Condition, such consent not to be unreasonably withheld or delayed.

### **Ultimate holding company undertakings**

- E2.10 The Licensee shall procure from each Covenantor a legally enforceable undertaking in favour of the Licensee in the form specified by the CAA that that Covenantor will:
- (a) refrain from any action, and procure that every subsidiary of the Covenantor (other than the Licensee and its subsidiaries) will refrain from any action, which would then be likely to cause the Licensee to breach any of its obligations under this Licence;
  - (b) ensure each subsidiary of the Covenantor that holds records that the Licensee may reasonably require to carry on the activities permitted under Condition E2.9 maintains those records to enable the Covenantor to comply with paragraph (c) of this condition; and

- (c) promptly upon request by the CAA (specifying the information required) provide to the CAA (with a copy to the Licensee) information of which they are aware and which the CAA reasonably considers necessary in order to enable the Licensee to comply with this Licence.

E2.11 The undertaking required by Condition E2.10 shall be obtained within seven days of the company or other person in question becoming a Covenantor and shall remain in force for so long as the Licensee remains the holder of this Licence and the Covenantor remains a Covenantor.

E2.12 The Licensee shall:

- (a) deliver to the CAA, within seven days of obtaining the undertaking required by Condition E2.10, a copy of such undertaking;
- (b) inform the CAA as soon as practicable in writing if the directors of the Licensee become aware that the undertaking has ceased to be legally enforceable or that its terms have been breached; and
- (c) comply with any direction from the CAA to enforce any such undertaking.

E2.13 The Licensee shall write to each director of the Covenantor appointed after that date within one week of their appointment as a director of the Covenantor appraising that director of the terms of the undertaking that the Covenantor has given.

### **Change to banking ringfence**

E2.14 The Licensee shall not amend, vary, supplement or modify or concur in the amendment, variation, supplementation or modification of any of the finance documents in respect of credit rating requirements (whether in each case in the form of a written instrument, agreement or document or otherwise) (a "Variation") unless it has given prior written notice thereof to the CAA. The Licensee shall, as soon as reasonably practicable:

- (a) notify the CAA of the possibility of any such Variation; and
- (b) provide a summary of the executed change.

E2.15 The provisions of Condition E2.10 shall not apply to any administrative or procedural Variation.

### **Definitions**

E2.16 In this Condition E2:

- (a) **the Covenantor** means the holding company of the Licensee which is not itself a subsidiary of another company. For the purposes of this definition, “holding company” and “subsidiary” shall bear the meanings given to those terms in section 1159(1) of the Companies Act 2006.
- (b) **a linked company** means any company within the Licensee’s Group where the financial position of that company or its inability to continue to trade would have an adverse effect on the Licensee’s financial position or ability to continue to trade;
- (c) **Permitted Business** means:
  - (i) any and all business undertaken by the Licensee and its subsidiary undertakings as at 1 April 2014;
  - (ii) to the extent that it falls outside the definition in Condition E2.16(c)(i), the business of owning, operating and developing the Airport and associated facilities by the Licensee and its subsidiary undertakings (including, without limitation, any and all airport operation services, provision of facilities for and connected with aeronautical activities including retail, car parks, advertising and surface access and the infrastructure development thereof); and
  - (iii) any other business, provided always that the average of any expenses incurred in connection with such businesses during any one financial year is not more than 2% of the value of the regulatory asset base (RAB) at the start of the financial year.

## E3 Continuity of service plan

---

- E3.1 The purpose of the continuity of service plan shall be to describe in detail the legal, regulatory, operational and financial information that an administrator, receiver, new management or similar could reasonably be expected to require in order for the administrator to efficiently carry out its functions and to remain compliant with this Licence and the Licensee’s aerodrome licence.
- E3.2 The Licensee shall prepare and at all times maintain a continuity of service plan fulfilling the requirements of Condition E3.1.
- E3.3 The continuity of service plan prepared under Condition E3.2 shall be submitted to the CAA as follows:

- (a) the first continuity of service plan shall be submitted as soon as practicable, and in any event not later than 1 October 2014;
- (b) subsequent continuity of service plans within 20 business days of the CAA's written request.

E3.4 The form, scope and level of detail of the plan referred to in this Condition shall be approved by the CAA, (such approval not to be unreasonably withheld or delayed).

E3.5 At least every 12 months the Licensee shall review the appropriateness of its continuity of service plan and submit to the CAA a certificate addressed to the CAA, approved by a resolution of the board of directors of the Licensee and signed by a director of the Licensee pursuant to that resolution. Such certificate shall be submitted within four months of the end of the relevant Regulatory Year in the following form:

"The Licensee has reviewed its continuity of service plan. In the opinion of the directors of the Licensee the continuity of service plan is fit for purpose and complies with its obligations under its Licence."

## Part F Consultation and Governance conditions

---

### F1 Consultation and Governance

---

F1.1 The Licensee shall:

- (a) develop, consult on and use reasonable endeavours to agree with Relevant Parties governance and consultation arrangements (including such protocols and handbooks as are appropriate) that establish clear rules, processes and information requirements, including consultation requirements, to allow Relevant Parties to scrutinise, challenge and collaborate with the Licensee to drive efficient costs and appropriate service levels and to propose and, where relevant, agree amendments to:
  - (i) the Licensee's proposals for future investment in the short, medium and long term that have the potential to affect those Relevant Parties;
  - (ii) the Licensee's proposals for the development and delivery of key capital projects identified in its future investment proposals in Condition F1.1(a)(i);
  - (iii) the Licensee's charges that are subject to Condition C2 in relation to users of Specified Facilities in Condition C2.12(c)(i); and
  - (iv) the service quality regime in Condition D1, including the Statement of Measures, Targets and Incentives in Schedule 1 of this Licence.
- (b) consult Relevant Parties for a period of no less than 28 days (or such other time period as may be agreed with Relevant Parties) on, as a minimum, any proposed changes to its:
  - (i) charges that are subject to Condition C2 in relation to users of Specified Facilities in Condition C2.12(c)(ii);
  - (ii) traffic forecasts;
  - (iii) operational resilience activities in Condition D2;
  - (iv) Terminal drop-off charge in excess of 10 per cent of the charge applicable in Regulatory Year 2022; and

- (v) its policies and proposals for any other airport operation service it provides

so that those parties have sufficient information to take an informed view of the proposed changes.

- F1.2 Before making any changes following a consultation referred to in Condition F1.1, the Licensee must provide to the Relevant Parties and the CAA a report setting out:
- (a) the revisions originally proposed;
  - (b) a summary of any representations made in writing and not expressly withdrawn; and
  - (c) details of how it has taken those representations into account, including any changes to the revisions originally proposed as a result of such representations.
- F1.3 The Licensee shall within the Regulatory Year 2023 consult on, use reasonable endeavours to agree, and make available to Relevant Parties and the CAA, one or more protocols, handbooks or other arrangements setting out how it will satisfy the obligations in Condition F1.1(a) and, to the extent those protocols, handbooks or other arrangements have been agreed, the Licensee shall comply with them.
- F1.4 As a minimum, the protocols, handbooks or other arrangements referred to in Condition F1.1(a) shall include those elements set out in any relevant guidance issued from time to time by the CAA.
- F1.5 No CAA guidance under Condition F1.4 shall have effect unless the CAA has first consulted the Licensee and any other relevant parties on that guidance or any revision of it (whether or not such consultation commenced prior to this condition coming into effect).
- F1.6 In compliance with Condition F1.3, the Licensee may use any protocol, handbook or other arrangement that meets the requirements of Condition F1.1(a) and was agreed with Relevant Parties prior to 1 January 2022, subject to any revisions required under Condition F1.7.
- F1.7 The Licensee shall, in consultation with Relevant Parties, review the protocols, handbooks or other arrangements it has in place to meet the requirements of Condition F1.1(a) from time to time or if directed by the CAA by notice to do so and, update them as necessary in accordance with that Condition.

- F1.8 Where the Licensee cannot reach agreement with the Relevant Parties under Conditions F1.1(a), F1.3 or F1.7, it may refer the matter to the CAA for determination and, following such a referral, the CAA may, by notice, make a determination on the matter so referred.
- F1.9 In this Condition F1, Relevant Parties means those stakeholders that need to be consulted for the Licensee to comply with the relevant obligation under this Condition F1, including any groups or boards already established for the purpose of developing protocols.

# Schedule 1 Statement of Measures, Targets and Incentives

---

## 1. Introduction

---

- 1.1 This Schedule and its Annexes set out the service quality Measures, Targets and Incentives scheme referred to in Conditions C1 and D1 of this Licence. This scheme is referred to throughout this Schedule and its Annexes as the “MTI scheme”.
- 1.2 The components of the MTI scheme consist of the measures, metrics, targets, rebate incentives, bonus incentives and publication requirements set out in Table 1 to Table 8 of this Schedule.
- 1.3 The remaining parts of this Schedule are:
- (a) Measures (section 2);
  - (b) Metrics (section 3);
  - (c) Targets (section 4);
  - (d) Rebate incentives (section 5);
  - (e) Bonus incentives (section 6);
  - (f) Publication requirements (section 7); and
  - (g) Tables (section 8).
- 1.4 The following Annexes attached to this Schedule form part of this Schedule and the Licensee shall comply with the requirements and other matters set out in those Annexes:
- (a) General matters (Annex 1);
  - (b) Survey questions (Annex 2);
  - (c) Exclusions (Annex 3); and
  - (d) Runway operational resilience (Annex 4).

## 2. Measures

---

- 2.1 The measures in the MTI scheme are subject to either:
- (a) financial incentives (rebates or bonuses or both) with publication requirements; or
  - (b) reputational incentives (with publication requirements)
- in each case, as specified in this Schedule and the Annexes attached to this Schedule.
- 2.2 For measures subject to financial incentives, the Licensee's performance shall be measured against targets. The Licensee shall also report on its performance for these measures against those targets in the manner and with the frequency specified in section 7 and Table 8 of this Schedule. The Licensee shall calculate its performance against those targets in accordance with the relevant formulae specified in section 3.
- 2.3 For measures subject to reputational incentives, the Licensee shall report on performance for those measures in the manner and with the frequency specified in section 7 and Table 8 of this Schedule and in accordance with the relevant formulae in section 3. Where a target has not been set in this Schedule, the Licensee shall report on performance for the measures without reference to targets.
- 2.4 The measures to which the Licensee's obligations in paragraphs 2.2 and 2.3 of this Schedule apply are the "terminal measures" (applicable to Terminal 2, Terminal 3, Terminal 4 and Terminal 5) or the "airport-wide measures" (applicable to the Airport as a whole) that are set out in Table 1 to Table 5 of this Schedule.

## 3. Metrics

---

- 3.1 For the purposes of this section 3, the measures forming the MTI scheme are grouped into the following metric categories:
- (a) survey-based;
  - (b) queuing times;
  - (c) availability-based; and
  - (d) other metrics.

**3(a) Survey-based**

- 3.2 The Licensee shall take the data it uses for the calculation of performance for the survey-based metrics from the Quality of Service Monitor (“QSM”), Surface Access Customer Satisfaction (“SACS”) Survey and the Special Assistance Quality of Service Monitor (“SpA QSM”) as specified in Annex 2 to this Schedule.
- 3.3 The Licensee shall use the survey-based metrics specified in Annex 2 to this Schedule to measure its performance against targets for the following measures that are subject to financial incentives:

Quality of Service Monitor (QSM)			
F1	Cleanliness	F3	Helpfulness/attitude of security staff
F2	Wayfinding	F4	Wi-Fi performance

- 3.4 The Licensee shall use the survey-based metrics specified in Annex 2 to this Schedule to measure performance for the measures in List 1 and List 2 below that are subject to reputational incentives:

**List 1**

Quality of Service Monitor (QSM)			
R1	Overall satisfaction	R4	Airport that meets my needs
R2	Customer effort (ease)	R5	Feel safe and secure
R3	Enjoy my time at the airport	R7	Helpfulness/attitude of airport staff

**List 2**

Surface Access Customer Satisfaction Survey (SACS)		Special Assistance Quality of Service Monitor (SpA QSM)	
R6	Ease of access to the airport	R8	Passengers with Reduced Mobility (PRM) – overall satisfaction

**Quality of Service Monitor (QSM)**

- 3.5 The Licensee shall use the results of the QSM survey as specified in Annex 2 to this Schedule to provide the basis for the measures specified in paragraph 3.3 and in List 1 of paragraph 3.4 of this Schedule.

3.6 The Licensee shall measure performance using monthly moving annual averages weighted by the monthly number of passengers in the relevant terminal, using the following formulae:

- (a) For a passenger terminal that has been offering air transport services for the carriage of passengers for a period of more than 12 months, or for a passenger terminal where the Licensee has conducted the QSM surveys for a period of more than 12 months, the Licensee shall calculate performance for measure  $i$  in month  $j$  in terminal  $a$  as follows:

$$\text{Performance}_{i,j,a} = \frac{\sum_{m=1}^{m=12} [\pi_{j-m+1,a} \text{Monthly survey results}_{i,j-m+1,a}]}{\sum_{m=1}^{m=12} \pi_{j-m+1,a}}$$

- (b) For a newly opened or reopened passenger terminal, for the first 12 months after air transport services for the carriage of passengers commence (or recommence) at that terminal, or for a passenger terminal where the Licensee has conducted the QSM surveys for a period of 12 months or less, the Licensee shall calculate performance for measure  $i$  in month  $j$  in terminal  $a$  as follows:

$$\text{Performance}_{i,j,a} = \frac{\sum_{m=1}^{m=\mu} [\pi_{j-m+1,a} \text{Monthly survey results}_{i,j-m+1,a}]}{\sum_{m=1}^{m=\mu} \pi_{j-m+1,a}}$$

where:

- (i)  $\pi_{j,a}$  is the number of passengers in month  $j$  in terminal  $a$ ;
- (ii)  $\text{Monthly survey results}_{i,j,a}$  is the performance of measure  $i$  in month  $j$  in terminal  $a$ ;
- (iii)  $m$  is a counter of the 12 months ending in month  $j$ ;
- (iv)  $\mu$  is a counter of months so that:
  1. the first full month in which air transport services for the carriage of passengers are provided at terminal  $a$  or the first full month in which QSM surveys are carried out = 1;
  2. the second full month in which air transport services for the carriage of passengers are provided at terminal  $a$  or the second full month in which QSM surveys are carried out = 2, and each subsequent month shall be identified accordingly; so that

3. the twelfth full month in which air transport services for the carriage of passengers are provided at terminal a or the twelfth full month in which QSM surveys are carried out = 12.

### Surface Access Customer Satisfaction Survey (SACS)

- 3.7 The Licensee shall use the results of the SACS survey as specified in Annex 2 to this Schedule to provide the basis for its reporting against the target for measure R6 (ease of access to the airport).
- 3.8 The Licensee shall measure performance using quarterly moving annual averages weighted by the number of direct departing passengers arriving at the Airport by surface transport in the respective quarter, using the following formulae:

- (a) where the Licensee has conducted the SACS survey for a period of four quarters or more, the Licensee shall calculate performance in quarter  $q$  as follows:

$$\text{Performance}_r = \frac{\sum_{q=1}^{q=4} [\pi_{r-q+1} \text{Quarterly survey results}_{r-q+1}]}{\sum_{q=1}^{q=4} \pi_{r-q+1}}$$

- (b) where the Licensee has conducted the SACS survey for a period of less than four quarters, the Licensee shall calculate performance in quarter  $q$  as follows:

$$\text{Performance}_r = \frac{\sum_{q=1}^{q=\alpha} [\pi_{r-q+1} \text{Quarterly survey results}_{r-q+1}]}{\sum_{q=1}^{q=\alpha} \pi_{r-q+1}}$$

where:

- (i)  $\pi_r$  is the number of direct departing passengers arriving at the Airport by surface transport in quarter  $r$ ;
- (ii) Quarterly survey results $_r$  is the performance of measure R6 in quarter  $r$ ;
- (iii)  $q$  is a counter of the four quarters ending in quarter  $r$ ; and
- (iv)  $\alpha$  is a counter of quarters so that:
  1. the quarter in which SACS surveys start = 1;
  2. the quarter after SACS surveys start = 2;
  3. the second quarter after SACS surveys start = 3; and

4. the third quarter after SACS surveys start = 4.

### Special Assistance Quality of Service Monitor (SpA QSM)

3.9 The Licensee shall use the results of the SpA QSM survey as specified in Annex 2 to this Schedule to provide the basis for its reporting against the target for measure R8 (passengers with reduced mobility (PRM) – overall satisfaction).

3.10 The Licensee shall measure performance using monthly moving annual averages weighted by the number of passengers using the service for passengers with reduced mobility in each terminal by month, using the following formulae:

- (a) where the Licensee has conducted the SpA QSM survey for a period of 12 months or more, the Licensee shall calculate performance in month  $j$  as follows:

$$\text{Performance}_j = \frac{\sum_{m=1}^{m=12} [\pi_{j-m+1} \text{Monthly survey results}_{j-m+1}]}{\sum_{m=1}^{m=12} \pi_{j-m+1}}$$

- (b) where the Licensee has conducted the SpA QSM survey for a period of less than 12 months, the Licensee shall calculate performance in month  $j$  as follows:

$$\text{Performance}_j = \frac{\sum_{m=1}^{m=\mu} [\pi_{j-m+1} \text{Monthly survey results}_{j-m+1}]}{\sum_{m=1}^{m=\mu} \pi_{j-m+1}}$$

where:

- (i)  $\pi_j$  is the number of passengers using the service for passengers with reduced mobility per terminal in month  $j$ ;
- (ii) Monthly survey results <sub>$i,j$</sub>  is the performance of measure R8 in month  $j$ ;
- (iii)  $m$  is a counter of the 12 months ending in month  $j$ ; and
- (iv)  $\mu$  is a counter of months so that:
  1. the first full month in which SpA QSM surveys are carried out = 1;
  2. the second full month in which SpA QSM surveys are carried out = 2, and each subsequent month shall be identified accordingly; so that
  3. the twelfth month in which SpA QSM surveys are carried out = 12.

**3(b) Queuing times**

- 3.11 The Licensee shall collect data for queuing times for passengers and staff (security) using the method specified in paragraph 3.18.
- 3.12 The Licensee shall collect data for queuing times for passengers (immigration) in accordance with paragraph 3.24.
- 3.13 The Licensee shall collect data for queuing times for vehicles (security) using the method specified in paragraph 3.20 and 3.21.
- 3.14 The Licensee shall use queuing times metrics to measure its performance against targets for the following measures subject to financial incentives:

Passengers and staff (security)	
F5a	Security queue time – Central search (percentage of queue times measured once every 15 minutes that are less than 5 minutes)
F5b	Security queue time – Central search (percentage of queue times measured once every 15 minutes that are less than 10 minutes)
F6	Security queue time – Transfer search (percentage of queue times measured once every 15 minutes that are less than 10 minutes)
F7	Security queue time – Staff search (percentage of queue times measured once every 15 minutes that are less than 10 minutes)
Vehicles (security)	
F8	Control posts vehicle queuing times (percentage of vehicle queuing times at each control post group that are less than 15 minutes)

- 3.15 The Licensee shall use the queuing times metrics to determine its reporting of performance against targets for the following measures subject to reputational incentives:

Passengers (immigration)	
R16a	Immigration queue times for non-EEA passengers using staffed gates (percentage of queuing times measured once every 15 minutes that are less than 45 minutes)
R16b	Immigration queue times for EEA passengers using staffed gates (percentage of queuing times measured once every 15 minutes are less than 25 minutes)

### Queuing times for passengers and staff (security)

3.16 The Licensee shall calculate queuing time for passengers and staff (security) using the following formula:

$$A - B + C$$

where:

- (a) A is the elapsed time between passengers or staff passing a defined entry portal and reaching the security roller bed (the exit point);
- (b) B is an allowance for the free flow transit time from the point when passengers or staff reach the entry portal to the point where they reach the security roller bed (including an allowance for any intermediate processes conducted between the portal and the roller bed). This is referred to as the 'unimpeded walk time'; and
- (c) C is any additional time that passengers or staff spend in the queue for search before reaching the defined entry portal.

