

# Operational Advice Notice

## Terminal 2 – Pollutant Waste Bin (POL Bin) Consolidation

1<sup>st</sup> July 2024

ASWorks\_OAN\_264

Version 2.0

It is the responsibility of all employers to ensure that relevant OANs are brought to the attention of their staff. However, individuals remain responsible for their own actions and those who are in any doubt should consult their Supervisor or Manager.

**This is an updated version. Red bars have been added at the side of the document to draw the reader's attention to where changes have been made.**

### 1. Introduction

Airside Operations are looking to consolidate the amount of equipment placed in the head of stand areas across the airport to improve safety, efficiency, and housekeeping. As part of this process, it has also been identified that waste management on stands has the potential to be improved in order to ensure the segregation of waste streams.

Following on from a recent trial in Terminal 2 whereby Pollutant Waste Bins (POL Bins) were placed in three locations for consolidation, Heathrow will now continue to use these new locations and the bins will not return to the Head of Stand equipment areas.

On the following two pages, **Drawing A**, **Drawing B** and **Drawing C** illustrate three new centralised disposal locations (highlighted **RED**) in place in Terminal 2.

Heathrow will be looking to further develop this consolidation throughout 2024 with new locations being set up in other Terminal areas. Any further change and new locations will be communicated via an update to this Operational Advice Notice.

**Drawing A**

**Terminal 2A – Adjacent to Compactor 8**

**Drawing B**

**Terminal 2B – Northern End of terminal building**

**Drawing C**

**Terminal 2C (Remote parking stands) – Area South of Stand 251**

**2. Escalation**

In the event of an emergency please call **222 (internal)** or **0208 759 1212 (external)**.

**3. Enquiries**