3.17 The unimpeded walk times, the inclusion of any uni-queue or maze systems, process delay times, entry and exit points allowed for in the above equation shall be agreed locally for each search area in accordance with the governance arrangements required under Condition F1.1(a)(iv).

3.18 The method of data collection shall be agreed locally for each search area in accordance with the governance arrangements required under Condition F1.1(a)(iv). Where the Licensee measures queues by the Manual method agreed by the CAA, the Licensee shall record the times manually noting the queue time of the first passenger or staff member presenting themselves to either:

- (a) the portal (if the queue does not extend to the portal); or
- (b) the back of the queue (if the queue extends beyond the portal) after a clockwise 15-minute period.

For example, this shall be achieved by the Licensee taking four measurements in every hour at hh:mm, hh:mm+15, hh:mm+30, hh:mm+45 where mm lies between 0 and 14) during the relevant time over which its performance is measured, up to the point that the passenger or staff reaches the security roller bed.

### Queuing times for vehicles (security)

- 3.19 The Licensee shall collect data for control post vehicle queuing times using the method specified in paragraphs 3.20 and 3.21 to measure its performance against the targets for control posts specified in Table 2 of this Schedule.
- 3.20 Queuing times shall be recorded by the Licensee using an automatic number plate recognition (ANPR) system. The ANPR system used by the Licensee for this purpose must be able to determine the percentage of vehicles which have a waiting time equal to or greater than 15 minutes.
- 3.21 Waiting time is defined as the elapsed time from when a vehicle first joins a queue to access a control post until when it travels into the control post sterile area.
- 3.22 Passing the overall control post standard shall require the Licensee passing the control post standard in each of the control post groups. The control post groups shall be defined as follows:
- (a) CTA : CP5, CP8
  - (b) Cargo : CP10, CP10a, CP25a
  - (c) Eastside : CP12, CP16
  - (d) Southside : CP24, CP24a
  - (e) Terminal 5 : CP18, CP19, CP20.

### Queuing times for passengers (immigration)

- 3.23 The Licensee shall calculate the queuing time for passengers (immigration) in accordance with the following formula:

$D - E$

where:

- (a) D is the time a passenger enters the queue for a staffed immigration desk;  
and
  - (b) E is the time that the same passenger leaves the queue maze to approach a staffed immigration desk.
- 3.24 The Licensee shall ensure that appropriate measurement methods are employed.

**3(c) Availability-based**

3.25 The Licensee shall collect data for availability-based metrics from its operational systems.

3.26 For the purposes of availability-based metrics, availability shall be defined as ‘serviceable and available for use, independent of any other measures’. The Licensee shall use availability-based metrics to measure its performance against targets for the following measures that are subject to financial incentives:

Financially incentivised measures in the availability-based metric group	
F9	Availability of lifts, escalators and travelators
F10	Availability of check-in infrastructure
F11	Availability of arrivals baggage carousels
F12a	Availability of Terminal 5 track transit system (percentage of one train serviceable and available for use, independent of any other measures)
F12b	Availability of Terminal 5 track transit system (percentage of two trains serviceable and available for use, independent of any other measures)
F13	Availability of stands
F14	Availability of jetties
F15	Availability of fixed electrical ground power
F16	Availability of stand entry guidance
F17	Availability of pre-conditioned air

3.27 For measures F9 to F17,  $Performance_{i,j,a}$  of availability of relevant facilities is defined for measure  $i$  in month  $j$  in terminal  $a$  as:

$$Availability_{i,j,a} = 100 \times \left( 1 - \frac{\sum_{e=1}^{e=n_{i,a}} TU_{b,j,a}}{n_{i,a} \times Time_j} \right)$$

where:

- (a)  $Availability_{i,j,a}$  is the percentage availability of measure  $i$  in month  $j$  in terminal  $a$ ;
- (b)  $TU_{b,j,a}$  is the relevant time elapsed in month  $j$  during which asset  $b$  in terminal  $a$  is unavailable as set out in paragraph 3.28;

- (c)  $T_{i,j}$  is the total relevant time in month  $j$  as defined in Table 1 of this Schedule;
- (d)  $e$  is a counter of the number of assets: for measure F10, each Self Service Bag Drop kiosk (with associated software) and each Common Use Self-Service kiosk is counted separately as one asset; and
- (e)  $n_{i,a}$  is the number of assets included in measure  $i$  in terminal  $a$ .

3.28 The Licensee shall measure the time elapsed during which an asset is unavailable from when a fault is reported by automatic back indication, by inspection or by a third party report, subject to the Exclusions specified in Annex 3.

**3(d) Other metrics**

3.29 The Licensee shall use the metrics set out in paragraphs 3.31 to 3.33 to measure its performance against targets for the following measures subject to financial incentives:

Financially incentivised measures in the other metrics group	
F18	Pier-served stand usage
F19	Runway operational resilience
F20a	Hygiene safety testing (percentage of Amber ATP test results resolved within 12 hours each month)
F20b	Hygiene safety testing (percentage of Red ATP test results resolved within 2 hours each month)

3.30 The Licensee shall use the metrics set out in paragraphs 3.34 to 3.40 to measure performance for the following measures subject to reputational incentives:

Reputationally incentivised measures in the other metrics group	
R9	Timely delivery from departures baggage system
R10	Baggage misconnect rate
R11	Departures flight punctuality
R12	Airport departures management
R13	Airport arrivals management

Reputationally incentivised measures in the other metrics group	
R14	% of UK population within 3 hours (and one interchange) of Heathrow by public transport
R15	Passenger injuries

### F18 Pier-served stand usage

3.31 The Licensee shall collect data for pier-served stand usage from its operational systems. The Licensee shall calculate its performance for this measure in month j in terminal a in accordance with the following formula:

$$\text{Performance}_{j,a} = \frac{\sum_{m=1}^{m=12} [\text{PierPax}_{j-m+1,a}]}{\sum_{m=1}^{m=12} \text{TotalPax}_{j-m+1,a}}$$

where:

- (a) PierPax<sub>j,a</sub> is the number of arriving and departing passengers accessing a pier served stand in month j in terminal a;
- (b) TotalPax<sub>j,a</sub> is the number of arriving and departing passengers in month j in terminal a; and
- (c) m is a counter of the 12 months ending in month j.

### F19 Runway operational resilience

3.32 The Licensee shall collect data for runway operational resilience to measure its performance against the targets for measure F19 in Table 3 in the manner set out in Annex 4.

### F20 Hygiene safety testing

3.33 The Licensee shall undertake a minimum of 10 random adenosine triphosphate (ATP) hygiene tests per day in each terminal to provide data to measure its performance against the targets for measures F20a and F20b in Table 1 in month j in terminal a:

- (a) For Amber ATP test results:

$$\text{Performance}_{j,a} = \frac{\text{TimelyAmberATP}_{j,a}}{\text{TotalAmberATP}_{j,a}}$$

where:

- (i)  $\text{TimelyAmberATP}_{j,a}$  is the number of Amber ATP test results resolved within 12 hours in month  $j$  in terminal  $a$ ; and
- (ii)  $\text{TotalAmberATP}_{j,a}$  is the total number of Amber ATP test results in month  $j$  in terminal  $a$ .

(b) For Red ATP test results:

$$\text{Performance}_{j,a} = \frac{\text{TimelyRedATP}_{j,a}}{\text{TotalRedATP}_{j,a}}$$

where:

- (i)  $\text{TimelyRedATP}_{j,a}$  is the number of Red ATP test results resolved within two hours in month  $j$  in terminal  $a$ ; and
- (ii)  $\text{TotalRedATP}_{j,a}$  is the total number of Red ATP test results in month  $j$  in terminal  $a$ .

## R9 Timely delivery from departures baggage system

3.34 The Licensee shall collect data for timely delivery from the departure baggage system from its operational systems. The Licensee shall calculate performance for measure R9 in Table 4 in month  $j$  in terminal  $a$  by recording the percentage of bags delivered from the baggage system to the baggage make up area (or facility) not less than 30 minutes before the scheduled time of departure of their intended flight.

## R10 Baggage misconnect rate

3.35 The Licensee shall collect data for the baggage misconnect rate from its operational systems to calculate performance for measure R10 in Table 5. For a bag to qualify as having missed its intended departing flight, it must meet the following criteria via algorithm: (a) the Licensee must receive a subsequent scan from the baggage system that indicates the bag is still present in the Airport after the flight has departed, (b) the Outbound Passenger ('OB pax') status equals 'Boarded' or 'Checked-In', and (c) aircraft status equals 'Airborne'.

## R11 Departures flight punctuality

3.36 The Licensee shall collect data for departures flight punctuality from its operational systems to calculate performance for measure R11 in Table 5. The Licensee shall calculate performance for this measure for each month by recording the proportion of scheduled passenger flights whose actual time of operation is less than or equal

to their scheduled time of operation plus 15 minutes, where the actual and scheduled times of operation are measured as chocks on/off.

## R12 Airport departures management

3.37 The Licensee shall collect data for airport departures management from its operational systems to calculate performance for measure R12 in Table 5. The Licensee shall calculate performance for this measure for each month by recording the average time taken (across all departing passenger flights) between the Actual Start Request Time and the Actual Take-Off time of an aircraft.

## R13 Airport arrivals management

3.38 The Licensee shall collect data for airport arrivals management from its operational systems to calculate performance for measure R13 in Table 5. The Licensee shall calculate performance for this measure for each month by recording the average time taken (across all arriving passenger flights) between the wheels of an aircraft touching down on a runway and roll-retarding chocks being placed against the aircraft wheels, after the aircraft's brakes have been applied on stands.

## R14 Percentage of UK population within 3 hours (and one interchange) of Heathrow by public transport

3.39 The Licensee shall collect data for the percentage of the UK population within three hours (and one interchange) of the Airport by public transport from geographic information system (GIS) data to calculate measure R14 in Table 5. The Licensee shall calculate performance for this measure in Regulatory Year  $t$  by:

$$\text{Performance}_t = \frac{\text{Population} < 3\text{hrs}_t}{\text{TotalPopulation}_t}$$

where:

- (a)  $\text{Population} < 3\text{hrs}_t$  is the UK population who live within three hours (and one interchange) of the Airport by public transport in Regulatory Year  $t$ ; and
- (b)  $\text{TotalPopulation}_t$  is the total UK population in Regulatory Year  $t$ .

**R15 Passenger injuries**

3.40 The Licensee shall collect data for passenger injuries from its operational systems to calculate performance for measure R15 in Table 5. The Licensee shall calculate the performance of this measure in month  $j$  by:

$$\text{Performance}_j = \frac{\sum_{m=1}^{m=12} [\text{InjuredPax}_{j-m+1}]}{\sum_{m=1}^{m=12} \pi_{j-m+1} \times \frac{1}{1,000,000}}$$

where:

- (a)  $\text{InjuredPax}_j$  is the number of passenger injuries reported to HAL's operational systems (excluding ill health) in month  $j$ ;
- (b)  $\pi_{j,a}$  is the number of passengers in the Airport in month  $j$ ; and
- (c)  $m$  is a counter of the 12 months ending in month  $j$ .

## 4. Targets

---

**For measures applicable to a terminal (terminal measures), for which a target has been set, and reported monthly**

4.1 The Licensee shall meet the target if:

$$\text{Performance}_{i,j,a} \geq \text{Target}_{i,j,a}$$

where:

- (a)  $\text{Performance}_{i,j,a}$  is the recorded performance of measure  $i$  in month  $j$  in terminal  $a$ ; and
- (b)  $\text{Target}_{i,j,a}$  is the relevant target of measure  $i$  in month  $j$  in terminal  $a$  as defined in Table 1 and Table 4 of this Schedule.

4.2 For each measure  $i$ ,  $\text{Performance}_{i,j,a}$  and  $\text{Target}_{i,j,a}$  are defined in the same way by the corresponding metric formulae in the relevant paragraphs in section 3. The targets are set out in Table 1 and Table 4 of this Schedule.

4.3 Paragraphs 4.1 and 4.2 apply to all measures in Table 1 and Table 4 of this Schedule for which targets have been set.

**For measures applicable to the whole Airport (airport-wide measures), for which a target has been set, and reported monthly**

4.4 The Licensee shall meet the target if:

$$\text{Performance}_{i,j} \geq \text{Target}_{i,j}$$

where:

- (a)  $\text{Performance}_{i,j}$  is the recorded performance of measure  $i$  in month  $j$ ; and
- (b)  $\text{Target}_{i,j}$  is the relevant target of measure  $i$  in month  $j$ .

4.5 For any measure  $i$ ,  $\text{Performance}_{i,j}$  and  $\text{Target}_{i,j}$  shall be defined in the same way as the corresponding metric formulae in the relevant paragraphs in section 3. Relevant targets are set out in Table 2, Table 3 and Table 5 of this Schedule.

4.6 Paragraphs 4.4 and 4.5 apply to the following measures:

Airport-wide measures reported monthly	
F8	Control posts vehicle queue times
F19	Runway operational resilience
R8	Passengers with reduced mobility (PRM) – overall satisfaction
R11	Departures flight punctuality

**For measures applicable to the whole Airport (airport-wide measures), for which a target has been set, and reported quarterly**

4.7 The Licensee shall meet the target if:

$$\text{Performance}_{i,r} \geq \text{Target}_{i,r}$$

where:

- (a)  $\text{Performance}_{i,r}$  is the recorded performance of measure  $i$  in quarter  $r$ ; and
- (b)  $\text{Target}_{i,r}$  is the relevant target of measure  $i$  in quarter  $r$ .

4.8 For any measure  $i$ ,  $\text{Performance}_{i,r}$  and  $\text{Target}_{i,r}$  shall be defined in the same way as the corresponding metric formulae in the relevant paragraphs in section 3. The levels of the targets are set out in Table 5 of this Schedule.

4.9 Paragraph 4.8 applies to measure R6 (ease of access to the Airport).

## 5. Rebate Incentives

---

5.1 The Licensee shall pay rebates to Relevant Parties in accordance with this Schedule as modified from time to time.

### Payment

5.2 This Schedule sets out the total level of rebates that shall accrue over each relevant Regulatory Year. The Licensee shall pay rebates to the Relevant Parties on a monthly basis in the month following the month in which those rebates accrue.

5.3 The Licensee shall allocate rebates to each Relevant Party in each month on the following basis:

- (a) rebates relating to measures F8 (Control post vehicle queuing times) and F19 (Runway operational resilience) for each month shall be allocated to the Relevant Parties *pro rata* with the Airport Charges incurred for air transport services for the carriage of passengers in that month; and
- (b) all other rebates shall be calculated separately for each terminal and for each month and shall be allocated to the Relevant Parties *pro rata* with the Airport Charges incurred for those air transport services for the carriage of passengers that used the terminal in that month.

5.4 The Licensee shall base the payments it makes to Relevant Parties on a month-by-month basis on its best estimate of the total Airport Charges that will be paid in respect of air transport services for the carriage of passengers in the relevant Regulatory Year.

5.5 To address any differences between the sum of rebates paid to Relevant Parties and the total rebates that the Licensee is required to pay by this Schedule in the same Regulatory Year:

- (a) where the sum of rebates paid to Relevant Parties in a Regulatory Year is less than the total rebates that the Licensee is required to pay by this Schedule in the same Regulatory Year, the Licensee shall pay such further amounts to the Relevant Parties that have received rebates so that the amount of rebates paid in respect of the relevant Regulatory Year is brought up to the level required by this Schedule. The Licensee shall pay such additional amounts to the Relevant Parties in the same proportion as the rebates already paid in the course of the Regulatory Year and shall pay them

as soon as practicable and no more than three calendar months after the publication of the Licensee's audited accounts in respect of that Regulatory Year. The Licensee shall not be required to make such payments where the CAA has received a letter from the AOC to the effect that the sum is so small that to enforce payment would incur disproportionate processing costs for the Relevant Parties; and

- (b) where the sum of rebates paid to Relevant Parties in a Regulatory Year is greater than the total rebates that the Licensee is required to pay by this Schedule in the same Regulatory Year, the Licensee may recover the difference between the amount paid and the required amount from the Relevant Parties that have received rebates pro rata with the rebates paid.

## Calculation

- 5.6 The Licensee shall calculate the rebates that it pays to Relevant Parties under this section 5 of this Schedule in accordance with the following formula:

$$\text{Rebate}_{\text{Total},t} = \sum_{a=2}^{a=5} (\text{Rebate}_{\text{Terminal},t,a} \times R_{t,a}) + \text{Rebate}_{\text{CP},t} \times R_t + \text{Rebate}_{\text{ROR},t} \times R_t$$

where:

- (a)  $\text{Rebate}_{\text{Total},t}$  is the total aggregate rebate payable for Regulatory Year t;
- (b)  $\text{Rebate}_{\text{Terminal},t,a}$  is the aggregate percentage rebate in Regulatory Year t in terminal a for measures F1-F7, F9-F18 and F20;
- (c)  $\text{Rebate}_{\text{CP},t}$  is the aggregate percentage rebate in Regulatory Year t for measure F8 (Control posts vehicle queuing time); and
- (d)  $\text{Rebate}_{\text{ROR},t}$  is the aggregate percentage rebate in Regulatory Year t for measure F19 (Runway operational resilience);
- (e) is the total revenue from Airport Charges in respect of air transport services for the carriage of passengers levied in terminal a in Regulatory Year t; and
- (f)  $R_t$  is the total revenue from Airport Charges in respect of air transport services for the carriage of passengers levied at the Airport in Regulatory Year t.

**Rebate<sub>Terminal,t</sub>**

5.7 The Licensee shall calculate  $\text{Rebate}_{\text{Terminal},t}$  separately for each terminal in respect of its performance at each individual terminal against the targets set out for that terminal in accordance with the following formula:

$$\text{Rebate}_{\text{Terminal},t} = \sum_{j=\text{January}}^{\text{December}} \sum_i \text{Min}(R_{i,j}\text{RY} \times x_{i,j,a}, \text{ANNMAX}_i)$$

where:

- (a)  $\text{ANNMAX}_i$  is the maximum percentage of Airport Charges (relating to air transport services for the carriage of passengers) payable by the Licensee as rebates for any service failure in measure  $i$  in Regulatory Year  $t$  as specified in Table 1 of this Schedule;
- (b)  $R_{i,j}\text{RY}$  is a proportion of  $\text{ANNMAX}_i$  for any service failure in measure  $i$  in month  $j$  for any relevant Regulatory Year. During any Regulatory Year, the Licensee shall pay a percentage rebate of  $R_{i,j}\text{RY}$  for the first six service failures of measure  $i$  in Regulatory Year  $t$  as specified in Table 1 of this Schedule; and
- (c)  $x_{i,j,a} = 0$  if  $\text{Target}_{i,j,a}$  for measure  $i$  in month  $j$  in terminal  $a$  is met as defined in paragraph 4.1; or  
 $= 1$  otherwise.
- (d)  $\text{ANNMAX}_i$  is the maximum percentage of Airport Charges (relating to air transport services for the carriage of passengers) payable by the Licensee as rebates for any service failure in measure  $i$  in Regulatory Year  $t$  as specified in Table 1 of this Schedule;
- (e)  $R_{i,j}\text{RY}$  is a proportion of  $\text{ANNMAX}_i$  for any service failure in measure  $i$  in month  $j$  for any relevant Regulatory Year. During any Regulatory Year, the Licensee shall pay a percentage rebate of  $R_{i,j}\text{RY}$  for the first six service failures of measure  $i$  in Regulatory Year  $t$  as specified in Table 1 of this Schedule; and
- (f)  $x_{i,j,a} = 0$  if  $\text{Target}_{i,j,a}$  for measure  $i$  in month  $j$  in terminal  $a$  is met as defined in paragraph 4.1; or  
 $= 1$  otherwise.

(g)  $i = F1$  to  $F7$ ,  $F9$  to  $F18$ ,  $F20$  as specified in Table 1 of this Schedule.

### Rebate<sub>CP,t</sub>

- 5.8 The Licensee shall calculate  $\text{Rebate}_{CP,t}$  across the whole Airport based on the performance of F8 (Control post vehicle queuing time, relevant to each individual control post group) against the targets set out for control posts.
- 5.9 The Licensee shall aggregate  $\text{Rebate}_{CP,t}$  across all months for Regulatory Year  $t$  and shall calculate it as follows:

$$\text{Rebate}_{CP,t} = \sum_{j=\text{January}}^{j=\text{December}} \text{Min}(R_{CP,jRY} \times x_{CP,j}, \text{ANNMAX}_{CP})$$

where:

- (a)  $\text{ANNMAX}_{CP}$  is the maximum percentage of Airport Charges (relating to air transport services for the carriage of passengers) payable by the Licensee as rebates for any service failure in control posts in Regulatory Year  $t$  as specified in Table 2 of this Schedule;
- (b)  $R_{CP,jRY}$  is a proportion of  $\text{ANNMAX}_{CP}$  for any service failure in month  $j$  for any relevant Regulatory Year. During any Regulatory Year, the Licensee shall pay a percentage rebate of  $R_{CP,jRY}$  for the first six service failures in Regulatory Year  $t$  as specified in Table 2 of this Schedule; and
- (c)  $x_{CP,j} = 0$  if  $\text{Target}_{CP,j}$  in month  $j$  is met as defined in paragraph 4.4; or  
 $= 1$  otherwise.

### Rebate<sub>ROR,t</sub>

- 5.10 The Licensee shall calculate  $\text{Rebate}_{ROR,t}$  across the whole Airport based on the performance of F19 (Runway operational resilience) against the target for this measure.
- 5.11 The Licensee shall calculate  $\text{Rebate}_{ROR,t}$  as follows:

$$\text{Rebate}_{ROR,t} = \text{Min} \left[ 100 \times \left( \frac{\text{Rebate}_{ARR,t} + \text{Rebate}_{DEP,t}}{R_t} \right), \text{MAXRebate}_{ROR} \right]$$

where:

- (a)  $\text{Rebate}_{\text{ARR},t} = \sum_{\text{All material events}} v_{\text{ARR},d}$  is the element of this term related to arrival movements at the Airport in Regulatory Year t;
- (b)  $\text{Rebate}_{\text{DEP},t} = \sum_{\text{All material events}} v_{\text{DEP},d}$  is the element of this term related to departure movements at the Airport in Regulatory Year t;
- (c)  $R_t$  is the total revenue from airport charges in respect of relevant air transport services levied at the Airport in Regulatory Year t expressed in pounds sterling; and
- (d)  $\text{MAXRebate}_{\text{ROR}}$  is the maximum percentage rebate for Regulatory Year t as specified in Table 3 of this Schedule.

5.12 For each **Material Event** d:

- (a)  $v_{\text{ARR},d}$  shall have the value set out in Table 3 of this Schedule, dependent on the Maximum Cumulative Arrival Movements Deferred for the  $d^{\text{th}}$  relevant Material Event adjusted by inflation in the manner specified in paragraph 5.13; and
- (b)  $v_{\text{DEP},d}$  is the value in Table 3 of this Schedule, dependent on the Maximum Cumulative Departure Movements Deferred for the  $d^{\text{th}}$  relevant Material Event adjusted by inflation in the manner specified in paragraph 5.13.

5.13 For  $(\text{Rebate}_{\text{ARR},t} + \text{Rebate}_{\text{DEP},t})$  incurred in the relevant Regulatory Year t, the amount payable shall be inflated to outturn prices by the formula:

$$(\text{Rebate}_{\text{ARR},t} + \text{Rebate}_{\text{DEP},t}) = (\text{Rebate}_{\text{ARR},2020} + \text{Rebate}_{\text{DEP},2020}) \times \frac{\text{CPIIndex}_t}{\text{CPIIndex}_{2020}}$$

where:

- (a)  $\text{Rebate}_{\text{ROR},2020}$  in 2020 prices as listed in Table 3 of this Schedule;
- (b)  $\text{CPIIndex}_t$  is the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year t; and
- (c)  $\text{CPIIndex}_{2020}$  is the average value of the Office for National Statistics monthly D7BT Consumer Price Index over Regulatory Year 2020.

## 6. Bonus Incentives

---

### Payment

- 6.1 The Licensee may recover bonuses from Relevant Parties. Bonus payments shall be included in the calculation of the Airport Charges in respect of relevant air transport services in Condition C1.

### Calculation (Up to April 2023)

- 6.2  $B_t$  is the bonus factor specified in Condition C1, and is based on the Licensee's performance for the bonus measures in the relevant Regulatory Year  $t$  set out in Table 6a of this Schedule.

- 6.3 For the purposes of calculating  $M_t$ , the maximum allowable yield calculated in accordance with Condition C1, the corresponding periods for which bonuses are recoverable by the Licensee to be included in the calculation of  $M_t$  are set out in Table 7 of this Schedule.

- 6.4  $B_t$  shall be calculated as follows:

$$B_t = \sum_{j=\text{January}}^{j=\text{December}} \sum_k \text{Max} \left[ 0, \text{Min} \left[ \text{BNS}(\text{T2})_{k,j}, \text{BNS}(\text{T3})_{k,j}, \text{BNS}(\text{T4})_{k,j}, \text{BNS}(\text{T5})_{k,j} \right] \right]$$

where:

- (a)  $B_t$  is the total aggregate percentage bonus rebate payable for Regulatory Year  $t$ ; and
- (b)  $\text{BNS}(\text{T2})_{k,j}$ ,  $\text{BNS}(\text{T3})_{k,j}$ ,  $\text{BNS}(\text{T4})_{k,j}$ ,  $\text{BNS}(\text{T5})_{k,j}$  are the amounts of bonuses earned as a percentage of Airport Charges in month  $j$  based on the Licensee's performance of specified element  $k$  in Terminal 2, Terminal 3, Terminal 4 and Terminal 5. These bonuses shall be calculated using the formulae set out in paragraphs 6.5 and 6.6.

- 6.5 For each month  $j$  and specified element  $k$ :

$$\text{BNS}(\text{T2})_{k,j} = \frac{1}{12} \times \text{MB}_k \times \frac{\text{Min}[\text{UPL}_k, \text{MP}(\text{T2})_{k,j}] - \text{LPL}_k}{\text{UPL}_k - \text{LPL}_k}$$

$$\text{BNS}(\text{T3})_{k,j} = \frac{1}{12} \times \text{MB}_k \times \frac{\text{Min}[\text{UPL}_k, \text{MP}(\text{T3})_{k,j}] - \text{LPL}_k}{\text{UPL}_k - \text{LPL}_k}$$

$$\text{BNS}(\text{T4})_{k,j} = \frac{1}{12} \times \text{MB}_k \times \frac{\text{Min}[\text{UPL}_k, \text{MP}(\text{T4})_{k,j}] - \text{LPL}_k}{\text{UPL}_k - \text{LPL}_k}$$

$$\text{BNS}(\text{T5})_{k,j} = \frac{1}{12} \times \text{MB}_k \times \frac{\text{Min}[\text{UPL}_k, \text{MP}(\text{T5})_{k,j}] - \text{LPL}_k}{\text{UPL}_k - \text{LPL}_k}$$

where:

- (a)  $\text{MB}_k$  is the maximum percentage of Airport Charges recoverable by the Licensee as bonuses for its performance of specified element  $k$  in the relevant Regulatory Year as specified in Table 6a of this Schedule;
- (b)  $\text{UPL}_k$  is the upper performance limit for specified element  $k$  used in the calculation of bonuses. It has the values assigned to it in Table 6a of this Schedule;
- (c)  $\text{LPL}_k$  is the lower performance limit for specified element  $k$  used in the calculation of bonuses. It has the values assigned to it in Table 6a of this Schedule;
- (d)  $\text{MP}(\text{T2})_{k,j}$ ,  $\text{MP}(\text{T3})_{k,j}$ ,  $\text{MP}(\text{T4})_{k,j}$  and  $\text{MP}(\text{T5})_{k,j}$  are the moving annual average monthly performance for specified element  $k$  in month  $j$  weighted by monthly passenger numbers in Terminal 2, Terminal 3, Terminal 4 and Terminal 5, respectively. It is calculated using the formulae set out in paragraph 3.6.

6.6 The Licensee shall conduct the QSM survey in accordance with the approach specified in paragraph A2.2 in Annex 2 of this Schedule. No bonuses shall be payable for a specified element if the relevant questions for that element are not included in the QSM survey for that particular month.

6.7 The QSM question for specified element  $k = 1$  Departure lounge seating availability is given by:

- (a) A simple average of the QSM scores for the question on seating:
  - (i) [for departing passengers] “Now, thinking about the departures lounge, how do you rate the ease of finding a seat?”

6.8 The QSM questions for specified element  $k = 4$  Flight information are given by:

- (a) A simple average of the QSM scores for the three flight information questions:
  - (i) [for departing passengers] “Flight information (screens and boards only) – how do you rate the ease of finding?”
  - (ii) [for departing passengers] “Flight information (screens and boards only) – how do you rate the ease of reading?”

- (iii) [for departing passengers] “Flight information (screens and boards only) – how do you rate the ease of understanding the information?”

6.9 The QSM questions for specified element k = 2 Cleanliness and for specified element k = 3 Wayfinding are set out in Annex 2 of this Schedule.

### Calculation (from May 2023 onwards)

6.10  $B_t$  is the bonus factor specified in Condition C1, and is based on the Licensee’s performance for the bonus measures in the relevant Regulatory Year t set out in Table 6b of this Schedule.

6.11 For the purposes of calculating  $M_t$ , the maximum allowable yield calculated in accordance with Condition C1, the corresponding periods for which bonuses are recoverable by the Licensee to be included in the calculation of  $M_t$  are set out in Table 7 of this Schedule.

6.12  $B_t$  shall be calculated as follows:

$$B_t = \sum_{j=\text{January}}^{j=\text{December}} \sum_{bm} \text{Max} \left[ 0, \text{Min} \left[ \text{BNS}(\text{T2})_{bm,j}, \text{BNS}(\text{T3})_{bm,j}, \text{BNS}(\text{T4})_{bm,j}, \text{BNS}(\text{T5})_{bm,j} \right] \right]$$

where:

- (a)  $B_t$  is the total aggregate percentage bonus rebate payable for Regulatory Year t; and
- (b)  $\text{BNS}(\text{T2})_{bm,j}$ ,  $\text{BNS}(\text{T3})_{bm,j}$ ,  $\text{BNS}(\text{T4})_{bm,j}$ ,  $\text{BNS}(\text{T5})_{bm,j}$  are the amounts of bonuses earned as a percentage of Airport Charges in month j based on the Licensee’s performance of bonus measure bm in Terminal 2, Terminal 3, Terminal 4 and Terminal 5. These bonuses shall be calculated using the formulae set out in paragraphs 6.13 and 6.14.

6.13 For each month j and bonus measures  $bm = \text{F1}$  (Cleanliness),  $\text{F2}$  (Wayfinding) or  $\text{F6}$  (Security queue time – Transfer Search):

$$\text{BNS}(\text{T2})_{bm,j} = \frac{1}{12} \times \text{MB}_{bm} \times \frac{\text{Min}[\text{UBT}_{bm}, \text{MP}(\text{T2})_{bm}] - \text{LBT}_{bm}}{\text{UBT}_{bm} - \text{LBT}_{bm}}$$

$$\text{BNS}(\text{T3})_{bm,j} = \frac{1}{12} \times \text{MB}_{bm} \times \frac{\text{Min}[\text{UBT}_{bm}, \text{MP}(\text{T3})_{bm}] - \text{LBT}_{bm}}{\text{UBT}_{bm} - \text{LBT}_{bm}}$$

$$BNS(T4)_{bmj} = \frac{1}{12} \times MB_{bm} \times \frac{\text{Min}[UBT_{bm}, MP(T4)_{bm}] - LBT_{bm}}{UBT_{bm} - LBT_{bm}}$$

$$BNS(T5)_{bmj} = \frac{1}{12} \times MB_{bm} \times \frac{\text{Min}[UBT_{bm}, MP(T5)_{bm}] - LBT_{bm}}{UBT_{bm} - LBT_{bm}}$$

where:

- (a)  $MB_{bm}$  is the maximum percentage of Airport Charges recoverable by the Licensee as bonuses for its performance for specified bonus measure  $bm$  in the relevant Regulatory Year as specified in Table 6b of this Schedule;
- (b)  $UBT_{bm}$  is the upper bonus threshold for bonus measure  $bm$  used in the calculation of bonuses. It has the values assigned to it in Table 6b of this Schedule;
- (c)  $LBT_{bm}$  is the lower bonus threshold for bonus measure  $bm$  used in the calculation of bonuses. It has the values assigned to it in Table 6b of this Schedule;
- (d)  $MP(T2)_{bm,j}$ ,  $MP(T3)_{bm,j}$ ,  $MP(T4)_{bm,j}$  and  $MP(T5)_{bm,j}$  are the performance for bonus measures  $bm$  in month  $j$  for Terminal 2, Terminal 3, Terminal 4 and Terminal 5, respectively:
  - (i) for bonus measure  $bm = F1$  Cleanliness or  $F2$  Wayfinding, the Licensee shall measure its performance using the formulae set out in paragraph 3.6 of this Schedule; and
  - (ii) for bonus measure  $bm = F5a$  (Security queue time – Transfer Search), the Licensee shall measure its performance using the approach set out in paragraphs 3.16 to 3.18 of this Schedule.

6.14 For each month  $j$  and bonus measure  $bm = F5a$  (Security queue time – Central Search):

$$BNS(T2)_{bmj} = \frac{1}{12} \times MB_{bm} \times \frac{\text{Min}[UBT_{bm}, MP(T2)_{bm}] - LBT_{bm}}{UBT_{bm} - LBT_{bm}} \times z_{j,2}$$

$$BNS(T3)_{bmj} = \frac{1}{12} \times MB_{bm} \times \frac{\text{Min}[UBT_{bm}, MP(T3)_{bm}] - LBT_{bm}}{UBT_{bm} - LBT_{bm}} \times z_{j,3}$$

$$BNS(T4)_{bmj} = \frac{1}{12} \times MB_{bm} \times \frac{\text{Min}[UBT_{bm}, MP(T4)_{bm}] - LBT_{bm}}{UBT_{bm} - LBT_{bm}} \times z_{j,4}$$

$$BNS(T5)_{bmj} = \frac{1}{12} \times MB_{bm} \times \frac{\text{Min}[UBT_{bm}, MP(T5)_{bm}] - LBT_{bm}}{UBT_{bm} - LBT_{bm}} \times z_{j,5}$$

where:

- (a)  $MB_{bm}$  is the maximum percentage of Airport Charges recoverable by the Licensee as bonuses for performance of specified bonus measure  $bm$  in the relevant Regulatory Year as specified in Table 6b of this Schedule;
- (b)  $UBT_{bm}$  is the upper bonus threshold for bonus measure  $bm$  used in the calculation of bonuses. It has the values assigned to it in Table 6b of this Schedule;
- (c)  $LBT_{bm}$  is the lower bonus threshold for bonus measure  $bm$  used in the calculation of bonuses. It has the values to it assigned in Table 6b of this Schedule;
- (d)  $MP(T2)_{bm,j}$ ,  $MP(T3)_{bm,j}$ ,  $MP(T4)_{bm,j}$  and  $MP(T5)_{bm,j}$  are the performance for bonus measures  $bm$  in month  $j$  for Terminal 2, Terminal 3, Terminal 4 and Terminal 5 for bonus measure  $bm = F5a$  (Security queue time – Central Search). The Licensee shall measure its performance using the approach set out in paragraphs 3.16 to 3.18 of this Schedule.
- (e)  $z_{j,2}$ ,  $z_{j,3}$ ,  $z_{j,4}$  and  $z_{j,5} = 1$  if  $\text{Target}_{j,2}$ ,  $\text{Target}_{j,3}$ ,  $\text{Target}_{j,4}$  and  $\text{Target}_{j,5}$  for F3 (Helpfulness/attitude of security staff) in month  $j$  in Terminal 2, Terminal 3, Terminal 4 and Terminal 5 respectively are met, in accordance with the formula set out in paragraph 4.1, and = 0 otherwise.

## 7. Publication requirements

7.1 The Licensee shall comply with the publication requirements set out in Table 8 of this Schedule and paragraphs 7.2 to 7.4 below.

### Publication in terminals

7.2 The Licensee shall publish in each terminal at the Airport:

- (a) on a monthly basis within four weeks of the end of the relevant month, performance against targets for each terminal (for “terminal measures”) and for the Airport (for “airport-wide measures”) with respect to the following measures and as specified in Table 8.
  - (i) F1 Cleanliness;

- |        |             |  |
|--------|-------------|--|
| (ii)   | F2          | Wayfinding;  |
| (iii)  | F3          | Helpfulness/attitude of security staff;                        |
| (iv)   | F4          | Wi-fi performance;   |
| (v)    | F5a & F5b   | Security queue time – Central search;                          |
| (vi)   | F6          | Security queue time – Transfer search;                         |
| (vii)  | F20a & F20b | Hygiene safety testing;  |
| (viii) | R1          | Overall satisfaction;  |
| (ix)   | R2          | Customer effort (ease);  |
| (x)    | R3          | Enjoy my time at the airport;                                  |
| (xi)   | R5          | Feel safe and secure;  |
| (xii)  | R8          | Passengers with reduced mobility (PRM) – overall satisfaction; |
| (xiii) | R9          | Timely delivery from departures baggage system;                |
| (xiv)  | R11         | Departures flight punctuality; and                             |
| (xv)   | R16a & R16b | Immigration queue times.                                       |
- (b) on a monthly basis within four weeks of the end of the relevant month (where applicable), performance for each terminal (for “terminal measures”) and for the Airport (for “airport-wide measures”) with respect to the following measures and as specified in Table 8.
- |       |     |   |
|-------|-----|---|
| (i)   | R4  | Airport that meets my needs;  |
| (ii)  | R10 | Baggage misconnect rate;  |
| (iii) | R12 | Airport Departures Management;  |
| (iv)  | R13 | Airport Arrivals Management;  |
| (v)   | R14 | Percentage of UK population within 3 hours (and one interchange) of Heathrow by public transport; and |
| (vi)  | R15 | Passenger injuries.   |

## Publication on website

- 7.3 The Licensee shall publish on the Service Quality page of its website:
- (a) on a monthly basis within four weeks of the end of the relevant month (where applicable),
    - (i) the performance (against targets where relevant) for each of the terminals at the Airport with respect to all measures specified in Table 8 of this Schedule; and
    - (ii) the estimated amount of rebates and bonuses, generated by the performance relating to all measures specified in Table 8 of this Schedule.
  - (b) in line with publishing the regulatory accounts for the relevant Regulatory Year;
    - (i) the confirmed performance (against targets where relevant) for each of the terminals at the Airport with respect to all measures specified in Table 8 of this Schedule; and
    - (ii) the estimated amount of rebates and bonuses generated by the performance relating to all measures specified in Table 8 of this Schedule.

## Publication in the Regulatory Accounts

- 7.4 The Licensee shall publish on the Regulatory Accounts page of its website on an annual basis, as soon as available, the audited actual amount of rebates and bonuses generated by performance for all measures specified in Table 8 of this Schedule, split by each relevant measure.

## 8. Tables

---

- 8.1 This section sets out the details of the service quality MTI scheme as follows:
- (a) Table 1 Financial measures (Terminal) – metrics, targets, annual rebates and monthly rebates;
  - (b) Table 2 Financial measure (Airport-wide) – Control posts vehicle queuing time – metrics, targets, annual rebates and monthly rebates;

- (c) Table 3 Financial measure (Airport-wide) – Runway operational resilience – rebates;
- (d) Table 4 Reputational measures (Terminal) – metrics and targets;
- (e) Table 5 Reputational measures (Airport-wide) – metrics and targets;

## Annex 1 General Matters

---

### Rounding

- A1.1 For the purposes of this Schedule, the Licensee shall calculate and report of all performance and targets to two decimal places and, in the case of percentages, to two decimal places of a percentage point.
- A1.2 In Tables 1 to Table 2 of this Schedule, the Licensee shall measure the maximum rebates as a percentage of Airport Charges for the relevant Regulatory Year ( $ANNMAX_I$  and  $ANNMAX_{CP}$ ) to two decimal places, and the Licensee shall measure the maximum monthly rebates as a percentage of Airport Charges ( $R_{I,jRY}$  and  $R_{CP,jRY}$ ) to four decimal places. In Table 3 of this Schedule, the Licensee shall measure the amounts of rebates ( $V_{ARR_d} + V_{DEP_d}$ ) in thousands to two decimal places. In Table 6 of this Schedule, the Licensee shall measure the maximum bonuses as a percentage of Airport Charges ( $MB_{bm}$ ) to two decimal places.

### Definitions

- A1.3 In this Schedule:
- (a) Airport Charges has the meaning as in Regulation 3(1) of the Airport Charges Regulations 2011 (2011 No. 2491);
  - (b) Relevant Parties means airlines that have paid Airport Charges in the relevant month in respect of air transport services for the carriage by air of passengers;
  - (c) Terminal excludes general aviation facilities and facilities for the handling of cargo;
  - (d) A relevant deadband period is:
    - (i) 1 November to 30 November;
    - (ii) 1 January to 31 January;
    - (iii) 1 February to 28 February (29 February in a leap year); and
    - (iv) 1 March to 14 days before Easter Sunday.
  - (e) Dates that fall outside of the periods as defined in paragraph A.1.3(d) shall not be regarded as falling in a deadband period.

## Annex 2 Survey questions

---

A2.1 This Annex sets out the surveys, metrics and survey questions that define relevant measures specified in section 3(a) of this Schedule.

### **Quality of Service Monitor (QSM)**

A2.2 The Licensee shall conduct the QSM using the following approach:

- (a) the QSM shall be based on the results of survey interviews with not less than one interview amongst 2,000 passengers (departing and arriving interviews combined) in each Regulatory Year at the Airport;
- (b) the interviews obtained shall reflect the expected profile of passengers travelling through the airport weighted such that they are representative of:
  - (i) country of destination for departing interviews; and
  - (ii) country of origin for arriving interviews;
- (c) in instances where the country total traffic is high, the sample may be sub-weighted by individual airport destinations;
- (d) the QSM scores shall be calculated through a weighted average of the individual scores, weighted by actual traffic statistics for the month;
- (e) departing passengers shall be interviewed at the gate or gate area immediately prior to boarding the aircraft, and/or other locations as agreed by the Licensee and AOC in accordance with the governance arrangements required under Condition F1(a)(iv) and approved by the CAA;
- (f) arriving passengers shall be interviewed on the arrivals concourse just before leaving the terminal building, and/or other locations as agreed by the Licensee and AOC in accordance with the governance arrangements required under Condition F1(a)(iv) and approved by the CAA;
- (g) selection of passengers to take part in the survey shall be random and unbiased with respect to demographic characteristics; and
- (h) during the course of a month, interviewing shall be conducted in each terminal on a selection of mornings and afternoons, weekdays and weekend days.

A2.3 In respect of the relevant measures for measuring performance and calculating rebates and bonuses where applicable, the interviewing procedures specified in paragraph A2.4 to A2.16 shall apply.

### *Introduction*

A2.4 To invite passengers to take part in the QSM survey:

- (a) [for arriving and departing passengers] "I am now going to ask you a series of questions which require you to rate your answers on the same rating scale". A showcard must then be displayed with the following responses on it: Extremely poor (1), Poor (2), Average (3), Good (4), Excellent (5).

## F1 Cleanliness

A2.5 A weighted average of the QSM scores for five cleanliness questions, weighted by the number of passengers using each type of facility:

- (a) [for arriving and departing passengers] "How would you rate the cleanliness of the toilets?"
- (b) [for departing passengers] " How would you rate the cleanliness of the check-in area?"
- (c) [for departing passengers] "Still thinking about the departure lounge, how would you rate it for cleanliness?"
- (d) [for arriving passengers] "How would you rate the cleanliness of the arrivals hall (where we are now)?"

## F2 Wayfinding

A2.6 A weighted average of the QSM scores for the three way-finding questions, weighted by the number of passengers using each form of wayfinding:

- (a) [for departing passengers] "How would you rate the ease of finding your way around this terminal?"
- (b) [for connecting passengers] "Have you been between terminals today? How would you rate the ease of finding your way?"
- (c) [for arriving passengers] "How would you rate the ease of finding your way around this terminal?"

### F3 Helpfulness/attitude of security staff

A2.7 A simple average of the QSM scores for the security staff helpfulness / attitude question:

- (a) [for departing passengers] “Thinking about the security staff, how would you rate the following:

Helpfulness/attitude of security staff?”

### F4 Wi-fi performance

A2.8 A simple average of the QSM scores for the second question below:

- (a) [for departing and arriving passengers, to filter out non-Wi-fi users] “Which of the following did you use or visit: Wi-Fi?”

- (b) [for departing and arriving passengers who answered ‘yes’ in (a)] “How would you rate the Wi-Fi service in the terminal?”

### R1 Overall satisfaction

A2.9 A simple average of the QSM scores for the overall satisfaction question below:

- (a) [for arriving and departing passengers] “We would now like to focus on your experience of Heathrow as a whole. How would you rate your overall experience in this Terminal today?”

### R2 Customer effort (ease)

A2.10 A simple average of the percentage of passengers saying their journey through the Airport was easy or very easy in the question below:

- (a) [for arriving and departing passengers] “On a scale of 1 to 5, where 1 is not at all easy and 5 is very easy, how easy was your journey through Heathrow?”

### R3 Enjoy my time at the airport

A2.11 A simple average of the percentage of passengers saying their journey through the Airport was enjoyable or very enjoyable in the question below:

- (a) [for departing passengers] “On a scale of 1 to 5, where 1 is not at all enjoyable and 5 is very enjoyable, how enjoyable was your time at Heathrow?”

**R4 Airport that meets my needs**

A2.12 A simple average of the percentage of passengers agreeing with the statement that the Airport meets their needs through the question below:

- (a) [for departing passengers] “Thinking about your overall experience today – on a scale of 1 to 5 where 1=strongly disagree and 5=strongly agree, to what extent did Heathrow meet your needs?”

**R5 Feel safe and secure**

A2.13 A simple average of the percentage of passengers agreeing with the statement that they felt safe and secure at the Airport:

- (a) [for arriving and departing passengers] “On a scale of 1 to 5, where 1=strongly disagree and 5=strongly agree, to what extent do you agree with the following statements? During your time in the airport

I felt safe and secure.”

**R7 Helpfulness/attitude of airport staff**

A2.14 A simple average of the QSM scores for the Helpfulness/attitude of airport staff question below:

- (a) [for arriving and departing passengers] “Now thinking about all staff you have met or seen during your time at Heathrow so far today, whether you’ve interacted with them or not, how would you rate the following?

Helpfulness/attitude of all staff at the airport.”

**Surface Access Customer Satisfaction Survey**

A2.15 The Licensee shall conduct the Surface Access Customer Satisfaction (SACS) Survey using the following approach:

- (a) the SACS Survey shall be based on the results of survey interviews with not less than 10,000 direct departing passengers each year at the Airport;
- (b) the interviews obtained shall reflect the expected profile of direct departing passengers travelling through the Airport representative of:
- (i) country of destination for interviews;
- (c) the ease of getting to the Airport score shall be calculated through the average of the individual ratings;

- (d) departing passengers shall be interviewed at the gate or gate area immediately prior to boarding the aircraft, and/or other locations as agreed by the Licensee and AOC in accordance with the governance arrangements required under Condition F1(a)(iv) and approved by the CAA;
- (e) selection of passengers to take part in the survey shall be random and unbiased with respect to demographic characteristics; and
- (f) during the course of a month, interviewing shall be conducted in each terminal on a selection of mornings / afternoons and weekdays / weekend days.

A2.16 In respect of the relevant measure for measuring performance, the interviewing procedures specified in paragraph A2.19 and A2.20 shall apply.

#### *Introduction*

A2.17 To invite passengers to take part in the SACS survey:

- (a) [for departing passengers] “I am now going to ask you a series of questions which require you to rate your answers on the same rating scale”. The showcard is then displayed with the following responses on it: Extremely poor (1), Poor (2), Average (3), Good (4), Excellent (5).”

#### **R6 Ease of access to the airport**

A2.18 [Drivers] “Ease of finding your way to the airport from home / work / other starting point”

[Taxi and public transport] = “Ease of getting to the airport from home / work / hotel / other starting point”.

#### **Special Assistance Quality of Service Monitor (SpA QSM)**

A2.19 The SpA QSM shall be conducted by the Licensee using the following approach:

- (a) actively advertise and promote the satisfaction survey to passengers that use the Special Assistance Service at the Airport;
- (b) collect the email addresses of users of the Special Assistance Service that are willing to participate in the survey;
- (c) email individuals willing to participate post-travel to encourage them to complete the survey;

- (d) the selection of users of the Special Assistance Service approached to take part in the survey shall be random and unbiased with respect to demographic characteristics; and
- (e) during the course of a month, users of the Special Assistance Service shall be approached in each terminal on a selection of mornings / afternoons and weekdays / weekend days.

A2.20 In respect of the relevant measure for measuring performance, the interviewing procedures specified in paragraph A2.23 and A2.24 shall apply.

### *Introduction*

A2.21 To invite users of the Special Assistance Service to take part in the SpA QSM survey:

- (a) [for arriving and departing passengers] “I am now going to ask you a series of questions which require you to rate your answers on the same rating scale”. The showcard is then displayed with the following responses on it: Extremely poor (1), Poor (2), Average (3), Good (4), Excellent (5).”

### **R8 Passengers with reduced mobility (PRM): Overall Satisfaction**

A2.22 A simple average of the SpA QSM scores for the overall satisfaction question below:

- (a) [for arriving and departing passengers] “How would you rate your overall experience of the Passenger Assistance Service at Heathrow airport?”

## Annex 3 Exclusions

---

A3.1 This Annex sets out the Exclusions specified in paragraph 3.29 of this Schedule.

A3.2 **Exclusions** are allowed in limited circumstances, such as:

- (a) specific stands, jetties and fixed electrical ground power to accommodate annual and five yearly statutory inspections, where this work is done in consultation with the AOC, and the period specified in advance, the exclusion not to be more than two days over any relevant Regulatory Year for any particular asset. If works extend beyond any notified period, then any additional downtime shall count against the serviceability target;
- (b) specific passenger-sensitive equipment (lifts, escalators, travelators) or arrivals baggage carousels to accommodate planned maintenance, where the work is done in consultation with the AOC, the period is specified in advance, the work falls in a deadband period as defined in paragraphs A1.3(d) and A1.3(e) of Annex 1 and the exclusion is not more than 30 days over any relevant Regulatory Year for any particular asset. If works extend beyond a notified period, then any additional downtime shall count against the serviceability target.
- (c) security queues for central search, transfer search and staff search for two hours following evacuations in the relevant terminal(s), and control post search for two hours following evacuations in the relevant control post(s);
- (d) closure of passenger-sensitive equipment (lifts, escalators, travelators) in areas immediately adjacent to security queues where it is considered by the Licensee that their continued use is likely to lead to unacceptable health and safety risks due to increased congestion;
- (e) stands taken out of service to accommodate high security flights;
- (f) closure of stands to ensure passenger safety during evacuation, emergency or safety incidents and relevant passenger-sensitive equipment subject to the AOC agreeing after the event that such equipment was in the immediate vicinity of the stands or the incident;
- (g) downtime where equipment is automatically shut down by fire alarm activation and the fire alarm activation is not due to a system fault with the fire alarm;

- (h) passenger-sensitive equipment (lifts, escalators, travelators) where downtime is due to the activation of an emergency stop button or break glass, limited to equipment where there is back indication of serviceability and limited to 10 minutes for each occurrence in the case of false alarms;
- (i) downtime to accommodate fire risk-assessed deep cleans where an assessment of the condition of the equipment has shown that a deep clean is needed to ensure a safe operation can be maintained and to reduce the risk of fire;
- (j) equipment downtime due to damage of, or misuse of, baggage carousels, jetties, stand equipment (such as lighting) or fixed electrical ground power units likely to have been caused by airlines or their agents or to passenger-sensitive equipment (lifts, escalators, travelators) where an airline or airline agent has accepted responsibility or where the AOC agrees with the Licensee in writing that the likelihood is that the damage has been caused by an airline or its agent;
- (k) downtime where a fault has been reported by airlines or their agents, but, when the engineers attend the site, no fault is found and the equipment is working;
- (l) equipment or stands taken out of service whilst a major investment project is undertaken in the vicinity where this is done in consultation with users and the timing of work has been determined after consultation with the AOC, and the period specified in advance. If work extends beyond this period, then the additional downtime shall count against the serviceability target;
- (m) equipment or stands taken out of service for replacement or major refurbishment work, when the timing of work has been determined after consultation with the AOC, and the period specified in advance. If work extends beyond this period, then the additional downtime shall count against the serviceability target;
- (n) during trials of new security processes or equipment. The scope and terms of exclusion shall be for predetermined periods that have been agreed by the Licensee and the AOC;
- (o) during major operational disruption events which have a major impact on security staff resource, passenger volumes or off-schedule activity. The applicability and duration of the exclusion in respect of these events shall be as agreed with the AOC, where such agreement can be made retrospectively; and

- (p) Equipment downtime for check-in desk infrastructure and systems likely to have been caused by airlines or their agents where an airline or airline agent has accepted responsibility, or where the AOC agrees with the Licensee in writing that the likelihood is that the downtime has been caused by an airline or its agent.

A3.3 Where, for the purposes of paragraph A3.2, the Licensee is required to agree a matter with the AOC, it shall do so in accordance with the governance arrangements as required under Condition F1.1(a)(iv).

A3.4 Where the Licensee cannot reach agreement with the AOC under paragraph A3.2(o),

- (a) the Licensee may request a determination from the CAA on the applicability and duration of the exclusion; and
- (b) the CAA may, following a reasonable period of consultation with the AOC, make such determination as it considers is reasonable:
  - (i) whether an exclusion applies in respect of the events that are the subject matter of the request;
  - (ii) if it decides that an exclusion applies, the duration of that exclusion; and
  - (iii) any other matter that the CAA considers appropriate in relation to the Licensee's request.

## Annex 4 Runway operational resilience

---

A4.1 This Annex sets out further detail on the runway operational resilience measure as specified in paragraph 3.32, section 5 and Table 3 of this Schedule.

### Basis of rebates

A4.2  $\text{Rebate}_{\text{ROR}}$  shall be calculated across all the air transport services for the carriage of passengers at the airport and the same rebates as a percentage of the relevant charges shall be paid to the Relevant Parties using all the terminals at the Airport.

A4.3 Except as set out in paragraph A4.17, a rebate shall be payable in respect of departures or arrivals where a **Material Event** has occurred and which was caused primarily by a failure on the part of the Licensee or of the provider of aerodrome air traffic services or their respective agents or contractors (where 'agents' exclude bodies carrying out activities specified in the annex of the EU Groundhandling Directive<sup>3</sup>); and this has generated a **Material Operational Impact** as defined in paragraph A4.7.

### Definitions of terms

#### Material Events

A4.4 For the purposes of paragraph A4.3, a **Material Event** is one or more of the following:

- (a) radar or other critical air traffic control equipment or systems failure;
- (b) tower staff shortages;
- (c) tower industrial action;
- (d) industrial action by the Licensee's operational staff;
- (e) closure of runways;
- (f) closure of rapid exit taxiways, rapid access taxiways, and other runway exit or access taxiways or both;

---

<sup>3</sup> Council Directive 96/67/EC of 15 October 1996 on access to the groundhandling market at Community airports (Official Journal L 272 25/10/1996 p 0036-0045).

- (g) closure of aircraft manoeuvring areas;
- (h) runway or taxiway lighting system failures;
- (i) failure of other critical equipment such as fire tenders; or
- (j) where bad weather has been forecast and has materialised and the **Relevant Bad Weather Equipment** as set out in paragraph A4.6 is not available or has not been deployed.

A4.5 The Licensee shall not be liable to pay rebates for disruption due to bad weather unless one or more of the factors above apply.

#### Relevant Bad Weather Equipment

A4.6 For the purposes of the definition of Material Event in paragraph A4.4, **Relevant Bad Weather Equipment** is defined as:

- (a) Low visibility procedures:
  - (i) Instrument Landing System (ILS), Instrumented Runway Visual Range (IRVR) system, Surface Movement Radar (SMR), Microwave Landing System (MLS) (where installed) and Advanced Surface Movement Guidance and Control System (ASMGCS) (where installed); and
  - (ii) operational availability of lighting and signage systems to enable Category 2/3 operations to continue.
- (b) Ice
  - (i) airfield (that is, the runways, taxiways and manoeuvring area) and aircraft stands anti-/de-icing equipment and media (as specified to the AOC); and
  - (ii) operational availability and deployment of trained staff to operate the equipment.
- (c) Snow
  - (i) runway and taxiway snow clearance equipment (as specified to the AOC by the requirements of paragraph A4.18); and
  - (ii) operational availability and deployment of trained staff to operate the equipment.

## Material Operational Impact

A4.7 For the purposes of paragraph A4.3, a **Material Operational Impact** is defined as:

- (a) For arrivals:
  - (i) a flow rate restriction (Air Transport Flow Management (ATFM) or local<sup>4</sup>) is applied which is less than the declared runway scheduling limit; and
  - (ii) the cumulative number of actual movements is less than the cumulative reference number of movements by at least four movements for any **Relevant Measurement Period** during the period before the flow rate restriction is removed.
- (b) For departures:
  - (i) the cumulative number of actual movements is less than the cumulative reference number of movements by at least four movements for any **Relevant Measurement Period** during the period of the material effect.

## Maximum Cumulative Arrival Movements Deferred

A4.8 For the purposes of Table 3 of Schedule 1, **Maximum Cumulative Arrival Movements Deferred** is the maximum number of cumulative arrival movements deferred at any of the **Relevant Measurement Periods** for the particular **Material Event**, calculated as follows:

$$= A_d \times \sum_{s=1}^{s=\theta} (\text{Expected } ARR_s - \text{Actual } ARR_s)$$

where

- (a)  $s$  denotes any **Relevant Measurement Period** relating to the particular **Material Event**;
- (b)  $\theta$  denotes the **Relevant Measurement Period** relating to that particular **Material Event** at which  $\text{Expected } ARR_s - \text{Actual } ARR_s$  reached its maximum;

---

<sup>4</sup> ATFM restrictions are air traffic flow movement restrictions imposed through the Central Flow Management Unit of Eurocontrol. Local restrictions are of a temporary duration and originate from the Tower watch supervisor.

- (c) Expected  $ARR_s$  is the number of **Expected Arrival Movements** in the **Relevant Measurement Period**  $s$  as determined in accordance with paragraphs A4.13 to A4.16;
- (d) Actual  $ARR_s$  is the number of actual arrivals in the **Relevant Measurement Period**  $s$ ; and
- (e)  $A_d$  is the **Proportion of Responsibility** for the  $d^{\text{th}}$  **Material Event** attributed to the Licensee or the provider of aerodrome air traffic services or their respective agents or contractors.

### Maximum Cumulative Departure Movements Deferred

A4.9 **Maximum Cumulative Departure Movements Deferred** is the maximum number of cumulative departure movements deferred at any of the **Relevant Measurement Periods** for the particular **Material Event**, calculated as follows:

$$= A_d \times \sum_{s=1}^{s=\theta} (\text{Expected } DEP_s - \text{Actual } DEP_s)$$

where:

- (a)  $s$  denotes any **Relevant Measurement Period** relating to the particular **Material Event**;
- (b)  $\theta$  denotes the **Relevant Measurement Period** relating to that particular **Material Event** at which  $\text{Expected } DEP_s - \text{Actual } DEP_s$  reached its maximum;
- (c)  $\text{Expected } DEP_s$  is the number of **Expected Departure Movements** in the **Relevant Measurement Period**  $s$  as determined in paragraphs A4.13 to A4.16;
- (d)  $\text{Actual } DEP_s$  is the number of actual departures in the **Relevant Measurement Period**  $s$ ; and
- (e)  $A_d$  is the **Proportion of Responsibility** for the  $d^{\text{th}}$  **Material Event** attributed to the Licensee or the provider of aerodrome air traffic services or their respective agents or contractors.

### Relevant Measurement Period

A4.10 For the purposes of this Annex, the **Relevant Measurement Period** is defined as any period beginning with the **Clock-Face Hour** preceding the commencement of the **Material Event** and ending no later than the next **Clock-Face Hour** after the **Material Event** ends.

### Clock-Face Hour

A4.11 For the purposes of this Annex, a **Clock-Face Hour** is the period of 60 minutes which for any relevant hour hh, starts with hh:00:00 and ends at hh:59:59.

### Proportion of Responsibility

A4.12 Where the Licensee reasonably considers that a **Material Event** with a **Material Operational Impact** has been made more severe by contributory causes beyond the control of the Licensee or its agents, it shall estimate the proportion of the effect which it considers to have been due to the **Material Event** as set out in paragraph A4.4. The Licensee shall provide evidence to support its consideration of such contributory causes.

### Expected Arrival Movements and Expected Departure Movements

A4.13 For the purposes of this Annex, **Expected Arrival Movements** and **Expected Departure Movements** shall be estimates made by the Licensee retrospectively by hour for each **Material Event** and made available to users on the Licensee's extranet site or in a manner agreed with users, as soon as practicable after the **Material Event** to which it relates.

A4.14 The Licensee shall use its best endeavours to calculate the **Expected Arrival Movements** and **Expected Departure Movements** to reflect the relevant movements in each hour in the absence of any **Material Event** or **Material Operational Impact**.

A4.15 These calculations shall have regard to the actual arrival or departure movements during the relevant hour and day in the weeks preceding the relevant hour where there were no **Material Events** or other significant factors which affected arrivals or departure rates. These calculations may be supplemented by a consideration of other relevant factors which the Licensee regards as appropriate in order to make best estimates.

A4.16 The Licensee shall set out the basis of its calculations with the estimates.

### Exceptions

A4.17 The unavailability of facilities shall not require the rebates to be payable:

- (a) where the **Material Event** is due to runways, taxiways, other aircraft manoeuvring areas, or associated airfield lighting being taken out of service while a major investment project is undertaken in the vicinity and where this is done in consultation with users and the timing of work has been determined after consultation with the AOC, and the period specified in

advance. If work extends beyond this period, then rebates shall be payable if the work causes **Material Events** as defined in paragraph A4.4; or

- (b) where the **Material Event** is due to runways, taxiways, other aircraft manoeuvring areas, or associated airfield lighting being taken out of service for replacement or major refurbishment work or tower related works and when the timing of work has been determined after consultation with the AOC, and the period specified in advance. If work extends beyond this period, then rebates shall be payable if the work causes **Material Events** as defined in paragraph A4.4.

### Data collection and communication

A4.18 The Licensee shall:

- (a) provide to the AOC prior to each winter season a list of the anti-icing or de-icing equipment and media and runway and taxiway snow clearance equipment in commission at the airport;
- (b) compile a log of all the events at the Airport which it considers could have a potentially material effect on operations at the Airport (the 'Super-Log'). This shall include ATFM and local restrictions imposed on operations at the Airport along with Material Events relating to departures (which may not necessarily have been linked to an ATFM or local restriction). The Licensee may also include other events where it considers that this materially adds to the value of the Super-Log as a complete record;
- (c) report to Relevant Parties the new events that have been recorded each week as soon as practicable after the end of the relevant week on its extranet site or in such other format as may be agreed by the Licensee and Relevant Parties; and
- (d) report to Relevant Parties as soon as practicable after the relevant week the calculations of the maximum number of movements deferred for each **Material Event** set out in paragraph A4.4 and the assumptions supporting the expected level of arrivals or departures in each hour during the course of the **Material Event** and any estimate of the **Proportion of Responsibility** as set out in paragraph A4.12.

Heathrow Airport Limited in exercise of the powers conferred on it by sections 63 and 64 of the Airports Act 1986 and section 37 of the Criminal Justice Act 1982, and of all other powers enabling it in that behalf, hereby makes the following byelaws which shall apply within Heathrow Airport – London:-

## **1. Interpretation**

### **1.1 In these byelaws:-**

“Accident” means an unintended occurrence which has an adverse physical result;

“Aircraft” means a heavier than air power driven flying machine and includes aeroplane (land plane), aeroplane (seaplane), aeroplane (amphibian). Aeroplane (self-launching motor glider), powered lift (tilt rotor) and rotorcraft (helicopter and gyroplane);

“the Airport” means the aerodrome known as Heathrow Airport – London as set out inside the purple line on the plan attached at Schedule 1;

“the Airport Company” means Heathrow Airport Limited, and where the context so requires references in these byelaws to the Airport Company, shall include a reference to any person engaged (whether by employment or otherwise) by the Airport Company;

“Airport Official” means a person authorised in writing by the Airport Company to perform specified functions under these byelaws;

“Animal” means any animal wild or domesticated that is brought onto the Airport except in byelaw 10.2 where it has the same meaning as in section 170(8) of the Road Traffic Act 1988;

“Authorised Standing” means that part of the airport indicated by the Sign “authorised standing for taxis” or a place which has been designated for use by a Taxi by the Airport Company;

“Badge” means the metal ticket referred to in section 8 of the London Hackney Carriages Act 1843 in relation to a Taxi driver or a licence granted under section 13 of the Private Hire Vehicles (London) Act 1998 in relation to a Private Hire Vehicle driver;

“Competence to Drive” means written authority issued to a person by his current employers which authorises that person to drive and operate a particular class of Vehicle;

“Constable” means any person having the powers and privileges of a constable, a traffic police community support officer or a police community support officer;

“Customs and Excise Acts” has the same meaning as in the Customs and Excise Management Act 1979;

“Drunk” means after consuming so much alcohol that the proportion of it in a persons’ breath, blood or urine exceeds the Prescribed Limit;

“Groundhandling” means the groundhandling services listed in the Annex to Council Directive 96/67/EC (as amended, updated or replaced);

“Lost Property Office” means any building or part of a building at the Airport which has been designated by the Airport Company as such and includes Airport Information Desks;

“Portable Music Machine” means a portable radio, MP3 player, compact disc player, television, computer games machine or any other device capable of emitting noise;

“Prescribed Limit” has the same meaning as in section 11 of the Road Traffic Act 1988;

“Private Hire Vehicle” means a vehicle, other than a Taxi or Public Service Vehicle, which is used for the purpose of carrying passengers for hire or reward;

“Public Service Vehicle” has the same meaning as in section 1 of the Public Passenger Vehicles Act 1981;

“Restricted Area” means that part of the airport lying within the perimeter fence to which access is controlled by security check points and any other authorised entry point and including all stands, aprons, taxiways and the runway;

“Security Search Area” means any area on the Airport used by an Airport Official for security checks, passenger/staff screening or other security purposes;

“Sign” means any object or device (whether fixed or portable) for conveying warnings, information, requirements, restrictions or prohibitions of any description;

“Taxi” means a hackney carriage licensed under section 6 of the Metropolitan Public Carriage Act 1869;

“Taxi Feeder Park” means that part of the airport indicated by the Sign “Taxi Feeder Park”;

“Terminal Building” means that building or buildings at the Airport used as terminals for passengers arriving at or departing from the Airport;

“Ticket” means a ticket, token, plastic card or electronic device;

“Vehicle” means any mechanically propelled conveyance or manually operated apparatus on wheels and includes trailers, items of plant that operate as wheeled vehicles and as static apparatus but does not include an Aircraft or passenger baggage.

1.2 These byelaws may be cited as The Heathrow Airport – London Byelaws, 2014.

1.3 No provision in these byelaws shall apply to any member of a fire, police or ambulance service who is acting in the course of duty, or to any emergency vehicles being used by such person.

## **2. Penalties**

Any person contravening any of the following byelaws shall be liable on summary conviction to a fine which, in respect of a contravention of:

2.1 Byelaws 3.6, 3.18, 3.22(b) and 4.18 shall not exceed level 2 on the standard scale.

2.2 Byelaws 3.4, 3.7, 3.8, 3.10, 3.11, 3.12, 3.13, 3.14, 3.15, 3.17, 3.19, 3.21, 4.1, 4.2, 4.3, 4.5, 4.13, 5.1(a), 5.1(b), 5.1(c), 5.1(d), 5.4, 5.7, 5.9, 6.2, 7.1 and 8.2(b) shall not exceed level 4 on the standard scale.

2.3 Any other byelaw shall not exceed level 3 on the standard scale.

## **3. Prohibited acts**

### **3.1 Aircraft parking**

Except in the case of emergency, no person shall place an Aircraft other than in the place and position allocated from time to time for that Aircraft by the Airport Company.

### **3.2 Securing Aircraft**

No person shall fail to secure against movement any stationary Aircraft which is not in a hangar.

### **3.3 Emergency stop switch etc.**

Except in the case of emergency, no person shall intentionally operate any switch or lever of any escalator, travelator, tracked transit system, lift or any other automatic conveyance for passengers upon or near to which a Sign is displayed which states that it is only intended to be operated in case of emergency.

### **3.4 Misuse of communications equipment**

Without reasonable excuse, no person shall tamper with or misuse any communications equipment or other apparatus provided for transmitting and receiving messages or data at the Airport.

No person shall smoke or bring a naked light into or light any naked light in:-

(a) Any place where any such act is prohibited by a Sign; or

(b) Any enclosed place located at the Airport; or

(c) Any part of a Restricted Area unless in a designated smoking area.

### **3.7 Radio interference**

No person shall operate or use any radio transmitter or other thing capable of radiating electrical interference in such a way as to adversely affect the operation of any communications or navigation systems at the Airport.

### **3.8 False alarms**

No person shall knowingly by any means give a false bomb warning or a false fire, ambulance, or other emergency alarm.

### **3.9 Unattended baggage**

No person shall leave any baggage or other item unattended in a public place or Restricted Area within the Airport.

### **3.10 Allow anything on airport where forbidden**

A person shall not allow any Vehicle, Animal or thing to remain on the Airport (having been given a reasonable period to remove it), after its presence on the Airport has been forbidden by a Constable or Airport Official.

### **3.11 Not to return**

No person, shall allow any Vehicle, Animal or thing to be on the Airport after having been required by a Constable or an Airport Official to remove it and no person after having complied with this requirement shall allow that Vehicle, Animal or thing to re-enter the Airport unless re-entry has been approved by a Constable or Airport Official.

### **3.12 Persons required to leave**

No person shall remain on the Airport, after having been requested by a Constable or an Airport Official to leave and no Constable or Airport Official shall request a person to leave unless that person is causing a disturbance (including using language or making gestures which are lewd, foul or offensive) or has committed or is, in the reasonable opinion of the requesting Constable or Airport Official, about to commit an offence (including a breach of a byelaw). Nothing in this paragraph shall prejudice the operation of other byelaws pertaining to the removal or evacuation of persons from the Airport.

### **3.13 Search**

Any person (whether a bona fide airline passenger or not) who refuses to be searched or to have their baggage or Vehicle searched by a Constable or Airport Official must leave the Airport if requested to leave by such Constable or Airport Official.

### **3.14 Persons not to return for 24 hours**

No person, having left the Airport, at the request of a Constable or Airport Official, shall re-enter the Airport, for a period of twenty-four hours thereafter unless re-entry is authorised in writing by the Constable or Airport Official issuing the original request to leave (or in their absence the Airport Company).

### **3.15 Prohibited persons**

No person shall enter the Airport whilst having been prohibited in writing from entering by the Airport Company.

### **3.16 Persons to keep animals under control**

No person shall fail to keep any Animal under control or permit any Animal to foul any footpath or building, provided that in proceedings for an offence against this byelaw it shall be a defence for the person charged to prove that he took all reasonable precautions and exercised all due diligence to avoid the commission of the offence.

### **3.17 Drunk etc**

No person shall be Drunk or under the influence of drugs or other intoxicating substances whilst driving, attempting to drive or being in charge of a Vehicle.

### **3.18 Spitting**

No person shall spit on the floor, side or wall of any Vehicle, passenger transit system, or in any building, or on any pavement within the Airport, and any chewing gum must be disposed of in a responsible manner.

### **3.19 No demonstrations etc**

No person shall organise or take part in any demonstration, procession or public assembly likely to obstruct or interfere with the proper use of the Airport or obstruct or interfere with the safety of passengers or persons using the Airport.

### **3.20 No display of flags or banners etc**

No person shall display any flags, banners or emblems likely to cause a breach of the peace on any part of the Airport.

### **3.21 Obstruction**

No person shall intentionally obstruct or interfere with the proper use of the Airport or with any person acting in the execution of his duty in relation to the operation of the Airport.

### **3.22 Litter and pollution**

No person shall:

- (a) leave uncovered refuse containers on Restricted Area at the Airport or drop, leave, throw or otherwise deposit anything where doing so would or might cause, contribute to, or (tend to) lead to damage to property (including Aircraft) or to the defacement by litter, pollution or an improper or unauthorised disposal of waste substance on any part of a Restricted Area; or
- (b) drop or leave litter or refuse on the Airport except in a receptacle provided for the purpose.

### **3.23 Not to remove baggage trolleys**

No person shall remove from the Airport any baggage trolley provided for passenger use by the Airport Company.

### **3.24 Misuse of baggage trolleys**

No person shall misuse any baggage trolley provided for passenger use by the Airport Company.

### **3.25 Loiter etc**

No person shall loiter, frequent or remain on the Airport without reasonable cause.

### **3.26 Emergency exits**

No person shall obstruct any of the emergency exits at the Airport.

### **3.27 Evacuation**

Without reasonable excuse, no person shall in an emergency fail to evacuate or remain in any building on the Airport when instructed to do so by a Constable, an Airport Official or the Airport Company.

### **3.28 Private hire vehicles**

No person shall cause or permit a Private Hire Vehicle to enter the Airport for the purpose of loading passengers unless that Private Hire Vehicle has been pre-booked or is to be parked in an official car park in anticipation of such a booking.

### **3.29 Loading of private hire vehicles**

No person shall cause or permit a Private Hire Vehicle to load passengers at the Airport other than in an official car park.

### **3.30 Fail to comply with signs etc**

No person whether on foot or whilst driving or propelling a Vehicle shall neglect, fail or refuse to comply with an indication or direction given by a Constable or Airport Official or Sign exhibited by or on behalf of the Airport Company.

## **4. Acts for which permission is required**

The following acts are prohibited unless the permission of the Airport Company has first been obtained or unless the act is performed by a person acting with lawful authority or excuse:-

### **4.1 Groundhandling**

No person shall carryout Groundhandling at the Airport.

### **4.2 Aircraft engine running**

No person shall run an Aircraft engine in a hangar or in an area other than that allocated from time to time for that purpose by the Airport Company.

### **4.3 Cleaning etc of aircraft and vehicles**

No person shall clean, service or maintain Aircraft, Vehicles or equipment in areas where such activities are prohibited by any written notice issued by the Airport Company.

### **4.4 Fires**

No person shall, by any act or omission, cause or permit a fire to occur except in a place constructed for that purpose.

### **4.5 Discharging deleterious matter**

No person shall cause or permit the discharge of hydrocarbon (whether in the form of grease, oil, fuel or spirit) or other deleterious matter (whether of a solid, liquid or gaseous nature) or any other substance of whatever nature which might obstruct or be or become a source of damage to drains, sewers or other areas or infrastructure or which may constitute a risk to the environment or public health.

- 4.6 Prohibition notice**  
No person shall fail to comply with any Sign prohibiting or restricting access to any building, road or any part of the Airport.
- 4.7 Climbing etc**  
No person shall climb any wall, fence, barrier, railing or post.
- 4.8 Not to cause annoyance**  
No person shall sing, dance, shout, play a musical instrument, operate a Portable Music Machine or otherwise behave in such a way as to give reasonable cause for annoyance to any other person.
- 4.9 Apparatus etc**  
No person shall erect or use any apparatus for transmission, receipt, recording, reproduction or amplification of sound, speech or images for:  
(a) commercial purposes; or  
(b) for any purpose in a Security Search Area.
- 4.10 Animal grazing**  
No person shall graze Animals.
- 4.11 Restricted area fence**  
No person shall place any building structure, equipment, Vehicle or container or any other item within three metres of any fence forming the boundary of a Restricted Area.
- 4.12 Entering or leaving the airport**  
No person shall enter or leave the Airport otherwise than through a gate or entrance or exit for the time being provided by the Airport Company for that purpose.
- 4.13 Offer of service**  
No person shall sell or distribute anything, offer anything for sale or hire or make any offer of services for reward.
- 4.14 Taxi touting**  
No person shall in the Terminal Building or other public building, car park or any other public place on the Airport offer his or any other Vehicle (unless that Vehicle is a Taxi or Public Service Vehicle) for hire.
- 4.15 Display signs**  
No person shall post, distribute or display signs, advertisements, circulars or other printed or written matter.
- 4.16 Begging**  
No person shall beg or solicit funds or contributions of any kind.
- 4.17 Gaming**  
No person shall engage or agree to engage, in bookmaking, gaming, betting or wagering nor pay, receive, or settle bets with any other person.
- 4.18 Wearing of passes**  
No person, other than a bona fide airline passenger, while in a Restricted Area shall fail to wear a pass issued to him by or on behalf of the Airport Company so that it is reasonably visible at all times.

## **5. Prohibited acts on parts of the airport to which the road traffic enactments do not apply**

The following acts are prohibited on any part of the Airport to which the road traffic enactments do not apply:-

### **5.1 Driving offences**

No person shall drive a Vehicle:

- (a) Dangerously;
- (b) Without due care and attention, or without reasonable consideration for other persons using that part of the Airport;
- (c) Whilst operating a mobile telephone or other handheld device; or
- (d) Without prejudice to any notice from the Airport Company of the airport from time to time at a speed in excess of 20 miles an hour on the Airport's apron or roads or in excess of such other speed limit indicated by a Sign erected in a conspicuous or appropriate position or by a Sign which conforms to the Traffic Signs Regulations and General Directions 2002, which speed shall not in any event be more than 40 miles per hour except in an emergency.

### **5.2 Not to cause danger with a vehicle**

No person shall use, cause or permit to be used, any Vehicle in such a way as to cause or to be likely to cause danger or nuisance to any person.

### **5.3 Obstruction**

Except in an emergency, no person shall leave or park a Vehicle or cause it to wait for a period in excess of the permitted time in an area where the period of waiting is restricted by a Sign.

### **5.4 Obstruction causing danger**

Except in an emergency, no person in charge of a Vehicle shall cause or permit the Vehicle to stand so as to cause any obstruction, or so as to be likely to cause danger to Aircraft person or property.

### **5.5 Fail to set handbrake etc**

No person shall cause or permit any Vehicle to be left unattended unless any parking brake or restraining device with which the Vehicle is equipped is properly engaged.

### **5.6 Use of vehicles**

No person shall use, cause or permit to be used any Vehicle which fails to comply with any braking, steering, lighting, tyre or electrical requirements which apply to that type of Vehicle if it were to be operated on a road to which the road traffic enactments apply or use, cause or permit to be used any Vehicle where the safety locking devices are not in good working order.

### **5.7 Fuel and exhaust systems**

No person shall use, cause or permit to be used any Vehicle unless the condition of the fuel and exhaust systems is at all times such that no danger or nuisance is caused or is likely to be caused to any person or property.

### **5.8 Passenger safety and insecure load**

No person shall use, cause or permit to be used:-

- (a) Any Vehicle unless such Vehicle, and all parts and accessories of such Vehicle are at all times in such condition, and the number of passengers carried by such Vehicle, the manner in which any passengers are carried in or on such Vehicle, and the weight, distribution, packing and adjustment of the load of such Vehicle are such that no danger is caused or is likely to be caused to any person in or on the Airport; or
- (b) Any Vehicle unless the load carried by such Vehicle is at all times so secured, if necessary by physical restraint other than its own weight, and is in such a position that neither danger nor nuisance is caused or is likely to be caused to any person or property by reason of the load or any part thereof falling or being blown from such Vehicle, or by reason of any other movement of the load or any part thereof in relation to such Vehicle.

### **5.9 Permitted areas for vehicles**

Except in an emergency no person shall cause or permit Vehicles, or Aircraft servicing equipment or persons to enter those parts of the Airport licensed for the surface movement of Aircraft including the manoeuvring area, aprons and any part of the Airport provided for the maintenance of Aircraft except these parts specifically allocated from time to time by the Airport Company for use by Vehicles, Aircraft, servicing equipment or persons.

### **9.10 Entering taxi feeder park**

No person shall bring a Taxi into the Taxi Feeder Park unless he has been permitted to do so by the Airport Company and displays a Ticket issued for that purpose in the windscreen of the Taxi.

### **9.11 No more than one taxi**

No person who has driven a Taxi onto the Airport shall, while that Taxi remains on the Airport, drive another Taxi onto the Airport.

### **9.12 Taxi feeder park parking**

No person shall without the permission of the Airport Company leave a Taxi on a Taxi Feeder Park unless willing to be despatched immediately to an Authorised Standing.

### **9.13 Filling vacancies**

Drivers shall move up their Taxis on an authorised standing or Taxi Feeder Park by filling vacancies as they occur.

### **9.14 Taxi feeder park good order**

Taxi drivers who are for the time being in a Taxi Feeder Park shall comply with such directions for ensuring good order and an orderly movement of traffic within that Taxi Feeder Park as may be given by a Constable, an Airport Official or the Airport Company.

### 9.15 Leaving taxi feeder park

Taxi drivers who are for the time being in a Taxi Feeder Park shall:

- (a) Leave the Taxi Feeder Park by an exit for the time being designated for that purpose and in the order in which they entered immediately they are required to do so by a Constable, or an Airport Official; and
- (b) Proceed directly and without delay to the Authorised Standing provided that nothing in this byelaw shall apply to anything to the contrary done at the direction of, or with the consent of a Constable, the Airport Company or an Airport Official.

### 9.16 Defacing tickets

No person shall deface, alter or amend any Ticket issued for the purpose referred to in byelaw 9.11.

## 10. General

### 10.1 State name and address

A person shall, if requested to do so by a Constable or Airport Official, state his correct name and address and the purpose of his being on the Airport.

### 10.2 Vehicle accident reporting

Where, on a part of the Airport to which the road traffic enactments do not apply any Accident involving a Vehicle occurs by which:-

- (a) Personal injury is caused to a person other than the driver of that Vehicle; or
- (b) Damage is caused:-
  - (i) To a Vehicle other than that Vehicle;
  - (ii) To an animal other than an animal in or on that Vehicle; or
  - (iii) To any other property construed on, fixed to, growing in or otherwise forming part of the land on which the road in question is situated or land adjacent to such land;

That driver shall stop and give his name and address, the name and address of the owner of the Vehicle, the registration number or identification marks of the Vehicle and details of the Accident to a Constable through the published Airport emergency telephone number, as soon as reasonably practicable.

### 10.3 Aircraft accident reporting

Where, on a part of the Airport to which the road traffic enactments do not apply, any Accident involving an Aircraft occurs:-

- (a) If present at the time of the Accident, the aircraft commander (or, if the Aircraft is being towed, the tug-driver) shall stop and give:-
  - (i) His name and address;
  - (ii) The name and address of the person who is the operator of the Aircraft at the time of the accident;
  - (iii) The identification marks of the Aircraft; and
  - (iv) Details of the Accidentto a Constable, through the published Airport emergency telephone number, as soon as reasonably practicable;
- (b) The driver of any Vehicle involved shall stop and give:
  - (i) His name and address;
  - (ii) The name and address of the owner of the Vehicle;
  - (iii) The registration number or identification marks of the Vehicle; and
  - (iv) Details of the Accidentto a Constable, through the published Airport emergency telephone number, as soon as reasonably practicable.

#### **10.4 Production of insurance details etc**

Any person driving a Vehicle in a Restricted Area shall if requested to do so by a Constable or an Airport Official produce, either immediately or within seven days at a place specified by the Constable or Airport Official, details of the third party insurance cover for the operation of the Vehicle in the Restricted Area, his airside driving permit and, if applicable, his Competence to Drive.

#### **10.5 Information as to a driver of a vehicle**

Any person keeping a Vehicle in a Restricted Area or any other person shall give such information as to the identity of the driver to a Constable or Airport Official as it is in his power to give and which may lead to the identification of the driver.

### **11. Lost Property**

#### **11.1 Application of byelaws**

These byelaws shall apply in relation to the safe custody, re-delivery and disposal of any property or thing which while not in proper custody, is found on any part of the Airport to which the public or passengers have access or in any Vehicle owned or operated by or on behalf of the Airport Company excluding any property or thing found on board an Aircraft, in a Taxi or on premises let by the Airport Company.

#### **11.2 Person who finds property**

Subject to the provisions of the Customs and Excise Acts, any person (other than a member of staff of the Airport or an Airport Official or a Constable) who finds property which they believe to be lost or abandoned shall as soon as reasonably practicable notify a member of Airport staff, an Airport Official or a Constable and inform that person of the place and circumstances in which it was found.

#### **11.3 Property to be delivered to lost property office**

- (a) Subject to any provisions of the Customs and Excise Acts, and paragraph (b) below any member of Airport staff or an Airport Official or Constable to whom found property is notified pursuant to byelaw 11.2 hereof or who himself finds any property to which these byelaws apply shall, as soon as reasonably practicable and in any case before leaving the Airport, (but subject always to any applicable security check requirements), deliver such property for safe custody in the state in which it comes into his possession to the Lost Property Office and inform a member of staff of the Airport or an Airport Official at the Lost Property Office of the circumstances in which it was found.
- (b) If before any lost property shall have been delivered for safe custody to the Lost Property Office under this byelaw, it is claimed by a person who satisfies the member of Airport staff or Airport Official or Constable, as the case may be, that he is the true owner, it shall be returned to that person, forthwith, without fee, on giving his name and address to the member of Airport staff or Airport Official or Constable who shall, as soon as possible, report the facts and given the claimant's name and address and a description of the lost property to the Lost Property Office.

#### **11.4 Records of lost property**

Any other property delivered to the Lost Property Office shall be retained in safe custody by the Airport Company or an Airport Official until claimed by the true owner thereof or disposed of in accordance with these byelaws and the Airport Company or an Airport Official shall keep for a period of not less than 12 months a record showing particulars of the lost property (whether delivered to the Lost Property Office or disposed of pursuant to byelaw 11.6 hereof), the circumstances in which it was found and the ultimate disposal of the lost property provided that:-

- (a) Official documents, including licences, passports and aliens identity books shall wherever practicable be returned forthwith to the appropriate government department, local authority or other body or person responsible for issuing them or for controlling or dealing with them; and
- (b) Where the name and address of the true owner of any lost property other than the documents referred to in the preceding proviso, are readily ascertainable the Airport Company or an Airport Official shall forthwith notify him that the lost property is in their possession and may be claimed in accordance with these byelaws.

### **11.5 Claim of property**

If any lost property, while it is retained by the Airport Company in safe custody, is claimed and the claimant proves to the satisfaction of the Airport Company or an Airport Official that he is the true owner and gives his name and address to a member of staff of the Lost Property Office or an Airport Official, it shall thereupon be delivered to the claimant at the Lost Property Office upon payment of such charges as the Airport Company may from time to time fix for the return of any lost property delivered to the Lost Property Office.

### **11.6 Disposal of property**

- (a) If any lost property retained by the Airport Company or an Airport Official for safe custody in accordance with these byelaws is not, within three months of the date when it was delivered to the Lost Property Office, re-delivered to a person pursuant to byelaw 11.5 hereof, the Airport Company or an Airport Official shall be entitled to sell it for the best price that can reasonably be obtained or, in the case of items of negligible value, to dispose of it as they think fit.
- (b) Notwithstanding the foregoing provisions of these byelaws, if any lost property retained by the Airport Company or an Airport Official pursuant to these byelaws is of a perishable nature and if, within 48 hours from the time when it was found, it has not been re-delivered to a person pursuant to byelaw 11.5 hereof, the Airport Company or an Airport Official shall be entitled to sell it at the best price that can reasonably be obtained.
- (c) Notwithstanding the foregoing provision of these byelaws any lost property which is or which becomes objectionable may forthwith be destroyed or otherwise disposed of in a reasonable manner.
- (d) A sale under this byelaw shall not prejudice the right, for a period of 12 months from the date on which the property came into the custody of the Airport Company or an Airport Official, of any true owner whose rights have been divested by the sale to be paid the proportion due to him of the residue of the proceeds of sale after deduction of any charge by the Airport Company or an Airport Official for the safe custody of the lost property and the Airport Company or an Airport Official's reasonable costs.

### **11.7 Power to open packages etc**

Where any lost property is contained in a package, bag or other receptacle, a Constable or an Airport Official may cause such receptacle to be opened and the contents examined, or require the claimant to open it and submit it and its contents for examination, for the purpose of:-

- (a) Identifying and tracing the owner of the lost property;
- (b) Ascertaining the nature of the contents; or
- (c) Satisfying the Airport Company or an Airport Official that the contents do not include any item or items which may put at risk the safety or security of the Airport, any Aircraft or any air navigation installation;

And if any item or items referred to in (c) above are found, they shall be handed to a Constable or Airport Official immediately.

## A Paralympic bronze medallist climbed on top of a plane at London City Airport as part of the Extinction Rebellion protests.

Firefighters eventually removed the protester, James Brown, from the British Airways aircraft and he was arrested.

He live-streamed his actions on Facebook.

The protester, who is partially sighted, said he was nervous because he 'hates heights'

"Okay, here I am, top of a f\*\*\*\*\* aeroplane at City Airport... I managed to get on the roof," he said.

"Oh man I'm shaking... This is all about the climate and ecological crisis. We're protesting at government inaction on climate and ecological breakdown. They declare a climate emergency and do nothing about it."

He said it was "scary" because he "hates heights".

Mr Brown, who is partially sighted, won a bronze at the London Paralympics in cycling but was later banned for a doping violation.

Hundreds of people attempted to shut down the airport in protest at the impact of air travel - part of the global Extinction Rebellion demonstrations.

Protesters say airport expansion plans are incompatible with the government's commitment to cut emissions to net-zero by 2050.

Activists are beginning what they call a three-day "Hong Kong-style occupation of the terminal building" and say they want to stop flights by lying, sitting or gluing themselves in front of departure and arrival gates.

In a separate incident, a plane returned to the terminal after another protester disrupted the flight, according to Sky sources.

Sky's home affairs correspondent Mark White said a protester also managed to get onto a low roof in the terminal building.

Outside the airport, protesters blocked traffic near the drop-off zone, while police also dealt with demonstrators who occupied the Docklands Light Railway station, gluing themselves to the entrance.

Extinction Rebellion spokesperson Rupert Read said: "By non-violently shutting down this airport, in homage to the style of the Hong Kong democracy protesters, we are demonstrating the utter frailty of the transport systems that countries such as ours, unwisely, have come to depend upon."

The group said hundreds had signed up to take part and that they were willing to risk being arrested.

Metropolitan Police deputy assistant commissioner Laurence Taylor said there were plans to intervene and "deal proactively" with anyone trying to disrupt the airport.

London City Airport CEO Robert Sinclair said only two flights had been cancelled, and the airport had "remained fully operational throughout the day".

He added: "If you are flying from London City Airport this evening or tomorrow, please do check the status of your flight with your airline before travelling to the airport."

Protest organisers say people are willing to be arrested for their cause

The sit-in comes on the fourth day of the Extinction Rebellion **climate protests**, which are taking place across central London and other cities worldwide.

More than 1,000 people have been arrested.

The group appeared at Westminster Magistrates' Court later on Thursday where Sally Davidson, 36, Adam Beard, 55, Rosa Hicks, 28, Rory Wilson, 26, Luke Elson, 31, Luke Watson, 34, Sean O'Callaghan, 29 and Hannah Schafer, 60, were remanded in custody.

Two people, Julia Mercer, 74, and William Goldring, 27, were bailed following their court appearance.

JSO said the action at the airport was part of an "international uprising" and demanded the government commit to ending the extraction and burning of fossil fuels by 2023.

The organisation said on Thursday evening that 13 groups across 10 countries had participated in the action over the past two days, which had involved about 37 arrests globally, including those held at Heathrow on Wednesday.

## Nine Just Stop Oil supporters arrested as international uprising begins

Press / July 24, 2024

Just Stop Oil supporters have been arrested at Heathrow. Just Stop Oil is demanding that the UK government works with other countries to establish a fossil fuel treaty to end the extraction and burning of oil, gas and coal by 2030. [1]

At around 9am, seven Just Stop Oil supporters were arrested at two locations on the perimeter road outside Heathrow. At around 10:50am, the Metropolitan Police confirmed a further two had been arrested on suspicion of conspiracy to disrupt Heathrow. This comes after German supporters of Last Generation blocked air traffic at Cologne Bonn Airport, causing international delays. Meanwhile, supporters of Folk Mot Fossilmakta (People against Fossil Power) cut through a chain-link fence and sat next to a runway stopping flights departing from Oslo Gardermoen airport. [2][3]

Also this morning, supporters of Extinction Rebellion in Finland have blocked security gates at Helsinki Vantaa Airport. Meanwhile in Spain, five supporters of Futuro Vegetal accessed the taxiway at Barcelona airport, however were intercepted before taking action. In Switzerland, eleven supporters of Drop Fossil Subsidies blocked main roads around both Zurich and Geneva airports. [4][5][6]

A Just Stop Oil spokesperson said:

*stability on which our entire society depends. This is not only irresponsible, it is an act of war against low lying island states and countries in the global south, who are already suffering devastating consequences as a result of our addiction to fossil fuels. Our political leaders must take action to protect our communities by working with other nations to establish a legally binding treaty to stop the extraction and burning of oil, gas and coal by 2030.” [7]*

One of those arrested this morning is Sally Davidson, 36, a hairdresser from Portland, who said:

*“Mass migration and global food shortages are becoming commonplace as large areas of inhabited land are becoming too hot to support human life. It is our young people in the UK and those around the world who have done little to contribute to this crisis who will bear the brunt of what is to come.”*

*“Our new government must take swift and meaningful action to end the extraction and burning of oil, gas and coal by 2030, by establishing a legally binding treaty to phase out fossil fuels. Anything less is a death sentence.”*

Also arrested today is Adam Beard, 55, a gardener from Stroud, who said:

*“We need immediate and decisive action to prevent the worst effects of the climate crisis becoming reality, with all the death and suffering that will bring. Our government must work with other nations to enact a treaty to end the extraction and burning of oil, gas and coal by 2030.”*

*“Scientists are telling us we are on course for large parts of the world becoming uninhabitable, causing mass death, hundreds of millions of refugees and crop failures in areas that produce the vast majority of the world’s food. Those in power must take seriously their responsibility to protect our population from harm.”*

As long as political leaders fail to take swift and decisive action to protect our communities from the worst effects of climate breakdown, Just Stop Oil supporters, working with other groups internationally, will take the proportional action necessary to generate much needed political pressure. This summer, areas of key importance to the fossil fuel economy will be declared sites of civil resistance around the world. Are you in? ## HEATHROW 10: UPDATE

Yesterday, the #Heathrow10 appeared in Isleworth Crown Court for a case management hearing after being arrested in July. Eight of them have been on remand in prison for the charge of Conspiracy to Interfere with Key National Infrastructure.

Hannah Schaffer, Sally Davidson and Sean O'Callaghan were granted bail, joining Will Goldring and Julia Mercer who were already on bail.

Adam Beard, Rosa Hicks, Luke Elson, Luke Watson and Rory Wilson have been interned.

Rosa Hicks, 28, said to Judge Cornell after being denied bail: "People have died in wildfires in Greece while your courts have imprisoned us. How many more people have to die until you stop imprisoning peaceful protestors trying to sound the alarm?"

Those bailed have been handed extremely harsh bail conditions, including having no contact with each other, and having no online, in person or third party contact with anyone involved with Just Stop Oil or any other climate protest group.

Raj Chada, representing some of the defendants, argued that this goes directly against the human right to peaceful protest. The Judge dismissed this.

The CPS is looking to increase the charge from the current charge to Conspiracy to Commit a Public Nuisance. If found guilty, this would increase the possible maximum sentence from 12 months to 10 years in prison.

Those interned will remain in prison as political prisoners until at least their plea hearing, scheduled for the 27th September 2024.

Their trial has been set for 20th January 2025, and is expected to last for 6 weeks.

## Just Stop Oil supporters paint Heathrow departure boards to demand a fossil fuel treaty to end oil and gas by 2030

Press / July 30, 2024

Two Just Stop Oil supporters have painted the departure boards at Heathrow. Just Stop Oil is working with groups internationally to demand governments establish a fossil fuel treaty, to end the extraction and burning of oil, gas and coal by 2030. [1]

At around 8:35 am, Phoebe Plummer and Jane Touil entered Heathrow and proceeded to paint the entrance hall to Terminal five, as well as the departure boards in the departures lounge. Police and security arrived on scene within minutes and proceeded to cordon off the area. Both Just Stop Oil supporters had been dragged to a police van by around 8:50 am.

One of those taking action this morning is Phoebe Plummer, 22, who said:

*"People around the world are rising up to demand an end to oil by 2030. This is an international problem, so ordinary people are doing what our politicians will not, working together globally to put a stop to the harm and suffering that fossil fuels cause."*

*"Repression and prison time will not stop people stepping up to defend our families and communities. We have to put a stop to oil and gas. We've had fires raging in Jasper. British farmers are in despair after the*

wettest 18 months on record destroying crops. Mortuaries are overflowing in India after a heatwave. If we want to protect life and what we love, we need a treaty to Just Stop Oil by 2030.”

Also taking action this morning is Jane Touil, 58, who said:

*“We are in the greatest crisis humanity has ever faced and governments are not doing what is needed to protect us. Ordinary people have to stand up and make their governments do the right thing, because without pressure from us, they won’t. I feel so angry and betrayed that politicians have let this happen when they’ve known about climate breakdown for over 50 years.”*

*“Fossil fuel companies are maxing out profits, while hundreds of millions of people pay the price with their lives! Our government must commit to signing a legally binding fossil fuel treaty to end the extraction and burning of fossil fuels by 2030 – and it must support poorer countries to get off fossil fuels too.”*

Today’s action comes after the wettest 18 months in the UK, farmers have been warning it is the worst growing season in 42 years, leading to waterlogged fields of rotting vegetables. British weather has always been changeable, but the recent extremes have been unprecedented. June last year was the second warmest on record, with July the second wettest. September was then the warmest on record, followed by the wettest October and the fifth wettest December. Research suggests that another implication of a warmer world will be an increasingly sluggish jet stream, resulting in ‘weather blocking’– longer periods of the same type of weather, leading to more droughts and floods. [2]

The Oil Kills international uprising has been taking action at airports around the world. 21 groups across 12 countries have taken action at 18 airports so far. They include Letzte Generation Germany, Folk Mot Fossilmakta and Scientist Rebellion in Norway, XR Finland, Futuro Vegetal in Spain, Just Stop Oil in the UK, Drop Fossil Subsidies and Act Now – Liberate in Switzerland, Letzte Generation Austria, Extinction Rebellion

and Scientists Rebellion in Sweden, Doe Deurne Dicht in Belgium, Last Generation Canada, XR Boston, Last Generation America, and Scientist Rebellion Turtle Island from the USA. [2]

As long as political leaders fail to take swift and decisive action to protect our communities from the worst effects of climate breakdown, Just Stop Oil supporters, working with other groups internationally, will take the proportionate action necessary to generate much needed political pressure. This summer, areas of key importance to the fossil fuel economy will be declared sites of civil resistance around the world. Are you in?

Plummer and Touil were both remanded into custody over the Heathrow incident until August 28, to appear at Isleworth Crown Court for a case management hearing.

The **duo threw tinned soup over Vincent van Gogh's Sunflowers**, with prosecutors claiming they caused as much as £10,000 worth of damage to the artwork's frame.

The judge in that case said Plummer and Holland would be released on bail until they are sentenced on September 27 in Southwark, but warned them to come to the court 'prepared in practical and emotional terms to go to prison on that date'.

As for the Heathrow protest on Tuesday, Plummer and Touil allegedly caused £50,000 worth of damage when they sprayed orange paint from large cylinders on departure boards, floors and glass walls inside the airport's Terminal Five.

Just Stop Oil claimed in a press release that during yesterday's court hearing in Westminster, Plummer told the judge: 'Sending peaceful protestors like me to prison isn't going to prevent us from resisting.'

'You're upholding an abysmal system. And you're doing that to maintain business as usual. You won't be protected from the climate emergency.'

Speaking before the hearing, Touil was quoted by the group as saying: 'I have become increasingly terrified about climate breakdown and increasingly appalled by politicians' failure to take appropriate action.'

A video issued by Just Stop Oil on Tuesday showed Plummer and Touil carry out the protest near check-in desks for at least three minutes and 55 seconds without being approached by police officers or airport staff.

In the footage, one member of the public is heard exclaiming: 'Oh my goodness, what is this?'

The Metropolitan Police said the pair were arrested on suspicion of criminal damage, adding that officers remained in the area to 'deal with any further offences'.

Last Thursday, a judge told Plummer and Holland that they could be jailed after they 'came within the width of a pane of glass of destroying one of the most valuable artworks in the world' by pouring soup over the van Gogh painting.

The duo were found guilty of criminal damage by a jury after three hours of deliberations at Southwark Crown Court.

After the verdicts were read out, Judge Christopher Hehir – who the week before jailed the co-founder of Just Stop Oil and Extinction Rebellion for five years at the same court – told the activists that staff at the gallery had 'frantically' inspected the painting for damage after the incident.

'They were worried the soup may have dripped through by condensation,' he said.

Prosecutors believe the soup may have caused £10,000 worth of damage to the artwork's precious frame, he added.

The protesters, wearing Just Stop Oil T-shirts, threw two tins of Heinz tomato soup over the 1888 work in October 2022, before kneeling down in front of the painting and glueing their hands to the wall beneath it.

Tomato soup covered the image, which is covered by glass, as well as parts of the gold-coloured frame. Visitors were escorted out by security, who then shut the doors to the room where the painting hangs.

A number of Just Stop Oil supporters were present in the court room as the verdict was delivered. A lawyer for Holland said they would consider whether to appeal.

The offence of criminal damage can be punished with a maximum sentence of 10 years' imprisonment.

## Just Stop Oil supporters disrupt Heathrow

Press / August 1, 2024

Just Stop Oil supporters have disrupted Heathrow in Just Stop Oil's second week of action, working with other groups internationally to demand governments establish a fossil fuel treaty, to end the extraction and burning of oil, gas and coal by 2030. [1]

At around 8:50 am, six Just Stop Oil supporters blocked access to the departure gates of Heathrow Terminal 5 South. The supporters could be seen holding signs which read 'Oil Kills' and 'Sign the Treaty'. In addition to these six, police arrested someone filming the action, whilst at least another 10 people have been arrested on public transport.

One of those arrested today is Di Bligh, 77, a grandmother from Rode, who was formerly CEO of Reading Borough Council. She said:

*"Climate breakdown is endangering all we love. Starvation already threatens those who have done the least to cause this mess. Billions will be on the move as they try to find land they can cultivate, water to drink- any safe place."*

*“Electric cars and windfarms won’t do it: governments must act together before we reach more tipping points into chaos than we can prevent. We need our political leaders to act now, by working with other nations to establish a legally binding treaty to stop the extraction and burning of oil, gas and coal by 2030.”*

Also arrested today is Ruth Cook, 72, from Somerset who said:

*“We can’t carry on as normal pretending that the climate emergency isn’t happening. The evidence is all around us and people in many parts of the world are already suffering – droughts, famine, floods, wildfires.”*

*“I am here for my two grandchildren, my two grandnieces who have just come into this world, and for all children – what future will they face? I want to be able to look them in the eye and tell them that I did all that I could. We need a fossil fuel treaty to Just Stop Oil by 2030.”*

Today’s disruption follows an action at Leipzig–Halle Airport in Germany this morning, where five supporters of Last Generation have glued themselves to the tarmac, preventing cargo planes from taking off. [2]

The last week has seen the world’s four hottest days ever observed by scientists, dozens have been killed in the raging floodwaters and massive mudslides triggered by Typhoon Gaemi, whilst hundreds have been killed in mudslides in Ethiopia and India. Half of Jasper in Canada has been reduced to ash. About 3.6 billion people have endured temperatures that would have been exceedingly rare in a world without burning fossil fuels and other human activities, according to an analysis by scientists at the group Climate Central.

This “taste” of a +1.5 degree world is showing how the natural systems that humans depend on will buckle amid soaring temperatures, said Johan Rockström, director of the Potsdam Institute for Climate Impact Research in Germany. Forests have shown less ability to pull carbon out of the atmosphere. Sea ice around Antarctica has dwindled to near record lows. Coral bleaching has become so extreme scientists had to change their scale for measuring it. *“The extreme events that we are now experiencing are indications of the weakening resilience of these systems,”* Rockström said. *“We cannot risk pushing this any further.”*

Climate scientist Kim Cobb, director of the Institute at Brown University for Environment and Society said: *“We’re dancing about a climate average that is very dangerous for communities and ecosystems around the world.”* [2]

Yesterday, a further two Just Stop Oil supporters, Phoebe Plummer and Jane Touil were imprisoned. There are currently 16 peaceful people imprisoned in the UK for demanding the UK government act on the threat of climate breakdown. [3]

The Oil Kills international uprising has been taking action at airports around the world. 21 groups across 12 countries have taken action at 20 airports so far. They include Letzte Generation Germany, Folk Mot Fossilmakta and Scientist Rebellion in Norway, XR Finland, Futuro Vegetal in Spain, Just Stop Oil in the UK, Drop Fossil Subsidies and Act Now – Liberate in Switzerland, Letzte Generation Austria, Extinction Rebellion and Scientists Rebellion in Sweden, Doe Deurne Dicht in Belgium, Last Generation Canada, XR Boston, Last Generation America, and Scientist Rebellion Turtle Island from the USA. [4]

As long as political leaders fail to take swift and decisive action to protect our communities from the worst effects of climate breakdown, Just Stop Oil supporters, working with other groups internationally, will take the proportionate action necessary to generate much needed political pressure. This summer, areas of key importance to the fossil fuel economy will be declared sites of civil resistance around the world. Are you in?

## Heathrow Airport Injunction

On 9 July 2024, the High Court granted Heathrow Airport Limited an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow Airport Limited.

Anyone breaching the injunction might be imprisoned for up to 2 years, fined and/or have their assets seized for contempt of court.

Documents relating to the Injunction and the Hearing on 9 July 2024 can be obtained using the links below. The Bundle for Hearing contains the Claim Form, Application Notice and evidence in support.

Attached is the list of signs and times. I won't bore you with all the photos but have attached one as an example (we have the whole set saved here). I believe that completes all of the notification steps so it came in to effect at 1912 yesterday. In case needed the person from Ops who went round with the signs people is called Chris Reeve.

Let me know if you have any questions/need more information from me.

Many thanks

## **URGENT REQUEST**

Dear Sirs

### **Heathrow Airport Limited v Persons Unknown (as defined in the Claim Form) High Court Claim Number: KB-2024-002210**

- 1 We act for Heathrow Airport Limited, the Claimant in the above proceedings.
- 2 We are instructed to issue a joinder application to join specific individuals as named Defendants in the above proceedings. This instruction requires us to serve a Claim Form at the current or last known residence of these specific individuals. Since they are, to the best of our knowledge, currently on remand in prisons within England and Wales, we must serve them at those prisons.
- 3 We therefore request the use of the 'Find a Prisoner' service to find the prison or prisons in which these specific individuals are currently being held, so that we may serve the Claim Form on them in accordance with the relevant Civil Procedure Rules.
- 4 The details of the individuals against whom we submit this search (their name, date of birth and last known address) are given at Schedule 1, annexed to this letter.
- 5 If you require any further information or have any questions regarding this request, please contact Robert Hodgson of this firm using the details given above.
- 6 Please confirm receipt of this request.

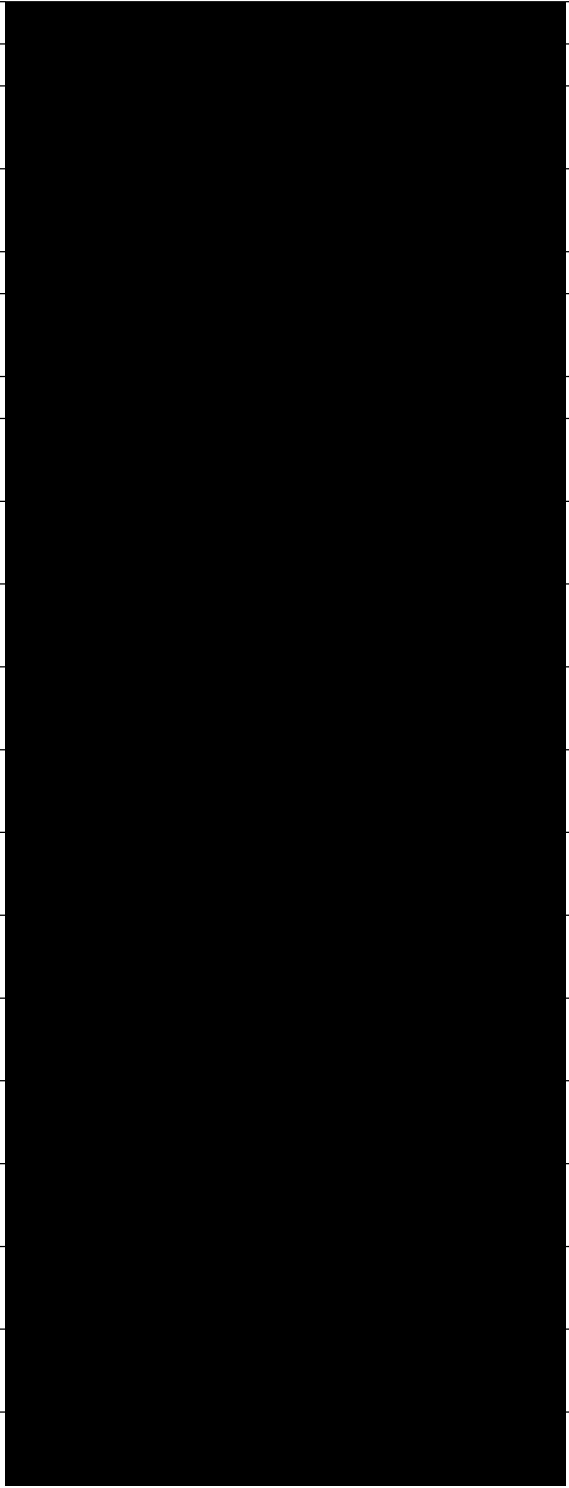

Yours faithfully

Dear Harj

Thank you for your email below.

Please do request consent from those listed in Schedule 1 of our letter (reattached).

We do not consider that consent or a court order is required before you can provide us with the requested information. The requested information can be disclosed pursuant to Schedule 2, Part 5, Paragraph 3a of The Data Protection Act 2018, which is copied below as follows:

- (3) The listed GDPR provisions do not apply to personal data where disclosure of the data —
- (a) is necessary for the purpose of, or in connection with, legal proceedings (including prospective legal proceedings),
  - (b) is necessary for the purpose of obtaining legal advice, or
  - (c) is otherwise necessary for the purposes of establishing, exercising or defending legal rights,
- to the extent that the application of those provisions would prevent the controller from making the disclosure.

As explained this information is required in connection with legal proceedings.

We therefore invite you to reconsider our request and to please provide us with the information. However, in the interests of time, and without prejudice to our position above, if you do still consider you require consent please do request it as soon as possible.

If you can confirm your position as a matter of urgency that would be much appreciated.

Do call me on +44 7568 129029 if you would like to discuss.

Many thanks

Rob

Dear Sir/Madam,

Re: Persons Unknown

Thank you for your email below.

Unfortunately, the exemption provided is not sufficient.

Please confirm if you wish for consent to be sought.

Consent is always sought unless we are supplied with a copy of a court order bearing the court seal confirming HMPPS must provide the prisoner location/number.

Please advise via email as to the course of action you wish to take in view of our above-mentioned procedures.

Dear Adam Beard

**KB-2024-002210 - HEATHROW AIRPORT LIMITED v PERSONS UNKNOWN WHO (IN CONNECTION WITH JUST STOP OIL OR OTHER ENVIRONMENTAL CAMPAIGN) ENTER, OCCUPY OR REMAIN (WITHOUT THE CLAIMANT'S CONSENT) UPON 'LONDON HEATHROW AIRPORT' AS IS SHOWN EDGED PURPLE ON THE ATTACHED PLAN A TO THE PARTICULARS OF CLAIM DATED 7 JULY 2024**

- 1 We act on behalf of Heathrow Airport Limited, the Claimant in the above proceedings.
- 2 On 7 July 2024, the Claimant commenced proceedings by way of Claim Form and Particulars of Claim against Persons Unknown who (in connection with Just Stop Oil or other Environmental Campaign) enter, occupy or remain (without the Claimant's consent) upon 'London Heathrow Airport' as is shown edged purple on the attached Plan A to the Particulars of Claim.
- 3 On 9 July 2024, the High Court granted Heathrow Airport Limited an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow Airport Limited (the "**Injunction Order**").
- 4 We hereby enclose copies of:
  - (a) the Sealed Claim Form;
  - (b) the Particulars of Claim; and
  - (c) the Injunction Order.
- 5 The Claimant has reason to believe that you have taken part in an incident at Heathrow Airport in breach of the Injunction Order, which:
  - (a) justifies the joinder of you as a party to the Injunction Order; and
  - (b) may lead to Contempt of Court proceedings against you.

- 6 We recommend that you seek urgent independent legal advice and, although a matter for your own legal counsel, we notify you that you do have a right against self-incrimination which may become material in your response to the Claimant's joinder application in light of the potential Contempt of Court proceedings against you.
- 7 In order to seek joinder of you as a party to the Injunction Order, our client has issued the following documents at the High Court, which we enclose, to the extent applicable, by way of service:
- (a) Sealed Application Notice;
  - (b) Draft Joinder Order;
  - (c) Second Witness Statement of Akhil Markanday;
  - (d) Exhibit AM2; and
  - (e) Notice of Listing.
- 8 The Notice of Listing contains the details of the upcoming hearing which has been listed for **2 hours on 11 December 2024** before a High Court Judge, to determine our client's application. The hearing will be in person and most likely in the King's Bench Division, The Royal Courts of Justice, Strand, London WC2A 2LL. As set out in the Notice of Listing, the Judge and exact time of the hearing will be confirmed the working day before on the Daily Cause List (this can be accessed here: <https://www.gov.uk/government/publications/royal-courts-of-justice-cause-list>).
- 9 You are free to attend the hearing should you wish to make any representations in respect of the relief the Claimant seeks.
- 10 We also give you notice that the Claimant will be seeking the Court's permission to amend the Particulars of Claim at the upcoming hearing to include the Claimant's claim against you. We have also enclosed a copy of the Claimant's draft Amended Particulars of Claim.
- 11 A bundle for the hearing will be available before the hearing by way of electronic download. If you wish to receive an electronic copy of the hearing bundle please email Robert Hodgson ([robert.hodgson@bclplaw.com](mailto:robert.hodgson@bclplaw.com)).
- 12 To keep costs reasonable, we have provided black and white copies of the documents appended to this letter. Should you wish to access colour copies of the documents, they have been uploaded here: <https://www.heathrow.com/company/local-community/injunction>
- 13 Please acknowledge receipt of this letter. We are also happy to answer any questions you may have with regards to the contents of this letter, although as noted above you should seek your own independent legal advice as we cannot advise you.

Yours faithfully

  - (e) Notice of Listing.
- 8 The Notice of Listing contains the details of the upcoming hearing which has been listed for **2 hours on 11 December 2024** before a High Court Judge, to determine our client's application. The hearing will be in person and most likely in the King's Bench Division, The Royal Courts of Justice, Strand, London WC2A 2LL. As set out in the Notice of Listing, the Judge and exact time of the hearing will be confirmed the working day before on the Daily Cause List (this can be accessed here: <https://www.gov.uk/government/publications/royal-courts-of-justice-cause-list>).
- 9 You are free to attend the hearing should you wish to make any representations in respect of the relief the Claimant seeks.
- 10 We also give you notice that the Claimant will be seeking the Court's permission to amend the Particulars of Claim at the upcoming hearing to include the Claimant's claim against you. We have also enclosed a copy of the Claimant's draft Amended Particulars of Claim.
- 11 A bundle for the hearing will be available before the hearing by way of electronic download. If you wish to receive an electronic copy of the hearing bundle please email Robert Hodgson ([robert.hodgson@bclplaw.com](mailto:robert.hodgson@bclplaw.com)).
- 12 To keep costs reasonable, we have provided black and white copies of the documents appended to this letter. Should you wish to access colour copies of the documents, they have been uploaded here: <https://www.heathrow.com/company/local-community/injunction>
- 13 Please acknowledge receipt of this letter. We are also happy to answer any questions you may have with regards to the contents of this letter, although as noted above you should seek your own independent legal advice as we cannot advise you.

Yours faithfully

Dear Diane Bligh

**KB-2024-002210 - HEATHROW AIRPORT LIMITED v PERSONS UNKNOWN WHO (IN CONNECTION WITH JUST STOP OIL OR OTHER ENVIRONMENTAL CAMPAIGN) ENTER, OCCUPY OR REMAIN (WITHOUT THE CLAIMANT'S CONSENT) UPON 'LONDON HEATHROW AIRPORT' AS IS SHOWN EDGED PURPLE ON THE ATTACHED PLAN A TO THE PARTICULARS OF CLAIM DATED 7 JULY 2024**

- 1 We act on behalf of Heathrow Airport Limited, the Claimant in the above proceedings.
- 2 On 7 July 2024, the Claimant commenced proceedings by way of Claim Form and Particulars of Claim against Persons Unknown who (in connection with Just Stop Oil or other Environmental Campaign) enter, occupy or remain (without the Claimant's consent) upon 'London Heathrow Airport' as is shown edged purple on the attached Plan A to the Particulars of Claim.
- 3 On 9 July 2024, the High Court granted Heathrow Airport Limited an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow Airport Limited (the "**Injunction Order**").
- 4 We hereby enclose copies of:
  - (a) the Sealed Claim Form;
  - (b) the Particulars of Claim; and
  - (c) the Injunction Order.
- 5 The Claimant has reason to believe that you have taken part in an incident at Heathrow Airport in breach of the Injunction Order, which:
  - (a) justifies the joinder of you as a party to the Injunction Order; and
  - (b) may lead to Contempt of Court proceedings against you.
- 6 We recommend that you seek urgent independent legal advice and, although a matter for your own legal counsel, we notify you that you do have a right against self-incrimination

which may become material in your response to the Claimant's joinder application in light of the potential Contempt of Court proceedings against you.

- 7 In order to seek joinder of you as a party to the Injunction Order, our client has issued the following documents at the High Court, which we enclose, to the extent applicable, by way of service:
- (a) Sealed Application Notice;
  - (b) Draft Joinder Order;
  - (c) Second Witness Statement of Akhil Markanday;
  - (d) Exhibit AM2; and
  - (e) Notice of Listing.

Dear Luke Elson

**KB-2024-002210 - HEATHROW AIRPORT LIMITED v PERSONS UNKNOWN WHO (IN CONNECTION WITH JUST STOP OIL OR OTHER ENVIRONMENTAL CAMPAIGN) ENTER, OCCUPY OR REMAIN (WITHOUT THE CLAIMANT'S CONSENT) UPON 'LONDON HEATHROW AIRPORT' AS IS SHOWN EDGED PURPLE ON THE ATTACHED PLAN A TO THE PARTICULARS OF CLAIM DATED 7 JULY 2024**

- 1 We act on behalf of Heathrow Airport Limited, the Claimant in the above proceedings.
- 2 On 7 July 2024, the Claimant commenced proceedings by way of Claim Form and Particulars of Claim against Persons Unknown who (in connection with Just Stop Oil or other Environmental Campaign) enter, occupy or remain (without the Claimant's consent) upon 'London Heathrow Airport' as is shown edged purple on the attached Plan A to the Particulars of Claim.
- 3 On 9 July 2024, the High Court granted Heathrow Airport Limited an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow Airport Limited (the "**Injunction Order**").
- 4 We hereby enclose copies of:
  - (a) the Sealed Claim Form;
  - (b) the Particulars of Claim; and
  - (c) the Injunction Order.
- 5 The Claimant has reason to believe that you have taken part in an incident at Heathrow Airport in breach of the Injunction Order, which:
  - (a) justifies the joinder of you as a party to the Injunction Order; and
  - (b) may lead to Contempt of Court proceedings against you.
- 6 We recommend that you seek urgent independent legal advice and, although a matter for your own legal counsel, we notify you that you do have a right against self-incrimination

which may become material in your response to the Claimant's joinder application in light of the potential Contempt of Court proceedings against you.

- 7 In order to seek joinder of you as a party to the Injunction Order, our client has issued the following documents at the High Court, which we enclose, to the extent applicable, by way of service:
- (a) Sealed Application Notice;
  - (b) Draft Joinder Order;
  - (c) Second Witness Statement of Akhil Markanday;
  - (d) Exhibit AM2; and
  - (e) Notice of Listing.
- 8 The Notice of Listing contains the details of the upcoming hearing which has been listed for **2 hours on 11 December 2024** before a High Court Judge, to determine our client's application. The hearing will be in person and most likely in the King's Bench Division, The Royal Courts of Justice, Strand, London WC2A 2LL. As set out in the Notice of Listing, the Judge and exact time of the hearing will be confirmed the working day before on the Daily Cause List (this can be accessed here: <https://www.gov.uk/government/publications/royal-courts-of-justice-cause-list>).
- 9 You are free to attend the hearing should you wish to make any representations in respect of the relief the Claimant seeks.
- 10 We also give you notice that the Claimant will be seeking the Court's permission to amend the Particulars of Claim at the upcoming hearing to include the Claimant's claim against you. We have also enclosed a copy of the Claimant's draft Amended Particulars of Claim.

Dear Pauline Hazel Smith

**KB-2024-002210 - HEATHROW AIRPORT LIMITED v PERSONS UNKNOWN WHO (IN CONNECTION WITH JUST STOP OIL OR OTHER ENVIRONMENTAL CAMPAIGN) ENTER, OCCUPY OR REMAIN (WITHOUT THE CLAIMANT'S CONSENT) UPON 'LONDON HEATHROW AIRPORT' AS IS SHOWN EDGED PURPLE ON THE ATTACHED PLAN A TO THE PARTICULARS OF CLAIM DATED 7 JULY 2024**

- 1 We act on behalf of Heathrow Airport Limited, the Claimant in the above proceedings.
- 2 On 7 July 2024, the Claimant commenced proceedings by way of Claim Form and Particulars of Claim against Persons Unknown who (in connection with Just Stop Oil or other Environmental Campaign) enter, occupy or remain (without the Claimant's consent) upon 'London Heathrow Airport' as is shown edged purple on the attached Plan A to the Particulars of Claim.
- 3 On 9 July 2024, the High Court granted Heathrow Airport Limited an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow Airport Limited (the "**Injunction Order**").
- 4 We hereby enclose copies of:
  - (a) the Sealed Claim Form;
  - (b) the Particulars of Claim; and
  - (c) the Injunction Order.
- 5 The Claimant has reason to believe that you have taken part in an incident at Heathrow Airport in breach of the Injunction Order, which:
  - (a) justifies the joinder of you as a party to the Injunction Order; and
  - (b) may lead to Contempt of Court proceedings against you.

- 6 We recommend that you seek urgent independent legal advice and, although a matter for your own legal counsel, we notify you that you do have a right against self-incrimination which may become material in your response to the Claimant's joinder application in light of the potential Contempt of Court proceedings against you.
- 7 In order to seek joinder of you as a party to the Injunction Order, our client has issued the following documents at the High Court, which we enclose, to the extent applicable, by way of service:
- (a) Sealed Application Notice;
  - (b) Draft Joinder Order;
  - (c) Second Witness Statement of Akhil Markanday;
  - (d) Exhibit AM2; and
  - (e) Notice of Listing.
- 8 The Notice of Listing contains the details of the upcoming hearing which has been listed for **2 hours on 11 December 2024** before a High Court Judge, to determine our client's application. The hearing will be in person and most likely in the King's Bench Division, The Royal Courts of Justice, Strand, London WC2A 2LL. As set out in the Notice of Listing, the Judge and exact time of the hearing will be confirmed the working day before on the Daily Cause List (this can be accessed here: <https://www.gov.uk/government/publications/royal-courts-of-justice-cause-list>).
- 9 You are free to attend the hearing should you wish to make any representations in respect of the relief the Claimant seeks.
- 10 We also give you notice that the Claimant will be seeking the Court's permission to amend the Particulars of Claim at the upcoming hearing to include the Claimant's claim against you. We have also enclosed a copy of the Claimant's draft Amended Particulars of Claim.
- 11 A bundle for the hearing will be available before the hearing by way of electronic download. If you wish to receive an electronic copy of the hearing bundle please email Robert Hodgson ([robert.hodgson@bclplaw.com](mailto:robert.hodgson@bclplaw.com)).
- 12 To keep costs reasonable, we have provided black and white copies of the documents appended to this letter. Should you wish to access colour copies of the documents, they have been uploaded here: <https://www.heathrow.com/company/local-community/injunction>
- 13 Please acknowledge receipt of this letter. We are also happy to answer any questions you may have with regards to the contents of this letter, although as noted above you should seek your own independent legal advice as we cannot advise you.

Yours faithfully

Dear Sally Davidson

**KB-2024-002210 - HEATHROW AIRPORT LIMITED v PERSONS UNKNOWN WHO (IN CONNECTION WITH JUST STOP OIL OR OTHER ENVIRONMENTAL CAMPAIGN) ENTER, OCCUPY OR REMAIN (WITHOUT THE CLAIMANT'S CONSENT) UPON 'LONDON HEATHROW AIRPORT' AS IS SHOWN EDGED PURPLE ON THE ATTACHED PLAN A TO THE PARTICULARS OF CLAIM DATED 7 JULY 2024**

- 1 We act on behalf of Heathrow Airport Limited, the Claimant in the above proceedings.
- 2 On 7 July 2024, the Claimant commenced proceedings by way of Claim Form and Particulars of Claim against Persons Unknown who (in connection with Just Stop Oil or other Environmental Campaign) enter, occupy or remain (without the Claimant's consent) upon 'London Heathrow Airport' as is shown edged purple on the attached Plan A to the Particulars of Claim.
- 3 On 9 July 2024, the High Court granted Heathrow Airport Limited an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow Airport Limited (the "**Injunction Order**").
- 4 We hereby enclose copies of:
  - (a) the Sealed Claim Form;
  - (b) the Particulars of Claim; and
  - (c) the Injunction Order.
- 5 The Claimant has reason to believe that you have taken part in an incident at Heathrow Airport in breach of the Injunction Order, which:
  - (a) justifies the joinder of you as a party to the Injunction Order; and
  - (b) may lead to Contempt of Court proceedings against you.

- 6 We recommend that you seek urgent independent legal advice and, although a matter for your own legal counsel, we notify you that you do have a right against self-incrimination which may become material in your response to the Claimant's joinder application in light of the potential Contempt of Court proceedings against you.
- 7 In order to seek joinder of you as a party to the Injunction Order, our client has issued the following documents at the High Court, which we enclose, to the extent applicable, by way of service:
- (a) Sealed Application Notice;
  - (b) Draft Joinder Order;
  - (c) Second Witness Statement of Akhil Markanday;
  - (d) Exhibit AM2; and
  - (e) Notice of Listing.
- 8 The Notice of Listing contains the details of the upcoming hearing which has been listed for **2 hours on 11 December 2024** before a High Court Judge, to determine our client's application. The hearing will be in person and most likely in the King's Bench Division, The Royal Courts of Justice, Strand, London WC2A 2LL. As set out in the Notice of Listing, the Judge and exact time of the hearing will be confirmed the working day before on the Daily Cause List (this can be accessed here: <https://www.gov.uk/government/publications/royal-courts-of-justice-cause-list>).
- 9 You are free to attend the hearing should you wish to make any representations in respect of the relief the Claimant seeks.
- 10 We also give you notice that the Claimant will be seeking the Court's permission to amend the Particulars of Claim at the upcoming hearing to include the Claimant's claim against you. We have also enclosed a copy of the Claimant's draft Amended Particulars of Claim.
- 11 A bundle for the hearing will be available before the hearing by way of electronic download. If you wish to receive an electronic copy of the hearing bundle please email Robert Hodgson ([robert.hodgson@bclplaw.com](mailto:robert.hodgson@bclplaw.com)).
- 12 To keep costs reasonable, we have provided black and white copies of the documents appended to this letter. Should you wish to access colour copies of the documents, they have been uploaded here: <https://www.heathrow.com/company/local-community/injunction>
- 13 Please acknowledge receipt of this letter. We are also happy to answer any questions you may have with regards to the contents of this letter, although as noted above you should seek your own independent legal advice as we cannot advise you.

Yours faithfully

**KB-2024-002210 - HEATHROW AIRPORT LIMITED v PERSONS UNKNOWN WHO (IN CONNECTION WITH JUST STOP OIL OR OTHER ENVIRONMENTAL CAMPAIGN) ENTER, OCCUPY OR REMAIN (WITHOUT THE CLAIMANT'S CONSENT) UPON 'LONDON HEATHROW AIRPORT' AS IS SHOWN EDGED PURPLE ON THE ATTACHED PLAN A TO THE PARTICULARS OF CLAIM DATED 7 JULY 2024**

- 1 We act on behalf of Heathrow Airport Limited, the Claimant in the above proceedings.
- 2 On 7 July 2024, the Claimant commenced proceedings by way of Claim Form and Particulars of Claim against Persons Unknown who (in connection with Just Stop Oil or other Environmental Campaign) enter, occupy or remain (without the Claimant's consent) upon 'London Heathrow Airport' as is shown edged purple on the attached Plan A to the Particulars of Claim.
- 3 On 9 July 2024, the High Court granted Heathrow Airport Limited an injunction to prohibit anyone from entering, occupying or remaining on London Heathrow Airport (as shown edged purple on Plan A attached to the Injunction Order) in connection with Just Stop Oil (or other environmental campaign) without the consent of Heathrow Airport Limited (the "**Injunction Order**").
- 4 We hereby enclose copies of:
  - (a) the Sealed Claim Form;
  - (b) the Particulars of Claim; and
  - (c) the Injunction Order.
- 5 The Claimant has reason to believe that you have taken part in an incident at Heathrow Airport in breach of the Injunction Order, which:
  - (a) justifies the joinder of you as a party to the Injunction Order; and
  - (b) may lead to Contempt of Court proceedings against you.
- 6 We recommend that you seek urgent independent legal advice and, although a matter for your own legal counsel, we notify you that you do have a right against self-incrimination

which may become material in your response to the Claimant's joinder application in light of the potential Contempt of Court proceedings against you.

- 7 In order to seek joinder of you as a party to the Injunction Order, our client has issued the following documents at the High Court, which we enclose, to the extent applicable, by way of service:
- (a) Sealed Application Notice;
  - (b) Draft Joinder Order;
  - (c) Second Witness Statement of Akhil Markanday;
  - (d) Exhibit AM2; and
  - (e) Notice of Listing.
- 8 The Notice of Listing contains the details of the upcoming hearing which has been listed for **2 hours on 11 December 2024** before a High Court Judge, to determine our client's application. The hearing will be in person and most likely in the King's Bench Division, The Royal Courts of Justice, Strand, London WC2A 2LL. As set out in the Notice of Listing, the Judge and exact time of the hearing will be confirmed the working day before on the Daily Cause List (this can be accessed here: <https://www.gov.uk/government/publications/royal-courts-of-justice-cause-list>).
- 9 You are free to attend the hearing should you wish to make any representations in respect of the relief the Claimant seeks.
- 10 We also give you notice that the Claimant will be seeking the Court's permission to amend the Particulars of Claim at the upcoming hearing to include the Claimant's claim against you. We have also enclosed a copy of the Claimant's draft Amended Particulars of Claim.
- 11 A bundle for the hearing will be available before the hearing by way of electronic download. If you wish to receive an electronic copy of the hearing bundle please email Robert Hodgson ([robert.hodgson@bclplaw.com](mailto:robert.hodgson@bclplaw.com)).
- 12 To keep costs reasonable, we have provided black and white copies of the documents appended to this letter. Should you wish to access colour copies of the documents, they have been uploaded here: <https://www.heathrow.com/company/local-community/injunction>
- 13 Please acknowledge receipt of this letter. We are also happy to answer any questions you may have with regards to the contents of this letter, although as noted above you should seek your own independent legal advice as we cannot advise you.

Yours faithfully

Dear Robert

I have recently received some paperwork from yourself relating to the Heathrow injunction.

Can I ask that you promptly share the paperwork in a digital form with myself in order that I can get legal advice?

My details are
